Chapter 1: Mayor's Foreword and Executive Summary

Component A: Mayor's Foreword

As the Mayor of Abaqulusi Local Municipality, it gives me great pleasure in presenting to you the Annual Report for the 2022/2023 financial year.

The Abaqulusi Municipality's Annual Report has been developed according to the provisions of Section 121 of the Municipal Finance Management Act (MFMA), 56 of 2003 and Section 46 of the Local Government: Municipal Systems Act (MSA), 32 of 2000. According to the National Treasury guidelines for the preparation of the Annual Report, the report should comprise of a number of chapters to reflect the key activities undertaken within the organisation during the year under review.

All spheres of government have a constitutional mandate of ensuring that services are provided. Local government is the sphere that is closest to the people. In Abaqulusi Municipality, we not only focus on basic service delivery but we endeavour to ensure that services needed by people are delivered.

Abaqulusi Municipality has grown a culture of public participation, several meetings have been held in all wards. The purpose of these meetings is not just to comply with local government, Municipal Systems Act (Act No. 32 of 2002) but it is to get public views and do what we can. This has strengthened us in the relationship and understanding of the community. It is ensured that what is done by the Municipality is responsive to the needs of the public.

This Annual Report will provide a detailed picture as to how we as a municipality, both, the political and administrative structure have worked in response to achieve the above mentioned highlighting our achievement, setbacks, challenges and the way forward.

It is imperative to note, that as a municipality, we are directed by our Integrated Development Plan which is regarded as the blueprint document in a municipality to deliver services. Our Integrated Development Plan forms the basis of this Annual Report and dictates our progress made in achieving our Municipal Vision which reads as follows: **"To be the progressive, prosperous and sustainable economic hub of Zululand by 2035"**.

In conclusion, I would like to take this opportunity to express my gratitude to the people of Abaqulusi, the Municipal Council and its Committees, and the Municipal Staff in their efforts for ascertaining an Unqualified Audit Opinion for the 2022/2023 Financial Year as per the Auditor General of South Africa's findings. It is now my obligation, along with the full support of Council and Administration in ensuring that we strive to achieve a Clean Audit in the 2023/2024 Financial Year.

Councillor S.E Mkhwanazi

Mayor

Component B: Executive Summary

1.1 Municipal Managers Overview

As the Acting Municipal Manager of Abaqulusi Local Municipality, I would like to take this opportunity to provide you with a synopsis of our Annual Report for the 2022/2023 financial year, highlighting our performance within the legislative framework in which we operate.

The 2022/2023 financial year can be considered as a year that we as a municipality delivered on our mandatory requirements, albeit with the difficulties and challenges that presented itself.

A major achievement for the municipality during the year was the 100% expenditure on the service delivery grants that were received, ie. Municipal Infrastructure Grant and the Integrated National Electrification Programme Grant. This is evident that service delivery to the people of Abaqulusi remains our number one priority.

The financial performance of the municipality still remains a concern for as we know that there is certainly more that can be done in terms of raising additional revenue and recovering outstanding debts. It must be noted that the municipality operates on a very stringent budget and is largely grant dependant in fulfilling its local government mandate. Financial challenges over the 2022/2023 year impacted heavily on the operations of the municipality as we are constantly limited on an annual basis to allocate sufficient internal funds for capital projects and repairs and maintenance of the existing infrastructure. A heavy financial burden on the municipality is the growing numbers of indigents that we have around the municipal space which is a result of the high unemployment levels that exist, as well as the collection of revenue for services billed, which is declining and negatively impacting on the municipality's revenue base. In an attempt to address these issues, the Political and Administrative Structures within the municipality is working tirelessly to develop revenue enhancing and debt collection strategies.

As a way forward, the municipality has already embarked on a mission to strengthen its relationship with its stakeholders and stimulate the economy through various large-scale development initiatives that began during the 2022/2023 financial year, such as the development and construction of the Mondlo Shopping Mall valued at an estimated R300m, Louwsburg D-Lab Facility valued at an estimated R50m, Princess Mkabayi Regional Shopping Mall, which is considered to be the “game changer” within the Abaqulusi and broader regional scale, valued at an estimated R600m, and the upgrade of the Vryheid Plaza valued at an estimated R200m. The Mondlo Shopping Mall was completed and opened in October 2023; Louwsburg D-Lab Facility is currently under construction and to be completed by June 2024; Princess Mkabayi Regional Shopping Mall is under construction and will open its doors in October 2024; and the Vryheid Plaza re-opened in November 2023.

In my closing remarks, I would like to thank my esteemed colleagues under my administration and my fellow Honourable Councillors for their unwavering support and efforts over the year, resulting in the municipality achieving an Unqualified Audit Report.

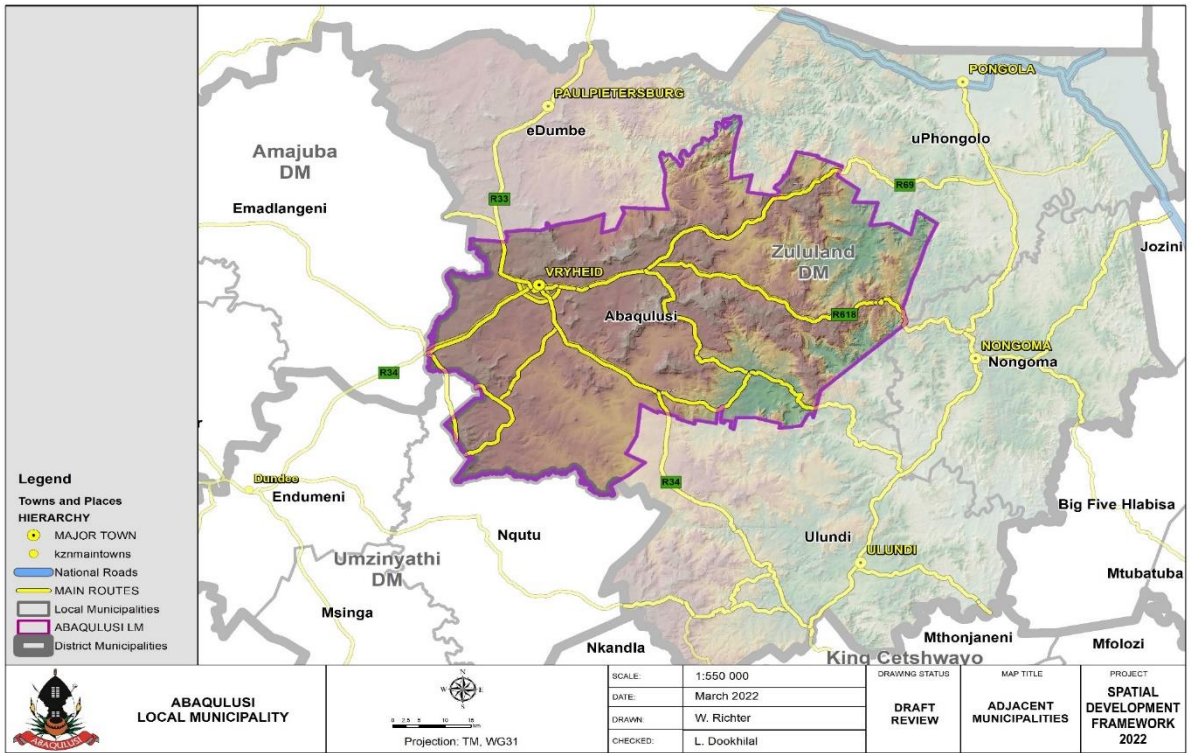

***S.P Dlamini Acting
Municipal Manager***

1.2 Municipal Background, Population and Environmental Overview

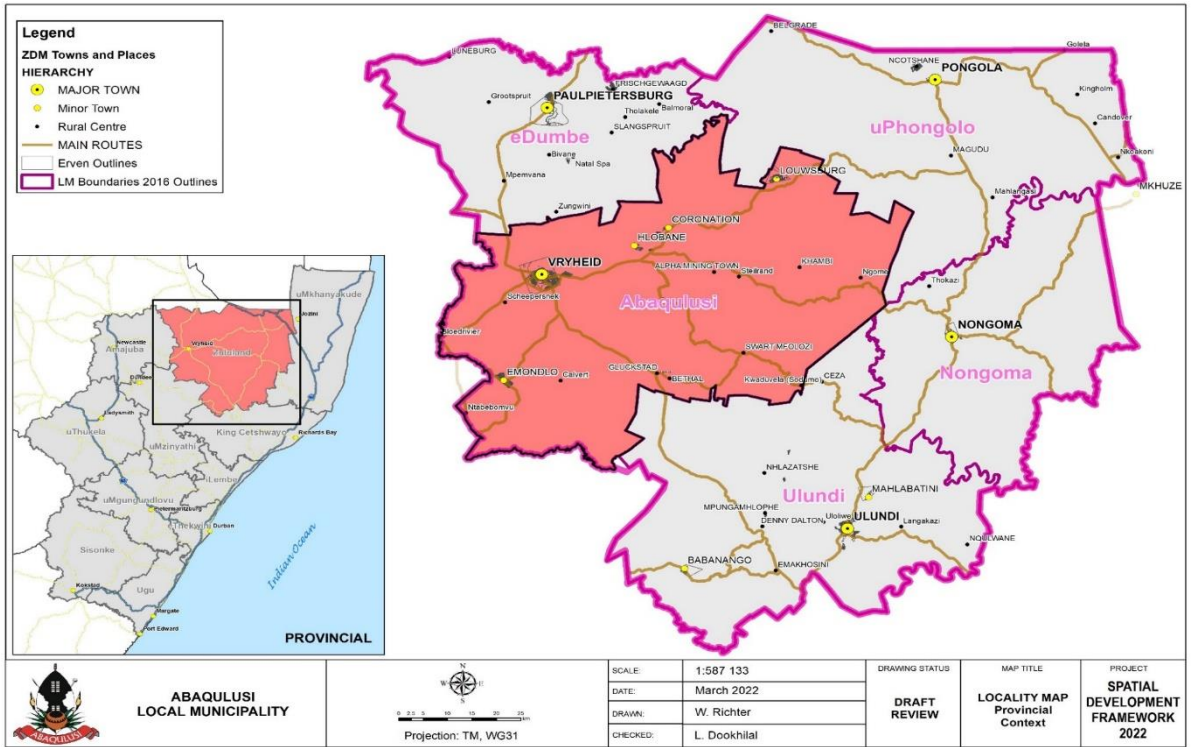

a. Background

The Abaqulusi Local Municipality is located in the Northern part of KwaZulu-Natal Province and forms part of the Zululand District Municipality. It is named after the Abaqulusi, a Zulu clan whose descendants live in the vicinities of Vryheid, Utrecht, eDumbe and eNgoje. Abaqulusi Municipality comprises of many settlements, both rural and urban, with Vryheid being its main urban settlement/town. Other areas of interest that fall within the boundaries of Abaqulusi also include Louwsburg, eMondlo, Hlobane, Corronation and Bhekuzulu. The municipality is split into 23 Wards and its geographical cover is estimated at 4185km² in extent making it one of the spatially largest municipality's in the province, occupied by a population of approximately 243 795 people, according to the Community Survey 2016. The population of Abaqulusi has been growing steadily since 2011, from 211 060 to 243 795 people, recording an increase of 32 735 people over a 5 year period. At present, Abaqulusi Municipality constitutes approximately 27% of the Zululand District Municipality making it the largest populated local municipality compared to the other local municipalities within the District. The 4 other local municipalities that make up the Zululand Family include eDumbe, uPhongolo, Nongoma and Ulundi. The municipality is also characterised as the main hub for the district and is also very strategically positioned, sharing its border with all 4 local municipalities within the district, as well as with Amajuba and Umzinyathi District families. The Locality Maps below spatially depicts the Abaqulusi Municipality's location within the Zululand District Municipality and the KwaZulu-Natal Province.

Map 1: District Locality Map

Map 2: Regional Locality Map

b. Demographic Profile

➤ Population Size and Growth Rate

The table and graph below shows that the total population for Abaqulusi local municipality is estimated at having 243 795 persons as per the Community Survey 2016, a 15.5 percentage change when compared to Census 2011 results. The intercensal growth rate (2011-2016) was found to be 0.03, significantly lower than that of Census 2011 due to the time frame for the two projects (Census 2011 time frame was 10 years while Community Survey 2016 time frame was 5 years).

Table 1: Population Size

	Census 2011	Community Survey 2016
<i>Population</i>	211 060	243 795
<i>Growth Rate</i>	1%	0.03
<i>% of Growth</i>	10.5%	15.5%

➤ Spatial Population Distribution and Density

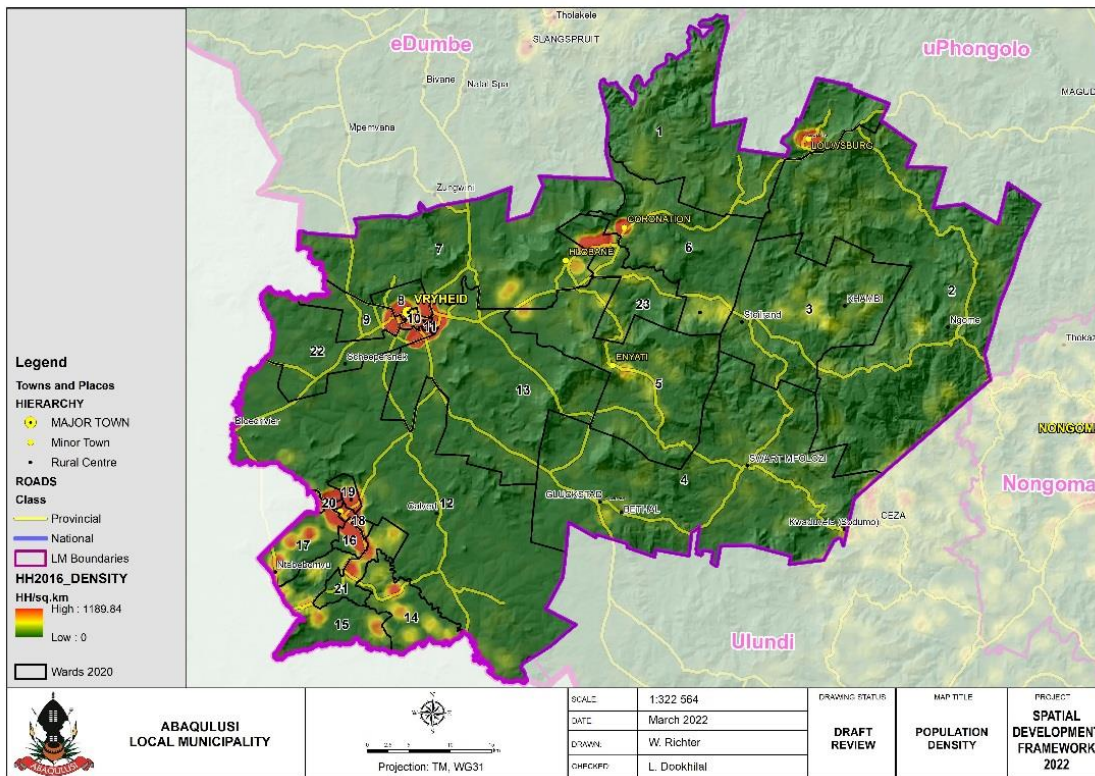

The Graph and Map below shows the distribution of the population according to three settlement types, i.e. Urban formal, Tradition/Rural and Farms. It can be observed that during the Community Survey 2016, the majority of the population was found to be living in urban formal settlement (38.6%), followed by traditional (35.6%) and lastly farms (25.7%). The same trend in terms of percentage distribution per settlement type was also observed during the Census 2011. The population density over the geographical area has also increased from 2011 which was 50 persons per km² to 58 persons per km² in 2016.

Figure 1: Population Distribution

Source: STATS SA CS 2016

Map 3: Population Distribution

➤ **Population Composition by Age Category and Dependency Ratio**

From the table below, the results of the Community Survey 2016 shows that more than a third of Abaqulusi population was found to be the young ones (0-14 years) at 37.9%. The majority of the population was amongst those in the working age group (15-64 years) at 57.8%, with the proportion of the elderly people (65+ years) contributing about 4.3% to the Abaqulusi total population. The youth proportion (15-34 years) was found to be almost 40% of the entire population.

The dependency ratio measures the strain deemed to be carried by those within the working age group (15-64 years) “supporting” the dependent age groups, the young (0-14 years) and the elderly (65+ years). For both the Census 2011 and the Community Survey 2016, the dependency ratio was found to be 70.5 and 70.8 respectively.

Table 2: Population Composition by Age

Persons proportion	Census 2011	Community Survey 2016
Young (0-14 years)	36.7%	37.9%
Youth (15-34 years)	36.5%	39.8%
Working age (15-64 years)	58.6%	57.8%
Elderly (65 years or older)	4.7%	4.3%
Dependency ratio	70.5	70.8

75-79	507	1134
80-84	174	768
85+	274	717

Source: STATS SA CS 2016

➤ **Population Composition by Sex**

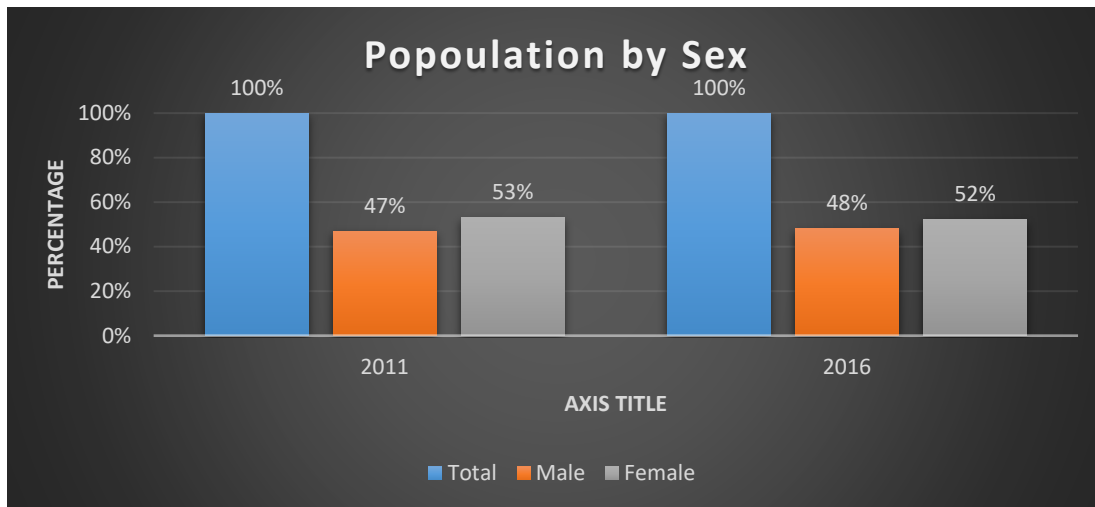

As per the table and figure below, a slight increase in the number of men was observed during the Community Survey 2016 as it was recorded at 93 men per 100 women compared to the 91 men per 100 women during the Census 2011.

Table 3: Population Composition by Sex

Sex	Census 2011	Community Survey 2016
Male	47% / 100 474	48% / 117 412
Female	53% / 110 586	52% / 126 383
Total	211 060	243 795
Sex ratio (men/100 women)	91	93

Source: STATS SA CS 2016

Figure 3: Population Composition by Sex

➤ **Population Composition by Group**

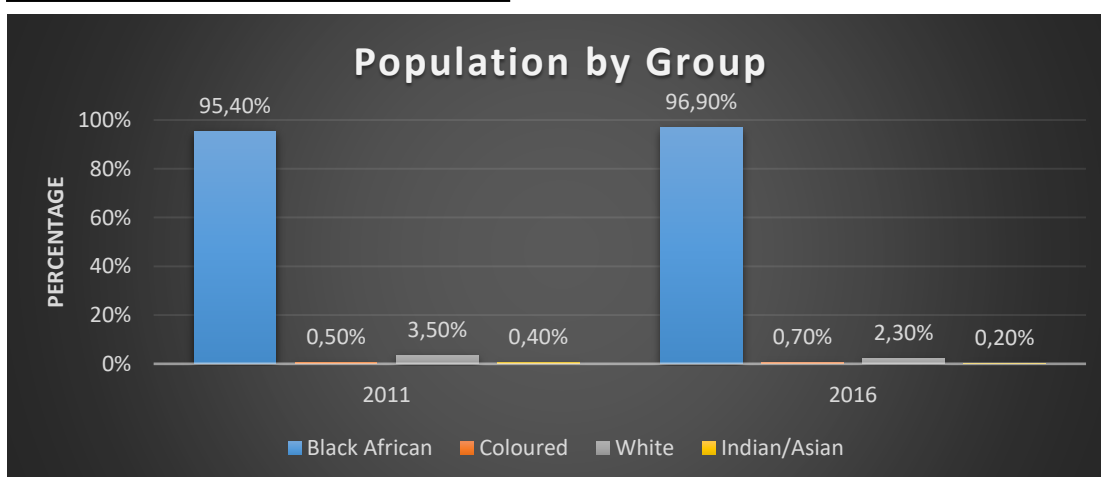

The proportion of Black African comprised the far highest population group within the Abaqulusi local municipality as it was found to be 96.9% during the Community Survey 2016. The combined proportion of the Coloured, White and Indian/Asian population groups makes up just above three percent (3%) of the total population for Abaqulusi local municipality.

Table 4: Population Composition by Group

Race	Census 2011	Community Survey 2016
Black African	95.4%	96.9%
Coloured	0.5%	0.7%
White	3.5%	2.3%
Indian/Asian	0.4%	0.2%

Figure 4: Population Composition by Group

c. Socio-Economic Profile

➤ Employment and Income Levels

According to the table below, Youth unemployment was high at about 45% during Census 2011 above the average official unemployment rate for the municipality which was found to be 35.4%. The unemployment rate for females at 38.8% was found to be higher than those of males 32.0% during the Census 2011. Even though the employment figures are still higher than average, overall there was noted improvement in the employment figures when comparing the two censuses, i.e Census 2001 and Census 2011 data sets.

No recent dataset on Employment and Income Levels were available from STATS SA.

Table 5: Employment Levels

Employment Status	Census 2001	Community Survey 2016
Labour absorption rate	19.4%	22.3%
Unemployment rate	59.4%	35.4%
<i>Unemployment by sex</i>		
Male	53.8%	32.0%
Female	65.2%	38.8%
Youth unemployment	69.2%	45.1%
Labour participation rate	47.8%	34.5%

1200000-2400000	284	323
2400000+	54	94
Total	44 961	45 889

Source: EDTEA

➤ Poverty

From the table below, Poverty head count refers to the proportion of the population that is poor and living below the poverty line. There are four dimensions of poverty which were measured by the data sets, i.e. Health, Education, Living standards and Economic activity. The data sets shows that there was a marginal increase in the proportion of the population that is poor from 11.2% during Census 2011 to 11.4% during Community Survey 2016. The Intensity of poverty (or poverty gap) is an indicator used to measure the depth to which the standard of living of the poor population is under the poverty line. The higher the indicator, the greater the intensity of poverty (or poverty gap) is said to be, which implies that the standard of living of the poorest is a very long way below the poverty line. From the above data sets it can be observed that there was a slight increase in the intensity of poverty from 41.9% during Census 2011 up to 43.3% during Community Survey 2016.

Table 7: Poverty Status

Category	Census 2011	Community Survey 2016
Poverty head count	11.2%	11.4%
Intensity of poverty	41.9%	43.3%

Source: STATSA CS 2016

➤ Education

As per the table below, there was a significant decrease in the proportion of people aged 20 years or above with no schooling as the figure dropped from 16.9% in 2011 to about 8% in 2016. Also an increase in the proportion of persons aged 20 years or above who have completed matric was observed during the Community Survey 2016 with the figure recorded at 33.4% compared to the 28.1% recorded during Census 2011. The proportion of those with higher education was observed to be just above 6% for both 2011 and 2016.

