

AUDITOR - GENERAL
SOUTH AFRICA

AUDIT REPORT

uMngeni Local Municipality

2022-23

Report of the auditor-general to the KwaZulu-Natal Provincial Legislature and the council on uMngeni Local Municipality

Report on the audit of the financial statements

Opinion

1. I have audited the financial statements of the uMngeni Local Municipality set out on pages xx to xx, which comprise the statement of financial position as at 30 June 2023, statement of financial performance, statement of changes in net assets, cash flow statement and statement of comparison of budget and actual amounts for the year then ended, as well as notes to the financial statements, including a summary of significant accounting policies.
2. In my opinion, the financial statements present fairly, in all material respects, the financial position of the uMngeni Local Municipality as at 30 June 2023 and its financial performance and cash flows for the year then ended in accordance with the South African Standards of Generally Recognised Accounting Practice (SA Standards of GRAP) and the requirements of the Municipal Finance Management Act (Act No. 56 of 2003) (MFMA) and the Division of Revenue Act (Act No. 5 of 2022) (DoRA).

Basis for opinion

3. I conducted my audit in accordance with the International Standards on Auditing (ISAs). My responsibilities under those standards are further described in the responsibilities of the auditor-general for the audit of the financial statements section of my report.
4. I am independent of the municipality in accordance with the International Ethics Standards Board for Accountants' *International code of ethics for professional accountants (including International Independence Standards)* (IESBA code) as well as other ethical requirements that are relevant to my audit in South Africa. I have fulfilled my other ethical responsibilities in accordance with these requirements and the IESBA code.
5. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Material uncertainty relating to going concern

6. I draw attention to the matter below. My opinion is not modified in respect of this matter.
7. I draw attention to note 58 to the financial statements, which indicates events or conditions identified that may cast significant doubt on the auditee's ability to continue as a going concern. As stated in note 58, these events or conditions, along with the other matters as set forth in note 58, indicate that a material uncertainty exists that may cast significant doubt on the municipality's ability to continue as a going concern.

Emphasis of matters

8. I draw attention to the matters below. My opinion is not modified in respect of these matters.

Material impairment of receivables from exchange transactions

9. As disclosed in note 12 to the financial statements, an allowance for impairment of R31, 62 million (2021-22: R35, 68 million) was recognised by the municipality as a result of irrecoverable debt.

Material impairment of receivables from non-exchange transactions

10. As disclosed in note 13 to the financial statements, an allowance for impairment of R169, 01 million (2021-22: R162,45 million) was recognised by the municipality as a result of irrecoverable debt.

Material impairment of property, plant and equipment

11. As disclosed in note 4 to the financial statements, material impairment of R58, 90 million (2021-22: R10, 66 million) was incurred as a result of a conditional assessment on roads and storm water infrastructure.

Material losses – electricity

12. As disclosed in note 22 to the financial statements, material electricity losses of R37, 34 million (2021-22: R12, 61 million) were incurred due to technical losses and illegal connections, which represents 24% (2021-22: 7%) of total electricity purchased during the year.

Other matter

13. I draw attention to the matter below. My opinion is not modified in respect of this matter.

Unaudited disclosure notes

14. In terms of section 125(2)(e) of the MFMA, the municipality is required to disclose particulars of non-compliance with the MFMA in the financial statements. This disclosure requirement did not form part of the audit of the financial statements and, accordingly, I do not express an opinion on it.

Responsibilities of the accounting officer for the financial statements

15. The accounting officer is responsible for the preparation and fair presentation of the financial statements in accordance with the SA Standards of GRAP and the requirements of the MFMA and DoRA; and for such internal control as the accounting officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

16. In preparing the financial statements, the accounting officer is responsible for assessing the municipality's ability to continue as a going concern; disclosing, as applicable, matters relating to going concern; and using the going concern basis of accounting unless the appropriate

governance structure either intends to liquidate the municipality or to cease operations or has no realistic alternative but to do so.

Responsibilities of the auditor-general for the audit of the financial statements

17. My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error; and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
18. A further description of my responsibilities for the audit of the financial statements is included in the annexure to this auditor's report.

