CHAPTER 6	REPORT OF THE AUDITOR-GENERAL SOUTH AFRICA		

MAYOR'S FOREWORD

In November 2021, residents of Mantsopa gave us a mandate to represent them in Council and govern this Municipality, although the African National Congress received a landslide victory which resulted as a majority party in Council, our community gave other parties like the DA, EFF and COPE to represent them, I wish to take this opportunity to thank Councillors representing those political parties for their contribution over the last five years, although we differed in approach and methodologies, we were united in one thing, the “*need to provide services to our communities in a sustainable manner*”

This 2022/2023 Draft Annual Report is a product of the oversight performed by all Councillors at the beginning the current term of Council commencing from November 2021 until November 2026.

The submission of the 2022/2023 Draft Annual Report is taking place when our municipality is facing serious financial challenges, at times we struggled to honour our financial obligations including items relating to service delivery, I wish to inform you that the National Treasury, Provincial Treasury and FSCOGTA have completed with the process of preparing a Sustainable Financial Recovery Plan, it has been approved by Council and we have directed Management and staff to immediately implement the recommendations of the Financial Recovery Process.

In conclusion, I want to express my sincere appreciation that goes to my fellow councillors, the newly appointed Municipal Manager, the Management Team, all municipal employees and the public for their commitment and dedication to the municipality.

.....
COUNCILLOR MAMSIE TSOENE
MAYOR

FOREWORD BY THE MUNICIPAL MANAGER

I would like to greet all residents of Mantsopa Local Municipality (Ladybrand , Hobhouse, Tweespruit ,Excelsior and ThabaPathoa).I would also like to convey my greatest appreciation to the Mayor, Speaker, members of EXCO and all Councillors for their guidance and leadership during the 2022/2023 financial year.

In view of the fact that the 2022/2023 Annual Report reflects the difficult financial situation of the municipality, we were assisted by the National Treasury and Provincial Treasury in preparation of the sustainable financial recovery plan, the National Treasury prescribed three phases process towards our sound financial recovery and each phase is time-bound with measurable targets and defined reporting formats.

- (a) Phase One is about Financial Rescue and focuses on Cash and Short-Term liquidity, Selection of appropriate strategic financial indicators, Selection of high level governance and service delivery indicators focused on visible wins, Key HR issues like reduction of overtime, travel claims and a bloated structure resulting in increased employee costs.
- (b) Phase Two is about Financial Recovery and Stabilisation, it focuses on plugging the holes and fixing the leaks, Unearthing areas that are depleting Municipal Financial Resources and deeper focus on Governance issues, Service Delivery and Institutional HR pillars.
- (c) Phase Three is about Sustainability and focuses on preventing a regression in performance, Institutionalisation of progress on in Phases 1 and 2, Long term Financing Strategy, Revenue Enhancement, Technological Improvements and Innovation.

As Management, we shall take reasonable steps to ensure that the recommendations of the Financial Recovery Plan are implemented at all levels, this will ensure that the Municipality is able to honour its financial and service delivery obligations.

Let me also take this opportunity to thank the Senior Management and the entire staff members for their contributions in our journey of providing service delivery in a sustainable manner, it is an honour to present to you the Annual report for the year 2022/2023

MATIRO REBECCA ELLEN MOGOPODI
MUNICIPAL MANAGER

CHAPTER 1. MUNICIPAL OVERVIEW

Map 1: Mantsopa Local Municipality on Free State Province map

Mantsopa Local Municipality was established on 5 December 2000 and incorporates the areas such as Ladybrand, Hobhouse, Tweespruit, Excelsior, and Thaba Patchoa. It forms part of the Eastern Free State and falls within the Thabo Mofutsanyana District Municipal area. The municipality borders the Kingdom of Lesotho in the east, Mangaung Local Municipality to the west, and Masilonyana and Setso to the north. The languages spoken in Mantsopa are Sesotho, English and Afrikaans as dominant languages in the Province.

The economy of Mantsopa is largely on the commercial farming sector, which employs a large number of the local community. On the other hand, the private businesses and public sector also employ a quota of the community in various towns. Tourism also plays an attraction point within the Maluti Mountains and the official pronouncement of Lekhalong La Mantsopa as a national heritage side. Mantsopa area is accessible via the N8 and R26 roads which transverse the area. A railway line that runs along these routes' services the area; therefore, it also makes it a gateway to the Mountain Kingdom of Lesotho, which attracts lot of tourists nationally and internationally

Ladybrand is considered the most progressive of all towns and is the most eastern node in the municipal area. Ladybrand municipal area includes Manyatseng, Mauersnek and the surrounding municipal commonages that covered an area of 4 682 ha in size. The town accommodates 34% of the total population of Mantsopa.

Hobhouse is a smaller rural town that is located southwest of Ladybrand and east of the Leeuw River along the Lesotho border. Hobhouse is the most southern node in the municipal area. It is about 2 089 ha in extent which includes Dipelaneng and municipal commonages. The town accommodates 4.6% of the total population of Mantsopa.

Tweespruit is the most centrally located node along the N8 route between Bloemfontein and Ladybrand. It is about 1 534 ha in extent and included Borwa, Dawiesville and municipal commonages. The town accommodates 10.2% of the total population of Mantsopa.

Excelsior is located 40 km north of Tweespruit along the R709 and forms the northern boundary of Mantsopa. It is about 1 298 ha in extent of which 243 ha was designed as an urban area, the rest were rented out to commercial farmers while some land was utilized for grazing purposes. It includes Mahlatswetsa and municipal commonages. Excelsior accommodates 10.6% of the total population of Mantsopa.

Thaba Patchoa is located between Tweespruit and Hobhouse and is a small agricultural residence for 1100 families. It is about 3 864 ha in extent and consisted of the farms Thaba Patchoa 105, Segogoana's Valley 665 and Sweet Home 667.

The municipal area has been divided into 9 wards. These wards comprise of the following areas:

- Ward 1:** Tweespruit, Borwa, Dawiesville, Thaba Patchoa and surrounding rural areas;
- Ward 2:** Hobhouse, Dipelaneng, and surrounding rural areas;
- Ward 3:** Vukazenzele; Masakeng; Mekokong; Part of Los My Cherrie and a small portion in town, Modderpoort, and surrounding rural areas.
- Ward 4:** Part of Los My Cherrie, Flamingo; Part of Lusaka.
- Ward 5:** Mandela Park, Riverside, Masakeng, Thusanong.
- Ward 6:** Lusaka, Thabong, New Platberg, and Homes 2000;
- Ward 7:** Ladybrand Town, Mauersnek; Platberg
- Ward 8:** Excelsior, part of Mahlatswetsa, part of Tweespruit and surrounding rural areas;
- Ward 9:** Mahlatswetsa.