The Mthashana College (technical) offers tertiary courses on a part-time or full-time basis to about 650 students. It should also be noted that Vryheid plays an important regional educational function and draws pupils from the whole sub-region. The municipality also offers bursaries to prospective students on an annual basis, along with in-service training and internships in order to support the drive of having an educated and skilled society. The map below spatially depicts the educational facilities that exist within Abaqulusi.

Table 8: Education Status

Highest Level of Education	Census 2011	Community Survey 2016
No schooling (aged 20+)	16.9%	8.1%
% completed matric (aged 20+)	28.1%	33.4%
% completed higher education	6.6%	6.2%

1.3 Service Delivery Overview

Access to basic services such as water, sanitation, electricity, refuse and housing, is considered to be the primary reason for the existence of local government and municipalities within South Africa. Their key role is to ensure these basic services are delivered to every citizen within the republic as set out in the country's Constitution.

In Abaqulusi, the impact of pre-apartheid planning and development resulted in massive poverty, poor access to basic services and lack of economic development infrastructure. The information highlighted below provides the projects delivered over the past years and most importantly the status of those implemented in the 2022/2023 financial year.

a. Projects Completed in the Past 5 Years

Project Name	Project Cost	Financial Year	Ward
Louwsburg Taxi Rank – Ward 1	R5 498 961,77	2018/19	1
Electrification of Ward 2 - Esihlangwini	R3 130 044,00	2018/19	2

Mnuse East Mine Cause-ways – Ward 2	R5 852 905,67	2016/17	2

b. Status Quo of Projects implemented in 2022/2023

The table below specifies the basic service delivery highlights for the year on project completed and passed 67% progress, some of the projects are still in progress and are under construction during 2022/23. Progress is indicated under chapter 3 of Annual Performance Report, 2022/23 Organisational Scorecard.

	Focus Area	Project Name	Budget	Status	Ward
1.	Road	Tarring of Zama to KwaBalele – Police station Road in Ward 12	R10 489 425	85% of phase 3, 1km road tarred in ward 12 by 30 June 2023	12
2.		Tarring of Zama to KwaBalele - Bhekumtetho Road Ward 19 (Phase 4)	R7 000 000	71% of phase 4, 0,4km road tarred in ward 19 by 30 June 2023	19
3.		Upgrading of Extension 16 (SASKO) Roads - Ward 8 (Phase 2)	R10 489 425	58% of phase 2, 1km road tarred in ward 8 by 30 June 2023	8

4.		Upgrading of Extension 16 (SASKO) Roads - Ward 8 (Phase 3)	R800 000	Project design of phase 8, Extension 16(Sasko) road completed by 30 June 2023	8
5.		BhekuZulu Road Paving - Ward 11 & 13 (Phase 2)	R3 500 000	66% of phase 2, 0,5km road paved in ward 13 by 30 June 2023	13
6.		Upgrading of Mhlanga Gravel Road - Ward 15 (Phase 3 &4)	R2 300 000	73% of phase 3 & 4, 1km gravel road in ward 15 rehabilitated by 30 June 2023	15
10.		Upgrading of Mezzelfontein Road - Ward 12 (Phase 2)	R2 750 000	100% of 2km gravel road in ward 15 rehabilitated by 30 June 2023	12
11.		Mpongoza Access Road Ward 4 (Phase 3 & 4)	R2 000 000	86% of phase 2, 1km gravel road in ward 4 rehabilitated by 30 June 2023	4
12.	Electricity	Electrical connections (Shoba)	R 3 560 000	0(zero) households with access to electrical connection by 30 June 2023	7
13.		Sasko	R925 000	75(seventy-three) households with access to electrical connection by 30 June 2023	4
14.		Makhukhula	R 3 402 000	0((zero) households with access to electrical connection by 30 June 2023	4
15.		Donsokwakhe	R113 000	0(zero) households with access to electrical connection by 30 June 2023	4
16.		Bozzmin	R735 000	0(zero) households with access to electrical connection by 30 June 2023	4
17.		Mashiyane	R924 000	0(zero) households with access to electrical connection by 30 June 2023	4
18.		Makholokotho	R 1 071 000	0(zero) households with access to electrical connection by 30 June 2023	4
19		28.7 MV Line Makhukhula Link	R 6 755 000	44.25% of MV Line completed by 30 June 2023	4

b. Indigent Support 2022/2023

The majority of the population in AbaQulusi Municipality is indigent; this has an impact of reduced revenue. The Municipality receives the free basic grant from National Treasury, which is utilized to offer the following free basic services:

- Free 50kwh of electricity a month
- Free rates up to the value R100,000
- Free 6kl of water per month

- Free refuse
- These allocations are per the national government policy guidelines
- The total cost for these Free Basic Services as of 30 June 2023 amounts to R20.6 million

The key statistics for related to Indigent support for the 2022/023 financial year is as follows:

- a) Number of indigents – 3 435 average per month
- b) Free Electricity – 4 939 consumers receiving 50 kwh per month
- c) Cost for the period 1 July 2022 to 30 June 2023 – R4,141,799
- d) Free Water – 3 435 consumers receiving 6 kl per month
- e) Cost for the period 1 July 2022 to 30 June 2023 – R1,989,824.57 including Basic Charge
- f) Free Refuse – 3 435 consumers who do not pay for refuse removal
- g) Cost for the period 1 July 2022 to 30 June 2023 – R5,375,967.52
- h) Free Sanitation – 3 435 consumers, cost for the period 1 July 2022 to 30 June 2023 – R6,019,548.35
- i) Free Rates – 3 435 consumers with house values less than R 100,000 who do not pay rates
- j) Cost for the period 1 July 2022 to 30 June 2023 – R1,867,730.84
- k) Free Electricity in Eskom areas – 879 consumers receiving 50 kwh per month
- l) Cost for the period 1 July 2022 to 30 June 2023 paid to Eskom for Free Basic Electricity – R1,304,173.60
- m) The cost for services for indigents for the period 1 July 2022 to 30 June 2023 amounts to R20,699,043.88

1.4 Financial Health Overview

a. Financial Performance – 30 June 2023

The table below presents the Revenue and Expenditure by source for the Municipality between the periods 01 July 2022 – 30 June 2023. The second table under this section however indicates the municipality’s actual collections vs billing for the services rendered by the municipality.

Vote Description	Budget Year 2022/23		
	Original Budget	Adjusted Budget	Year TD actual
R thousands			
<u>Revenue By Source</u>			
Property rates	99 099	97 479	99 002
Service charges - electricity revenue	205 946	205 946	213 962

Service charges - water revenue	59 124	59 124	43 331
Service charges - sanitation revenue	34 920	34 920	36 295

Total	-343 452 079,13	401 775 282,37	85%

b. Operating Ratios

Operating Ratios	
Details	
Employee cost	20,86%
Repairs and Maintenance	5,45%
Finance charges and depreciation	15,92%

As per the table above, employee-related cost is 20,86% of total operating expenditure while the norm recommended by the National treasury is between 30% and 35%. Repairs and Maintenance must be 8% of the operating budget in terms of the norm by National Treasury while the municipality is sitting at 5,45%. It must be mentioned that another huge portion of repairs and maintenance is in capital expenditure as renewal of existing. Finance charges and depreciation make up about 15,92% of total operational expenditure.

c. Capability of the Municipality to Execute Capital Projects

Total Capital Expenditure 2020/21 – 2022/23			
Details			
	2020/21	2021/22	2022/23
Original Budget	57 772 000.00	44 908 000.00	72 464 000.00
Adjustment Budget	51 390 000.00	47 330 000.00	69 512 000.00
Actual	47 167 000.00	41 373 000.00	51 956 757.00

The Abaqulusi Local Municipality faces a huge challenge on an annual basis to implement new capital projects through its internal funds received as this has proven not to be sufficient enough. The municipality is therefore highly dependent on the various grants it receives to implement new capital projects. As per the table above, R48m of the actual expenditure in 2022/23 was MIG Funding.

1.5 Organisational Development Overview

Organizational development is used to equip an organization with the right tools so that it can adapt and respond positively (profitably!) to changes in the market. **It is a process** through which an organization develops the internal capacity to be the most effective it can be in its mission work and to sustain itself over the long term. The Municipal environment is very dynamic and AbaQulusi is no exception in this regard.

1.6 Auditor General Report

The Auditor-General of South Africa has a constitutional mandate and, as the Supreme Audit Institution (SAI) of South Africa, exists to strengthen our country's democracy by enabling oversight, accountability and governance in the public sector through auditing, thereby building public confidence. In short, the Auditor-General checks the spending of public money by looking at whether it has been used ideally and for the purposes intended. This is done by annually checking all government spending. In turn, this can be described as an audit.

The Auditor-General's annual audit examines 3 areas:

- Fair presentation and absence of significant misstatements in financial statements
- Reliable and credible performance information for predetermined objectives

- Compliance with all laws and regulations governing financial matters.

There can be 5 different outcomes to an audit, once the municipality has submitted their financial statements to the Auditor-General, which can be simply defined as follows:

- **A clean audit:** The financial statements are free from material misstatements and there are no material findings on reporting on predetermined objectives or non-compliance with legislation.
- **Unqualified audit with findings:** The financial statements contain material misstatements. Unless they express a clean audit outcome, findings have been raised on either reporting on predetermined objectives or non-compliance with legislation, or both these aspects.
- **Qualified audit opinion:** The financial statements contain material misstatements in specific amount, or insufficient evidence for them to conclude that specific amounts included in the financial statements are not materially misstated.
- **Adverse Audit Opinion:** The financial statements contain material misstatements that are not confined to specific amounts, or the misstatements represent a substantial portion of the financial statements.
- **Disclaimer of Audit opinion:** The auditee provided insufficient evidence in the form of documentation on which to base an audit opinion. The lack of sufficient evidence is not confined to specific amounts or represents a substantial portion of the information contained in the financial statements.

The table below provides the municipality’s Audit Opinion received in the last 3 financial years.

Financial Year	Audit Opinion
2020 - 2021	Qualified
2021 – 2022	Unqualified with findings
2022 – 2023	Unqualified with findings

1.7 Statutory Annual Reporting Process

The sphere of local government is regulated by numerous pieces of prescribed legislation within the Republic of SA which clearly details the statutory reporting requirements within the financial year of a municipality. In the context of the Annual Report, municipalities are to ensure that the following schedule and timelines are adhered to:

Activity	Legislation and Guidance	Process Owner Role Player	Time-frame
Consideration of next financial year’s Budget and IDP process plan. Inyear reporting formats should ensure that reporting and monitoring feeds seamlessly into the Annual Report process at the	MSA S41(1)(e)	MM Assisted by other s56 managers & the CFO	July

beginning of the Budget / IDP implementation period.			
Implementation and monitoring of approved Budget and IDP through the approved SDBIP commences (In-year financial reporting and quarterly performance reports)	MSA S41(1)(e)	Assisted by other s56 managers & The CFO	
Finalise 4th quarter report of previous financial year	MFMA S52(d) MM	Assisted by other s56 managers & CFO	
Submit draft previous financial year Annual Report and evidence to Internal and the Auditor General including annual financial statements and financial and nonfinancial information ¹ .	Submission of annual financial statements as per section 126(1) of the MFMA. Additional step, a draft Annual Report is prepared. Annual Performance report needs to be included as per section 46 of the MSA.	MM & CFO	
Municipal entities submit draft Annual Reports to MM.		Entity AO & CEO	
Submit Annual Report including annual financial statements and Annual Performance Report to the Combined Audit/Performance Committee.	Joint Committee assessing both financial and nonfinancial performance advances	MM & CFO	July/ August
Combined Audit/Performance committee considers unaudited Annual Report of municipality and entities (where relevant).	accountability and expedites corrective measures	Audit and Performance Audit Committee	August
Mayor tables the unaudited Annual Report in Council.	The Annual Report submitted complies with the requirements of Section 121(3)(a-k). Information on pre-determined objectives to be included. Note that it is unaudited and will not include any of the Auditor-Generals reports as the auditing thereof will still be in progress. (Municipalities with Municipal entities to submit a consolidated Unaudited Annual Report by September)	Mayor	
Municipality submits Annual Report including final annual financial statements and annual performance report to Auditor-General for auditing purposes – due 31 August. Council to submit unaudited tabled annual report to MPAC for vetting and verification of councils' directive on service delivery & the committee to evaluate senior managers' performance against agreement entered into		CFO	

Commencement of IDP analysis of institutional, services and infrastructure provision, backlogs and priorities. Unaudited Annual Report as submitted to AuditorGeneral to be used as input into the IDP strategic phase process and community verification & input by MPAC on reported performance. Such information includes that of various entities incorporated into the information of the parent entity.	If the above process is followed, the unaudited Annual Report can add value to the IDP/Budget planning process for the next year as well as oversight by MPAC on the reported deliverables by communities and achievements targets reached.	Council	
Auditor-General audits the unaudited Annual Report and submit an audit report to the accounting officer for the municipality / municipal entity.	Section 126(3)(b) require the Auditor-General to submit an audit report within three months after receipt of statements from the municipality.	Auditor General	November for municipalities without entities & December for municipalities with entities
Annual Report and oversight report process for adoption to be used as input into public participating meetings for the IDP review process.	Section 127,128,129 and 130	Council	September November
The Auditor-General's reports are issued during the period of Oct/Nov. Once the AG audit reports have been issued no further changes are allowed as the audit process is completed	129, 130 and 131. Tabling the audited Annual Report within 5 or 6 months after the end of the financial year.	MM	November/ December
Mayor tables audited Annual Report and financial statements to Council	Section 75 for publication on website.	Mayor	
Audited Annual Report is made public, e.g. posted on municipality's website.		MM and IT Manager	
Oversight committee finalises assessment on Annual Report. This must be concluded within 7 days of receipt of AGs report. Council is expected to conclude on this matter before going on recess in December.		Oversight Committee	
Council adopts Oversight report.	The entire process, including oversight reporting and	Council	December
Oversight report is made public		MM	

Oversight report is submitted to Legislators, Treasuries and DCoG	submission to provincial legislators is completed in December and not in March the following year.	Mayor	
---	--	-------	--

Annual Reports must be aligned with the planning documents and municipal budget for the year reported on. This means that the IDP, budget, SDBIP, in-year reports, annual performance report and Annual Report should have similar and consistent information to facilitate understanding and to enable the linkage between plans and actual performance. In giving effect to this, the Abaqulusi Municipality's develops and implements its IDP, Budget and PMS Process Plan annually. The table below reflects the 2022/2023 Plan:

b. Composition of Executive Committee as of 30 June 2023

The Abaqulusi municipal Executive Committee comprised of 9 members of Council and was chaired by the Honourable Mayor, Cllr S.E Mkhwanazi. There were 7 members that served on the EXCO and 2 vacancies that existed. The EXCO's political structure is made up of the following: IFP: 4 Members, ANC: 3 Members. Further to the 9 members as stated above, the Honourable Speaker also served in EXCO in the capacity of an ex-officio. The composition of EXCO Councillors and their political affiliation is as follows:

Councillor Identity	Councillor Profile	Councillor Identity	Councillor Profile
	Name: MC Maphisa Designation: Honourable Mayor/ EXCO / PR Councillor Political Representation: IFP		Name: MA Mazibuko Designation: Honourable Deputy Mayor /Ward Councillor / EXCO Political Representation: IFP Ward: 19
	Name: LWC Mtshali Designation: Ward Councillor / EXCO Political Representation: IFP Ward: 14		Name: ML Mtshali Designation: Ward Councillor / EXCO Political Representation: IFP Ward: 15

Vacant	EFF Vacancy	Vacant	NFP Vacancy
--------	-------------	--------	-------------

c. Composition of MPAC

MPAC comprises of 09 members from Council and is chaired by Councillor M. Viktor. It is a direct committee of Council and functions as an advisory body to Council. The core objective of MPAC is to ensure that the municipality is run in an effective and efficient manner, hereby promoting accountability and transparency. The members of MPAC are as follows:

- Councillor M Viktor Chairperson
- Councillor BP Buthelezi
- Councillor MD Buthelezi
- Councillor E Cronje
- Councillor PP Selepe
- Councillor CB Hlatshwayo
- Councillor BE Ndlela
- Councillor HV Khumalo
- Vacant

d. Composition of Portfolio Committees as of 30 June 2023

Portfolio Committees are aligned with Municipal Departments. In Abaqulusi Municipality, there are 5 Portfolio Committees which were established, i.e.

- *Technical Services Portfolio Committee*
- *Finance Portfolio Committee*
- *Corporate Services Portfolio Committee*
- *Community Services Portfolio Committee*
- *Development Planning Portfolio Committee*

The above Portfolio Committees were established in terms of Section 79 (2) of the Local Government: Municipal Structures Act No. 117 of 1998 and Regulations.

"The Municipal Council –

- a) *must determine the functions of a committee;*

- b) *may delegate duties and powers;*
- c) *must appoint a chairperson;*
- d) *may authorise a committee to co-opt advisory members who are not members of the council within the limits determined by the council;*
- e) *may remove a member from a committee at any time; and*
- f) *may determine a committee's procedure."*

Upon appointment of members into this committee, Council appoints the Chairperson of each committee, who in essence is responsible for the functionality and operations of that specific committee. Further to this, these committees report to Council. The composition of the various Portfolio committees in Abaqulusi is as follows:

Corporate Services	Technical Services
1. Chair - Vacant 2. Vacant 3. Councillor BW Mdlalose 4. Councillor SS Mthembu 5. Councillor MM Lambiso 6. Councillor KM Ntuli 7. Councillor JX Sangweni 8. Vacant 9. Councillor M Mdletshe 10. Development Planning	Community Services
1. Councillor LWC Mtshali - Chair 2. Councillor MD Khumalo 3. Councillor SB Mkhwanazi 4. Councillor SP Ndaba 5. Councillor KZ Mbatha 6. Councillor ZM Ngcobo 7. Vacant 8. Vacant 9. Councillor LM Xulu 10. Councillor ST Mbokazi 11. Councillor NM Sibiya 12. Councillor L Dube 13. Councillor MB Mabaso 14. Councillor BH Khumalo	1. Councillor MA Mazibuko - Chair 2. Councillor JX Sangweni 3. Councillor TE Vilakazi 4. Councillor SS Mthembu 5. Councillor XJ Zungu 6. Councillor BW Mdlalose 7. Councillor MM Lambiso 8. Vacant 9. Vacant 10. Councillor LN Khan 11. Councillor SN Buthelezi 12. Councillor BI Ngema 13. Councillor MB Mabaso
Finance	
1. Councillor SE Mkhwanazi - Chair 2. Councillor ZM Ngcobo 3. Councillor SB Mkhwanazi 4. Councillor MD Khumalo	

5. Councillor BW Mdlalose	
6. Vacant	
7. Councillor SP Ndaba	
8. Councillor PF Buthelezi	
9. Councillor S Shelembe	
10. Councillor ST Mbokazi	
11. Councillor BH Khumalo	
12. Councillor SN Buthelezi	
13. Councillor NN Mdlaose	
14. Councillor NM Sibiya	
15. Councillor ST Mbokazi	

e. Audit Committee and Internal Audit

The members of the Municipality Audit Committee were appointed during the 2020/2021 financial year and their mandate is to play an oversight role which advises the municipal Council through its reports that are submitted on a quarterly basis. The audit committee comprises of four (4) members. All Audit Committee members are suitably qualified and comply with the statutory requirement as per MFMA section 166, Circular 65 of MFMA and recommendations from King Report. It must be noted that the Audit Committee also serves as the Performance Audit Committee due to their experience and qualification. The details of the audit committee members is as follows:

Name *	Position	Qualifications
Mr NE Khumalo	Chair	Honours Bachelor of Accounting Science- UNISA (2002) Bcom -University of Pretoria (1999) Senior Cert (1996) Certified Internal Auditor- IIA (2014) Certification in Control Self assessment- IIA (2014) registered assessor certificate- FASSET (2015) Associate General Accountants AGA (SA)
Mr UBS Botshiwe	Member	Grade 12 Bachelor of Accounting= University of Natal (2007) Associate General Accountants AGA (SA)
Mrs S Dunmun	Member	Grade 12 Bcom Accounting (2005) Honours in Accounting (2006) CA(SA) 2011
Ms SB Dlungwane	Member	Grade 12 Bcom Accounting= University of Cape Town (2009) CTA= UNISA (2013) CA(SA) 2016 Masters of Philosophy=University of Stellenbosch 2021

The primary role of Abaqulusi Municipality internal-audit (IA) functions is to help decision makers (Council and Management) to protect organizational assets and reputations, as well as to support operational sustainability for rendering effective service delivery that have come

under increasing pressure over the past years due to COVID-19 pandemic and with current loadshedding leading to a disrupted business environment has fueled uncertainty around sustainability of basic services. Over the coming year, the challenge for Internal Audit unit will be to ensure that Abaqulusi Municipality continue to render service delivery while adapting to a dynamic risk landscape of load shedding.

In normal times, the Internal Audit function focuses on offering assurance around business-process risks and controls. However, as risks have multiplied and become more complex, IA has been required to deliver a wider range of services, often on short notice.

During the Financial Year 2022/2023, an additional staff member was appointed to increase the capacity within the Internal Audit unit which will also maximize the audit coverage in the 2023/2024 financial year.

2.2 Administrative Governance

a. Municipal Departments and Functions

Mbongwa (Director)</p>

Component B: Intergovernmental Relations (IGR)

2.3 Intergovernmental Relations

IGR in the context of South Africa mainly aims to achieve the following:

- Communication
- Information Sharing
- Consultation
- Engagement
- Co-operation

The key IGR Structures that is established in the country that provides a platform to achieve the abovementioned is outlined as follows:

Sphere of Government	IGR Structure
National	<ul style="list-style-type: none">• Presidents co-ordinating Council• MinMECs/Budget Forum/Local Government Budget Council
Provincial	<ul style="list-style-type: none">• Premiers coordinating Forums• MuniMECs
Local	<ul style="list-style-type: none">• District Inter-governmental Forums:• Mayoral Forum• Managers Forum• Sub Technical Forums (CFOs Forum, Planning Forum, Infrastructure Forum, Corporate Services Forum)• District DDM

It must be noted that the Abaqulusi LM is fully committed and active in the National, Provincial and Local IGR Structures.

Component C: Public Accountability

2.4 Public Meetings and Consultation

Chapter 4 of the Local Government Municipal Systems Act 32 of 2000 indicates that a municipality must establish appropriate mechanisms, processes and procedures to enable the local community to participate in the affairs of the municipality, Abaqulusi Municipality prides itself on public participation as a mechanism in this regard to engage, inform and consult its communities on the affairs of the municipality within its municipality.

It is imperative that the public is involved in all municipal processes and decision making, achieving transparency and an all-inclusive society. The municipality's IDP Process Plan sets out the public participation structures and schedules that are usually implemented by the

municipality for a specific year. It must be noted that although structures and schedules are in place, it does not always go to plan due the constant demands within local government, therefore structure used to involve the public of municipal affairs include:

- Council Meetings
- IDP Representative Forums
- IDP/Budget Roadshows/Izimbizo
- Ward Committee Meetings
- Meetings with Amakhosi
- Meeting with Business
- Media Releases
- Website Releases

b. Ward Committee Personnel and Functionality

The Ward Committees support the Ward Councilor who receives reports on development, participate in development planning processes, and facilitate wider community participation. To this end, the Municipality constantly strives to ensure that all Ward Committees function optimally with community information provision, convening of meetings, ward planning, service delivery, IDP formulation and performance feedback to communities.

The purpose of a ward committee is:

- ✓ to get better participation from the community to inform council decisions;
- ✓ to make sure that there is more effective communication between the Council and the community; and
- ✓ to assist the ward councillor with consultation and report-back to the community.

