AUDIT REPORT

King Cetshwayo District Municipality

2023-24

Report of the auditor-general to the KwaZulu-Natal Provincial Legislature and the council on King Cetshwayo District Municipality

Report on the audit of the financial statements

Opinion

1. I have audited the financial statements of the King Cetshwayo District Municipality set out on pages xx to xx, which comprise the statement of financial position as at 30 June 2024, statement of financial performance, statement of changes in net assets, cash flow statement and statement of comparison of budget and actual amounts for the year then ended, as well as notes to the financial statements, including a summary of significant accounting policies.
2. In my opinion, the financial statements present fairly, in all material respects, the financial position of the King Cetshwayo District Municipality as at 30 June 2024 and its financial performance and cash flows for the year then ended in accordance with the South African Standards of Generally Recognised Accounting Practice (SA standards of GRAP) and the requirements of the Municipal Finance Management Act 56 of 2003 (MFMA) and the Division of Revenue Act 5 of 2023 (Dora).

Basis for opinion

3. I conducted my audit in accordance with the International Standards on Auditing (ISAs). My responsibilities under those standards are further described in the responsibilities of the auditor-general for the audit of the financial statements section of my report.
4. I am independent of the municipality in accordance with the International Ethics Standards Board for Accountants' *International code of ethics for professional accountants (including International Independence Standards)* (IESBA code) as well as other ethical requirements that are relevant to my audit in South Africa. I have fulfilled my other ethical responsibilities in accordance with these requirements and the IESBA code.
5. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Emphasis of matters

6. I draw attention to the matters below. My opinion is not modified with respect to these matters.

Material impairment allowance: Receivables from exchange transactions - consumer debtors

7. As disclosed in note 3 to the financial statements, a provision for impairment of R45,68 million (2022-23: R44,53 million) on consumer debtors as the recoverability of these amounts was doubtful.

Material impairments – Property, plant and equipment

8. As disclosed in note 8 to the financial statements, an impairment of R23,04 million (2022-23: R3,63 million) was processed on property plant and equipment that were no longer expected to be used by the municipality for the initial purposes intended.

Material water distribution losses

9. As disclosed in note 38 to the financial statements, material water losses of R51,27 million (2022-23: R43,90 million) were incurred, which represents 50,4% (2022-23: 51,6%) of total water purchased. These losses were due to apparent and real losses related to customer meter inaccuracies and leakages.

Uncertainty relating to the future outcome of exceptional dispute

10. Regarding note 44 to the financial statements, the municipality is party to a dispute with the water board regarding the tariff levied for bulk water purchases and execution of contractual obligations. The ultimate outcome of the matter could not be determined and no provision for any liability that may result was made in the financial statements.

Other matter

11. I draw attention to the matter below. My opinion is not modified with respect to this matter.

Unaudited disclosure notes

12. In terms of section 125(2)(e) of the MFMA, the municipality is required to disclose particulars of non-compliance with the MFMA in the financial statements. This disclosure requirement did not form part of the audit of the financial statements and, accordingly, I do not express an opinion on it.

Responsibilities of the accounting officer for the financial statements

13. The accounting officer is responsible for the preparation and fair presentation of the financial statements in accordance with the SA standards of GRAP and the requirements of the MFMA; and for such internal control as the accounting officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

14. In preparing the financial statements, the accounting officer is responsible for assessing the municipality's ability to continue as a going concern; disclosing, as applicable, matters relating to going concern; and using the going concern basis of accounting unless the appropriate governance structure either intends to liquidate the municipality or to cease operations or has no realistic alternative but to do so.

Responsibilities of the auditor-general for the audit of the financial statements

15. My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error; and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

16. A further description of my responsibilities for the audit of the financial statements is included in the annexure to this auditor's report. This description, which is located on page 8, forms part of our auditor's report.

Report on the audit of the annual performance report

17. In accordance with the Public Audit Act 25 of 2004 (PAA) and the general notice issued in terms thereof, I must audit and report on the usefulness and reliability of the reported performance against predetermined objectives for the selected key performance area (KPA) presented in the annual performance report. The accounting officer is responsible for the preparation of the annual performance report.

18. I selected the following KPA presented in the annual performance report for the year ended 30 June 2024 for auditing. I selected a KPA that measures the municipality's performance on its primary mandated functions and that is of significant national, community or public interest.

Key performance area 2	Page numbers	Purpose
Basic service delivery	XX	Provision of infrastructure and basic services delivery. Efficient operation and maintenance of waste disposal. Timeous planning and development of the waste disposal capacity.

19. I evaluated the reported performance information for the selected KPA against the criteria developed from the performance management and reporting framework, as defined in the general notice. When an annual performance report is prepared using these criteria, it provides

useful and reliable information and insights to users on the municipality's planning and delivery on its mandate and objectives.