Note: information for 2016 is from the community survey 2016, which is only up to municipal level not ward level.

THE POPULATION OF MANTSOPA

Mantsopa Local Municipality is the second largest local municipal area within Thabo Mofutsanyana, but only accommodates 7% of the total population of Thabo Mofutsanyana. The municipal area comprises five urban areas that are dispersed throughout the region, with a surrounding commercial farming area that is utilised for mixed farming practices. The languages spoken in Mantsopa are Sesotho, English and Afrikaans, the dominant languages in the province.

Population intercensal growth (2011 - 2016)	-168	3 155	-1 720	1 203		2 469	

Source: Stats SA, Census 2011 and Community Survey 2016

Table 3 above indicates that the population of Mantsopa Local Municipality has increased between 2011 and 2016 with intercensal growth of 2469. In all age groups, the population has increased between the years except for children (0 – 14 years) which declined by intercensal growth of 168. The dependency ratio of Mantsopa Local Municipality has slightly increased from 59.2% in Census 2011 to 59.8% in 2016. Refer to figure 1 and 2 below as well.

Table 4: Population distribution by languages most spoken

Xitsonga	-	14	14
Khoi; nama and san languages	-	-	-
Other	142	34	175

Data sources: Stats SA, Census 2011 and Community Survey 2016

Table 4 above indicates the distribution of the population by language and gender. The most spoken language within the municipality is Sesotho followed by Afrikaans and English respectively. None of the population members uses sign language to communicate.

The municipal area accommodates approximately 53 526 people and covers an area of 4 290 km². It incorporates five small towns, which accommodates collectively 70.9% of the total population of Mantsopa. These small towns serve the surrounding rural community. The five main towns situated in Mantsopa are Ladybrand Head Office, Hobhouse, Tweespruit, Thaba-Phatchoa and Excelsior.

Table 5: Distribution of total population, number of households and household size

	Population	Households	Average Size	Household
Census 2011	51 056	15 170	3.4	
CS 2016	53 526	16 951	3.2	

Data sources: Stats SA, Census 2011 and Community Survey 2016

Table 5 above indicates the total population, number of households as well as the average household size in Mantsopa local municipality between the years 2011 and 2016. Even though the total population as well as the number of households has increased, the average household size has slightly decreased from 3.4 to 3.2 where in essence it remained constant at three members (3) per households when rounding off both household size figures.

These Figures shows Population structures – Census 2011 and Community Survey 2016

Figure 1

Figure 2

Data sources: Stats SA, Census 2011 and Community Survey 2016

Figure 1 and 2 above indicate population structures of Mantsopa Local Municipality in 2011 and 2016 respectively. This indicates that the Municipality consists of young population than the old. Based on the age group 0 - 4 years, the figures suggest that there was consistency in terms of fertility within the Municipality in the past five years. The figures suggest that females live longer than the male population within the Municipality. The Municipality undertook a rural survey in 2001 to get more information regarding the current level of service provision in the rural areas and the

number of people residing on the farms. This survey indicated that an average of 2.8 households stay on those farms occupied by farmers and their workers. Where the farmer was not residing on the farm itself, 25% of all respondents indicated that an average of 2 families stayed on the farm.

Only 35 farms, representing 11.4% of the respondents, had nobody that resided on the farm. A survey at the Deeds Office indicated that there are 1874 farms registered in Mantsopa. If these figures are used to predict the number of households staying in the rural areas, the following:

Table 6: Estimated number of Rural Households

Survey Result	Applied to total number of farms	No of Households
73% or 223 farmers resided on the farm	73% x 1874 farms = 1368	1368 x 2.8 = 3830
35 farms had nobody residing on it (11%)	11% x 1874 farms = 206	206 x 0 = 0
48 farmers did not stay on the farm they worked (16%)	16% x 1874 farms = 300	300 x 2.0 = 600
Total	1 874	4 430

Source: Rural Survey (Mantsopa Local Municipality, 2016)

The rural survey conducted by the Municipality also indicated that the average household size of the farm workers is 2.6 family members per household while the farmers has on average 2.1 family members. It is therefore estimated that 12 329 people are residing in the rural areas, using these average household sizes and multiplying it with the above estimated number of households.

This figure is less than the rural population estimates of 21 405 people, if a compounded growth rate of 1.7% per annum is applied to the census figure of 1996. However, it is known fact that many farmers have retrenched workers since 1996 and therefore the rural population should have decreased, thus concluding the findings made by the rural survey. The following conclusion can therefore be drawn from the above, namely that:

The estimated population of the rural survey is correct and therefore the rural population has decreased while there was an influx of people, through both migration and immigration into the urban areas. It is therefore estimated that the total number of households have increased from 11 715 to 15 057. Mantsopa Local Municipality has had some mixed outcomes in terms of Services Provision from 1996 to 2011 as showed in the table below. Access to piped water has had a serious decrease and needs to be addressed within this IDP.

Figure 3: Dependency ratio

Data source: Stats SA, Census 2011 and Community Survey 2016

According to census 1996, 34.5% of the total population was 19 years and younger and 70.0% of the total population was economic active (between 15 – 65 years). These figures could have changed due to migration and the impact of HIV/AIDS, but it still gives a good overview of the age composition of the population. The table below gives a breakdown of the age profile per geographical area.

Table 7: Age profile per ward
#there was no ward 9 before 2001. Ward 9 was only established after Census 2001

Table 8: Distribution of total population by gender

	Gender		Total	Sex ratio (Males per 100 Females)	
	Male	Female			
Census 2011	24 402	26 654	51 056	92	
CS 2016	25 943	27 583	53 525	94	

Data source: Stats SA, Census 2011 and Community Survey 2016

Table 8 above indicates the distribution of total population in Mantsopa Local Municipality by gender as well the sex ratio for Census 2011 and CS 2016. The male population has increased from 24 402 in 2011 to 25 943 in 2016 and as for females, it has increased 26 654 in 2011 to 27 583 in 2016. In both 2011 and 2016, the number of males was found to be less than those of females as the sex ratios were 92 and 94 in both 2011 and 2016 respectively. See figure 4 below on sex ratio.

Figure 4: Sex ratio

Data source: Stats SA, Census 2011 and Community Survey 2016

Table 9: Distribution of total population-by-population group and gender

Population group	Census 2011			CS 2016		
	Male	Female	Total	Male	Female	Total
Black African	21 413	23 713	45 125	22 937	24 374	47 311
Coloured	991	1 016	2 007	865	895	1 760
Indian or Asian	169	128	297	326	119	444
White	1 668	1 699	3 367	1 816	2 194	4 010
Other	162	98	260			
Total	24 402	26 654	51 056	25 943	27 583	53 525

Data sources: Stats SA, Census 2011 and Community Survey 2016 (NB: CS 2016 did not reflect on others)

Table 9 above shows the distribution of municipal total population-by-population group and gender. The dominant population group was Black Africans with 88% for both Census 2011 and Community Survey 2016 followed by White with 7% and 8% respectively. Indian/Asian population contributed the least to the total municipal population for both Census 2011 and Community Survey 2016 0.6% and 0.8% respectively.