Ward committees should be elected by the community they serve. Ward committee may not have more than 10 members and women should be well represented. Ward councillor serves on the ward committee and act as the chairperson. Although ward committees have no formal powers, they advise the ward councillor who makes specific submissions directly to the administration. These committees play a very important role in the development and annual revision of the Integrated Development Plan of the area.

Within the Abaqulusi Municipality, all Ward Committees structures are established and they are fully functional. The table below provides the details of the Ward Committee Members within the municipality.

2.5 IDP Alignment

IDP Participation and Alignment Criteria*		Yes/No
Does the municipality have impact, outcome, input, output indicators?		Yes
Does the IDP have priorities, objectives, KPIs, development strategies?		Yes
Does the IDP have multi-year targets?		Yes
Are the above aligned and can they calculate into a score?		Yes
Does the budget align directly to the KPIs in the strategic plan?		Yes
Do the IDP KPIs align to the Section 57 Managers		Yes
Do the IDP KPIs lead to functional area KPIs as per the SDBIP?		Yes
Do the IDP KPIs align with the provincial KPIs on the 12 Outcomes		Yes
Were the indicators communicated to the public?		Yes
Were the four quarter aligned reports submitted within stipulated time frames?		Yes
* Section 26 Municipal Systems Act 2000		

Component D: Corporate Governance

2.6 Risk Management

Section 62 (1) of the MFMA states that, the accounting officer of a municipality is responsible for managing the financial administration of the municipality and must for this purpose take all reasonable steps to ensure that the resources of the municipality are used effectively, efficiently and economically and that the municipality has and maintains effective, efficient and transparent systems of financial and risk management and internal control.

The risk management function falls under Internal Audit in the Office of the Municipal Manager.

Risk management is as much about identifying opportunities as avoiding or mitigating losses. It is a logical and systematic process of establishing the context, identifying, analysing, evaluating, treating, monitoring and communicating risks associated with any activity, function or process, in a way that enables an organization to minimize losses and maximize opportunities. The drive for local government transformation with limited resources has tended to force municipalities into taking a less conservative

Ongoing local government reforms have provided a broad administrative framework for further improvements to occur. These include more stringent corporate governance requirements, greater flexibility and a focus on results and accountability. Risk management trends and components already overlap with those of internal auditing, performance management, programmer and project management, financial management, change management, customer care, communication, etc. and require incremental inclusion in current and future plans of the entire organization. The management of risk by implication is a managerial function, even so individual sections, departments and directorates differ in their exposure and reaction to risks and thus departments, sections and individuals form a vital part of the overall risk management process within the Municipality.

AbaQulusi Municipality strives, so far, successfully to be amongst the leaders in local government. In our continuously changing governance environment, it is imperative that Council remains updated on key changes and challenges and how these affect the operation of business in today's environment. This will not be achieved without an effective, efficient, soundly funded and managed risk strategy that seeks to maximize its impact on the organization with minimum resources at its disposal. National Treasury Public Sector Risk Management Framework affirms that —no organization has a luxury of functioning in a risk-free environment and public institutions are especially vulnerable to risk associated with fulfilling their mandates.

In 2022/23 financial year towards the third (3rd) quarter period, the Municipality was able to revive the functionality of Risk Management Committee and risk management activities are a standing item to all the Audit Committee meetings. The table below indicates the top five risks within the Municipality:

Risk No.	Risk Category	Risk	Risk Description
1	Technical Services: Water and Sanitation	Inability to provide potable water and sanitation	<ul style="list-style-type: none"> * Ageing infrastructure * Illegal connections * Unmetered water supply * Theft of water meters * Lack of plant and equipment * Lack of funding * Lack of customer education in water conservation * Drought *Lack of infrastructure upgrade *Non payment of service providers* *Lack of sector plans *Changes in legislations *Non finalisation of WSP agreement *Trade effluent *Acid mine drainage *shortage of backup critical equipment such as pumps *Vandalism of JoJo tanks and substation *Lack of integrated water development future plans *Shortage of adequate power supply on water system
2	Technical Services: Electricity Provision	Inability to provide safe, effective and reliable electricity	<ul style="list-style-type: none"> * Ageing infrastructure * Illegal connections * Tampering * Theft of equipment * Lack of plant and equipment * Lack of funding * Lack of customer education

			<ul style="list-style-type: none"> * Lack of staff training *Shortage of staff *Non payment of service providers* *Lack of an Insurance cover of critical assets *Non availability of electricity assets and materials *Lack of infrastructure upgrade *Lack of revenue protection plans *Poor maintenance of infrastructure
3	Technical Services: Road and Storm Water Maintenance	Inability to construct and maintain roads and water drainage	<ul style="list-style-type: none"> * Unavailability of plants *Unavailability of materials *Scarcity of water *Cutting of unbudgeted roads *Cutting new unregistered roads resulting in erosion *Lack of community awareness on drainage system *Drains not coupling with runoff *Lack of skilled team leaders *Financial constraints * Poor maintenance processes leading to inclement weather conditions * Lack of resources * Lack of truck stops * Ageing infrastructure *Lack of infrastructure upgrade *Non payment of service providers *Lack of sector plans *Insufficient budget *Shortage of staff

			*Delay on maintenance and repairs
4	Revenue: Billing and Collection	* Weakened Revenue *Inability to recover debt due to the Municipality	* Lack of data cleansing *Limited staff *Poor collection of revenue *High rate of indigent * Illegal and tampered electricity meters * Lack of Encroachment fees * Incorrect land use management leading to illegal connections of services * Lack of rental fees and advertisement fees(e.g. advertising and parking) *Lack of communication between departments(finance and *Other spheres of government not honouring Service Level Agreement(i.e. Public Works Department, etc) *Resistance by some of rates payers due to alleged poor service delivery *Misperceptions relating to urban funding the rural
5	Expenditure: Creditors	Inability to pay creditors	*Late payment to third parties *Overspending on line items *Fraudulent invoices may be claimed *Tampered invoices may be paid *High Creditors age analysis may lead to high liquidity risks *Incorrect classification of VAT input *Non updating of cash book on payments done *Overstated of creditors age analysis

		<ul style="list-style-type: none"> *Misplacement of payment vouchers *Optimum potential of the system not realised *Inaccurate information forwarded by Human Resources *Invoices not complying with VAT *Lack of creditors reconciliations *Delays in submitting invoices by internal Departments *Failure to pay creditors * Order issued on incorrect segment
--	--	--

The Abaqulusi LM has currently developed and adopted the following Risk Management Plans and Policies related to Risk which are subject to annual reviews:

- Risk Management Policy,
- Anti-Fraud and Corruption Policy,
- Whistle-blower policy,
- Risk Management Strategy,
- Fraud Prevention Plan
- Employees and Councils Code of Conduct

2.7 Anti-Corruption and Fraud

The Abaqulusi Local Municipality’s Fraud and Corruption Policy is reviewed and adopted annually by the municipal council.

Council is committed to sound financial management and the maintenance of a healthy economic base. Although the statutory requirement for the contribution to statutory funds will disappear with the possible repealing of the KwaZulu-Natal and Local Authorities Ordinance No 25 of 1974, Council will put in place policies, which will maintain sufficient contributions to similar funds established in terms of GRAP. Financial management policies and procedures for the entire municipality will be implemented.

The municipality has developed and adopted risk management related policies, fraud and corruption policy which are due for review

The aforementioned documents is/must be read in collaboration with numerous other legislative provisions in the combat against corrupt and/or fraudulent conduct and/or related practices. The Anti- Fraud and Corruption Policy applies to all Councillors and municipal staff,

which encompasses that the aforementioned must at all times act honestly, with integrity and safeguard the municipal resources for which they may be responsible and/or accountable.

Whilst this Policy contains a strategy aligned with that of the former Department: Provincial and Local Government Strategy on promoting good governance and accountability, the AbaQulusi Anti-Fraud and Anti-Corruption Policy on its own was presented to Council for adoption. It is of this reason to sensitize Councillors through the workshops and trainings in order to communicate its documented as a zero- tolerance approach to corrupt and or fraudulent conducted related practices by councillors, municipal staff and/ or external parties.

From a preventative approach, it is envisaged that all departments will be subjected to comprehensive fraud risk reviews, resulting in individual fraud prevention plans per directorate and sub-directorate, which will be monitored and reviewed on an annual basis to assess compliance in order to harvest a culture of accountability. However, any initiative to promote accountability, good corporate governance and the eradication of corrupt and/or fraudulent practices in whatever form needs to be supported by all role players, with the tone given by the top, with a zero-tolerance approach.

There is high shortage of staff in Internal Audit unit and risk management section and in the interim, the unit is only operating with one personnel who does for both audit and risk and also assist on the functionality of MPAC. Serious consideration is, however, now being given to build and capacitate the unit by means of filling the vacant position for internal audit and make request for the provision of risk management officer on the 2023/2024 organogram to effectively drive the fraud detection, prevention and eradication measures within the Council.

2.8 Supply Chain Management

The Abaqulusi Local Municipality’s SCM Policy is reviewed and adopted annually by the municipal council. All bid committees during the 2022/2023 Financial Year were fully functional. The Tables below represent the composition of the bid committees and the dates when meetings took place:

The Abaqulusi Municipality currently has a Supply Chain Management unit that manages the flow of goods and services via the municipal SCM Policy. In order to give effect to the SCM Policy, the municipality has an established Bid Specification, Evaluation and Adjudication Committee that is fully functional.

The composition of the committees and members that serve on them is as follows:

Bid Specification Committee			
Name of Official	Department	Position	Position in Committee
L Mthembu	Technical	Manager Water	Chairperson
V. Sithole	Planning	Manager Housing	Member
B Buthelezi	Finance	Manager Income	Member

11. Water
12. Environmental
13. Municipal Public Transport
14. Cemetery and Crematoria
15. Electricity Supply
16. Financial
17. Firefighting
18. Outdoor advertising
19. SPLUMA
20. Urban Town Planning Scheme

2.10 Website

Municipalities are required to develop and maintain a functional website that displays relevant information as per the requirements of Section 75 of the MFMA and S21A and B of the MSA as amended.

The website should serve as a mechanism to promote accountability and transparency to communities and therefore information posted should be accurate and timeously updated.

The municipal website is a key communication mechanism in terms of service offering, information sharing and public participation. It is a communication tool that should allow easy and convenient access to relevant information. The municipal website should serve as an integral part of the municipality's communication strategy.

The table below gives an indication about the information and documents that are published on the municipal website.

Description Of Information And Or Document	Yes/No
Municipal Contact Details (Section 14 Of The Promotion Of Access To Information Act)	
Full Council Details	No
Contact Details Of The Municipal Manager	Yes
Contact Details Of The Cfo	No

Physical Address Of The Municipality	Yes
Postal Address Of The Municipality	Yes

Performance Agreements For Employees Appointed As Per Section 57 Of The Msa	Yes

2.11 Communications

Local government has a legal obligation and a political responsibility to ensure regular and effective communication with the community. The Constitution of the Republic of South Africa, 1996 and other statutory enactments all impose an obligation on local government and require high levels of transparency, accountability, openness, participatory democracy and direct communication with the communities to improve the lives of all.

Good customer care is clearly of fundamental importance to any organisation. A successful communication links the people to the municipality's programme for the year. The Abaqulusi Municipality has a fully operational Communications system in place providing various platforms on which the municipality communicates with its stakeholders and vice-versa. All of

these communications are regulated by the Municipality's Communication Policy and Strategy which is reviewed and adopted annually. The following communications platforms and channels highlighted below is utilised by the municipality:

- ✓ Call Centre
- ✓ Emails
- ✓ Telephones
- ✓ Facebook
- ✓ Media Releases
- ✓ SMS System
- ✓ Flyers
- ✓ Municipal Website

Chapter 3: Service Delivery Performance (Performance Report Part I)

Component A: Basic Services

3.1 Water Provision

a. Access to Water

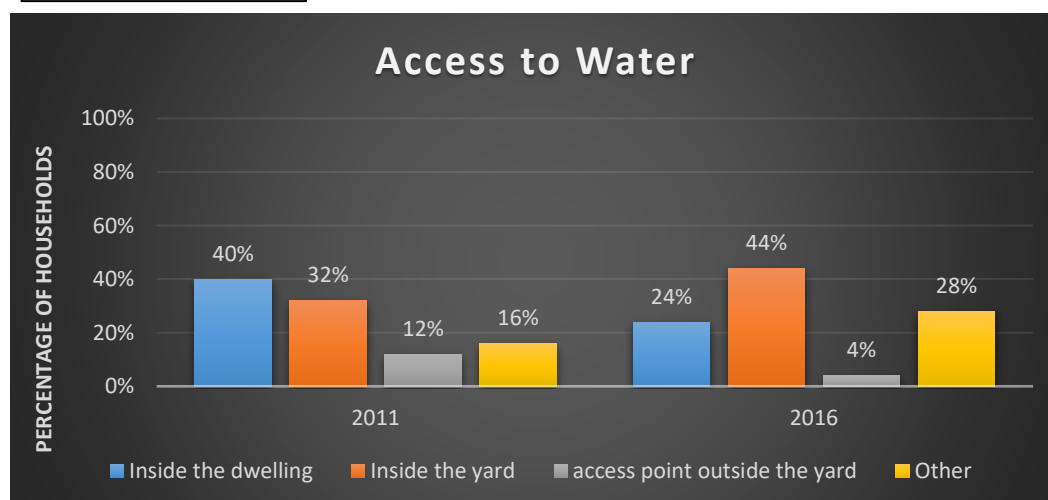

As the table below indicates, there had been a significant drop in access to piped water when comparing the Census 2011 to CS 2016. An 11% decrease in access to water is certainly a call for concern but however it must be noted that there were 2 contributing factors for such a result, ie. Increase in number of households and the drought that was experienced at the time when conducting the survey.

Table : 9 Access to Water

Access to water	Census	Community Survey
	2011	2016
Number of Households	43 299	51 910
Inside the dwelling	17237 (40%)	12 621 (24%)
Inside the yard	14020 (32%)	22 362 (44%)
From access point outside the yard	5053 (12%)	2500 (4%)
Access to piped Water	36310 (83%)	37483 (72%)
Other	6989 (16%)	14427 (28%)

Source: Stats SA CS 2016

Figure 5: Access to Water

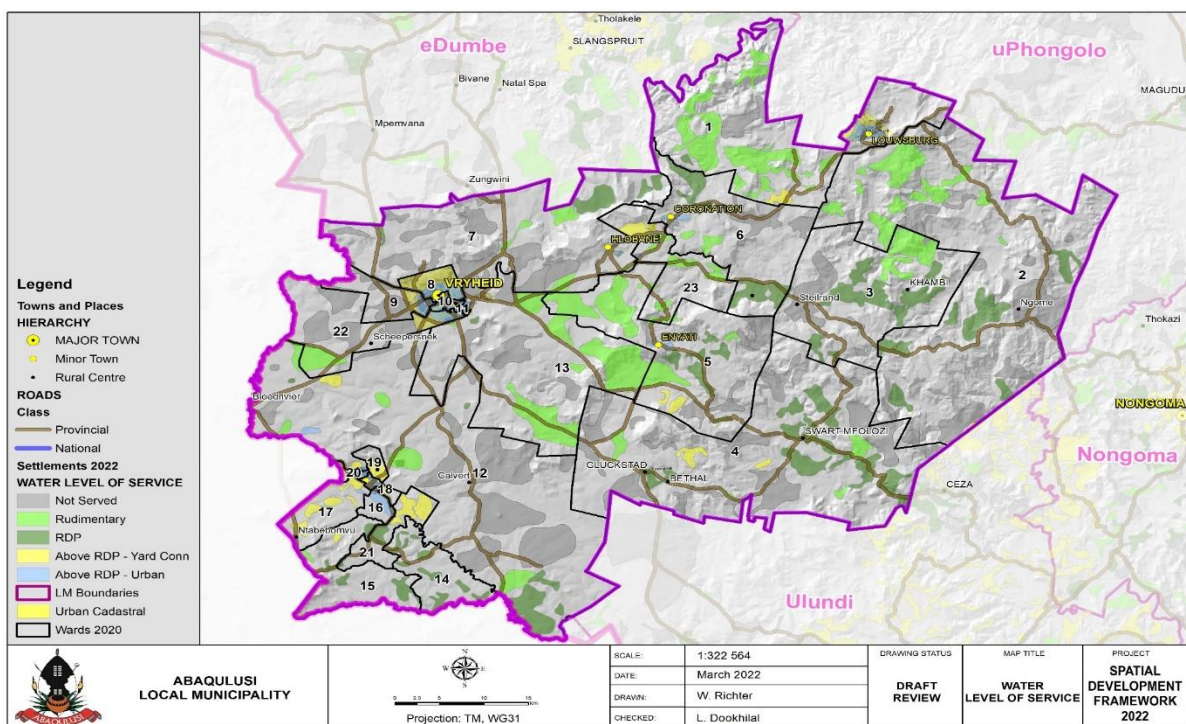

The responsibility for the provision of water in AbaQulusi is currently shared between Zululand District and AbaQulusi Municipality. Zululand district provides water in the rural areas while AbaQulusi Municipality's area of supply is in urban areas only.

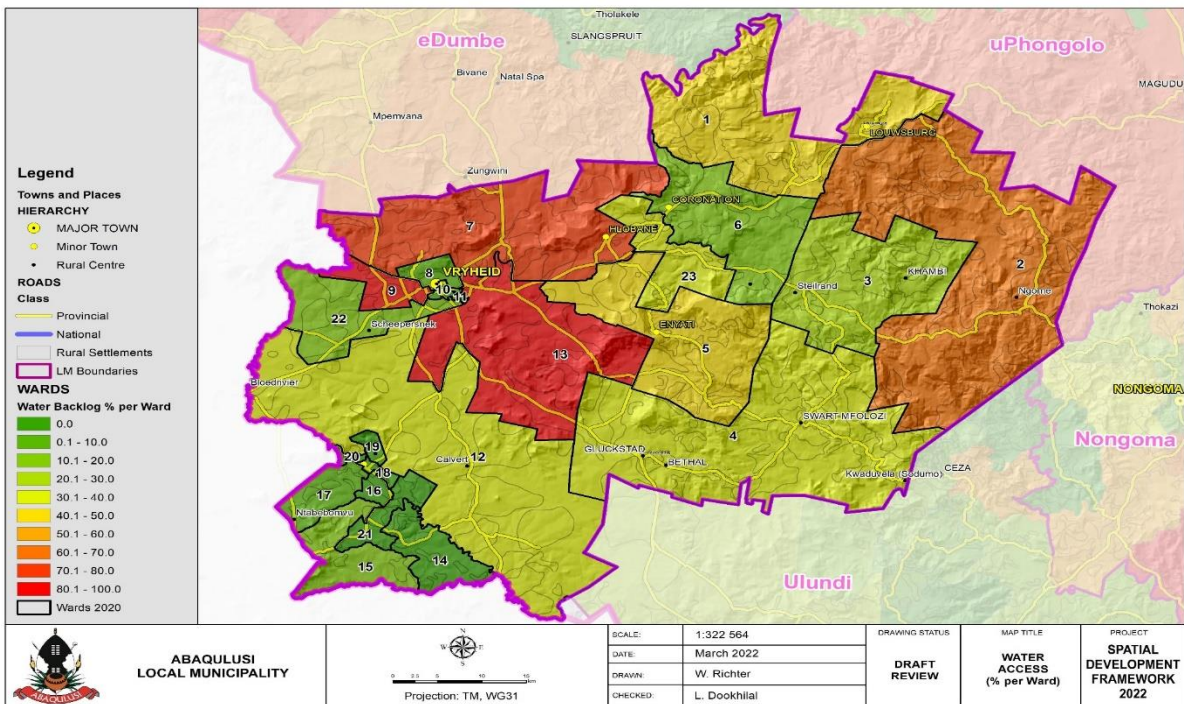

AbaQulusi draws water from various sources including Bloemveld, Grootgewacht, Klipfontein, Louwsburg, Boulder, Hlobane and Mvunyane Dams. The municipality is responsible for six water treatment plants, which are all located within the urban areas.

The maps below indicates the Level of Water Services, Levels of Accessibility and the Water Infrastructure/Network that exist within the Abaqulusi boundary.

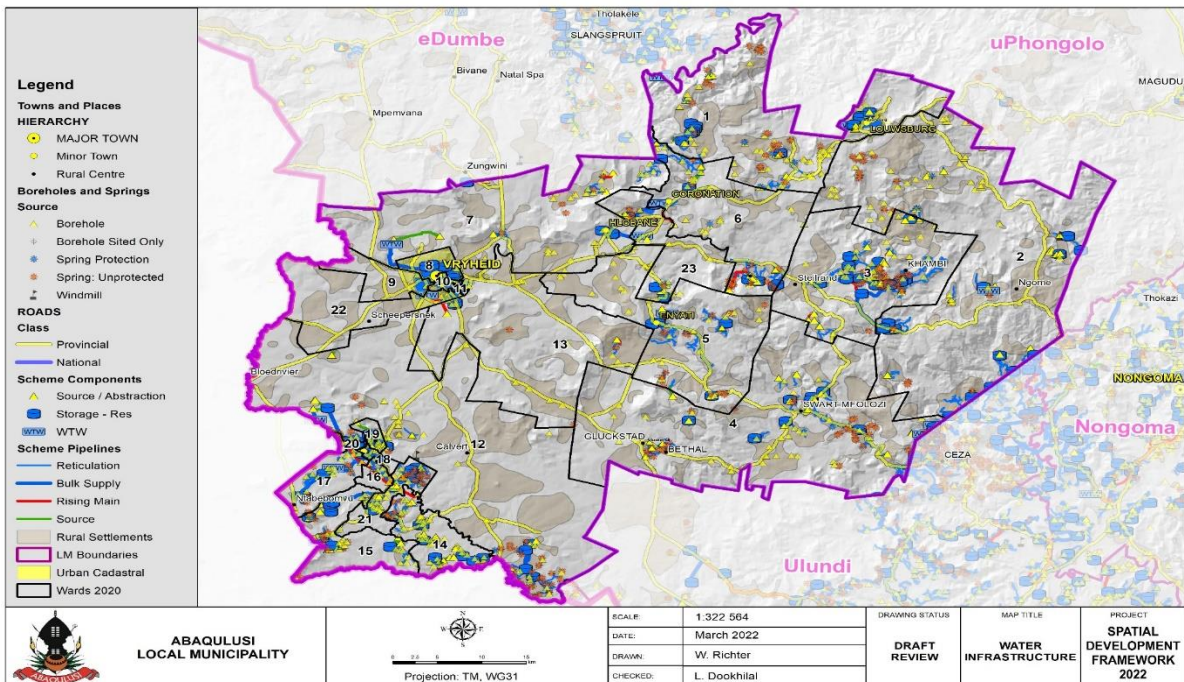

Map 4: Level of Water Services

Map 5: Level of Accessibility to Water

Map 6: Water Services Infrastructure

b. Water Objectives and Strategies for 2022/2023

Key Focus Area	Development Objectives	Development Strategies
Water	Expand water accessibility in various wards by 2027	<ul style="list-style-type: none"> • Installation of new water connections • Upgrade of water main lines • Spatially capture water infrastructure
	Maintain and replace existing Water Infrastructure by 2027	<ul style="list-style-type: none"> • Replace old water Pipes • Repairs to water lines • Repairs to existing water pumps • Maintain purification treatment plants

c. Implementation of 2022/2023 Water Projects

The municipality's primary aim under the water service is to ensure that access to basic level of water is provided to the households within its jurisdiction. The municipality achieved this by supplying 14366 households with access to basic level of water by 30 June 2023. It must be noted that these are not considered as new connections, but rather a service that it renders on an annual basis. New water connections are done on an ad-hoc basis as per the applications received by the municipality. Internal funding is limited and the municipality experiences financial difficulties regularly, hence, the funding allocated for water services is for repairs and maintenance as indicated in the table below.

d. Employee Information and Financial Performance

Financial Performance					
Details	2021/2022	2022/2023

Net Operational Expenditure					

3.2 Waste Water (Sanitation) Provision

a. Access to Sanitation

The access to sanitation in terms of a flushing toilet service is a major problem that the municipality is currently faced with, especially in the rural area. As the table below indicates, there has been a drop in that service by 2% in 2016 compared to 2011 as there was also an

increase in the number of households in that period. The increase in chemical toilets by 6% is also an indication of the need of formal toilet facilities that are required by the community. The use of pit latrines has also increased by 1% from 2011 to 2016.