Report on the audit of the annual performance report

19. In accordance with the Public Audit Act 25 of 2004 (PAA) and the general notice issued in terms thereof, I must audit and report on the usefulness and reliability of the reported performance against predetermined objectives for the selected key performance areas presented in the annual performance report. The accounting officer is responsible for the preparation of the annual performance report.
20. I selected the following key performance areas presented in the annual performance report for the year ended 30 June 2023 for auditing. I selected key performance areas that measures the municipality's performance on its primary mandated functions and that are of significant national, community or public interest.

Key performance area	Page numbers	Purpose
Basic service delivery	[XX]	To provide world class infrastructure investment
Local economic development and social services	[XX]	To achieve economic growth and job opportunities
Cross cutting	[XX]	To improve human development index

21. I evaluated the reported performance information for the selected key performance area against the criteria developed from the performance management and reporting framework, as defined in the general notice. When an annual performance report is prepared using these criteria, it provides useful and reliable information and insights to users on the municipality's planning and delivery on its mandate and objectives.
22. I performed procedures to test whether:

- the indicators used for planning and reporting on performance can be linked directly to the municipality's mandate and the achievement of its planned objectives
- the indicators are well defined to ensure that they are easy to understand and can be applied consistently, as well as verifiable so that I can confirm the methods and processes to be used for measuring achievements
- the targets can be linked directly to the achievement of the indicators and are specific, time bound and measurable to ensure that it is easy to understand what should be delivered and by when, the required level of performance as well as how performance will be evaluated
- the indicators and targets reported on in the annual performance report are the same as those committed to in the approved initial or revised planning documents
- the reported performance information is presented in the annual performance report in the prescribed manner
- there is adequate supporting evidence for the achievements reported and for the measures taken to improve performance.

23. I performed the procedures for the purpose of reporting material findings only; and not to express an assurance opinion or conclusion.

24. I did not identify any material findings on the reported performance information for basic service delivery and cross cutting

AND

25. The material findings on the reported performance information for the selected key performance area is as follows:

Local economic development and Social services

Number of youth owned NPOs supported with financial incentives

26. The indicator was included in the approved service delivery and budget implementation plan and integrated development plan but then not clearly defined during planning processes. It was also not determined how the related target would be measured and what evidence would be needed to support the achievement. Consequently, the information might be less useful for measuring performance.

Other matters

27. I draw attention to the matters below.

Achievement of planned targets

28. The annual performance report includes information on reported achievements against planned targets and provides explanations for over and under-achievements and measures taken to improve performance. This information should be considered in the context of the material findings on the reported performance information.

Material misstatements

29. I identified material misstatements in the annual performance report submitted for auditing. These material misstatements were in the reported performance information for basic service delivery and local economic development and social service. Management did not correct all of the misstatements and I reported material findings in this regard.

Report on compliance with legislation

30. In accordance with the PAA and the general notice issued in terms thereof, I must audit and report on compliance with applicable legislation relating to financial matters, financial management and other related matters. The accounting officer is responsible for the municipality's compliance with legislation.
31. I performed procedures to test compliance with selected requirements in key legislation in accordance with the findings engagement methodology of the Auditor-General of South Africa (AGSA). This engagement is not an assurance engagement. Accordingly, I do not express an assurance opinion or conclusion.
32. Through an established AGSA process, I selected requirements in key legislation for compliance testing that are relevant to the financial and performance management of the municipality, clear to allow consistent measurement and evaluation, while also sufficiently detailed and readily available to report in an understandable manner. The selected legislative requirements are included in the annexure to this auditor's report.
33. The material findings on compliance with the selected legislative requirements, presented per compliance theme, are as follows:

Strategic planning and performance management

34. The performance management system and related controls were inadequate as the described processes of planning, monitoring, measurement, review and reporting processes were not conducted and managed as intended, as required by municipal planning and performance management regulation 7(1).

Conditional grants

35. Performance in respect of programmes funded by the Integrated National Electrification Programme was not evaluated within two months after the end of the financial year, as required by section 12(5) of the DoRA.

Procurement and contract management

36. Some of the quotations were accepted from bidders who did not submit a declaration on whether they are employed by the state or connected to any person employed by the state, as required by Supply Chain Management (SCM) Regulation 13(c).
37. The preference point system was not applied to some of the procurement of goods and services as required by section 2(1)(a) of the Preferential Procurement Policy Framework Act.