3.1 Human and social development

Human development index

It is extremely difficult to determine the level of human development of the municipal area due to a lack of accurate and recent information. The only information that is readily available is census data that does not reflect the human and social development status of a community.

Health Status

General statistics on the health status of the community is limited. However, a good indication is obtained from the statistics provided by the Department of Health about the current health status of people living in Mantsopa. 1318 new diarrhoea cases were reported during 2014 in Mantsopa. The incidence rate is 104.6 per 1000 of the population (Free State Provincial Government (FSPG); Department of Health, 2017).

The Provincial Department of Health (2017) also revealed that 8 297 new STI cases were reported in 2014 which represents 70.6 incidences. A 145 TB case findings were reported in 2000 with an incidence rate of 8.3%, a Teenage pregnancy have decreased from 321 to 118 since 2000 (FSPG; Department of Health, 2011).

Table 11 above indicates the distribution of unemployment status as well as unemployment rate of population aged between 15 and 64 years in Mantsopa Local Municipality per ward in 2011. The overall municipal unemployment rate it was found to be 29.2%. The ward with the highest unemployment rate was Ward 6 with 42.5%.

According to Map below, the Blue Drop Status van improved for all the towns in Mantsopa Local Municipality. A summary of the outcome is seen below the map.

Table 14: Municipal Context

Geographic Area	Population size and Households				Bordering Towns
Mantsopa Local Municipality area of jurisdiction covers 290 km².	Population size				It borders the Kingdom of Lesotho in the east, Mangaung Metropolitan Municipality to the west, South, and Masilonyana and Setsoto to the north. It incorporates five small towns, which accommodate collectively 66, 5% of the total population of Mantsopa. These small towns serve the surrounding rural community.

Policy Context and Planning Framework

Constitution of the Republic (1996)

The Constitution (1996) assigns the developmental mandate to local government. This implies that municipalities must strive to achieve the objects of local government within its financial and institutional capacity, namely:

- To promote democratic and accountable government for local communities.
- To ensure that provision of services to communities in a sustainable manner.
- To promote social and economic development.
- To promote a safe and healthy environment

To encourage the involvement of communities and community organizations in the matter of local government.

The Constitution stipulates that all three spheres of governance are autonomous but interdependent. This therefore calls for closer collaboration between all these spheres of governance. Needless to mention, a number of national policies have a particular bearing on the provincial and local spheres of government. A few critical ones are highlighted below.

National Development Plan 2030

The South African Government, through the Presidency, has published a *National Development Plan*. The Plan aims to eliminate poverty and reduce inequality by 2030. The Plan has the target of developing people's capabilities to be to improve their lives through education and skills development, health care, better access to public transport, jobs, social protection, rising income, housing and basic services, and safety. More importantly for efficiency in local government the NDP proposes 8 targeted actions listed below:

1. Stabilise the political- administrative interface
2. Make public service and local government careers of choice
3. Develop technical and specialist professional skills
4. Strengthen delegation, accountability and oversight
5. Improve interdepartmental coordination
6. Take proactive approach in improving national, provincial and local government relations
7. Strengthen local government
8. Clarify the governance of SOE's

Cabinet and National Assembly adopted the National Development Plan 2030 as an overarching long term strategic plan for the country to create employment, eliminate poverty and reduce inequality by 2030 through uniting South Africans, unleashing the energies of its citizens, growing an inclusive economy, building capabilities, enhancing the capability of the state and leaders working together to solve complex problems, the NDP further defines a desired destination and identifies the role different sectors of society need to play in reaching that destination.

Free State Growth and Development Strategy (FSGDs)

The provincial government of Free State has developed a Free State Provincial Growth and Development Strategy (PGDS) Free State Vision 2030. The PGDS is the fundamental policy framework for the Free State Provincial Government. It is the embodiment of the broad strategic policy goals and objectives of the province in line with national policy objectives.

The Strategy addresses the key and most fundamental issues of development, spanning the social, economic and political environment. It constantly takes into account annual provincial priorities and sets broad targets in terms of provincial economic growth and development, service delivery and public service transformation. The Strategy has identified six priority areas of intervention in the province, namely;

1. Inclusive Economic growth and sustainable job creation;
2. Education innovation and skills development
3. Improved quality of life
4. Sustainable Rural Development
5. Efficient Administration and Good Governance
6. Building social cohesion

Radical Economic Transformation

Government's programme of radical economic transformation is about placing the economy on a qualitatively different path that ensures more rapid, sustainable growth, higher investment, increased employment, reduced inequality and deracialisation of the economy. The NDP sets an annual growth target of above 5% by 2030 and emphasises measures to ensure that the benefits of growth are equitably shared.

The NDP further indicates that South Africa needs to increase its level of investment to at least 30% of GDP by 2030. This requires an economic environment that encourages business investment and rewards competitiveness, especially in sectors that can catalyse longer term growth and job creation

Improving Service Delivery.

In dealing with backlogs and the quality of services which is uneven, there is a dire need to commit to resolve these challenges in order to improve the quality and consistency of services, which requires improvements in the performance of the public service, municipalities and service providers.

Measures to improve the capacity and developmental commitment of the state should therefore receive high priority over this MTSF period. Building capacity of the state is a long-term task which requires immediate implementation. Key priorities aimed at improving the quality of service delivery include institutionalising long-term planning; forging a

disciplined, people-centred and professional public service; empowering citizens to play a greater role in development; and building an ethical public service. It will also be important to improve the management of contracts in order to ensure effective relations with non-governmental and private sector service providers.

Over the MTSF period, national and provincial departments of local government will focus on improving the quality of targeted oversight and support available to municipalities. Local government is the most participatory sphere of government and measures should be put in place to ensure that communities are empowered to hold public representatives and officials accountable, including through strengthening existing forums of people's participation.

Particular attention will be given to the management of service delivery, human resource management and financial management at provincial level. Where national and provincial or local government have concurrent responsibilities, policy coordination, monitoring and support for service delivery will be strengthened and relations between spheres will be improved.

Corruption impedes service delivery, compromises development and undermines public confidence in the state. To strengthen the fight against corruption, Government will focus on limiting the scope for conflicts of interest by prohibiting public servants and public representatives from doing business with the state as well as ensuring transparency in public expenditure and contractual relations with the business sector.