Table 10: Access to Sanitation

Access to Sanitation	Census	Community Survey
	2011	2016
Number of Households	43 299	51 910
Flush toilet (connected to sewerage system)	18949 (44%)	21520 (42%)
Flush toilet (with septic tank)		
Chemical toilet	2241(5%)	5702 (11%)
Pit latrine with ventilation (VIP)	14618 (34%)	18010 (35%)
Pit latrine without ventilation		
None/Other	7491 (17%)	6678 (12%)

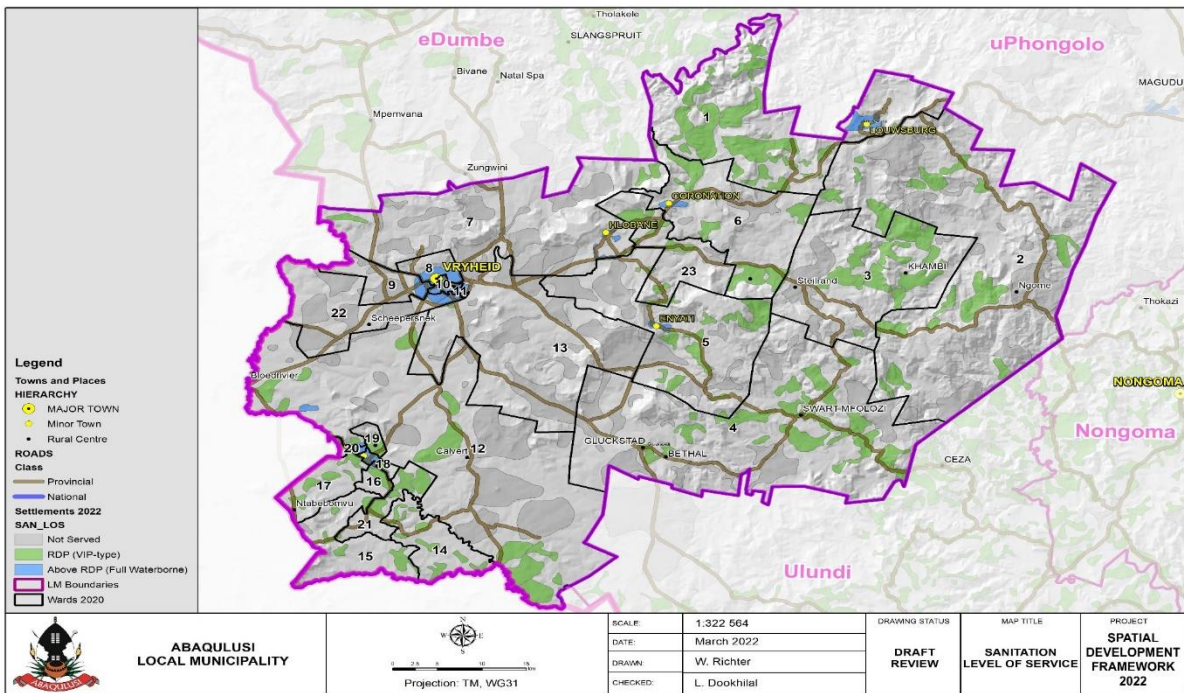

Source: Stats SA CS 2016

Figure 6: Access to Sanitation

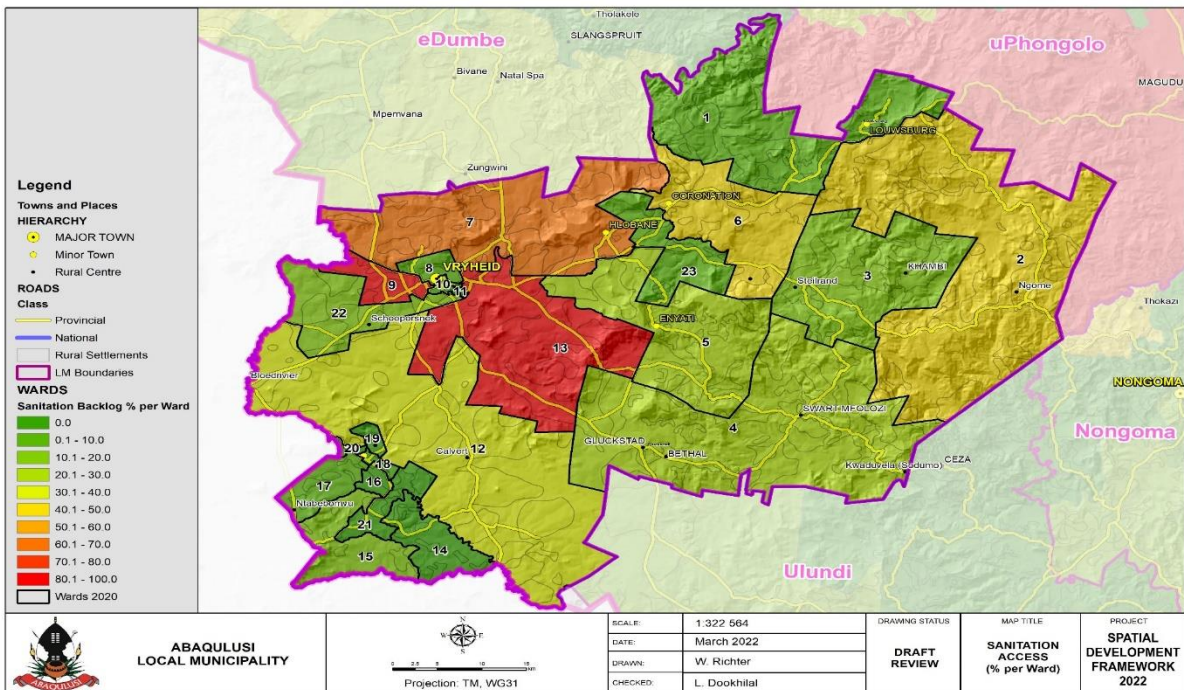

Sanitation services in Abaqulusi municipality is similar to that of the water as the function is split between the District municipality who is responsible for the rural areas and the local who is responsible for the urban areas. The map below represent the Level of Sanitation Services and Level of Accessibility to Sanitation that exist within the Abaqulusi Boundary.

Map 7: Level of Sanitation Services

Map 8: Level of Access to Sanitation

➤ **Current Water and Sanitation Operations within Abaqulusi**

The table below is a reflection of the Water and Sanitation infrastructure within Abaqulusi Municipality which is utilised on a daily basis to ensure that the communities within the

municipality are serviced accordingly. The challenges highlighted depict the difficulties that the Water and Sanitation department is continuously faced with.

Areas served	Water source	Description of the scheme	Challenges
Mondlo Township, section A and B, ZDM areas i.e. Bhekumthetho, amadressi, Khethelo, 1010, oneline, Maria	Raw water is abstracted from Mondlo Dam	The water treatment is located in Mondlo in eZingadini. The plant has a design capacity of 12 ML/day but operates at about 8 ML/day. The plants is operated through shift system. The plant is a conventional chemical treatment plant that uses clarification and filtration	<ul style="list-style-type: none"> • Water loss: plant water loss are a high as 30% due to that the recycle backwash pumps are not installed • Water loss on the reticulation due to erroneous connection of the old reticulation network to the new reticulation network • Plant operating capacity is exceeded by the demand
Mondlo sewage plant and reticulation	Receives wastewater from Mondlo Township A and B	The plant has a design capacity of 8 ML/day. The plant operates through a shift. The plant has a head of work and an oxidation ditch	<ul style="list-style-type: none"> • A number of unit processes are not operational due to breakdowns i.e. aerators, drying beds and head of works. The plant requires refurbishment • Aging infrastructure which result in spillages of sewage
Bloemveld: Vryheid town, Bhekuzulu and Lakeside township	Receives raw water from Bloemveld dam	The plant has a design capacity of 12 ML/day but operates at 6 ML/day due to breakdowns and incomplete project of filter refurbishment. There is also bottleneck on the clarify	<ul style="list-style-type: none"> • The plant is not operational due to a number unit processes that are not operation. • There are only four pressure filters that are used instead of twelve. • Clarify scrappers are not functional. The plant condition is poor • Air blower are not operational
Klipfontein: Vryheid town, Bhekuzulu and Lakeside township	Receives raw water from the Klipfontein dam	The plant has a design capacity of 45 ML/day however it is operated at 15 ML/day to low demand	<ul style="list-style-type: none"> • There are no standby pumps at the raw water pump station • There is no standby pump on the Highlift pump station

			<ul style="list-style-type: none"> • The electric panel has to be installed from the standby pump of the Highlift pump station
Potable water reticulation	Receives water from the Bloemveld and Klipfontein WW	The network comprises of various pipe sizes ranging from 200mm to 50mm. the network has old asbestos pipeline and some sections have over the years been replaced with PVC and HDPE	<ul style="list-style-type: none"> • Old asbestos pipes that keeps on breaking resulting in high overtime cost in the reticulation teams • Unavailability of funds to do infrastructure rehabilitation project
Sewage reticulation networks and pump stations	Sewage from Vryheid town, Bhhekuzulu and Lakeside township	The system has four pump stations.	<ul style="list-style-type: none"> • Old asbestos pipeline that result in pipe burst
Hlobane water system	Hlobane and Vaalbank	System has a small dam. The plant has a design capacity of 1 ML/day. Water is pumped from the dam and final water is pumped from the onsite reservoir to outstation reservoirs	<ul style="list-style-type: none"> • Iron and manganese in the raw water result in water quality problems in the area. The plant requires modification • Aging infrastructure
Hlobane sewage	Hlobane and Vaalbank	System comprise of a head of works and an oxidation ditch. Final discharge is disinfected with sodium hypochlorite	<ul style="list-style-type: none"> • Equipment failure i.e. aerators • Aging infrastructure
Coronation water system	Coronation dam	Water is pumped from the dam to the treatment works. Final water is then distributed to the command reservoir. The plant has a design capacity of 1 ML/day	<ul style="list-style-type: none"> • Iron and manganese problem in the final water to consumers • There is no standby pump at the raw water abstraction point. • The dam has been always below 35% since the drought of 2014 to 2017.
Wastewater treatment plant and sewage reticulation	Coronation township	The plant treats at least 800 kL/day. The network pipelines are asbestos pipe and some section are steel pipes that were installed by the mines	<ul style="list-style-type: none"> • The plant is total not functional • There are no treatment processes that are operating satisfactory

			<ul style="list-style-type: none"> • The network pipeline blockage
Louwsburg	Louwsburg dam	The plant has a design capacity of 1 ML/day	<ul style="list-style-type: none"> • The plant has three pressure filter which requires sand replacement. This is due to mudballing overtime on these types of pressure filter • Dam has a low yield. The dam is usually run dry in winter

b. Sanitation Objectives and Strategies for 2022/2023

Key Focus Area	Development Objectives	Development Strategies
Sanitation	Expand Sanitation accessibility in various wards by 2027	<ul style="list-style-type: none"> • Establishment of new sewer lines • Provision of VIP in rural areas • Constructing Public Ablutions • Spatially capture sanitation infrastructure
	Maintain and replace existing Sanitation Infrastructure by 2027	<ul style="list-style-type: none"> • Replace old sanitation pipes • Upgrading of sewer main lines • Upgrade of the WWTW

c. Implementation of 2022/2023 Sanitation Projects

The municipality's primary aim under the sanitation service is to ensure that access to basic level of sanitation is provided to the households within its jurisdiction. The municipality achieved this by supplying 13632 households with access to basic level of sanitation by 30 June 2023. It must be noted that these are not considered as new connections, but rather a service that it rendered continuously on an annual basis. New sanitation connections are done on an ad-hoc basis as per the applications received by the municipality. Internal funding is limited and the municipality experiences financial difficulties regularly, hence, the funding allocated for sanitation services is for repairs and maintenance as indicated in the table below.

d. Employee Information and Financial Performance

3.3 Electricity

a. Access to Electricity

As per the table below, the access to electricity has increased significantly from 72% in 2011 to 82% in 2016, recording a 10% improvement. The increase in electricity is largely due to the grant funding that is received from the Department of Energy on an annual basis of recent. Overall, the stats below is a clear indication that the Municipality is on the rise and is making steady progress in providing energy and electricity to its people.

Table : Access to Electricity

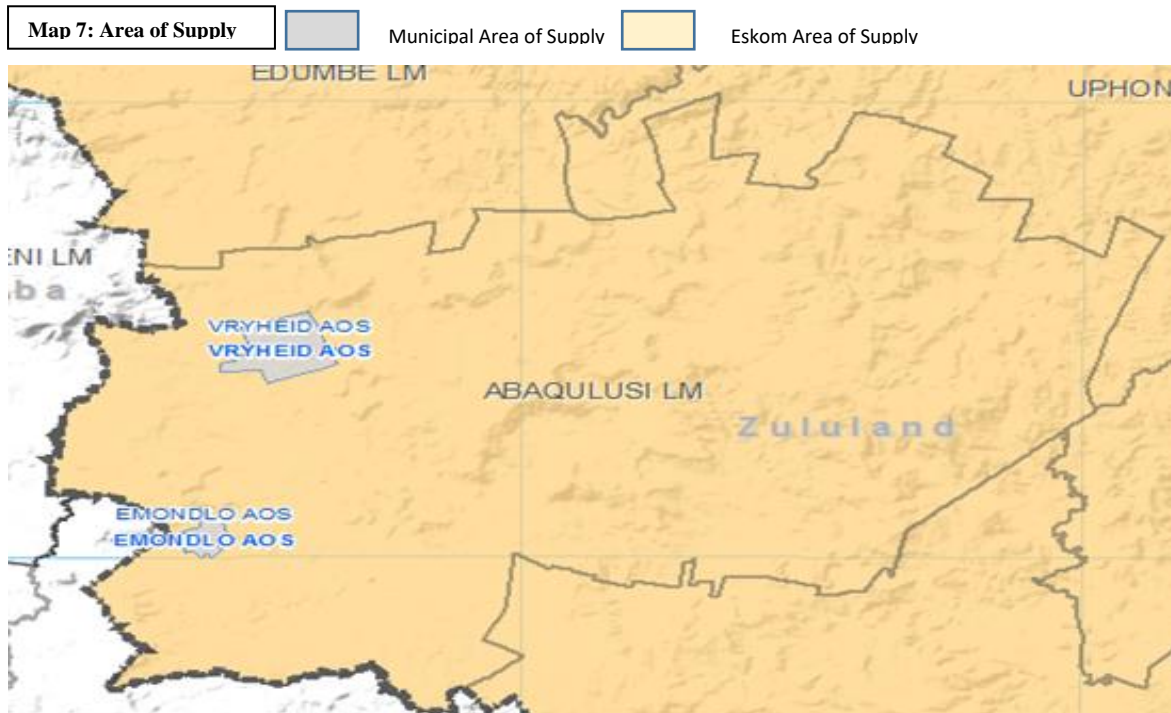

Access to Electricity	Census 2011	Community Survey 2016
Number of Households	43 299	51 910
Electricity	31223 (72%)	42 708 (82%)
Gas	89 (0%)	50 (0.1%)
Paraffin	246 (1%)	253 (0.5%)
Candles	11426 (26%)	8 208 (15.8%)
Solar	125 (0%)	518 (1.0%)
Other/None	190 (0.4%)	170 (0.3%)

Source: STATS SA CS 2016

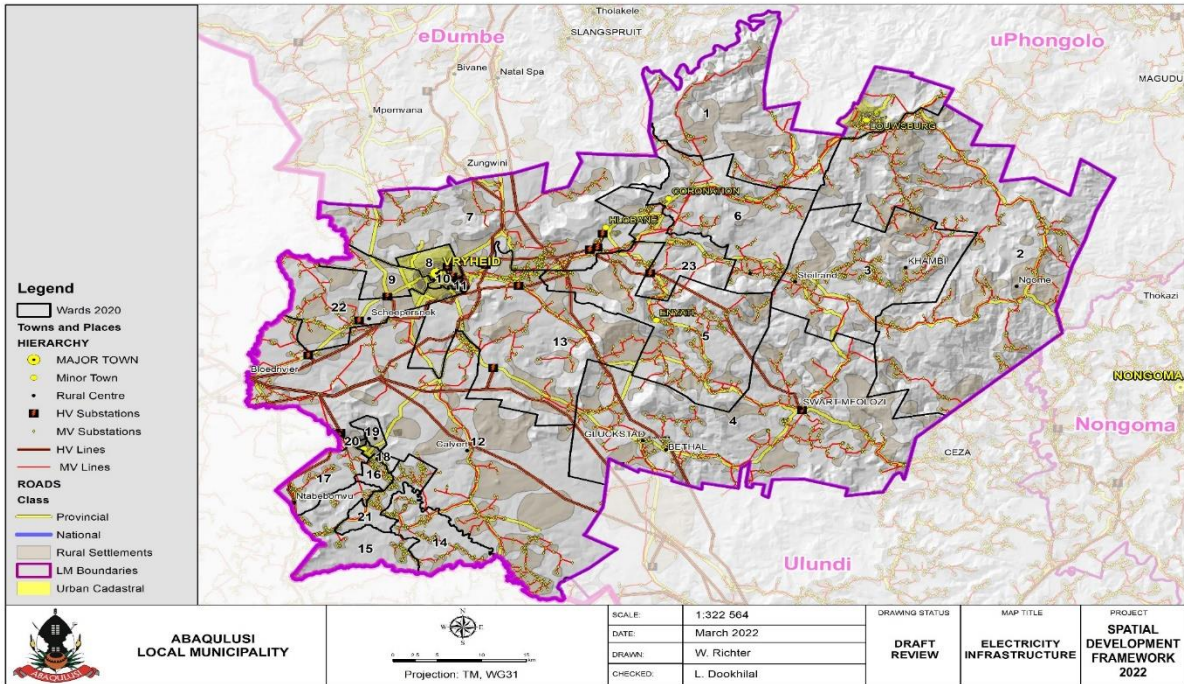

Figure 6: Access to Electricity

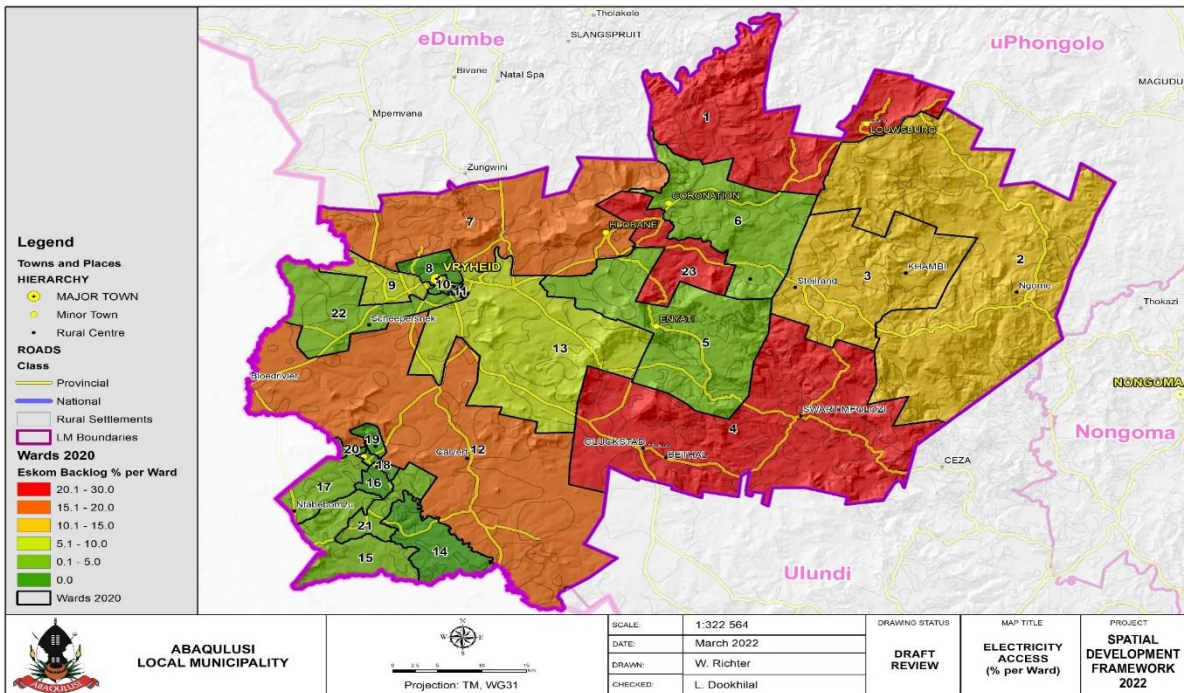

Map 7: Area of Supply

Map 8: Electrical Infrastructure

Map 9: Access to Electricity

b. Electricity Objectives and Strategies for 2022/2023

Key Focus Area	Development Objectives	Development Strategies
Electricity	Expand electrical accessibility in various wards by 2027	<ul style="list-style-type: none"> • Installation of New electrical connections
	Expand and Maintain existing network electricity in urban and rural areas by 2027. Provide alternative energy	<ul style="list-style-type: none"> • Installation of Electrical Meters • Installation and repairs of High Mast Lights • General Infrastructure- maintenance on mini and major substations • Upgrade existing transformers • Repairs to Robots • Provision of solar geysers and street lights • Provision of solar panels in urban and rural areas • Spatially capture electricity infrastructure • Master sector plans to be in place

c. Implementation of 2022/2023 Electricity Projects

Electrical Capital Projects are funded through the INEP Grant received from National Government on an annual basis. The table below highlights the municipality's implementation of electrical capital projects for the 2022/2023 financial year.

No.	Project Name	Target	Status Quo of Implementation (% Complete)
1.	Electrical connections - Shoba	72 New Connections	69%
2.	Electrical connections - Sasko	50 New Connections	100%
3.	Electrical connections - Makhukhula	162 New Connections	8%
4.	Electrical connections - Donsokwakhe	53 New Connections	89%
5.	Electrical connections - Bozzmin	35 New Connections	84%
6.	Electrical connections - Mashiyane	44 New Connections	79.4%
7.	Electrical connections - Makholokotho	51 New Connections	44.25%
8.	Electrical connections - 28.7 MV Line Makhukhula Link	100% construction of MV Line	44.25%

Detailed Reasons for non-completion of capital projects can be found under the Annual Performance Report in this document.

Over and above the implementation of the Electrical Capital Projects, the Municipality also provided 18923 households with access to basic level of electricity. Internal funding was also utilised for the repairs and maintenance of existing electrical infrastructure.

d. Employee Information and Financial Performance

Net Operational Expenditure					

3.4 Waste Management

a. Access to Refuse

The proportion of households that do not have access to refuse removal services were found to be about 14% during the Community Survey 2016. Just less than two percent (2%) of the households had access to communal refuse dump or a central point of collection. Over 40% of the households had the refuse removal by the local authority while almost a similar proportion of households (41.9%) made use of their own refuse dump.

Table 11: Access to Refuse Service

Access to Refuse Service	Census	Community Survey
	2011	2016
Number of Households	43 299	51 910
Removed from local authority/private company at least once a week	17985 (42%)	20 001 (38.5%)
....less often	434 (1%)	2 021 (3.9%)
Communal refuse dump	511 (1%)	889 (1.7%)
Own refuse	20764 (48%)	21 774 (41.9%)
Access to Refuse Removal	92%	86%
No rubbish disposal	2728 (6%)	5 355 (10.3%)
Other	878 (2%)	1 870 (3.6%)

Source: STATS SA CS 2016

The municipality currently collects refuse in urban areas only, namely; Vryheid, eMondlo, Coronation, Hlobane, Vaalbank, Bhokuzulu, Nkongolwane, Louwsburg, Lakeside, Thuthukani, Sasko. Hlobane Hostel, Ithala, Bhokwe, Gadlaza and Cliffdale.