20. I performed procedures to test whether:

- the indicators used for planning and reporting on performance can be linked directly to the municipality's mandate and the achievement of its planned objectives
- all the indicators relevant for measuring the municipality's performance against its primary mandated and prioritised functions and planned objectives are included
- the indicators are well defined to ensure that they are easy to understand and can be applied consistently, as well as verifiable so that I can confirm the methods and processes to be used for measuring achievements
- the targets can be linked directly to the achievement of the indicators and are specific, timebound and measurable to ensure that it is easy to understand what should be delivered and by when, the required level of performance as well as how performance will be evaluated
- the indicators and targets reported on in the annual performance report are the same as those committed to in the approved initial or revised planning documents
- the reported performance information is presented in the annual performance report in the prescribed manner and is comparable and understandable
- there is adequate supporting evidence for the achievements reported and for the measures taken to improve performance.

21. I performed the procedures for the purpose of reporting material findings only; and not to express an assurance opinion or conclusion.

22. I did not identify any material findings on the reported performance information for the selected KPA.

Other matter

23. I draw attention to the matter below.

Achievement of planned targets

24. The annual performance report includes information on reported achievements against planned targets and provides measures taken to improve performance.

25. The following table provides information on the achievement of planned targets and lists the key service delivery indicators that were not achieved as reported in the annual performance report. The measures taken to improve performance are included in the annual performance report on pages xx to xx.

KPA 2 – basic service delivery

<i>Targets achieved: 75%</i> <i>Budget spent: 94,02%</i>		
Key service delivery indicator not achieved	Planned target	Reported achievement
Percentage compliance with the licence conditions at the regional solid waste and transfer station	85%	55%
Percentage compliance to SANS 241:2015	94%	90%
Percentage compliance to general authorisation standards/works licence	80%	76,25%
Percentage of official water and sanitation complaints responded to within 48 hours	100%	96%

Report on compliance with legislation

26. In accordance with the PAA and the general notice issued in terms thereof, I must audit and report on compliance with applicable legislation relating to financial matters, financial management and other related matters. The accounting officer is responsible for the municipality's compliance with legislation.
27. I performed procedures to test compliance with selected requirements in key legislation in accordance with the findings engagement methodology of the Auditor-General of South Africa (AGSA). This engagement is not an assurance engagement. Accordingly, I do not express an assurance opinion or conclusion.
28. Through an established AGSA process, I selected requirements in key legislation for compliance testing that are relevant to the financial and performance management of the municipality, clear to allow consistent measurement and evaluation, while also sufficiently detailed and readily available to report in an understandable manner. The selected legislative requirements are included in the annexure to this auditor's report.
29. I did not identify any material non-compliance with the selected legislative requirements.

Other information in the annual report

30. The accounting officer is responsible for the other information included in the annual report. The other information referred to does not include the financial statements, the auditor's report and the selected KPA presented in the annual performance report that has been specifically reported on in this auditor's report.

31. My opinion on the financial statements, the report on the audit of the annual performance report and the report on compliance with legislation do not cover the other information included in the annual report and I do not express an audit opinion or any form of assurance conclusion on it.
32. My responsibility is to read this other information and, in doing so, consider whether it is materially inconsistent with the financial statements and the selected KPA presented in the annual performance report or my knowledge obtained in the audit, or otherwise appears to be materially misstated.
33. The other information I obtained before the date of this auditor's report is the draft annual report which includes the mayor's foreword, governance report and service delivery performance received with the submission of the annual financial statements. The final annual report is expected to be made available after 30 November 2024.
34. If, based on the work I have performed on the other information that I obtained before the date of this auditor's report, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.
35. When I do receive and read the final annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to those charged with governance and request that the other information be corrected. If the other information is not corrected, I may have to retract this auditor's report and re-issue an amended report as appropriate. However, if it is corrected this will not be necessary.

Internal control deficiencies

36. I considered internal control relevant to my audit of the financial statements, annual performance report and compliance with applicable legislation; however, my objective was not to express any form of assurance on it.
37. I did not identify any significant deficiencies in internal control.

AUDITOR - GENERAL

Auditing to build public confidence

Annexure to the auditor's report

The annexure includes the following:

- The auditor-general's responsibility for the audit
- The selected legislative requirements for compliance testing

Auditor-general's responsibility for the audit

Professional judgement and professional scepticism

As part of an audit in accordance with the ISAs, I exercise professional judgement and maintain professional scepticism throughout my audit of the financial statements and the procedures performed on reported performance information for selected KPA and on the municipality's compliance with selected requirements in key legislation.

Financial statements

In addition to my responsibility for the audit of the financial statements as described in this auditor's report, I also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error; design and perform audit procedures responsive to those risks; and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control
- obtain an understanding of internal control relevant to the audit to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the municipality's internal control
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made
- conclude on the appropriateness of the use of the going concern basis of accounting in the preparation of the financial statements. I also conclude, based on the audit evidence obtained, whether a material uncertainty exists relating to events or conditions that may cast significant doubt on the ability of the municipality to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements about the material uncertainty or, if such disclosures are inadequate, to modify my opinion on the financial statements. My conclusions are based on the information available to me at the date of this auditor's report. However, future events or conditions may cause a municipality to cease operating as a going concern

- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Communication with those charged with governance

I communicate with the accounting officer regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide the accounting officer with a statement that I have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on my independence and, where applicable, actions taken to eliminate threats or safeguards applied.