Corruption is partly a symptom of a wider problem relating to weak management and operations systems, which create the space for corruption to occur, so improvement of operational management, and especially procurement systems, will be prioritised to play an important role in reducing the scope for corruption which is adversely affecting the poor.

Outcome 9: Responsive, accountable, effective and efficient developmental local government system

Drawing from the NDP chapter on a Capable and Developmental State, by 2030 SA will have a developmental state that is accountable, focused on citizen's priorities, and capable of delivering high-quality services consistently and sustainably through cooperative governance and participatory democracy. As depicted in the White Paper on Local Government, developmental local government is “**local government committed to working with citizens and groups within the community to find sustainable ways to meet their social, economic and material needs and improve the quality of their lives**”.

In this scenario, local government is at the forefront of participatory democracy, involving citizens in meaningful deliberations regarding governance and development; is responsive to citizens' priorities, and enjoys high levels of trust and credibility amongst the public; whose employees are skilled, competent and committed to delivering quality services; is able to cost-effectively increase the quantity and quality of services and operates within a supportive and empowering intergovernmental system.

Municipalities operate in a complex environment and municipal performance is impacted at four levels: the individual, institutional, environmental and macro-socio-economic. The priority issues within each of the four levels that are negatively impacting on municipal performance are reflected in the table below:

Institutional Capacity	Enabling Environment	Macro Context
• Technical skills gaps and lack of relevant competencies • High staff turnover and vacancy levels • Weak enforcement of by-laws and policies • Poor attitudes & values of staff • Lack of professionalism & regulation thereof by professional bodies & government • Fraud at all levels • Weak strategy – focus on compliance • Weak executive decisions, often contrary to technical advice • Organisational instability, including review of S 54 & 56 contracts linked to political term of office • Lack of oversight and accountability • Lack of legal compliance and regulatory support • Weak municipal financial systems	• Lack of central co-ordination support, information and M&E • Financial viability of municipalities • Bulk infrastructure gaps • Lack of clarity regarding decentralisation of powers and functions and role of the districts • Role of DCOG unclear • Lack of planning alignment amongst the 3 spheres – IDP not taken seriously by other spheres • Local government financing system, including Equitable Share, needs to be reviewed • Unstable political environment • Inconsistent, incoherent and complex local government legislative environment • Lack of customised support to municipalities, and support focused on compliance	• Huge pressures of poverty, unemployment and inequality • Huge service delivery backlogs • Weak public participation • Huge social issues, such as crime, drug abuse, gender-based violence • Weak revenue base of municipalities with low levels of affordability • Political dynamics, including coalitions resulting in inertia • Pressures of in-migration and urbanisation • Weak education system

Sustainable Developmental Goals

Background on SDGs

Adopted by world leaders in September 2015 and implemented at the start of 2016, more than 150 countries have pledged to mobilize efforts to end all forms of poverty, fight inequalities, and tackle climate change, while ensuring that no one is left behind. The SDGs build on the work of the Millennium Development Goals (MDGs) that were emphasized from 2000 to 2015. The new SDGs are unique in that they're broader in their scope of eradicating all forms of poverty by calling for action by all countries, rich and poor, to promote prosperity while protecting the planet. The following is the agreed upon goals:

The Sustainable Development Goals (SDGs): 17 Steps to a better world

1. **End poverty in all its forms everywhere**
2. End hunger, achieve food security and improved nutrition and promote sustainable agriculture
3. Ensure healthy lives and promote well-being for all at all ages
4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all
5. **Achieve gender equality and empower all women and girls**
6. Ensure availability and sustainable management of water and sanitation for all
7. Ensure access to affordable, reliable, sustainable and modern energy for all
8. **Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all**
9. Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation
10. Reduce inequality within and among countries
11. Make cities and human settlements inclusive, safe, resilient and sustainable
12. Ensure sustainable consumption and production patterns
13. Take urgent action to combat climate change and its impacts
14. Conserve and sustainably use the oceans, seas and marine resources for sustainable development
15. Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss
16. **Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels**
17. Strengthen the means of implementation and revitalize the global partnership for sustainable development.

CHAPTER 2: GOVERNANCE

Vision

To Communally Create Better Livelihoods and Build a Community of Mantsopa Defined by a Common Dream by 2030

Mission statement

Transform Social and Economic Development Patterns through Integrated, Accessible, Equitable and Sustainable Service

Component A: Governance Structure

In line with Chapter 7 of the Constitution of the Republic of South Africa, Mantsopa Local Municipality's executive and legislative authority is vested in its Municipal Council. In carrying out its mandate, to govern on its own initiative, the municipality must ensure consistent compliance with applicable national and provincial legislations.

The Constitution of the Republic of South Africa specifically section 152 (ss. 1) enjoins and vest the following developmental mandates on municipalities. These are;

- To provide democratic and accountable government for the local communities.
- To ensure provision of services to communities in a sustainable manner.
- Promote social and economic development.
- To promote safe and healthy environment for local communities and,
- To encourage public and community participation in matters of local government.

Mantsopa Local Municipality has both political as well as administrative structures. The political structure consists of the entire municipal Council, the Mayor, Speaker and the EXCO. The administrative structure in turn is embodiment of all municipal employees, with the Municipal Manager serving as head of administration. The senior management consists of four section 56 managers appointed on fixed contractual agreement, who also serve as heads of departments in the Municipality.

THE PEOPLE SHALL GOVERN!

KEY PERFORMANCE AREA: GOOD GOVERNANCE AND PUBLIC PARTICIPATION

Political Governance

- **Municipal Council**

The municipal council of Mantsopa Local Municipality is the highest decision-making body in the area of jurisdiction of this municipality. The council consists of 17 councillors affiliated to different political parties. The mayor and the speaker also form part of this council and are both full time political office bearers.

During the period under review, Mantsopa Municipal Council was able to meet as prescribed and where necessary convene special council meetings to process matters that warranted urgent attention. The Speaker, Councillor M J Moduka preside over all Council meetings, provide support and guidance to Section 79 Committees and Ward Committees.

Members of Mantsopa Municipal Council

Council appointed three members to the Executive Committee and four members who are serving as Chairpersons of Section 79 Committees, the executive leadership of the Municipality is vested with the Council as a collective, and as a result, the executive authority of the Municipality is exercised through the Council, The Mantsopa Local Municipality's EXCO consisted of the following members as at the end of the period under review:

Cllr M E Tsoene – Chairperson
Cllr T Halse
Cllr T D Molefe

WARD COMMITTEES HELD

There was no record of Ward Committee meetings and or activities during the year under review.

Administrative Governance

In line with legislative prescripts, the head of the administrative structure at Mantsopa Local Municipality is the Municipal Manager. As the Accounting Officer, the Municipal Manager provides strategic guidance on compliance with legislation to political structures; political office bearers, and officials of the Municipality.