The function of refuse removal is currently being outsourced due to capacity and financial constraints within the municipality. All the existing dump sites are deemed to be illegal as the Vryheid dumpsite is the only legally recognised one within the municipality. Other dumpsites underwent an assessment in the past and licenses for closure of in Louwsburg, Coronation and KwaMnyathi were obtained.

In rural areas individuals tend to dispose of waste in pits in their yard and in some areas communal dumping areas are utilized. This can however lead to associated health problems for individuals living in these areas. The development of an Integrated Waste Management plan, which is currently in a Draft phase and awaiting comments from the Department of Environmental Affairs, explores the need to extend the refuse removal services to the rural areas as well as identifying potential drop-off or buy-back centres sites in other areas around Abaqulusi. Moreover, Abaqulusi has a designated Waste management officer which coordinates waste management activities in the manner set out in the national waste management strategy established in terms of Section 6 of NEMA.

Figure 7: Access to Refuse Service

b. Refuse Removal Objectives and Strategies for 2022/2023

Key Focus Area	Development Objectives	Development Strategies
Refuse Removal	Expand accessibility of Refuse Services in various wards by 2027	<ul style="list-style-type: none"> Identify new areas and settlements to offer Refuse Services Integrated waste management plan

c. Implementation of 2022/2023 Refuse Removal Projects

The municipality's primary aim under the refuse removal service is to ensure that access to basic level of refuse removal is provided to the households within its jurisdiction. The municipality achieved this by supplying 14995 households with access to basic level of sanitation by 30 June 2023.

Net Operational Expenditure					

3.5 Human Settlements

a. Access to Human Settlements

The Human Settlements and Real Estate (Housing) component under the Department of Development Planning derives its core mandate and responsibilities from Section 26 of the Constitution of the Republic of South Africa of 1996 and Section 3 of the Housing Act of 1997, read in conjunction with approved policies and chapter 8 of the National Development Plan (NDP).

Although the core mandate lies with National and Provincial departments, however, this allows the AbaQulusi municipality to work in collaboration with district and province departments to establish and facilitate a sustainable human housing development. The housing section of AbaQulusi municipality does this by: determining the need and avail land for development purposes. This is done in line with provincial / national policy, national norms and standards for housing development;

To give effect to the above the AbaQulusi municipality will focus on four priority areas over the 5-year term: facilitating the development of integrated human settlements, establishment of middle-income housing projects, eradication of slums, providing affordable rental housing through social housing programmes.

Based on the Community Survey 2016, the AbaQulusi Municipal area currently has an estimated population of 243 795 people. Evidently this number has since increased, and this will be ascertained post the National census of 2022. The town of Vryheid represents the primary urban centre in the Municipal area, accommodating between 22% - 25% of the population of the total population. The Community Survey 2016 indicated that the number of households in AbaQulusi grew to 51 910 which is an increase from the 43,299 households in 2011, as per the table below.

Although an increase in Formal dwellings and Traditional dwellings were noted, the most worrying factor for the municipality is the massive increase of Informal dwellings from 2011, which was 929 to 2016, which is 4 675. This poses a real problem for the municipality in terms of dealing with land rights issues, service delivery pressure, social unrest and other problems associated with informal settlements and dwellings.

Table 12: Settlement Type and Tenure

Type of Settlement	Census 2011		Community Survey 2016	
	Number	Percentage	Number	Percentage
Number of Households	43 299	100	51 910	100
Formal dwelling	34 134	78.8	37 746	72.7
Traditional dwelling	7 863	18.1	9 407	18.1
Informal dwelling	929	0.2	4 675	9.0
Other	374	0.08	82	0.2
Tenure Status	28 577	66.6	32 859	63.3

Once a report for Department of Transport has been received, a SPLUMA application shall be submitted to Town Planning department at AbaQulusi Municipality.</p>			
Vryheid Extension Phase 1 (SASKO)	8	898	R2 448 301.99
<p>Stage 3: Title Deeds Registration and Transfers</p> <p>The Implementing Agents has finalised the registration of this project (SASKO) under Township Register. To date about 498 beneficiaries have been verified and some beneficiaries have passed on, sold houses, and renting out the houses. The process of verification is unfolding, once finalised the Portfolio committee will be informed. There are 67 Power of Attorneys that have been submitted to Conveyancers to start the process of Title Deeds registration, this process shall continue until all beneficiaries have Title Deeds.</p>			

Vryheid Extension 16 Phase 2	22	1600	R13 077 200.00
<p>Progress: Stage 1: Planning Studies are continuing on the project area, the Implementing Agent has estimated that by the end February 2024, the SPLUMA application will be submitted to Town Planning department at AbaQulusi Municipality.</p>			
Mnyathi Housing project	5	594	R2 117 762.92
<p>Progress: Stage 1: Planning The project is still at planning phase and all studies have been completed. There has been challenge to get commitment from ESKOM, concerning the power lines, where some of the houses will be built. The suggesting is to either remove the power lines at a cost of R400 000 or reduce the yield. After several engagements, Eskom has agreed to send it Field Technicians to visit the project and make an appropriate suggestion.</p>			
Vumani Housing Project	5	1000	R8 196 665.15
<p>Progress: Stage 1: Planning This project has been halted since June 2021, due to poor performance by GIBBS Engineering, which was an Implementing Agent. On the 29 June 2023, the department of Human Settlements appointed Thembakele Consulting as the new IA to undertake the implementation of Vumani Housing Project. The Thembakele consulting shall undertake the completion of the outstanding Planning milestones.</p>			
Mondlo A& B, Bhekuzulu Phase 3B consolidation project	11, 12, 13, 16,18, & 20	1000	Project value: R140 954 212.17
<p>Progress: Stage 1: Planning The Fezeka Business is the Implementing Agent for this project and they have completed all the studies. The challenge has been to get cooperation from ZDM regarding the confirmation for bulk services for Mondlo A&B and Bhekuzulu Phase 3 B. Once the confirmation has been received an application for subsidies shall be made to Department of Human settlements for construction.</p>			
Rural Housing Project	1,2,3,5,6,7,12, 13,14,15,16,17,18, 20 & 21	17500	±R12 000 000
<p>Progress: Stage 1: Feasibility studies On the 29 June 2023, the Department of Human Settlements, appointed Izinyoni Trading T/A BPB Sindi Civils to undertake prefeasibility studies for all rural areas of AbaQulusi Municipality as per housing sector plan pipeline. The Pre-feasibility studies shall include the following:</p> <ul style="list-style-type: none"> • Bulk services investigation • Desktop Geotechnical investigation • Desktop town planning • Beneficiary identification (GPS coordinates) • Socio-economic issues • Floodline determination 			

- Socio- Facilitation

The Implementing Agent has to organise meetings with Councillors and Traditional Authorities to inform them about the project. This will help the Implementing Agent to set Project Steering Committees and identify field runners for beneficiary identification.

The municipality's primary aim under the refuse removal service is to ensure that access to basic level of refuse removal is provided to the households within its jurisdiction. The municipality achieved this by supplying 14995 households with access to basic level of sanitation by 30 June 2023.

Net Operational Expenditure					

3.6 Free Basic Services and Indigent Support

The majority of the population in AbaQulusi Municipality is indigent; this has an impact of reduced revenue. The Municipality receives the free basic grant from National Treasury, which is utilized to offer the following free basic services:

- Free 50kwh of electricity a month
- Free rates up to the value R100,000
- Free 6kl of water per month
- Free refuse
- These allocations are per the national government policy guidelines
- The total cost for these Free Basic Services as of 30 June 2023 amounts to R20.6 million

The key statistics for related to Indigent support for the 2022/023 financial year is as follows:

- n) Number of indigents – 3 435 average per month

- o) Free Electricity – 4 939 consumers receiving 50 kwh per month
- p) Cost for the period 1 July 2022 to 30 June 2023 – R4,141,799
- q) Free Water – 3 435 consumers receiving 6 kl per month
- r) Cost for the period 1 July 2022 to 30 June 2023 – R1,989,824.57 including Basic Charge
- s) Free Refuse – 3 435 consumers who do not pay for refuse removal
- t) Cost for the period 1 July 2022 to 30 June 2023 – R5,375,967.52
- u) Free Sanitation – 3 435 consumers, cost for the period 1 July 2022 to 30 June 2023 – R6,019,548.35
- v) Free Rates – 3 435 consumers with house values less than R 100,000 who do not pay rates
- w) Cost for the period 1 July 2022 to 30 June 2023 – R1,867,730.84
- x) Free Electricity in Eskom areas – 879 consumers receiving 50 kwh per month
- y) Cost for the period 1 July 2022 to 30 June 2023 paid to Eskom for Free Basic Electricity – R1,304,173.60
- z) The cost for services for indigents for the period 1 July 2022 to 30 June 2023 amounts to R20,699,043.88

Component B: Road Transport

3.7 Roads

a. Background

The section is responsible for the construction and maintenance of roads infrastructure, laying and cleaning of storm-water drainage, construction and maintenance of walk ways, kerbing and drive-ways. AbaQulusi Municipality consists of rural areas which are far behind in terms of roads infrastructure and the main aim of the municipality is to provide roads to all households of AbaQulusi Municipality.

AbaQulusi Municipality is not adjacent to any major National trade and transportation route. However, it enjoys a relatively good level of access at a Provincial and regional level. This allows for a smooth flow of goods and movement of people in and out of the area. The R34 is the primary transportation route within the area. It runs through Zululand from the N2 and Richards Bay in the south through Ulundi, Vryheid and Paulpietersburg to Mpumalanga and Gauteng. The R69 on the other hand, runs east-west through the northern part of the municipal area.

It carries large volumes of local and regional traffic and links centres such as Vryheid, Hlobane, and Louwsburg and eventually joins to the N2 near uPhongolo. The road network within AbaQulusi Municipality reflects the apartheid planning system. The former whites' only areas

are characterized by high quality tarred roads and well developed district roads. The quality of roads in most previously black only areas is generally poor and requires substantial upgrading and maintenance. This has a negative impact on the development of these areas as it is well known that access play a pivotal role in economic development. In addressing the issue of accessibility in rural areas, the Zululand District Municipality has developed a District Rural Roads Asset Management Plan which would guide the rehabilitation and upgrade of all rural roads within the district.

The current Roads network consists of asphalt, paved, gravel and dust or informal roads. The Municipality is currently reducing the backlogs of upgrading gravel roads through as well rolling out repairs and maintenance on a daily basis, however most of the Vryheid CBD roads are showing signs of distress and are in need of rehabilitation. An estimated cost of R156 900 000 is required to repair and maintain 143km of paved roads within the Abaqulusi area.

b. Roads Objectives and Strategies for 2022/2023

Key Focus Area	Development Objectives	Development Strategies
Roads	Expand accessibility in various wards by 2027	<ul style="list-style-type: none"> • Constructing New Gravel Roads • Constructing new tarred and paved roads • Constructing new cause ways • Spatially capture roads infrastructure • Construction of Taxi Ranks • Construction of Municipal Testing Stations
	Maintain existing Roads in rural & urban areas by 2027	<ul style="list-style-type: none"> • Upgrading of gravel roads to tar • Re-gravelling of roads • Resealing of Roads • Rehabilitation of existing tar roads • Blading of roads • Spatially capture road infrastructure

c. Implementation of 2022/2023 Roads Projects

Projects directed towards the construction of roads utilised via the MIG Funding on an annual basis. Due to the financial constraints the municipality faces, internal funding is utilised primarily for Repairs and Maintenance of the existing road network. The table below highlights the status quo of the capital projects for roads in the 2022/2023 financial year.

No	Project Name	Budget	Target	Status	Ward
1.	Tarring of Zama to KwaBalele – Police station Road in Ward 12	R10 489 425	1.1km	85% Complete	12
2.	Tarring of Zama to KwaBalele - Bhekumtetho Road Ward 19 (Phase 4)	R7 000 000	0.4km	71% Complete	19
3.	Upgrading of Extension 16 (SASKO) Roads - Ward 8 (Phase 2)	R10 489 425	1km	58% Complete	8

4.	Upgrading of Extension 16 (SASKO) Roads - Ward 8 (Phase 3)	R800 000	Project Design	Project design complete	8
5.	BhekuZulu Road Paving - Ward 11 & 13 (Phase 2)	R3 500 000	0.5km	66% Complete	13
6.	Upgrading of Mhlanga Gravel Road - Ward 15 (Phase 3 &4)	R2 300 000	1km	73% Complete	15
7.	Upgrading of Mezzelfontein Road - Ward 12 (Phase 2)	R2 750 000	2km	100% Complete	12
8.	Mpongoza Access Road Ward 4 (Phase 3 & 4)	R2 000 000	1km	86% Complete	4

Detailed Reasons for non-completion of capital projects can be found under the Annual Performance Report in this document.

Internal funding was also utilised for the repairs and maintenance of existing roads and storm water infrastructure. Please refer to the table below.

d. Employee Information and Financial Performance

Financial Performance					
Details	2021/2022	2022/2023			
	Actual	Original Budget	Adjustment Budget	Actual	Variance to Budget
Total Operational Revenue	R5 823 584	R7 110 000	R7 110 000	R 5 800 119	(R 1 309 880)
Expenditure

• Other				R 28 108 972	
Total Operational Expenditure	R77 797 372	R44 307 634	R39 879 865	R 47 883 490	(R15 800 319)
Net Operational Expenditure					

3.8 Transport

a. Rail Transport

Abaqulusi Municipality does not have an established public rail transport system, however, there is a railway system that exists and operates within its area of jurisdiction. This railway network is currently owned and managed by Transnet, primarily utilised as a coal line between Richards Bay and Mpumalanga province.

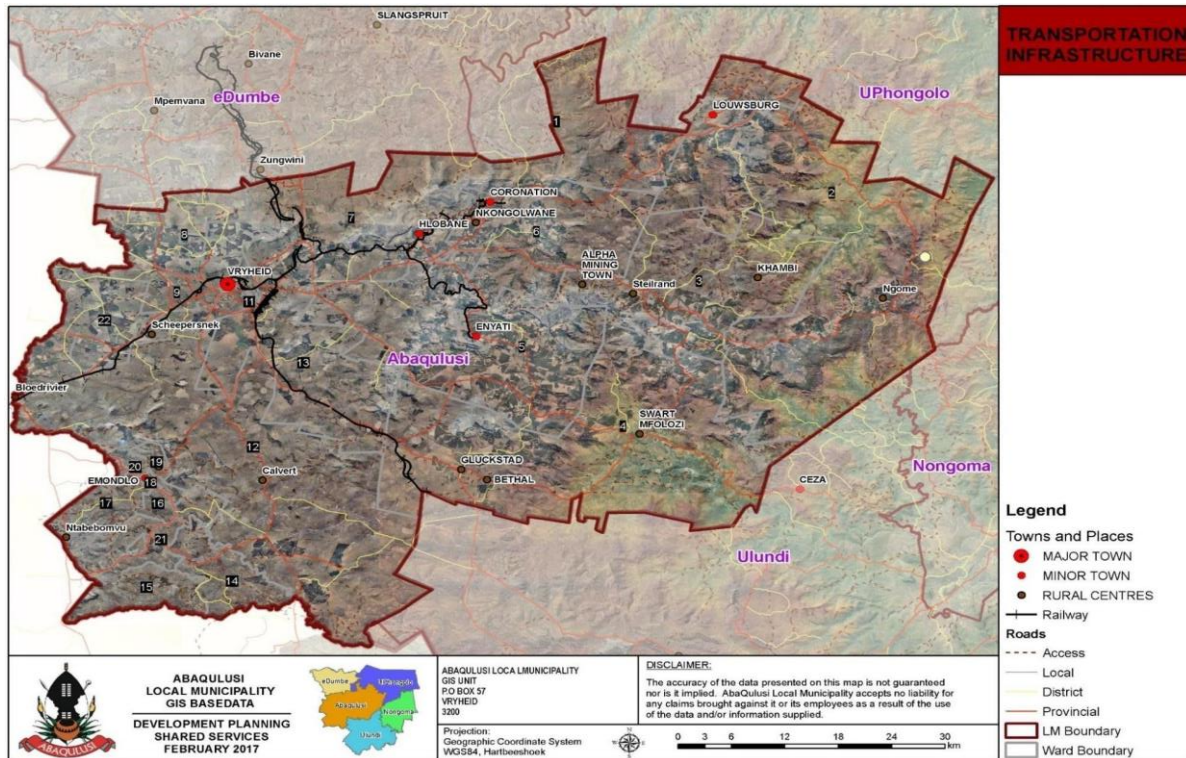

b. Air Transport

Although Vryheid is a district regional centre, it does not have a well-established air transport system. A small airport/landing strip is located in Vryheid. It is built to the standard set by the

Civil Aviation Authority but is no longer licensed due to budgetary constraints. It is capable of carrying limited cargo. This facility should be seen as an opportunity for the development of the agricultural and tourism sectors. This is particularly important since the area has been identified at a Provincial level as having potential for agricultural development (PSEDP, 2007), and the potential link with Dube Trade Port.

The Map below indicates the Transport Network that exist within the Abaqulusi Municipality.

Map 10: Transport Network

3.9 Storm Water

a. Background

Storm-water drainage is managed and controlled under the Roads section of the municipality. Over the years, the urban component of the municipality has experienced challenges with its storm water system as the existing infrastructure is considered to be outdated and severely damaged over the years. The impact of this is clearly evident as the towns within the municipality cannot cope with the high levels of rainfall experienced, resulting in floods. The financial constraints and limited budget within the municipality has not helped to eradicate this problem, however, the municipality will continue to explore the different options available to improve its storm water drainage system. On an annual basis, through the EPWP, the municipality employs people to assist with the cleaning and maintaining of storm water drains in various urban areas.

b. Storm Water Objectives and Strategies for 2022/2023

Key Focus Area	Development Objectives	Development Strategies
Storm Water	Building and maintaining Storm Water Infrastructure by 2027	<ul style="list-style-type: none">• Construction of new storm water drains• Cleaning of storm water drains• Spatially capture storm water infrastructure

Component C: Planning and Development

3.10 Planning

a. Background

The planning and development departments' primary function within the municipality is to regulate and control all development. The department is also responsible for the following:

- Town Planning
- IDP
- LED
- Tourism
- Housing and Real Estate
- GIS
- Building Inspectorate

The department is seen as a key role-player or contributor in developing the municipality's economy and attracting investment. It is also responsible for ensuring that the use of land is one that is most favourable to the environment promoting sustainability and addressing the spatial injustice of the past.

The Spatial Planning and Land Use Management Act, 2013 (Act No. 16 of 2013) with its Regulations, the AbaQulusi Spatial Planning and Land Use Management By-law, AbaQulusi Urban Land Use Scheme, the AbaQulusi Spatial Development Framework and all other planning policies and frameworks serve as the legislative framework for all land use planning and development.

The AbaQulusi Local Municipality has met with the compliance requirements in terms of the Spatial Planning and Land Use Management Act 2013 (Act No. 16 of 2013). The AbaQulusi Municipal Planning Tribunal is in place and operational. The Tribunal meets on a need basis depending on the number of applications lodged with the Municipality. In terms of SPLUMA Regulation 14 all measures have been put in place to ensure that the land development and land use applications are properly submitted and processed. The position of the Municipal Planning Authorised Officer is also filled, and the Executive Committee was appointed as the Appeal's Authority. The Municipality in December 2016 adopted and gazetted the bylaw known as AbaQulusi Spatial Planning and Land Use Management By-law 2016 which provides for the

procedures and processes for the preparation, submission and consideration of all land development applications and related processes.

The Building Inspectorate Office operates in line with the National Building Regulations (NRB) and Building Standards Act, 103 of 1977 and SAN10400 to ensure compliance with the submissions of building plans. This office is also responsible for the monitoring and enforcing that, structures/buildings are erected in line with the standards of NBR. Building Inspectorate issues occupation certificates once a building is complete and is compliance with the NBR. Building Inspectorate also investigates illegal buildings and issues out guilt fines. Further to the above the Building Inspectorate acts in the interest of the community of the AbaQulusi Municipality by ensure all building structures are safe and sustainable.

b. Planning and Development Objectives and Strategies for 2022/2023

Key Focus Area	Development Objectives	Development Strategies
Town Planning	To ensure effective management of current and desirable land uses by 2027	<ul style="list-style-type: none"> • Review and implementation of the Spatial Development Framework • Implementation of SPLUMA and SPLUMA By-Law • Implementation of Precinct Plans • Preparation of the AbaQulusi wall-to-wall scheme and Land Audit in compliance with the Spatial Planning and land Use Management Act 2013 • Co-ordination of the Municipal Planning Tribunal • Facilitation of Township Establishment • Identification of developmental land • Conduct Information Workshops • Set up enforcement procedures
GIS	To have an effective and efficient GIS System by 2027	<ul style="list-style-type: none"> • Ensure GIS system is updated regularly • Integrate GIS System with other municipal departments
Building Inspectorate	To ensure the sustainability of the built environment by 2027	<ul style="list-style-type: none"> • Timeous Assessment of building plans • Workshop Built environment professionals • Training to current staff and peace officers • Deal effectively and efficiently with all contraventions
Real estate	Proper Acquisition and disposal of real estate according to municipality by-laws by 2027	<ul style="list-style-type: none"> • Develop and Implement Land disposal Policy • Develop real estate by-laws • To enhance real estate capacity • Effective management of outdoor advertising • Business Licence Compliance
IDP	To ensure effective decision-making, budgeting and management of resources	<ul style="list-style-type: none"> • Develop and implement the IDP/Budget process plan • Engage in Community Consultation Process (IDP Rep Forums, Road-shows, Izimbizos) • Develop, review and adopt IDP annually

c. Implementation of 2022/2023 Planning Projects

The only capital project overseen by the department during the 2022/2023 financial year was the development of the Municipal Spatial Development Framework. This Plan is envisaged to be completed by June 2024.

However, the department, on annual basis manages:

- development applications (rezoning, subdivision, consolidation, special consent, township establishment, etc.) and
- the monitoring of development in compliance with statutory procedures.
- monitoring and enforcing land use development to protect the interests of all Property Owners and Government Agencies against undesirable contraventions of existing legislation and acceptable norms in the interests of maintaining a safe and healthy environment of the residents of AbaQulusi.
- seeks to achieve coordinated and harmonious development by promoting health, safety, order, amenity, convenience and improved general welfare.

There were no capital projects in the 2022/2023 financial year. However specific targets that had to be met for the financial year can be found under the Annual Performance Report (Scorecard) in this document.

The table below highlights the key development statistics within the built environment of the municipality:

Detail	2020/21	2021/22	2022/23	2020/21	2021/22	2022/23
	SPLUMA Applications			Building Plans Assessed		
Submitted	32	29	26	72	50	39
Approved	11	12	11	69	48	33
Not Approved	/	4	2	3	/	5
Pending	19	6	10	/	2	1
Lapsed/ Withdrawn	2	7	3	/	/	/

d. Employee Information and Financial Performance

A total of 16 staff members were employed in the Development Planning Department (including LED) at a total employee cost of R9 596 907 for the 2022/2023 financial year.

3.11 Local Economic Development

a. Background

The LED unit within Abaqulusi Local Municipality primary focus is to improve the Business (Formal and Informal), Agriculture, Mining, and Tourism Sector. The main purpose for LED is to support economic development initiatives that will empower the community, create job opportunities, minimise income leakages and growth by building partnerships within relevant stakeholders in order to create a conducive environment for job creation.