38. Sufficient appropriate audit evidence could not be obtained that construction contracts were awarded to contractors that were registered with the Construction Industry Development Board (CIDB) and qualified for the contract in accordance with section 18(1) of the CIDB Act and CIDB Regulations 17 and 25(7A).
39. Some of the commodities designated for local content and production, were procured from suppliers who did not submit a declaration on local production and content as required by the 2017 Preferential Procurement Regulation 8(5).
40. Sufficient appropriate audit evidence could not be obtained that the commodities designated for local content and production, were procured from suppliers who met the prescribed minimum threshold for local production and content, as required by the 2017 Preferential Procurement Regulation 8(5).
41. The performance of contractors or providers was not monitored on a monthly basis, as required by section 116(2)(b) of the MFMA. Similar non-compliance was also reported in the prior year.

Expenditure management

42. Reasonable steps were not taken to prevent unauthorised expenditure amounting to R100, 71 million, as disclosed in note 61 to the annual financial statements, in contravention of section 62(1)(d) of the MFMA. The majority of the unauthorised expenditure was caused by overspending on the approved budget.

Other information in the annual report

43. The accounting officer is responsible for the other information included in the annual report. The other information referred to does not include the financial statements, the auditor's report and those selected key performance areas presented in the annual performance report that have been specifically reported on in this auditor's report.
44. My opinion on the financial statements, the report on the audit of the annual performance report and the report on compliance with legislation do not cover the other information included in the annual report and I do not express an audit opinion or any form of assurance conclusion on it.
45. My responsibility is to read this other information and, in doing so, consider whether it is materially inconsistent with the financial statements and the selected key performance areas presented in the annual performance report or my knowledge obtained in the audit, or otherwise appears to be materially misstated.
46. I did not receive the other information prior to the date of this auditor's report. When I do receive and read this information, if I conclude that there is a material misstatement therein, I am required to communicate the matter to those charged with governance and request that the other information be corrected. If the other information is not corrected, I may have to retract this auditor's report and re-issue an amended report as appropriate. However, if it is corrected this will not be necessary.

Internal control deficiencies

47. I considered internal control relevant to my audit of the financial statements, annual performance report and compliance with applicable legislation; however, my objective was not to express any form of assurance on it.
48. The matters reported below are limited to the significant internal control deficiencies that resulted in the material findings on the annual performance report and the material findings on compliance with legislation included in this report.
49. The accounting officer did not perform regular monitoring and supervision to ensure compliance with applicable laws and regulations relating to strategic planning and performance management, conditional grants, procurement and contract management and expenditure management.
50. Management did not perform adequate reviews of the annual performance report and the supporting schedules to ensure that the reported achievements are consistent with the indicator as well as ensuring that performance indicators are well defined.

Other reports

51. I draw attention to the following engagements conducted by various parties. These reports did not form part of my opinion on the financial statements or my findings on the reported performance information or compliance with legislation.
52. At the time of this report, the KwaZulu-Natal Department of Co-operative Governance and Traditional Affairs was conducting investigations into alleged procurement processes, staff appointment process and inappropriate payments made to suppliers. The investigations were in progress and the expected date of the outcome is unknown.

Auditor-General

Pietermaritzburg

30 November 2023

AUDITOR - GENERAL
SOUTH AFRICA

Auditing to build public confidence

Annexure to the auditor's report

The annexure includes the following:

- The auditor-general's responsibility for the audit
- The selected legislative requirements for compliance testing

Auditor-general's responsibility for the audit

Professional judgement and professional scepticism

As part of an audit in accordance with the ISAs, I exercise professional judgement and maintain professional scepticism throughout my audit of the financial statements and the procedures performed on reported performance information for selected key performance areas and on the municipality's compliance with selected requirements in key legislation.

Financial statements

In addition to my responsibility for the audit of the financial statements as described in this auditor's report, I also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error; design and perform audit procedures responsive to those risks; and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the municipality's internal control
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made
- conclude on the appropriateness of the use of the going concern basis of accounting in the preparation of the financial statements. I also conclude, based on the audit evidence obtained, whether a material uncertainty exists relating to events or conditions that may cast significant doubt on the ability of the municipality to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements about the material uncertainty or, if such disclosures are inadequate, to modify my opinion on the financial statements. My conclusions are based on the information available to me at the date of this auditor's report. However, future events or conditions may cause a municipality to cease operating as a going concern
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Communication with those charged with governance

I communicate with the accounting officer regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide the accounting officer with a statement that I have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on my independence and, where applicable, actions taken to eliminate threats or safeguards applied.