In execution of his duties, the Municipal Manager was assisted by his senior managers, who serve as departmental heads, The Municipal Manager, together with his senior managers, constitutes the senior management team of the municipality. The following individuals were part of the senior management team of Mantsopa Local Municipality for the period under review:

Municipal Manager- Mr Afrika Bathako Masuku was appointed as an Acting Municipal Manager 01 July 2021 until 31 December 2023, thereafter Mr Takalane Daniel Tshikundu was appointed as the Acting Municipal Manager from 01 January 2023 until 31 March 2023, finally, the municipality was able to appoint Ms Matiro Rebecca Ellen Mogopodi as a Municipal Manager from 01 April 2023 until 31 May 2027.

Chief Financial Officer: Mr Takalane Daniel Tshikundu, it is worth noting that Mr K Seleke was appointed as an Acting Chief Financial Officer from 01 January 2023 until 31 March 2023 when Mr Takalane Daniel Tshikundu was an Acting Municipal Manager.

Director: Corporate Services Advocate Nthama Mathews Litabe, Mr M.L Ntsepe acted as the Director Corporate Services from 01 April 2023 until 30 June 2023 when the five year fixed term contract of employment of Adv Nthama Mathews Litabe expired on 31st March 2023.

Director: Community Services- Ms Motselisi Mercia Lesoetsa.

Director: Technical Services Mr Afrika Bathaku Masuku, Mr Tsepo Selepe was appointed as an Acting Director Technical Services from 01 April 2022 until 30 June 2022.

The above-mentioned Senior Management Team was supported by the Middle Management (Post level 01 to 03) and more than 356 workforce in the implementation of the Municipal Integrated Development Plan and other municipal programmes during the year under review.

Component B: Intergovernmental Relations

The constitution of the country requires all spheres of government to observe the fundamental principles of cooperation between spheres of government.

In terms of Intergovernmental Relations Act Framework Act, 2005, the Municipality has participated in provincial, district and intergovernmental technical structures such as:

- Premier's intergovernmental relations (Premier's Coordinating Forum- PCF)

- Thabo Mofutsanyana District's Intergovernmental Relations Forum
- SALGA Municipal Manager's Forum
- IDP & PMS Forum
- District Energy Forum
- Intergovernmental Technical Support Structures at both the District & Province.
- Rural Roads Asset Management System
- Thabo Mofutsanyana District Communicators Forum
- Thabo Mofutsanyana District Risk & Internal Audit Forum

Component C: Public Accountability and Participation

Section 18 (i) (d) of Municipal Systems Act requires that a municipality must supply its community with information concerning municipal governance, management and development. The act further requires that a Municipality must develop a system of municipal governance that compliments formal representative governance with a system of participatory governance.

IDP PARTICIPATION

1.1 Introduction

The Integrated Development Plan (IDP) process is a process through which the municipalities prepare strategic development plans for a five-year period. An IDP is one of the key instruments for local government to cope with its new developmental role and seeks to arrive at decisions on issues such as municipal budgets, land management, promotion of local economic development and institutional transformation in a consultative, systematic and strategic manner.

In order to ensure certain minimum quality standards of the IDP Review process and proper coordination between and within spheres of government, Municipalities need to prepare IDP review process plan and formulate budget to implement the IDP. The IDP and Budget Process Plan has to include the following:

- A programme specifying the timeframes for the different planning steps;
- Appropriate mechanisms, processes and procedures for consultation and participation
- of local communities, organs of state, traditional authorities and other role players in
- the IDP review and budget formulation processes; and
- Cost estimates for the review process.
- The preparation of IDP process plan is in essence the formulation of the IDP and Budget
- Processes set out in writing and require the adoption by Council.

1.2 Legal planning context

The preparation of the IDP and Budget processes are regulated by the Municipal Systems Act, No 32 of 2000 and the Municipal Finance Management Act, No 56 of 2003. This is to ensure certain minimum quality standards of the integrated development planning and budget process and proper coordination between and within the spheres of government.

As the IDP is a legislative requirement it has a legal status and it supersedes all other plans that guide development at local level.

The Municipal Systems Act, No 32 of 2000 (as amended) and the Municipal Finance Management Act, No 56 of 2003 confer the responsibility on the Mayor to provide political guidance over the budget process and the priorities that must guide the preparation of the annual budgets. In terms of section 53 of the Municipal Finance Management Act the Mayor must also coordinate the annual revision of the integrated development plan in terms of section 34 of the Municipal Systems Act and the preparation of the annual budget, and determine how the integrated development plan is to be taken into account or revised for the purpose of the budget. The Municipal Systems Act further requires the following regarding the IDP process:

Chapter 5 and Section 25 (1) of the Municipal Systems Act (2000) indicate that:

- *Each municipal council must, within a prescribed period after the start of its elected term, adopt a single, all -inclusive and strategic plan for the development of the municipality which -*
- *Links integrates and coordinates plans and takes into account proposals for the development of the municipality;*
- *Aligns the resources and capacity of the municipality with the implementation of the plan;*
- *Complies with the provisions of this Chapter; and*
- *Is compatible with national and provincial development plans and planning requirements binding on the municipality in terms of legislation.*

In terms of the core components of the integrated development plan, Chapter 5 and Section 26 of the Municipal Systems Act (2000) indicate that:

An integrated development plan must reflect-

- The municipal council's vision for the long term development of the municipality with special emphasis on the municipality's most critical development and internal transformation needs;
- An assessment of the existing level of development in the municipality, which must include an identification of communities which do not have access to basic municipal services;
- The council's development priorities and objectives for its elected term, including its local economic development aims and its internal transformation needs;
- The council's development strategies which must be aligned with any national and provincial sectorial plans and planning requirements binding on the municipality in terms of legislation;
- A spatial development framework which must include the provision of basic guidelines for land use management system for the municipality;
- The council's operational strategies;
- Applicable disaster management plans;
- A financial plan, which must include a budget projection for at least the next three years; and
- The key performance indicators and performance targets determined in terms of section 41.

Section 27 stipulates that:

- Each District Municipality, within a prescribed period after the start of its elected terms and after following a consultative process with the Local Municipalities within its area, must adopt a framework for integrated development planning in the area as a whole;
- A framework referred to in subsection (1) binds both the District Municipality and the Local Municipalities in the area of the District Municipalities;
- The framework must ensure proper consultation, co-ordination and alignment of the IDP Process of the District Municipality and the various Local Municipalities.

1.1.3 Alignment between IDP, Budget and PMS

In terms of the Municipal Systems Act, municipalities are required to prepare organizational performance management system that must be linked to the IDP. Tremendous progress has been made with the process of aligning the IDP, Budget and Performance Management System (PMS).