The role of the LED is to capacitate the informal traders aiming at empowering them to play a role in the Local economic growth. Coordinate meetings with Informal Traders establishing their structures like Informal Economy Chamber which is the wing which is accepting all the requirements and needs to the right channels. The Chamber meets quarterly to coordinate the tariffs that is being imposed to the informal traders for trading licenses and rental fees as the investment for the Municipality towards the upgrade of the facilities and sustainability of the operations of the facilities. The Municipality is aiming to build market stalls for the Informal Traders to promote and improve the economy. The Informal Economy Policy and Street Trading By-Laws had been developed and adopted by Council and Informal Traders had been trained according to the Policy and By-laws.

SMMEs are divided into 5 categories in the Abaqulusi Municipality, namely:

- **Agriculture:** commonly is composed of co-operatives, individuals, small scale farmers and Farmers association.
- **Mining** : is still struggling for individual to operate but there are few who are sub –contracting to the big companies.
- **Manufacturing** commonly composed of individuals and co-operatives from medium, small and very small
- **Construction** ; are individuals , from medium, small ,very small ,micro
- **Retails** : are mostly individuals from medium , small , very small and micro

The main objectives of the SMME's in Abaqulusi is as follows:

- ✓ SMMEs contribute to investments, employment and income generation
- ✓ Encourage the previously disadvantaged to contribute to a distribution of economic ownership and income as well as more participatory economy
- ✓ Increase the competitiveness and their ability to fulfil a role in the society
- ✓ To promote the entrepreneurship development
- ✓ To alleviate poverty and uplift the standard of living of the community
- ✓ To reduce the unemployment rate within Abaqulusi Municipality

Abaqulusi local municipality currently supports the development of SMMEs within it area as it provides on-site trainings, workshops, seminars and registrations of businesses. Abaqulusi Municipality is intending to develop an SMME facility where women sewing cooperatives , bakery , and motor mechanic work will take place . The objective of the project is to play a role in poverty alleviation and decrease unemployment levels.

To improve small town economy, Township economy and integrating it to the formal economy, 50 permanent jobs and 20 temporary jobs are to be created on the development of the Facility. The facility will improve 50 households who will be having a proper business facility to do their trade. The Municipality will be looking for interventions which is due to financial constraints and make it not able to finance capital investments as apart from grants. This grant will go a long way in revitalising the township economy. The Municipality has identified a site in the industrial area which has been set aside for this intervention.

b. Local Economic Development Objectives and Strategies for 2022/2023

Key Focus Area	Development Objectives	Development Strategies
Agriculture	Unleashing agricultural potential in Abaqulusi by 2027	<ul style="list-style-type: none"> • Coordinate the establishment of agri- business forums, farmers associations • Provide support to the agricultural production • Coordinate agricultural activities • Establish cooperatives in all areas • Assist in Developing Agri-processing Hub • Develop Agriculture Sector Plan
SMME and Job Creation	Continuous assistance of entrepreneurship and job creation by 2027	<ul style="list-style-type: none"> • Train SMME's according to their needs to meet the standard • Coordinate intergovernmental programmes to create job opportunities
Poverty Alleviation	Reduce poverty in all wards by 2027	<ul style="list-style-type: none"> • Train the vulnerable community on income generating project • Deliver poverty alleviation project in all wards to create business opportunities
Tourism	Promote and identify tourism opportunities by 2027	<ul style="list-style-type: none"> • Co-ordinate tourism events and awareness campaigns in the municipality • Organise workshops and Road shows • Establish tourism industry and project focusing on tourism • Develop Tourism Sector Plan and Promote heritage route • Introduce historically disadvantaged people into tourism • Assisting Accommodation Establishments with their Tourism Grading
Economic Growth	Promote economic development by 2027	<ul style="list-style-type: none"> • Develop commercial centres In the Municipality • Review, adopt and implement the LED strategy • Community empowerment on small business start-ups • To assist with business retention for existing businesses and provide incentives for new businesses

c. Implementation of 2022/2023 Planning Projects

Due to the financial constraints and limited budget within the municipality, the LED Unit depends primarily on grants and external funding received from government and other stakeholders within the private sector for the implementation of projects and enhancement of economic development.

The strategic framework utilised to achieve the above is outlined below:

Economic Principle	Description	Relevance To LED
Broaden economic Base/diversification	<p>An important development principle underlying LED is to broaden the economic base, through the Integration of diverse economic initiatives. This principle encompasses a number of issues including:</p> <ul style="list-style-type: none"> • Introducing new activities, which are not currently operational in the area. • Development of SMMEs to have a broader representation base on the size of establishments; and • Ownership should be broadened to Include all members of the community. 	<ul style="list-style-type: none"> • Diversification and production of new products and services must be considered when identifying programmes and possible projects. • Promote SMMEs, women, youth, people with disability and BBBEE ownership of new and existing companies.
Capacity Building	<p>This principle encompasses the building of capacity of the municipalities and associated public sector role players with respect to LED.</p>	<ul style="list-style-type: none"> • Stakeholder participation at Economic Indabas in LED. • LED training (theory and practice)for public officials. • Business start-up, management and financial training for private sector.
Comparative & Competitive Advantage	<p>Comparative advantage indicates relatively more competitive production function for a product or service in a specific local economy (provincial or national). It therefore measures whether a specific economy produces a product or renders a service more efficiently.</p>	<ul style="list-style-type: none"> • All comparative advantages in the local area must be identified in the SWOT analysis and built upon when identifying programmes and potential projects, thereby exploiting the existing strengths and opportunities in the local area.
Creation of favourable locational factors	<p>The environment in which businesses operate must be conducive to conducting business. This includes:</p>	<ul style="list-style-type: none"> • A locational analysis will reveal what locational factors need to be improved upon to promote the local area as a desirable location to conduct business.

	<ul style="list-style-type: none"> • Reducing the establishment and operating costs of businesses; • Improving infrastructure; and • Facilitating the provision of trained labour. 	
Enabling Environment	<p>Creating favourable conditions for the growth and development of business enterprises by reducing risk and making it more calculable by:</p> <ul style="list-style-type: none"> • Creating a stable business environment (discussed above). • Increase confidence levels of the public and private sectors investors; and • Unlocking under-utilised resources. 	<ul style="list-style-type: none"> • One of the roles of the local municipality is to create an environment that promotes both existing and new business in the local area. The LED process can be used to facilitate this process.
Historically Disadvantaged Individuals (HDIs)	<p>LED should target HDIs, marginalized communities and geographic regions, BBBEE companies and SMMEs to allow them to participate fully in the economy.</p>	<ul style="list-style-type: none"> • This principle must be incorporated during the visioning and setting of LED objectives and may be implemented through specific LED projects.
Income Generation Potential	<p>The sustainable income generation potential is a way to measure market potential and is used to inform the prioritization of projects.</p>	<ul style="list-style-type: none"> • The income generation potential of a specific project must be considered when prioritizing potential projects.
Integrated/Holistic Approach	<p>An integrated and holistic approach to the development planning process is of paramount importance. This implies that the interrelationships between economic activities and other development dimensions such as the social, demographic, institutional, infrastructural, financial and environmental aspects have been carefully considered.</p>	<ul style="list-style-type: none"> • The situational analysis of the local area will identify social, demographic, infrastructural, financial and environmental strengths and opportunities that must be considered and included in potential LED programmes and projects.
Linkages	<p>Linkages refer to the flow of goods and services between at least two agents. Linkages with neighbouring economies refer to:</p> <ul style="list-style-type: none"> • Leakages (the net outflow of buying power) that is households residing within the study but purchasing goods and services outside the local area; and • Injections, (the net inflow of buying power) that are 	<ul style="list-style-type: none"> • It is important to encourage circular flow of capital within the community. • One LED objective is to reduce leakages and increase injections through programmes and projects.

	businesses located outside the study area purchasing products inside the study area.	
Local Markets	LED aims at creating places and opportunities to match supply and demand as well as to discover, propagate and promote new business opportunities.	<ul style="list-style-type: none"> • The identification and involvement of key stakeholders will ensure that local leadership and the local economy are involved in the LED process. • Specific LED projects may be aimed at increasing the number of locally owned enterprises.
Public Private Partnerships (PPP)	LED involves local, national, and international partnerships between communities, businesses and governments to solve problems create joint business ventures and build up local areas.	<ul style="list-style-type: none"> • The establishment of PPPs should be explored in the implementation of projects.
Promoting Business	This can be the promotion of existing business, start-ups or external companies coming into a location.	<ul style="list-style-type: none"> • Local municipalities are responsible for creating an enabling business environment that encourages the expansion of existing business the emergence of new business ventures.
Maximise the use of existing resources	LED aims at making better use of locally available resources and skills and maximizes opportunities for development of resources.	<ul style="list-style-type: none"> • Local skills and resources of the local area must be identified during the situational analysis and ideally must be utilized during the implementation of projects, as extensively as possible.
Promoting SMMEs	It is important to involve and uplift the SMME sector through enhancing the capacity of local entrepreneurs by establishing support measures and incentives to promote participation. This suggests that appropriate technology transfer needs to place in an environment conducive for the successful establishment of SMMEs.	<ul style="list-style-type: none"> • An enabling environment in which SMMEs can be established and maintained must be created; and • SMMEs can be promoted through specific projects.

Catalytic LED Projects approved by the Municipal Council and within the pipeline for implementation include the following:

- **Golf Course Estate (Area 1) and Airport Development (Area 2)**

Objective: To enhance the municipal revenue base and create a modern, upmarket area of development which will positively impact the economic growth of the town.

Location: Vryheid

Budget: N/A (Call for Proposal)

- **Vryheid Middle Income Housing(Area 5)**

Objective: To enhance the municipal revenue base and provide access to land for housing opportunities.

Location: Vryheid

Budget: N/A (Call for Proposal)

- **Vryheid Commercial Nodal Development)**

Objective: To increase job opportunities and promote economic growth and development.

Location: Vryheid

Budget: N/A (Call for Proposal)

- **eMondlo Shopping Centre Development**

Objective: To increase job opportunities and promote economic growth and development.

Location: eMondlo A and B

Budget: N/A (Privately Owned. Awaiting Construction)

- **Grootgewaacht Forestry**

Objective: To increase job opportunities and unleash agricultural potential

Location: Vryheid

Budget: N/A (Call for Proposal.)

- **Klipfontein Cultural Centre**

Objective: To increase job opportunities and unleash tourism potential

Location: Vryheid

Budget: N/A (Call for Proposal.)

The Catalytic Projects identified above are considered to be “game changers” if implemented within the Abaqulusi area. These Projects primarily focus on the goal of job creation and enhancing economic growth and development within the region. An important note to consider is that the municipality does not need a budget to implement these projects as it will encourage investments from private stakeholders.

Component D: Community and Social Services

3.12 Library, Museums and Other Community Facilities

a. Background

At least three well established libraries exist within AbaQulusi Municipality. They are located in Vryheid, Emondlo and in Bhekuzulu. The one in Louwsburg (ward1) requires being re-established. Staff has been trained on modern library service technology courtesy of Provincial Library Services. There is a need to expand the service to rural areas, particularly in ward 2, 3 and 4. Library Services are fully funded by Provincial Library Services (DCAS) and national government. Although library staff is on the municipal payroll, the Municipal Replacement Funding (MRF) and conditional grant cover salaries and benefits.

A museum is a centre of information that manages collections of artefacts or works of art and historical items. This includes dealing with the acquisition, care and display of items with the aim of informing and educating the public. It is essential for museums, galleries, and heritage and tourism attractions to develop collaborative relationships, share collections and disseminate information to the general public. The Department of Arts and Culture is the custodian department and is fully responsible for the endorsement and accreditation of grading of the museums. AbaQulusi Municipality has one museum called Lucas Meijer Museum named after Lucas Meijer who was the first president of the Nuwe Republic as Vryheid as the Capital City.

The main role of the museum is to promote and advance awareness about the character and the importance of the museum in social development of the community of AbaQulusi. Lucas Meijer museum manages collections of artefacts or works of art. This includes dealing with the acquisition, care and display of items with the aim of informing and educating the public. It's essential for museums, galleries, and heritage and tourism attractions to develop collaborative relationships, share collections and disseminate information with the aim to construct innovative and creative exhibitions that appeal to a wide cross-section of the general public. Developmental programmes and projects implemented by the museum are as follows:

- Exhibition – daily visit by tourist, researchers and scholars.
- History lessons / sessions
- Donation of historical precious items
- Research- Local history

- Lucas Meijer Museum Day Celebration

The Abaqulusi Local Municipality has recently just developed 2 Community Service Centres within its jurisdiction, located in Ward 18 (eMondlo Thusong Centre) and Ward 5 (Xulu-Msiyane Community Centre). These centres were developed with the grant funding provided by CoGTA. These centres aim to achieve the following:

- ✓ To centralise community access to government services.
- ✓ Uplift benefiting Small Business Entrepreneurs within Abaqulusi Local Municipality and Zululand District.
- ✓ Building capacity by allowing community participation in the implementation and decision-making aspects of the project as well as providing skills training

The eMondlo Thusong Centre provides the following Services:

➤ **SASSA provides the following services:**

- Child support grant
- Disability grant
- Old age pension grant
- Foster care grant
- Care dependency grant
- Social relief grant
- Grant in Aid

➤ **Operating Hours- Monday To Friday**

- 08H00 to 16H30

➤ **Home Affairs provides the following services:**

- Issuing of Death Certificates
- Issuing of birth certificate
- Issuing of Identity documents
- Passport applications
- Issuing of Marriage certificates
- Reissue of birth certificate
- Reissue of Identity documents

➤ **Department Of Labour provides the following services:**

- UIF Applications

➤ **Help Desk is responsible for the following:**

- Boardroom bookings
- Issuing of proof of residence
- Enquiries
- Administrative issues
- Liaison with Departments/ Tenants
- Facilitating meetings with the Departments
- Cleaning the Office and the grounds.

The Xulu-Msiyane Thusong Centre provides the following Services:

- Traditional Court cases
- Umbutho wezintombi gatherings
- Traditional Leaders meetings
- War rooms
- Vaccination
- Community development forum meetings

➤ **Help Desk**

- Bookings of hall and boardroom
- Enquiries
- Liaison with Traditional Leaders
- Issuing of proof of residence
- Cleaning
- Administration issues

➤ **Operating Hours**

- 08H00 to 16H30 Monday to Friday

Due to the large geographic extent of the Abaqulusi Municipal jurisdiction, and the spread of its people over 23 wards, the municipality is constantly trying to ensure that its people have access to community halls and parks. These facilities are considered to be very important in order assist communities in promoting social development. The community halls and parks serve the people of Abaqulusi for various reasons, including weddings, funerals, war rooms, place for prayer, etc. The following 15 municipal community halls and 16 parks exist within the Abaqulusi Municipality:

Table 12: Municipal Community Halls

Municipal Community Halls	
Name	Location
1. Library hall	Vryheid
2. King Zwelithini hall	Bhekuzulu Location
3. Lakeside hall	Lakeside

4. Cecil Emmett hall	Vryheid
5. Ntinginono hall	Vryheid
6. eMondlo hall	Section A Mondlo
7. Coronation hall	Coronation
8. Hlobane hall	Hlobane
9. Mzamo hall	Louwsburg
10. Nkongolwane hall	Nkongolwane
11. Ezimbovu hall	eMondlo Area
12. Makhukulua Hall	Ward 4
13. Cliffdale Hall	Cliffdale
14. Ezimbomvu Hall	Ward 14
15. eMadreseni Hall	Ward 16

Table 13: Municipal Parks

Municipal Parks and Open Spaces	
Name	Location
1. Magoda	Vryheid
2. Dundee park	Vryheid
3. Padda dam park	Vryheid
4. Church Street park	Vryheid
5. Edward Street park	Vryheid
6. Trim park	Vryheid
7. East Street park	Vryheid
8. Pioneer park	Vryheid
9. Clinic park	Vryheid
10. Mayor's park	Vryheid
11. Swimming pool park	Vryheid

15. Coronation Park	Coronation
16. eMondlo Park	eMondlo

b. Objectives and Strategies for 2022/2023

Key Focus Area	Development Objectives	Development Strategies
Libraries	Expand accessibility and maintenance of Libraries in various wards by 2027	<ul style="list-style-type: none"> • Construction of new Libraries • Upgrade and Maintain existing Libraries
Halls	Expand accessibility and maintenance of Community Halls in various wards by 2027	<ul style="list-style-type: none"> • Construction and maintenance of New Community Halls • Upgrade and revamp existing Community Halls

c. Implementation of 2022/2023 Library, Museum and Other Community Facilities Projects

There were no capital projects in the 2022/2023 financial year. However specific targets that had to be met for the financial year can be found under the Annual Performance Report (Scorecard) in this document.

d. Employee Information and Financial Performance

A total of 38 staff members were employed in the Library, Museum and Other Community Facilities at a total employee cost of R13 428 568 for the 2022/2023 financial year.

3.13 Cemeteries and Crematorium

a. Background

The Abaqulusi Municipality currently has 7 cemeteries, located in Vryheid, Bhekuzulu, Hlobane, Coronation, Mondlo, Louwsburg and Nkongolwane. However, according to municipal statistics, some of these cemeteries have now reached their life-span and have run out of space while the others are also in danger of reaching their life-span and is fast becoming a top priority for the municipality. The municipality is constantly working on establishing new sites for cemeteries and exploring the opportunities of expanding the current existing cemeteries. Deprived maintenance and budget constraints have also hindered and compounded to the issues surrounding the cemeteries. The status of cemeteries within Abaqulusi Municipality is as follows:

- Vryheid Cemetery:** The potential extension of the existing cemetery to the south should be investigated, or a new site will be identified. An area of about 6 ha would be required.
- Bhekuzulu Cemetery:** The existing cemetery is full and a new cemetery site has been identified to the Northeast of the existing cemetery, between the bypass road and the railway line. The new site has an approximate area of about 10 ha which should be sufficient for about 10 years. A further 5 ha would be required. The municipality reported that trial pits in the new site indicated a perched water table and the extent of the water table must be investigated.
- Emondlo Cemetery:** The original cemetery is full and has been extended into the open veld surrounding the cemetery. The municipality has acquired the new 27 hectors for extension and planning principles are essential for the cemetery to be registered.
- Louwsburg:** The existing cemetery has an estimated lifespan of more than 10 years. The potential extension of the cemetery to the east or west should be investigated. An area of 2 ha should be sufficient.
- Nkongolwane:** The existing cemetery has an estimated lifespan of approximately 5 years, with extension possibilities to the south and southwest.

•**Coronation:** The cemetery at the Coronation mine has space available for approximately 3 000 graves, and a life expectancy greater than 10 years. Potential for expansion exists to the east of the existing cemetery.

•**Hlobane:** The existing cemetery has an estimated lifespan of approximately 5 years, with extension possibilities to the south and southwest.

c. Implementation of 2022/2023 Cemetery Projects

There were no capital projects in the 2022/2023 financial year. However, the municipality has an obligation to ensure the upkeep of the existing cemeteries that exist.

d. Employee Information and Financial Performance

A total of 9 staff members were employed in the Cemeteries unit at a total employee cost of R3 059 458 for the 2022/2023 financial year.

3.14 Focus on Special Programmes

a. Background

The implementation of Special Projects within the Abaqulusi Municipality which primarily focuses on vulnerable groups and other initiatives is done so via the Office of the Mayor. Over the years, many challenges were experienced by the municipality in ensuring the functioning of the various committees and support offered to the structures which was largely due to the financial constraints facing the municipality.

- **Nation Building and Social Cohesion**

AbaQulusi municipality arts and culture unit serves as the co-ordinating body for the community to arts, culture, entertainment and talent developmental opportunities through programmes such as

- ✓ Umbele wethu local competition
- ✓ Umbele wethu district competition
- ✓ Operation siyaya Emhlangeni
- ✓ Artists festival
- ✓ Umkhosi Womhlanga (Reed Dance)
- ✓ Heritage day
- ✓ Mayoral Cup and SALGA Games

- **Community Development with particular focus on Vulnerable Groups**

The implementation of Special Projects within the Abaqulusi Municipality which primarily focuses on vulnerable groups and other initiatives is done so via the Office of the Mayor. Over

the years, many challenges were experienced by the municipality in ensuring the functioning of the various committees and support offered to the structures which was largely due to the financial constraints facing the municipality.

- ***Youth Development***

The municipality has the responsibility of co-coordinating the development and promotion of youth development initiatives, establishment of youth desk, youth structures and implementation of procedures, reporting and upliftment of youth programmes. Due to the high youth population of about 40% according to the Community Survey 2016, and difficult economic climate that we live in, the municipality also has a bursary programme that offers potential students to empower themselves through education. Abaqulusi Municipality will aim to achieve the following:

- Establishment of Youth Committee (Youth Council)
- Conduct youth empowerment sessions
- Provide government departments, statutory bodies and private sector with a platform to engage with the youth in order to disseminate developmental information.
- Support programmes: Youth Summit, Youth EXPO, and Youth in dialogue.

- ***Development of People with Disabilities***

According to the National Disability Strategy, Municipalities are charged with the responsibility to ensure that the playing field is levelled for all people with disabilities, focusing on employment opportunities. Abaqulusi Municipality will aim to achieve the following:

- Establishment of Social services stakeholder Committees for the disabled
- Conduct empowerment sessions
- Support DSD in out rolling social development programmes for the disabled

- ***Development of the Elderly***

The elderly citizens of Abaqulusi municipality comprises of just under 5% of the total population according the Community Survey 2016. However, although the elderly are usually associated with the age group of 65+ and the retired population from the workforce, it is still imperative that they are given the necessary attention that is required. Abaqulusi Municipality will aim to achieve the following:

- Establishment of Social services stakeholder Committees for the elderly
- Conduct empowerment sessions
- Support DSD in out rolling social development programmes for the elderly

- ***Development of Women***

It has been researched that no society thrives where women are not supported and respected. Abaqulusi population studies indicate that its population is comprised of more females than males, accounting for 52% as per the recent Community Survey 2016 results. With this statistic in mind, specific projects are sponsored targeting women empowerment include women in agriculture and in establishing co-operatives with a view to growing them into SMMEs and medium to large businesses. Abaqulusi Municipality will aim to achieve the following:

- Establishment of Social services stakeholder Committees for Women
- Conduct empowerment sessions
- Support DSD in out rolling social development programmes for Women
- Co-ordinate responsive programmes such as 16 days of activism against Women abuse

- ***People affected by Crime, HIV/AIDS, Drugs, etc***

The HIV/AIDS pandemic is major concern in all municipalities around the country. In order to reduce the levels of HIV/AIDS in the Abaqulusi region, the Municipality will set-up a fully functional Local AIDS Council, which will be represented by various stakeholders. The OSS Task Team Members also play a very active role in ensuring that the fight is won at local levels under the collaborative strategies like establishing War-rooms at Ward levels. In the fight against HIV/AIDS, the Abaqulsui Municipality will aim to achieve the following:

- Establishment of HIV/AIDS Council
- Conduct awareness and empowerment sessions
- Support DSD in out rolling social development programmes for people affected with HIV/AIDS
- Co-ordinate responsive programmes such as commemoration day for HIV/AIDS
- Seek funding to deliver projects related to assisting those people affected with HIV/AIDS

- ***Early Childhood Development***

It is finding in many studies conducted around the world that the responsibility and development of a child is one that belongs to society. It is for this reason that all spheres of government and various stakeholders play a critical role in protecting and developing children as they are considered to be the future. Abaqulusi Municipality will aim to achieve the following:

- Establishment of Social services stakeholder Committees for Children
- Support DSD in out rolling social development programmes for Children
- Co-ordinate responsive programmes such as 16 days of activism against Child abuse

b. Objectives and Strategies for 2022/2023

Key Focus Area	Development Objectives	Development Strategies
Youth Development	Establish and promote youth development programs by 2027	<ul style="list-style-type: none"> • Establish Youth Committee (Youth Council) • Conduct youth empowerment sessions • Provide government departments and private sector with a platform to support the youth in their different developmental needs.
Social Welfare	Ensure availability of social services programmes to the community of Abaqulusi by 2027	<ul style="list-style-type: none"> • Establish Social services stakeholder Committee • Support DSD in out rolling social development programmes.
HIV/Aids	Establish and promote healthy living and HIV/AIDS awareness programmes BY 2027	<ul style="list-style-type: none"> • Establish health and HIV/AIDS Committee (AIDS Council) • Conduct awareness programmes • Provide department of health with a platform to support the community in their different health needs.
Special Programs	Establish and promote community empowerment programmes for children, aged, disabled and vulnerable groups by 2027	<ul style="list-style-type: none"> • Establish Special programmes Committee (Children , Gender , elderly and Disability Councils) • Conduct empowerment sessions and awareness campaigns • Support NGO'S by sourcing assistance from potential sponsors and funders

Component E: Environmental Health

3.15 Physical Environment

a. Background

The Municipality's current land use pattern has evolved in response to the growth of settlement and pattern thereof, the natural environment and regional access routes and reflects the rural nature of the region. These factors heavily influence the impact on the environment within the municipal space.

Several important environmental features characterises Abaqulusi Municipality which are: natural vegetation areas, high species diversity areas, watercourse – wetlands, streams and rivers, habitats, breeding areas of threatened species, natural heritage sites, conservation significance sites, archaeological sites, geomorphologic importance sites and historical sites.

Environmental characteristics, associated constraints and opportunities are discussed in the sections below:

Abaqulusi Municipality falls in varied climatological zones as defined by the bio-resource classification of the KZN Department of Agriculture and Environmental Affairs. The dominant bio-resource groups are moist tall grassveld, warm sour sandveld, warm moist transitional tall

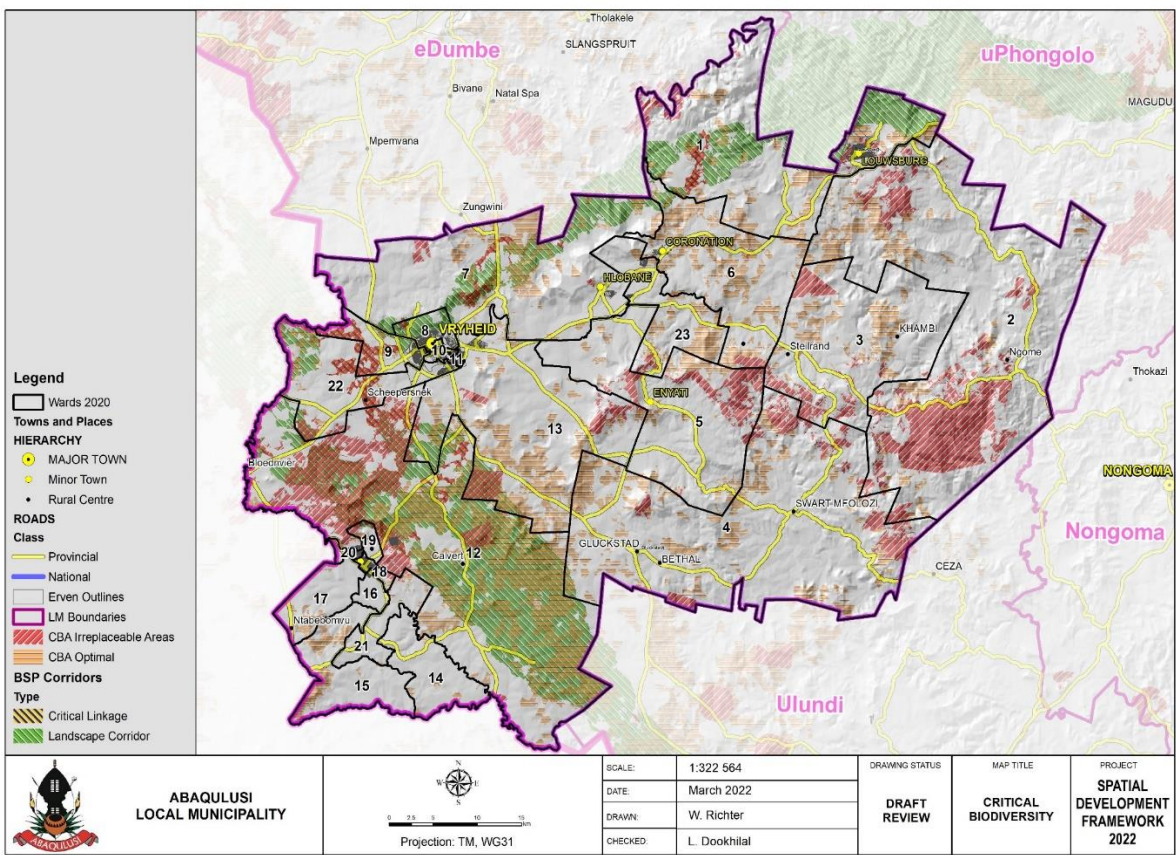

grassland and dry Zululand thornveld. The mean annual rainfall range from 640 mm and 800 mm then rises up to between 800 mm and 1000 mm east of Khambi along the eastern boundary of Ward 2. The mean annual temperature lies between 170C and 190C. Summers are generally warm to prolonged hot spells reaching 300C. Winters are cold to very cold. Very cold winter periods are often associated with moderate to severe frost.

The dominant vegetation type in the municipality is grassland. The grassland consists of tall grass species predominantly Hyparrheniahirta and other species of Hyparrhenia in lesser prevalence. Woody vegetation is found on dolerite hillsides where the dominant tree species are Acacia caffra, and Acacia kerroo mainly along the watercourses.

The relevance of this issue to the Abaqulusi Municipality is that there is large-scale forestry activity in the municipality as well as some extensive areas of indigenous forests. The occurrence of timber plantations in association with the tall grassland vegetation supplies sufficient biomass for the disastrous bushfires. The issue of a high potential for Abaqulusi to be a fire prone municipality becomes even more significant considering the fact that climatic conditions favours the development and spread of uncontrollable bush fires which contributes to climate change and weather patterns changing.

The Map below highlights the environmentally sensitive areas within Abaqulusi Municipality.

Map 11: Environmentally Sensitive Areas

Environmental Legislative framework

The law regulating waste management assist in order to protect health and the environment by providing reasonable measures for the prevention of pollution and ecological degradation and for securing ecologically sustainable development; to provide for specific waste management measures; to provide for the licensing and control of waste management activities; to provide for the remediation of contaminated land; to provide for compliance and enforcement; and to provide for matters connected therewith. The various applicable environmental Legislation within the Republic include the following:

- The South African Constitution (Act 108 of 1996)
- Environment Conservation Act (Act 73 of 1989)
- The National Environmental Management Act (Act 107 of 1998)
- National Environmental Management: Waste Act, 2008 (Act 59 of 2008)
- Hazardous Substances Act (Act 5 of 1973)
- Health Act (Act 63 of 1977)
- Occupational Health and Safety Act (Act 85 of 1993)
- National Water Act (Act 36 of 1998)
- Municipal Structures Act (Act 117 of 1998)
- Municipal Systems Act (Act 32 of 2000)
- Mineral and Petroleum Resources Development Act (Act 28 of 2002)
- Air Quality Act (Act 39 of 2004)

As per the Municipal SDF, there are only 2 protected areas within the municipality, namely:

- Ithala Game Reserve
- Vryheid Mountain Nature Reserve

These 2 areas mentioned above constitute 1% of the land cover in Abaqulusi.

The main issues within the municipality were identified within the following categories: housing, soil, water, waste, biodiversity and tourism. The Fundamental Tools to be considered when contemplating each issue and acting on these issues are: Awareness, Regulation and Enforcement, Sustainability, and Delivery.

b. Objectives and Strategies for 2022/2023

Key Focus Area	Development Objectives	Development Strategies
Environmental Health	Establish and promote a healthy environment in Abaqulusi by 2027	<ul style="list-style-type: none">• Establish Environmental issues committee (Enviro Council)• Conduct awareness programmes• Provide department of environmental affairs with a platform to support the municipality and the community in their different art environmental needs

Component F: Health

3.16 Clinics, Hospitals and Ambulance Services

As per the table below, there are 4 Hospitals and 17 Clinics within Abaqulusi. The Municipal SDF clearly indicates that there is a shortage of clinics in certain wards according to the CSIR requirements. Healthcare in Abaqulusi, specifically in Vryheid is under extreme pressure due to the Vryheid Hospital serving as the primary regional hospital. Due to the shortage and lack of private medical facilities in Abaqulusi, a private hospital has been developed within the town of Vryheid. This private hospital aims to relieve the pressure of surrounding hospitals and reduce the distance travelled by Abaqulusi residents in search of quality private healthcare.

Clinic/Hospital Name	Area/Suburb	Authority	Type
Bhekumthetho Clinic	eMondlo	Provincial	Clinic B
Bhekuzulu Clinic	Vryheid	Provincial	Clinic
Gluckstadt Clinic	Vryheid	Provincial	Clinic B

Abaqulusi Private Hospital	Vryheid	Private	Hospital

Source: KZN Department of Health 2018

Within the municipality, there are also numerous Private and Public Emergence Medical Response Services (EMRS) available in support of the private and public healthcare facilities that exist.

3.17 Health Inspections: Food Inspections, Abattoir Licensing and Inspections

This service offered is the competency of the District Municipality. The Abaqulusi Planning and Community Services department currently share a strong relationship with this unit in the district when their services are required.

Component G: Public Safety and Security

a. Background

Local Government: Municipal Systems Act 32 of 2000 has clearly provided a directive in terms of the role of Local Municipalities towards safer and secure communities. The indication from the Act is that municipalities as the closest sphere of government to the communities must “*Promote safe and healthy environment*” through which social cohesion. The understanding is that as the operational sphere of government, municipalities are severely affected by crime and safety issues on the ground which often impact negatively on the mandate given by communities to the government, namely; service delivery. We further understand and most importantly acknowledge the role played by various sectors through our Security agencies and Community Safety Forum in trying to ameliorate the living conditions of our people and economic development can be enriched and sustained.

When addressing the risk factors for crime by enhancing parenting practices, improving access and investment in education, reducing access to alcohol, illegal substances and weapons, and increasing employment opportunities it is important to simultaneously build the resilience of individuals, families and communities to crime and violence. Resilience is the ‘process of, capacity for, or outcome of, successful adaptation, despite challenging or threatening circumstances. It is important therefore, that safety strategies, particularly those aimed at addressing crime and violence, must include mechanisms which build the capacity of individuals and institutions to deal with the adversity that may makes them more vulnerable to crime.

In developing strategies to deal with crime and violence, risk and protective factors must be disaggregated by target groups. Risk factors for crime and violence include those set out in the table below.

Risk factors for crime and violence

Individual	Risk Factors
	Violence, abuse, maltreatment, neglect
	Dysfunctional families
	Gender
	Age
	Low social status related to class, race, ethnicity
	Poor nutritional, pre-natal and health care
	Disability

Relationship	Risk factors
	Family violence and conflict
	Absent/low levels of parental involvement
	Teenage parenthood
	Gender inequalities
	Violence, abuse, maltreatment, neglect in the home

Community	Risk factors
	Easy availability of drugs, alcohol, firearms
	Lack or poor access to quality education, training opportunities, employment
	Family/community attitudes condoning violence

Macro/structural	Risk factors
	Structural inequalities (social, economic, political)
	Social norms condoning inequality and violence
	Lack of access to /poor delivery of basic services (eg housing, water and sanitation)
	Unemployment

3.18 Police Services

There are six police stations located within the AbaQulusi Municipal area of jurisdiction, namely:

1. Vryheid
2. eMondlo
3. Gluckstadt
4. Louwsburg
5. Driefontein
6. Ngome

The Abaqulusi Public Safety Section which forms part of the Community Services Directorate also responsible for the traffic law enforcement, including road blocks, speed control, attending to road accidents, enforcing Bylaws, conducting road safety, motor vehicle testing and licensing. Its additional functions include crime prevention, and participation in Community Policing Forums (CPF) and supporting the Neighbourhood Watches that exist around the various areas. It also render services in disaster risk management, however, the operations of this unit are limited by the shortage of both financial and human resources.

Legal requirements

Since 1994 a lot of legislation and policy documents were drafted by national government which provide the prerequisites and guidance for the development of a local safety and security strategy. The following are some of the policies and departments that are most relevant to the subject, prepared by:

- Department of Safety and Security
- White Paper on Safety and Security (September 1998)
- The South African Police Service Amendment Bill No 39 of 1998: Municipal Policing
- SAPS Amendment Act No 83 of 1998
- Department of Provincial Affairs and Local Government
- Department of Land Affairs

The first of the above-mentioned policies, namely the White Paper on Safety and Security of September 1998, argues that crime will be reduced through two strategies, namely: law enforcement and social crime prevention. If law enforcement largely involves the police, then crime prevention needs much broader participation by government and community members. In this context, the White Paper makes provisions for the involvement of the different levels of government. When it comes to the local government, the White Paper states that the local governments should actively participate in crime prevention by planning programmes and coordinating a range of local actors to ensure that these are carried out.

The White Paper implies that crime prevention should be an integral part of good urban management and not something that is added on to existing functions. With this in mind, practical ways for local government to reduce crime include:

- Preventing crime in the structures of, and on the property of, the municipality;
- Working with local police;
- Aligning internal resources, objectives and development projects with the principles of crime prevention;
- Coordinating crime prevention efforts in the municipal area to avoid duplication;
- Enforcing by-laws and traffic laws;
- Assisting victims by providing information on services; and
- Initiating targeted crime prevention programmes

This is the attempt to reduce and deter crime and criminals. It is applied specifically to the efforts made by all spheres of government to reduce crime, enforce the law and maintain criminal justice. Traffic Officers are Peace Officers according to the Criminal Procedure Act 51 of 1977 to assist in crime prevention during their normal duties. Monthly meeting is held with the South African Police Services and Community Policing Forum

3.19 Municipal Public Safety and Law Enforcement

The Municipality renders a comprehensive traffic service including traffic law enforcement, road markings, road traffic signs, law enforcement in general and a shared disaster management in conjunction with the Zululand District Municipality.

The endeavor to educate and create a culture of compliance and willingness to obey to traffic law, rules and regulations and operate on the legal mandate of NRTA 93/96 and NLTA 5/2009. Operational activities *inter alia* include roadblocks, high visibility, random vehicle checkpoints, execution of traffic related warrants and traffic laws and policing of municipal by-laws.

Traffic also partners with other law enforcement agencies, like the SAPS, RTI, Magistrate Court and Provincial Traffic Services to minimize road deaths and other crime related problems.

The general priority of the Traffic Law Enforcement aims at ensuring that the community is adhering to the

By-laws of AbaQulusi Municipality. This unit works hand in hand with the SAPS and the Planning Department in the demolishing of illegal structures.

Special focus is on the following:

- Demolishing of illegal structures;
- Law Enforcement to decrease incidents affecting traffic safety;
- Monitoring and collecting outstanding fines;
- Removal of vagrants;
- Informal trading;
- Illegal dumping;
- Animal control; and
- Abandoned vehicles.

Foot patrol through the CBD is done on a daily basis to ensure visibility in order to create a safer environment.

Several awareness campaigns regarding road safety and fire protection are conducted throughout the year.

Some key stats for the year include:

DETAILS	2020/21	2021/22	2022/23
Motor vehicle licenses processed	3957	25717	
Learner driver licenses processed	1570	2951	
Driver licenses processed	2450	3107	
Driver licenses issued	3890	7306	
Fines issued for traffic offenses	8586	5490	8375
R-value of fines collected	8 7126 00	104490	8 959 402
Roadblocks held	18	38	24

Complaints attended to by Traffic Officers	28	24	22
Number of officers in the field on an average day	16	15	16
Number of officers on duty on an average day	16	15	16

3.20 Disaster Management Services

The Abaqulusi Local Municipality currently has a Disaster Management Centre where disaster management functions are fully rendered. However, it must be noted that the municipality still requires assistance from all relevant stakeholders in order to have a fully functional and effective unit within the municipality due to the lack of capacity and limited funding. The municipality is in possession of Disaster Management Sector Plan which is reviewed annually.

The municipality's disaster budget operates on very limited funding; however, funds are made available via the municipal budget and other supporting structures. There is however a dependency from the district municipality and KZN Provincial Disaster Management Centre during an event of a disaster.

The Abaqulusi Municipality is committed to Disaster Management Training and Public Awareness campaigns around its area of jurisdiction, particularly in the most vulnerable wards. Volunteers within the municipality are also utilized in order to assist with disasters. Ward Councillors are also workshopped on a time-to-time basis in order to sensitise their communities about potential disaster risks.

The Abaqulusi Municipality Disaster Management Centre core priority is to ensure the vulnerable communities can be able to mitigate effects of disasters by addressing following:

- ✓ Determine the risk and identify possible hazards and emergencies
- ✓ Learn about the hazards that may strike their community
- ✓ The risks they face from these hazards
- ✓ Familiarize communities with plans for warning and evacuation which can be obtained this information from your local Disaster Management Centre of local municipality.

The objectives that are summarized below should be executed in collaboration with the Zululand District Municipality Disaster Management Centre. It is expected that the Disaster Management Centre shall have the necessary response and recovery equipment and immediate relief provision and needs. Abaqulusi Municipality is advised to acquire some response and recovery equipment and immediate relief provisions.

Objective: To ensure effective disaster response and recovery by:

- ✓ Implementing early warning systems.
- ✓ Implementing immediate and appropriate response.
- ✓ Implementing recovery and rehabilitation strategies.

Immediate Relief Measures: The Disaster Management Centre needs to ensure that they have measures in place to readily provide emergency relief. These interim relief measures should be disseminated efficiently to the affected household and communities in the event of a major incident.

Whenever there is threatening or imminent hazard, an early warning is disseminated to communities or relevant stakeholders. Preparedness levels are kept high through public engagement via awareness campaigns, media releases and training sessions. Ward Councillors, Ward Committee Members, Traditional Leaders and Volunteers are utilized to carry out response and recovery plans.

At present, the Municipality has a fire station located in Vryheid CBD in order to respond to emergencies within predetermined times. This service is provided on a 24/7 emergency control centre. Furthermore, the Municipality conducts Fire inspections and fire drills if and when requested. The Municipality proactively conducts regular risk compliance within the Municipal jurisdiction in order to mitigate potential fire risks.

The main objective of Risk Reduction and Prevention is to facilitate co-operation and integration amongst stakeholders and that the municipality develops and implements Disaster Management Objectives as stipulated by the Disaster Management Act. The prevention and mitigation strategies and disaster response must be aligned with the requirements of the National Disaster Management Centre (NDMC), Provincial Disaster Management Centre (PDMC) Zululand District Municipality framework. Abaqulusi Municipality must mobilise fiscal resources to enable it to plan and implement risk reduction projects and programmes in its area of jurisdiction.

The successful implementation of the Disaster Management Act critically depends on the preparation and alignment of disaster management frameworks and plans for all spheres of government. The legal requirements for the preparation of disaster management frameworks and plans by provincial and municipal organs of state are specified in sections 38 and 52 of the Act. This key performance area addresses requirements for disaster management planning within provincial and municipal spheres of government. It gives particular attention to the planning for and integration of the core risk reduction principles of prevention and mitigation into ongoing programmes and initiatives. The following activities are paramount to be executed:

- Ensure all stakeholders compile integrated and relevant disaster risk management plans.
- Determine priority disaster risks and priority areas, communities and households.
- Scoping and development of risk reduction plans, projects and programmes.
- Inclusion of risk reduction efforts into strategic integrating structures and processes.
- Implement and monitor disaster risk reduction programmes and initiatives.

b. Objectives and Strategies for 2022/2023

Key Focus Area	Development Objectives	Development Strategies
Safety and Security	Enhancing safety and security by 2027	<ul style="list-style-type: none">• Participate in the CPF and Neighbourhood watch meetings• Conduct crime-awareness programmes in communities• Review of Safety and Security Plan• Installation of CCTV Cameras
Fire and Disaster Management	Ensure Effective & Efficient response to community emergencies by 2027	<ul style="list-style-type: none">• Strengthen stakeholder relations• Decentralization of services by establishing disaster satellite offices• Establishment of Disaster Management Unit• Acquiring relevant and sufficient Disaster Equipment regularly

c. Employee Information and Financial Performance

As of 30 June 2023, the Public Safety Unit (Law Enforcement, Motor and Driver License, and Disaster Management Unit) within the municipality had a total number of 48 employees, costing the municipality R22 554 115 per annum.

Component H: Sports and Recreation

3.21 Sports and Recreation

a. Background

In terms of our mandate, we make facilities, such as sport fields, available to the broader community. The Municipality is responsible for development of the facilities and their upgrade and maintenance. There are also sports clubs around the municipal space who utilise municipal sports facilities and structures. The municipality also has lease with some sports clubs for the use of certain municipal sports facilities.

AbaQulusi municipality sport and recreation serves as the co-ordinating body for the community to seize sport and recreational developmental opportunities through programmes such as:

- Zululand Ultra Marathon
- AbaQulusi municipality mayoral cup tournament
- Zululand district Municipality Mayoral Cup Tournament
- Golden games (local, district, provincial and national competitions)

- Indigenous games (local, district, provincial and national competitions)
- SALGA KZN Games

All programmes and projects for sports and recreation are implemented in joint venture with KZN department of sports and recreation (KZN DSR), Zululand District Municipality and Abaqulusi Municipality Sport Council. The provision of recreational facilities is sheltered by the availability of sport fields, sport stadiums and community halls. Parks and halls are managed by the Municipality and they are available for hire to the community.

b. Objectives and Strategies for 2022/2023

Key Focus Area	Development Objectives	Development Strategies
Sport fields and Parks	Expand accessibility and maintenance of Sports fields and Parks in various wards by 2027	<ul style="list-style-type: none"> • Construction and maintenance of new Sports fields and Parks in various wards • Upgrade and revamp existing Sports fields and Parks

Component I: Corporate Policy Offices and Other Services

3.22 Executive and Council

a. Background

The Abaqulusi Municipality's institutional arrangement comprises of a Political and Administrative structure. The Political structure (**EXCO and Council**) plays an oversight role and are the decision makers within the municipality whilst the Administrative structure is responsible for implementing Council's strategic goals. The Administrative structure of the municipality is made up of 6 departments, namely:

- Office of the Municipal Manager
- Finance Department
- Technical Services
- Corporate Services
- Development Planning
- Community Services

The above mentioned departments are monitored by the **5 Portfolio Committees** within the municipality which are established by Council. The role of these Portfolio Committees are to simply track progress and overlook the functionality and performance of the municipality. In addition to the Portfolio Committees, the Council has a further **2 Committees** that play an oversight role within the municipality, namely:

- Audit Committee
- Municipal Public Accounts Committee (MPAC)

The table below highlights the various structures that exist within the Abaqulusi Municipality. These structures are vital in the operations of any municipality in order to encourage public participation, track service delivery and promote transparency and an accountable local government.

Committee Name	Number of Meetings (01 July 2022 – 28 February 2023)	Dates of Committee Meetings	Functional
Council	15	16 August 2022 31 August 2022 04 October 2022 19 October 2022 27 October 2022 08 November 2022 17 November 2022 15 December 2022 26 December 2022 16 January 2023 26 January 2023 27 February 2023 31 March 2023 30 May 2023 20 June 2023	Yes. Amakhosi within the municipality are sitting and participating in Council Meetings as well.

3.24 Human Resources Services

a. Background

Municipal Transformation and Organizational Development within the sphere of Local Government is a direct obligation that primarily sits within the Corporate Services Department under the Human Resource Section. Within the Abaqulusi Municipality, the issues of Municipal Transformation and Organizational Development is dealt with by the Human Resource Strategy and Plan.