The PMS process will address the following issues:

- Alignment of the PMS, Budget and IDP processes;

The IDP, performance management systems (PMS) and budget are all components of one overall development planning and management system. The IDP sets out what the Municipality aims to accomplish, how it will do this. The PMS enables the Municipality to check to what extent it is achieving its aims. The budget provides the resources that the Municipality will use to achieve its aims. As indicated earlier, every attempt has been made in this process plan to align the IDP and PMS formulation and/or review, and the budget preparation process. The linkages of the three processes are summarized in the following diagram:

Fig 1: The linkages between IDP, Budget and PMS

1.4 The purpose of the process plan

Mantsope Local Municipality needs to plan, direct and manage its capacity and resources to support the successful implementation of its integrated development planning process and the budget. The reality of limited capacity and resources in Mantsope Local Municipality demands innovation and the need for greater intergovernmental cooperation between various spheres of government. The Mantsope Local Municipality process plan is seen as a document that describes how the Municipality will develop and implement the integrated development plan through budget in its area.

of jurisdiction. Therefore, it will have a meaningful bearing on the current IDP document once completed and/or most importantly, it may lead to the process of the development of a new and all-inclusive integrated development planning methodology to plan and actualize future development in Mantsopa Local Municipality through our budgetary allocations. The process plan is thus similar to business plan and deals with the allocation of municipality capacity and resources in support of and serve as a guideline in terms of which Mantsopa Local Municipality will carry out its mandate with regard to integrated development planning.

This plan is meant to ensure the proper management of the planning process through the following:

Setting the scene to manage the planning process and legal requirements in planning for the implementation of the integrated planning system;

- (a) A programme specifying time schedule that guide IDP and budget planning processes and various planning steps; Outlining appropriate mechanisms, processes and procedures on how the public, stakeholders, state organs can participate in the drafting of the IDP and formulation of the budget structures that will be used to ensure this participation
- (b) Indicate necessary organizational arrangements to ensure the successful implementation of the integrated development planning process;
- (c) Binding plans and planning requirements, i.e. policy and legislation; mechanisms and procedures for vertical and horizontal alignment; and a programme specifying how the process will be monitored in order to manage the progress of the IDP and budget processes.

1.5 The annual budget

The Annual Budget and the IDP are inextricably linked to one another, the Municipal Finance Management Act, 56 of 2003; Chapter 4 and Section 21 (1) indicate that:

The Mayor of a municipality must-

a) *At least 10 months before the start of the budget year, table in the municipal council a time schedule outlining key deadlines for.*

I. The preparation, tabling and approval of the annual budget;

II. The annual review of-

- a. *The integrated development plan in terms of section 34 of the Municipal Systems Act; and The budget related policies.*
- b. *The tabling and adoption of any amendments to the integrated development plan and the budget-related policies; and*
- c. *The consultative processes forming part of the processes referred to in subparagraphs (I), (ii) and (iii).*

This document constitutes the Process Plan of the IDP Review 2017-22 and Budget formulation 2017-20 for the Mantsopa Local Municipality and essentially fulfills the function of a business plan and/or operational plan for the IDP process and presents, in a simple and transparent manner **what** should happen **when**, by **whom**, with **whom** and **where** during the process of formulating an IDP for the Mantsopa Local Municipality.

SECTION TWO: IDP DEVELOPEMENT PROCESS

2.1 Key elements to be addressed in this process

The Municipality will pursue the following strategic goals during this term of local government that are informed by the 10 National Electoral Mandate, Medium-Term Strategic Framework and Municipal Turnaround Strategy and 2030 sustainable development goals:

- To ensure service excellence within and around Mantsopa Local Municipality;
- To stimulate integrated and sustainable economic development;
- To improve and sustain financial, human resource and management excellence;

- To evolve institutional excellence through a thoroughgoing institutional reengineering, effective leadership and effective long range development planning.
- The municipality will accelerate implementation to roll back existing service delivery backlog identified during the IDP review process as well as in consultation with community, and in line with the financial situation of the municipality.

The following is a summary of the main activities to be undertaken during this IDP Process:

2.1.1 Refine and/or develop the strategic elements of the IDP in terms of council's new priorities

- (a)** Refine and/or develop the vision and objectives
- (b)** Refine and/or develop the strategy elements of the IDP;
- (c)** Determining new programmes to achieve the strategic intent;
- (d)** Refine and enhance institutional plans;
- (e)** Refine and/or develop the spatial development framework;
- (f)** Tightened performance management system;
- (g)** Develop organizational scorecard;
- (h)** The preparation and review of relevant sector plans;

SECTION THREE: HORIZONTAL AND VERTICAL ALIGNMENT

3.1. Framework plan

In terms of Chapter 5 and Section 26 of the Municipal Systems Act (2000), districts are required to prepare and adopt a Framework Plan which indicates how the District and Local Municipalities will align their IDPs. The Framework Plan provides the linkage and binding relationships to be established between the District and Local Municipalities in the district and in doing so, proper consultation, coordination and alignment of the review process of the District municipality and various local municipalities can be maintained.

Alignment with service providers is essential to ensure that the district and local municipality's priorities can be reflected in the service providers' project prioritization process and in turn the service providers' projects can be reflected in the IDP document. Regular meetings with service providers would be required in the course of IDP review process.

3.2. Alignment with stakeholders

Alignment with stakeholders is essential in order that the Thabo Mofutsanyana District Municipality and Mantsopa's priorities can be reflected in their project prioritization process, as well as reflecting those projects in the IDP. It is anticipated that the IDP and Budget Conference and IDP Programme Workshops which will be led by Mayor and Municipal Manager will create such a platform as well as a series of individual meetings with key organs of the state.

3.3. Stakeholders in the IDP process

Municipality

The IDP guides the development plans of the local municipality.

Councillors

The IDP gives Councillors an opportunity to make decisions based on the needs and aspirations of their constituencies.

Communities and other stakeholders

The IDP is based on community needs and priorities. Communities have the chance to participate in identifying their most important needs. The IDP process encourages all stakeholders who reside in and conduct business within a municipal area to participate in the preparation and implementation of the development plan.

National and provincial sector departments

Many government services that affect communities at local level are delivered by provincial and national government departments -for example: police stations, clinics and schools. Municipalities must take into account the programmes and policies of these departments. The departments should participate in the IDP process so that they can be guided how to use their resources to address local needs.

SECTION FOUR: PUBLIC PARTICIPATION IN THE IDP PROCESS

4.1. Community-based planning

A fundamental and statutory component of the IDP process is community engagement and the public participation. Participation in the integrated development planning process is only one of the several arenas of participatory interaction between local government and citizens. The Municipality's approach in participatory interaction is based on its innovative ward-based planning process or community-based planning (CBP) process where all 9 wards will be involved in the confirmation of their development priorities. CBP as a form of participation in the development of Mantsopa IDP is seen within the context that it must be people-focused and empowering, led and owned by Ward Councillors and ward committee members, based on vision and strengths of the ward, and should be holistic and promote mutual accountability between elected public representatives, community and municipal administration. Through CBP, communities and stakeholders highlight and/or confirm their development priorities that should be included in the IDP in the form of projects, services and programmes.

SECTION FIVE: ORGANISATIONAL ARRANGEMENTS

5. IDP Steering Committee

The IDP Steering Committee is a strategic, political and technical working team making political and technical decisions and inputs that must ensure a smooth compilation and implementation of the IDP. The IDP Steering Committee has been operational since the inception of the IDP preparation process. The IDP SC and the Stakeholder Forum will be reconstituted for the preparation of the IDP process. As part of the IDP review and budget formulation process, the Steering Committee which support the Municipal Manager, IDP and the Budget Office is constituted as follows:

PERIOD	NUMBER OF MEETINGS	STAKEHOLDERS
August to September 2021	3	Mayor (Chairperson)
October to December 2021	10	Speaker
January to March 2022	6	Councillors

April to June 2022	2	Municipal Manager;IDP Manager;Directors and all Managers
--------------------	---	--

1.1 Municipal Manager

As a head administration, the Municipal Manager is responsible and accountable for the implementation of the Municipality’s IDP, and the monitoring of progress with implementation of the plan. He is also the responsible person for championing the integrated development planning process.

5.2 IDP Manager

Amongst others, the following responsibilities have been allocated to the IDP Manager for the IDP Process

- Ensure that the Process Plan is finalized and adopted by Council; Adjust the IDP according to the proposals of the MEC and Identify additional role-players to sit on the IDP Stakeholder Forum;
- Ensure the continuous participation of role players; Monitor the participation of role players and to ensure appropriate procedures are followed;
- Ensure documentation is prepared properly; Carry out the day-to-day management of the IDP process and respond to comments and enquiries;
- Ensure alignment of the IDP with other IDP’s within the District Municipality;
- Co-ordinate the inclusion of Sector Plans into the IDP documentation;
- Co-ordinate the inclusion of the Performance Management System (PMS) into the IDP;
- Submit the reviewed IDP to the relevant authorities.

5.3 IDP and Budget Forum

Composition of IDP and Budget Forum

COMPOSITION	MEETINGS HELD
Mayor	2
Speaker	
Councillors	
Municipal Manager	
Directors	
Managers	
Thabo Mofutsanyana District Municipality Sector Departments	

Ward Committees & Community Development Workers	
NGOs, CBOs, Religious groups, Traditional healers and leaders, Business organisations, Trade Unions, etc.	

The IDP and Budget Forum facilitates and co-ordinates participation as part of the preparation phase of the IDP and continue its functions throughout the annual IDP review processes. The IDP and Budget Forum is composed of various municipal stakeholders (Ward Committee members, Community Development Workers, Business Community, Sector Departments, SGB's, CPF's to mention but a few)

Terms of Reference for the IDP Representative Forum

- The terms of reference for the IDP Representative Forum are as follows:
- Represent the interest of the municipality's constituency in the IDP process;
- Form a structures link between the municipality and representatives of the public;
- Provide an organizational mechanism for discussion, negotiation and decision making between the stakeholders including municipal government;
- Ensure communication between all the stakeholder representatives including the municipal;
- Monitor the performance of the planning and implementation process
- Integrate and prioritize issues, strategies, projects and programmes and identify budget requirements; and
- Monitor the performance of planning and implementation process.

Roles and Responsibilities of Different Spheres of Government in the IDP Process

The responsibility to prepare and adopt IDPs lies with the Council of Mantsopa Local Municipality. However, IDP is seen as a strategic document to identify and respond timeously and effectively to local developmental challenges and priorities, in a manner that leverages involvement and responses of all stakeholders including across sectoral basis and contributions by the district, provincial and national governments. It is therefore a requisite for all stakeholders to be fully aware of their own responsibilities and of other role-players’ responsibilities so that the planning process is smooth and well-organized.

In order to ensure that there is a clear understanding of all required roles and responsibilities between the three spheres, the following are highlighted:

SPHERE OF GOVERNMENT	ROLES AND RESPONSIBILITIES
Local Council	
Municipal Council	Prepare and adopt an IDP
District Council	Prepare a District Municipal IDP, adopt a District Municipal IDP, provide support to poorly capacitated local municipalities, facilitate the compilation of a framework which will ensure coordination and alignment between local municipalities and the district.

Provincial	
CoGTA	Coordinate training, provide financial support, provide general IDP guidance and guidelines, monitor the process in the province, facilitate coordination and alignment between district Municipalities, facilitate resolution of disputes between municipalities, and facilitate alignment of IDPs, departmental policies and programmes. Assess IDPs
Sector Departments be guided by Municipal IDPs in the allocation of resources at local level	Provide relevant information on sector department's policies, Programmes and budgets Contribute sector expertise and technical knowledge to the Formulation of municipal policies and strategies.
National	Issue legislation and policy in support of IDPs, provide financial assistance, provide a national training framework, establish a Planning and Implementation Management Support System programmes and budgets. Contribute sector expertise and technical knowledge to the Sector Departments formulation of municipal policies and strategies Be guided by municipal IDPs in the allocation of resources at the Local level. Provide relevant information on sector department's policies.

Component D: Corporate governance

Corporate governance is a system by which corporations are operated and controlled. This system encompasses a set of rules, processes and laws.

In the context of our municipality, we view corporate governance as an effective system of ensuring that the community get value for money through diligence and honesty.

In the course of rendering services to the community, it is therefore important to do so within the parameters of the law, and this can be achieved by connecting corporate governance with legislative risk management as a guideline.

AUDIT COMMITTEE

During the period under review, the municipality had a functional Audit Committee constituted in terms of Section 166 of the Municipal Finance Management Act, 56 of 2003.

AUDIT COMMITTEE MEMBERS

MEMBER	CAPACITY
Mr P.D Shale	Chairperson
Mr Obakeng Sesiane)	Member
Ms V.C Sikaundi (Also serving as a Chairperson of the Risk Management Committee)	Member

It has been able to discharge its obligations, it processed all matters referred to it by Council, reported progress regularly to Council. All Annual Reports and Annual Financial statements were reviewed by the Audit Committee prior tabling at the Council meeting.

Risk Management

Section 62 (1) (c) (i) of the Municipal Finance Management Act, 56 of 2003 requires that the Municipality has and maintains effective, efficient and transparent systems of financial and risk management and internal control; and of internal audit operating in accordance with any prescribed norms and standards, during the period under review the Municipality had a functional risk management unit, plans are put into place to strengthen the unit.

Risk management is the process whereby the Accounting Officer, and other key members of the senior management proactively, purposefully and regularly identify and define current as well as emerging business, financial and operational risks and either simultaneously or identify appropriate and cost effective methods of obviating and managing these risks within the Municipality. The Accounting Officer ensured that the Municipality has risk management structures that are aligned to the principles of good corporate governance, as supported by the Municipal Finance Management Act (MFMA), Act no.56 of 2003. A risk assessment was done and the risk assessment register was developed and approved by the Audit Committee. The top 20 Strategic Risk were also identified on the Risk register and they were discussed at monthly management meetings, Clean Audit Steering Committee Meetings and Risk Management Committee meetings.

The Clean Audit Steering Committee is a committee formed within the Municipality to ensure that the Municipality moves away from getting negative reports from the Auditor General. It consists of Management and experts who advises on the best mitigating strategies for the Municipality's high risks. The Municipality also developed a Risk Management Policy which is currently in operation. The Municipality has recently appointed the chairperson of the Risk Management Committee and established a Risk Management Committee. The Committee is a subcommittee appointed by the Accounting officer to help him with his responsibilities for risk management.

Top 20 Strategic Risks identified during the year under review for mitigation:

REF	DESCRIPTION	STRATEGIES	RATING
M03	Non-alignment of IDP/budget to SDBIP	Frequent engagements with stakeholders within the institution.	MEDIUM

REF	DESCRIPTION	STRATEGIES	RATING
M08	Unauthorised access rights to financial system users	Monthly review of access need for users.	LOW

M12	Insufficient water supply to high lying areas through pipelines	Installation of water meters (zonal and households), Plumbing retro fitting, finalisation and implementation of WCWDM by law (2020/03/30)	LOW
M15	Contamination of river systems	Plumbing retro fitting, Reconfiguration of the plant to optimise chlorine dosing	HIGH

Anti-Fraud and Corruption

For the period under review, the Municipality adopted Fraud Prevention Policy to combat fraud and corruption. The Municipality's Internal Audit also plays a pivotal role in strengthening internal controls and ensuring adherence to segregation of duties, procurement process, and efficiency.

MUNICIPAL FINANCE MANAGEMENT ACT, NO 56 OF 2003: REPORT ON IMPLEMENTATION OF MUNICIPAL SUPPLY CHAIN MANAGEMENT POLICY FOR THE YEAR ENDED 30 JUNE

SUMMARY

In terms of regulation 6 of the Supply Chain Management Regulations of 30 May 2005 the Accounting Officer of the municipality must, within 30 days of the end of each financial year, submit a report on the implementation of the Supply Chain Management Policy to council.

In terms of regulation 36(1) of the Supply Chain Management Regulations of 30 May 2005, a Supply Chain Management policy may allow the Accounting Officer-

- a) to dispense with the official procurement processes established by the policy and to procure any required goods or services through any convenient process, which may include direct negotiations, but only-
- (i) in an emergency;
 - (ii) if such goods or services are procured or available from a single provider only;
 - (iii) for the acquisition of special works of art or historical objects where specifications are difficult to compile;
 - (iv) acquisition of animals for zoos; or
 - (v) in any exceptional case where it is impractical or impossible to follow the official processes; and
- b) To ratify any minor breaches of the procurement processes by an official or committee acting in terms of delegated powers or duties which are purely of a technical nature.

2. The Accounting Officer must record the reasons for any deviations in terms of sub regulation (1) (a) and (b) and report them to next meeting of the Council and include as a note to the Annual Financial Statements.

3. DISCUSSION

Mantsopa Local Municipality approved its supply chain management policy on the 01 December 2005, and it is reviewed annually and according to the policy the Accounting Officer must establish supply chain management unit to implement its supply chain management policy.

ORGANISATIONAL PERFORMANCE LEGISLATIVE AND REGULATORY ENVIRONMENT

GENERAL KEY PERFORMANCE INDICATORS AS PRESCRIBED IN TERMS OF THE LOCAL GOVERNMENT: MUNICIPAL PLANNING AND PERFORMANCE MANAGEMENT REGULATIONS, 2001

In formulating the key performance indicators in the IDP, Budget & SDBIP for the period ending 30 June 2020, the municipality was guided by the General Key Performance Indicators as prescribed in terms of the above-mentioned regulations. These General Key Performance Indicators are incorporated in the performance information to provide proper context and implementation as follows:

- KPA: Good Governance & Public Participation
- KPA: Local Economic Development
- KPA: Financial Viability and Management
- KPA: Transformation and Institutional Development
- KPA: Basic Services- Community Development and Social Cohesion

All General Key Performance Indicators, as prescribed in terms of Section 43 of the Act, are listed below for ease of reference:

- (a) The percentage of households with access to basic level of water, sanitation, electricity and solid waste removal;
- (b) the percentage of households earning less than R3500 per month with access to free basic services;
- (c) the percentage of a municipality's capital budget actually spent on capital projects identified for a particular financial year in terms of the municipality's integrated development plan;
- (d) the number of jobs created through municipality's local economic development initiatives including capital reports;
- (e) the number of people from employment equity target groups employed in the three highest levels of management in compliance with a municipality's approved employment equity plan;
- (f) the percentage of a municipality's budget actually spend on implementing its workplace skills plan; and
- (g) financial viability as expected by the following ratios:

(i) $A = \frac{B - C}{D}$

Where –

“A” represents debt coverage

“B” represents total revenue received

“C” represents operating grants

“D” represents debts service payments (i.e. interest + redemption)

(ii) $A = \frac{B}{C}$

Where –

“A” represents outstanding services debtors to revenue

“B” represents total outstanding service debtors

“C” represents annual revenue actually received for services;

(iii) $A = \frac{B+C}{D}$

“A” represents cost average

“B” represents all available cash at a particular time

“C” represents investments

“D” represents monthly fixed operating expenditure

2021/2022	4	18	4,5
2022/2023	8	20	2,5

VACANCIES AND TURNOVER

The municipal council has since approved the organisational structure on the 30 May 2016. We have used the same staff establishment to fill the funded positions. The critical position of the Municipal Manager became vacant on the 02 May 2021 and remain vacant. The positions of the support staff in the offices of the political office bears were advertised and appointed staff in those offices using the 2016 organogram. Turnover rate is because of deaths and retirement.

COMPONENT B MANAGING THE MUNICIPAL WORKFORCE

MSA 32 of 2000: 67 oblige municipalities to develop and adopt appropriate systems and processes to ensure fair, efficient, effective and transparent personnel administration in accordance with applicable laws (Constitution and Employment Equity Act etc)