The Aims and Objectives of the HR Strategy and Plan is follows:

- Effective Communication/ consultation between the Departments and Huma resources;
- HR Data interpretation, analysis and implementation of corrective action;
- Benchmarking with other municipalities based on results of 3 above;
- Review and update all HR Policies;
- Fill Critical posts;
- Review and adopt organogram;
- Cascade performance Management;
- Design a recognition scheme for high performers;
- Conduct skills Audit;
- Develop and implement workplace skills plan

The Strategic Pillars of the HR Strategy and Plan

- Remuneration and reward
- Exit management
- Talent management
- Organisational culture management
- Human resources planning
- Sourcing and placement
- Capacity building
- Performance management
- Wellness management
- Employee relations
- Employee retention management
- Employee retention strategy
- Human resources management and administration reporting
- HR Information system
- HR Communication
- Staff retention
- Employment equity and diversity management

b. Objectives and Strategies for 2022/2023

Key Focus Area	Development Objectives	Development Strategies
Human Resource Management	To ensure that the municipality practice sound Human Resources management by 2027	<ul style="list-style-type: none"> ● Conduct Workshops on labour relations ● Ensure functionality of Local Labour Forum ● Formulate, review and adopt new and existing HR Policies. ● Review and adopt Employment Equity plan ● Review and adopt recruitment Plan and strategy ● Review and adopt Retention strategy

- Review and adopt organizational structure
- Review Job descriptions
- Fast track filling of critical vacant posts
- Expanding or securing leaderships ,internship and apprenticeship to community members in consultation with SETAs

3.25 Information Communications and Technology (ICT)

a. Background

The ICT Policy within the municipality is considered to be the primary document that regulates all issues pertaining to ICT. This policy is reviewed and adopted annually. . The purpose of the ICT policy, and as IT, we are mandated not only by law, but good governance, and policy regulations and procedures to ensure the security, integrity, and accessibility of data, equipment, and information. The implementation of IT business model strategies, policies, and procedures to ensure business continuity. Furthermore The last review in May 2023 with an addition of the ICT Steering Committee Terms of Reference or ICT Charter which is formulated to ensure that the Senior Management oversight role is played on current and future ICT projects as well as the prioritization of the important ones that can make a positive impact on the Municipal business, in addition also, the new subsection that is called a : “ *Mobile Device Management and Acceptable Use Policy*” was formulated and included under the aforementioned policy to ensure effective management of mobile data and equipment thereof.

The ICT Policy is there to ensure procedures, and processes are followed so as to ensure the security and integrity of the data. That the security of systems, and system data are paramount. There have been steps taken to increase the security and integrity of data and equipment.

The ICT policy is aligned to the ICT governance framework as well as included in the ICT policy as a subsection.

The ICT policy is fully implemented; however, the municipal manager has the power to bypass security protocols and/or security contingencies, therefore opening up the municipal network to digital attacks of which we have seen in recent years. The bypassing of security protocols/procedures by a higher authority, in its own is a risk that should be addressed strictly, however this is monitored through procedures and protocols that have been put in place.

The ICT policy is set to be reviewed in 2023/2024 budget year and additional procedures and protocols added with additional risk management added in as part of the IT security policy as well as updates to the governance thereof.

IT ensures not only that security and integrity of data is maintained, but also maintain all systems, workstations, and all IT based equipment owned by the municipality within the IT infrastructure as far as Vryheid, eMondlo, Corronation, Hlobane, Louwsberg, and other areas within AbaQulusi Municipal area is maintained and functioning.

As IT, there are challenges related to staff shortages with the large area of infrastructure needing to be maintained. It is important to have the right staff with the right experience/capabilities to ensure the uptime of such a large infrastructure.

The IT Manager is responsible and committed to train all staff members on cybersecurity through official cyber-security workshops. Occasional emails stating procedures and protocols to be adhered to are sent out to all staff that work on computer systems belonging to the municipality. As part of IT’s cyber security initiative, we had begun a testing phase of a Cybersecurity Info Program. This is to share Cybersecurity risks, and enhanced users with knowledge on inherent risks involved in the use of technology in the technological world today. This has been fully implemented as a quarterly based ICT Policy and Cyber Security Workshop. The impact of cyber-crime on a business or government institution can be devastating. A lack of focus on cyber security can be greatly damaging to a business or government institution. ... All businesses, no matter its size, needs to ensure everyone involved in the company is up to date on the latest cyber security threats and the best methods for protecting data. Even a simple device like a USB data stick can carry vulnerabilities that can penetrate an institutions network. Similarly, with mobile phones being used as storage devices and plugged into a computer.

The cyber security workshop is set out to teach and share information on the methods used by cyber criminals to gain not only physical access but digital access to user email accounts and personal information by use of SPAM, phishing emails, spear phishing emails, etc, and then that information gained is then used by the cyber criminals. The cyber security workshop is intended to assist in preventing staff from being the 80% risk factor. With risk of cyber-attacks having increased exponentially over the last few years it is important that staff incorporate cyber security into their daily life and ensure that it becomes second nature to them so that the risk of being opened up to cyber-attacks is lowered dramatically.

It is also one of the functions of IT to keep up to date with latest technology [hardware & software] so as to ensure that minimal issues arising from the use of older technology. By budgeting for new equipment and the facilitation of that purchase of new desktop computer systems, laptops, server systems and various other technology required to upgrade the IT infrastructure.

b. Objectives and Strategies for 2022/2023

Key Focus Area	Development Objectives	Development Strategies
Information Communications and Technology (ICT)	To provide a secure ICT infrastructure which delivers appropriate levels of Confidentiality, integrity, availability, stability and growth by 2027	<ul style="list-style-type: none"> • Development and monitoring of ICT infrastructure and relevant security mechanisms with provision of reports. • Workshop of ICT Policies and Procedures to staff. • Development of IntraNet to provide basic information on Email and Internet security standards for users.

- Ensure ICT secure procedures are followed.
- Ensure security mechanisms are in place to ensure confidentiality and integrity of data.
- Upgrade, and maintain relevant equipment and infrastructure to ensure stability of ICT infrastructure
- Providing ICT Tools of trade.
- Upgrading to new technologies.
- Updating/Upgrading to new software as part of the new technology drive forward.
- Renewal and expansion of DR and Data Backup Systems
- Develop compliance/IntraNet calendar for staff on the IntraNet as reference model to assist in providing staff with deadline dates for ALL reports.
- Develop backup and replicate information for future reference
- Procure CAD software for engineering drawings

c. Employee Information and Financial Performance

As of 30 June 2023, the ICT Unit within the municipality had a total number of 3 employees, costing the municipality R1 828 348 per annum.

Component J: Annual Performance Report – Organisational Scorecard

a. Background

The Abaqulusi Local Municipality Annual Performance Report is hereby submitted in terms of Section 45 (b) of the Local Government: Municipal Systems Act (MSA), 32 of 2000. The report covers performance information from 01 July 2022 to 30 June 2023 and focuses on the implementation of the Service Delivery Budget and Implementation Plan (SDBIP), in relation to the objectives as encapsulated in the Municipality's Integrated Development and Plan (IDP).

The report is a reflection of the actual performance of the Municipality as measured against the performance indicators and targets in its Integrated Development Plan (IDP) and Service Delivery and Budget Implementation Plan (SDBIP) for the financial year ending 30 June 2023. The report focusses on service delivery on a service-by-service basis. It considers municipal

performance derived from IDP goals, objectives and strategic focus areas translated into the SDBIP and presents data on community needs and resource deployment.

It reports on National Treasury recommended set of indicators to provide a basic set of key comparative data to be amassed from all relevant municipalities. It also reports on other indicators related to the municipality's strategies. The service delivery issues are structured, captured and reflected under each priority as contained in the IDP to allow for easy comparisons on achievements against SDBIP.

In order for the Municipality to comply with Section 45 (b) of the MSA, it is generally recommended that the Annual Performance Report (APR) be submitted together with the Annual Financial Statements two months after the end of the financial year.

This Annual Performance Report will form part of the 2022/2023 Annual Report which will be tabled by the Mayor in January 2024.

b. Legislative Background

Section 46 of Municipal Systems Act (MSA), No. 32 of 2000 requires Council to comply with the provisions of the said legislation and to annually prepare a performance report. The format and structure of the report is determined according to the said section of the legislation and other National Treasury guidelines which have been utilised in the Abaqulusi Local Municipality 2022/2023 Annual Performance Report (APR).

Section 46 (1) of the MSA stipulates that a municipality must prepare for each financial year an annual report consisting of: -

(a) A performance report reflecting—

- The municipality's and any service provider's performance during that financial year, also in comparison with target of and with performance in the previous financial year.
- The development and service delivery priorities and the performance targets set by the municipality for the following financial year; and
- Measures that were or are to be taken to improve performance

c. Municipal Overview

The Municipal Scorecard approach reflects the 5-national government KPA's and KPA applicable to the KZN Province being Cross Cutting Intervention. All KPAs are indicated as follows and provide a wider assessment of how the municipality is performed

1. Basic Service Delivery and Infrastructure Development
2. Municipal Transformation and Institutional Development
3. Financial Viability and Management
4. Local Economic Development and Social Development
5. Good Governance and Community Participation
6. Cross Cutting Interventions

The municipality developed an Integrated Development Plan 2022/2023 financial which was adopted with focus areas, development objectives, this was adopted by the municipality by the 31 May 2022.

The Key Performance Indicator's (KPI's) for each developmental objectives were crafted with specific targets to be achieved during the 2022/23 financial year in the Service Delivery Budget and Implementation Plan (SDBIP). The Municipal Managers and Managers directly accountable to the Municipal Manager signed Performance Agreements as required by legislation on the 31 July 2022. The Performance Agreements had Plans which contained targets from the SDBIP and timeframes for implementation thereof.

An adjusted budget was prepared by the Municipality following an adjustment budget end February 2023. There were no KPI's which were removed from the original SDBIP, and there were no additional targets added either. Adjustments were mainly on numbers for: households with access to basic level of sanitation, households with access to basic level of water and households with access to basic level of refuse removal. Grammatical errors, developmental objective, in-year targets, Portfolio of Evidence (POE) were adjusted for a few KPI's.

Quarterly reports and the Mid-Year Performance Reports have been prepared by Departments and this is the information used for development of the Annual Performance Report 2022/2023 financial year.

The KPAs also incorporates 34(thirty) focus areas selected from the IDP and implemented through the SDBIP which was approved by the mayor on the 28 of June 2022 and adjusted through council approval on the 28th of February 2023.

In measuring the performance of the Abaqulusi Local Municipality, a summary of the Municipal Goals, Objectives and Key Performance Indicators are introduced below:

Key Performance Area: Basic Service Delivery and Infrastructure Development		
Goal	Development Objectives	Key Performance Indicators

d. 2022/2023 Performance Summary

The Organisational Scorecard contains a total of 82 KPI's in the 2022/2023 financial year, 67% (55) of the argets were achieved and 33% (27) of the targets were not achieved.

In comparison with the prior year where 62% of targets were achieved, the municipality recorded an improved performance by 5%.

The actual Performance against targets set in line with the key performance indicators is illustrated in terms of the following assessment methodology and colour coded as follows:

Colour	Performance Definition
	Performance meets target with supporting evidence and is indicated as target met
	Performance does not meet target and indicated as target not met

All KPI's achieved are supported by Portfolio of evidence. Reasons for variances have been documented where targets have not been met and when targets achieved are higher than the set target. Measures taken to improve performance / corrective measures to be taken for unachieved targets has also been documents for all unachieved targets.

e. Comparison of Performance with the previous Year -2021/2022 vs 2022/2023

National Key Performance Area	2021 / 2022				2022 / 2023			
	Total no of targets	Targets met	Targets not met	% Percentage	Total no of targets	Targets met	Targets not met	% Percentage

f. Performance per Key Performance Area – Highlights, Challenges and Corrective Measures to Improve Performance

1. Basic Service Delivery & Infrastructure Development

Period	Total Targets	Targets Met	Targets Not Met	% Percentage Achieved	Targets Not Met
2021/22	18	8	10	44%	56%
2022/23	21	8	13	38%	62%

1.1 Highlights and Achievements

- Project design of phase 8, Extension 16(Sasko) road were completed.
- Upgrading of 2km of Mezzelfontein Road - Ward 12 (Phase 2) was completed.
- 13362 of households with access to basic level of sanitation
- 14366 households with access to basic level of water
- 18923 of households with access to basic level of electricity
- 14995 households with access to basic level of refuse removal
- Electrification
- 75(seventy-five) households in Sasko have access to electrical connection
- 4(four) Housing Forum meetings held :10 August 2022, 9 November 2022, 28 February 2023, and 17 May 2023

1.2 Challenges – Reasons for not Achieving Target

- Tarring of Zama to KwaBele Police station road phase 3 was not completed as planned.at the time of reporting, the Municipality had completed 85% of phase 3, 1km road tarred in ward 12. This was due to: Project planning delayed, SCM processes delayed, rains in November, December and February affected progress. In the 3rd quarter contractor experienced cashflow challenge.
- Tarring of Zama to KwaBalele - Bhekumtetho Road Ward 19 (Phase 4) was not completed as planned. Only 71% of phase 4, 0,4km road tarred in ward 19. This was due to: Delays in handover of projects. Rains in November, December and February affected progress. Slow progress due to long distance haulage. Borrow pit in community stopped the contractor from mining material. Contractor experienced ground water during box cutting. Contractor experienced cashflow challenges. Local suppliers didn't have G2 material which had to be imported from Dundee which added to the delays because of the distance.
- The Upgrading of Extension 16 (SASKO) Roads - Ward 8 (Phase 2) was not completed as planned. Only 58% of phase 2, 1km road in ward 8 was tarred. This was due to:

Delays in handover of projects, rains in November, December and February affected progress, No G2 material from local suppliers. VO due to underground water.

- The maintenance of rural Bhekuzulu road and Paving of the same in Ward 11 & 13 (Phase 2) was not completed as scheduled. At the time of reporting, only 66% of phase 2, 0,5km road paved in ward 13. This was due to: Delays in handover of projects, rains in November, December and February affected progress. Raised water table also affected progress. Additional funding is required for the project from the Department of Cooperative Governance and Traditional Affairs (COGTA).
- The Upgrading of Mhlanga Gravel Road in Ward 15 (Phase 3 &4), this project was also not completed as scheduled. At the time of reporting, 73% of phase 3 & 4, 1km gravel road in ward 15 had been rehabilitated. The was due to delays in handover of projects, rains in November, December and February affected progress. The local sub-contractors caused delays due to a delayed start.
- The maintenance of Mpongoza Access Road and Bridge structure in Ward 4 (Phase 3 & 4) was not completed as planned. At the time of reporting, 86% of phase 2, 1km gravel road in ward 4 was rehabilitated. This was due to: Delays in handover of projects, rains affected progress. Contractor experience cashflow challenges.
- The expansion of electrical accessibility in various wards- The electrical connection in Shoba- preliminary work had been done, however no connections had been made at the time of reporting. This was due to: delays in getting the MOU which affected the achievement of the target in quarter 2. Delays in getting design approval from ESKOM affected progress in quarter3. At the time of reporting, ESKOM had approved the designs and SCM processes are to be completed in due course.
- The expansion of electrical accessibility in various wards- The electrical connection in Makhukhula- preliminary work had been done, however no connections had been made at the time of reporting. This was due to: Delays with commencement of project. Delays in receipt of materials from suppliers delayed progress for quarter 3. At the time of reporting, overall progress was at 69%.
- The expansion of electrical accessibility in various wards- The electrical connection in Donsokwakhe - preliminary work had been done, however no connections had been made at the time of reporting. This was due to: Delays with commencement of project. Delays in receipt of materials from suppliers delayed progress for quarter 3.
- The expansion of electrical accessibility in various wards- The electrical connection in Bozzmin- preliminary work had been done, however no connections had been made at the time of reporting. This was due to: Delays with commencement of project. Delays in receipt of materials from suppliers which delayed progress for quarter 3. Overall progress is currently at 8%.
- The expansion of electrical accessibility in various wards- The electrical connection in Mashiyane- preliminary work had been done, however no connections had been made

at the time of reporting. This was due to: Delays with commencement of project. Delays in receipt of materials from suppliers delayed progress for quarter 3. At the time of reporting 84% of construction completed as at end of quarter 4.

- The expansion of electrical accessibility in various wards- The electrical connection in Makhlokotho- preliminary work had been done, however no connections had been made at the time of reporting. This was due to: Delays with commencement of project. Delays in receipt of materials from suppliers delayed progress for quarter 3. At the time of reporting, 79.4% of construction had been completed as at the end of quarter four.
- The expansion of electrical accessibility in various wards- The electrical connection of 28.7 MV Line Makhukhula Link- Preliminary work had been done. At the time of reporting, 44.25% of MV Line completed by 30 June 2023. The non-completion was due to delays that were experienced in the delivery of materials from suppliers which delayed progress for quarter 3.

1.3 Corrective measures / measures to be taken to improve performance.

- Zama to KwaBalele Police station road - The appointment of contractor process was concluded by 30 October 2022. Contractor added additional resources to fast-track progress. Project should have been completed by Service Provider by 2 June 2023. Penalties have been imposed on Service Provider daily. Project to be completed by the 31st of August 2023
- Zama to KwaBalele - Bhekumtetho Road Ward 19 (Phase 4)- Contractor started with site establishment on the 13 September 2022. A Variation Order was done to put dump rock to prevent water seepage. Close monitoring of the project to be back on schedule. Contractor added additional resources to fast-track progress. Project should have been completed by Service Provider by 10 July 2023. Penalties have been imposed on Service Provider daily. Project to be completed by the 31st of August 2023.
- The Upgrading of Extension 16 (SASKO) Roads - Ward 8 (Phase 2)- Contractor has already started with site establishment - 16 September 2022. Close monitoring of the project to be back on schedule by 31 Dec 2022. Contractor added additional resources to fast-track progress. Project should have been completed by Service Provider by 25 July 2023. Penalties have been imposed on Service Provider daily. Project to be completed by the 8 September 2023.
- The maintenance of rural Bhekuzulu road and Paving of the same in Ward 11 & 13 (Phase 2)- By 15 September 2022, the Contractor had already started with construction, the project was closely monitored to ensure that was back on schedule by 31 Dec 2022. Awaiting Council to approve additional funding. Project is scheduled to be completed in 23/24 Financial Year.

- The Upgrading of Mhlanga Gravel Road in Ward 15 (Phase 3 &4)- Contractor has already started with construction. Contractor added additional resources to fast-track progress Penalties have been imposed on Service Provider daily.
- The maintenance of Mpongoza Access Road and Bridge structure in Ward 4 (Phase 3 & 4) -Penalties have been imposed on Service Provider on daily basis. Certificate of non-compliance issued to the Contractor. Project is re-scheduled to be completed by the 31 December 2023.
- The expansion of electrical accessibility in various wards- The electrical connection in Shoba- MOU received. Project is now in tender stage. Anticipated date for appointment of Contractor 30 September 2023, and the anticipated date for project completion is 30 June 2024.
- The expansion of electrical accessibility in various wards- The electrical connection in Makhukhula- the Municipality implemented Close monitoring of the contractor to ensure achievement of target by 30 November 2023.
- The expansion of electrical accessibility in various wards- The electrical connection in Donsokwakhe – The Municipality has implemented Close monitoring of the contractor to ensure the achievement of project’s target by 30 November 2023.
- The expansion of electrical accessibility in various wards- The electrical connection in Bozzmin- The Municipality has implemented Close monitoring of the contractor to ensure achievement of the project’s target by 30 November 2023.
- The expansion of electrical accessibility in various wards- The electrical connection in Mashiyane- The Municipality has implemented Close monitoring of the contractor to ensure achievement of the project’s target by 30 November 2023.
- The expansion of electrical accessibility in various wards- The electrical connection of 28.7 MV Line Makhukhula Link- The Technical services department has requested a recovery plan from the constructor and closely monitor implementation thereafter. The anticipated completion date of the project is scheduled for 30 November 2023.

2. Municipal Transformation & Institutional Development

Period	Total Targets	Targets Met	Targets Not Met	% Percentage Achieved	Targets Not Met
2021/22	16	15	1	94%	6%
2022/23	15	14	1	93%	7%

2.1 Highlights and Achievements

- Abaqulusi Municipality successfully implemented employment equity for various groups employed in the three highest levels of management in compliance with the Municipality’s approved equity plan by 30 June 2023. The Municipality achieved all

of the set targets in this key performance area. At the time of reporting, Abaqulusi Municipality had met the 41% of people from employment equity target groups employed in the three highest levels of management in compliance with the Municipality's approved equity plan.

- The review, adoption, and Submission to Department of Labour (DOL) of the Municipality's Employment Equity Plan (EEP) was achieved on the set target dates.
- The Municipality ensured that the new and existing staff are capacitated to fulfil their functions and promote career development and comply with safety measures, as per the Organisation's Human Resources Manual and strategy.
- The Municipality successfully ensured that the Human Resources Policy manual is reviewed and submitted to Council for approval on the set dates.
- Abaqulusi Municipality had successfully ensured that the Municipality's Organogram is reviewed and submitted to council for adoption at the targeted date.
- The Municipality has ensured that the council and its committees fulfil their executive and legislative responsibilities and play an effective oversight role over administration. This function was implemented through the following:
 - Councils Annual Programme- The Municipality ensured that the Council annual programme is adopted at the set targets date.
 - Council Meetings- within the year of reporting, the Municipality ensured that it had an adequate Number of EXCO Meetings provided with administrative support. By the end of the financial year, the municipality had successfully held 13(twelve) Council Meetings provided with administrative support.
 - MPAC Meeting, within the year of reporting, the Municipality ensured that it had an adequate number of MPAC Meetings provided with administrative support. The Municipality successfully held a total of 8(eight) MPAC Meetings provided with administrative support by 30 June 2023.
 - Review of delegation of powers, the Municipality successfully reviewed and submitted to Council for approval delegation register by the set date of 31 March 2023.
 - Review of Rules of Order, the Municipality successfully reviewed and submitted to Council for approval the Rules Order by the set date of 31 May 2023.
 - The Municipality had set to ensure effective management of all internal and external records, through the review of records management policy. Abaqulusi Municipality was successful in ensuring that Records Management policy is reviewed and submitted to Council for approval by the set date of 31 May 2023
 - The Municipality had set to ensure effective management of fleet through the Review and Adoption of Fleet Management Policy. The Municipality was successful in

ensuring that the Fleet Management Policy is reviewed and submitted to council for adoption at a set date of 31 May 2023.

- Abaqulusi Municipality is had set to provide a secure ICT infrastructure which delivers appropriate levels of confidentiality, integrity, availability, stability, and growth by 2027. In working towards achieving this objective, The Municipality was successful in ensuring that the IT Governance Framework is reviewed and submitted to Council for approval by 31 May 2023.
- The Municipality successfully drafted the Integrated Service Delivery Complaints Management, had the same reviewed and submitted to Council by 31 May 2023, as a measure to ensure efficient and effective general administration.

2.2 Challenges – Reasons for not Achieving Target

- Portfolio Committees, the Municipality was not able to achieve the adequate number of Portfolio Committee Meetings provided with administrative support, By 30 June 2023, the Municipality held 47 Portfolio Committee meetings. Portfolio Committee meetings were scheduled, some cancelled and postponed which was beyond the unit in achievement of set target.

2.3 Corrective measures / measures to be taken to improve performance

- Portfolio Committees, The Portfolio of evidence for achievement of this target will be adjusted at Mid-year as attendance at and the seating of these meetings are not within control of the responsible department.

3. Financial Viability & Management

Period	Total Targets	Targets Met	Targets Not Met	% Percentage Achieved	Targets Not Met
2021/22	15	13	2	87%	13%
2022/23	15	13	2	87%	13%

3.1 Highlights and Achievements

- **Revenue** - for effective revenue management, the Municipality has an objective to ensure the Municipal Revenue Streams are optimized. At the time of reporting, the Municipality has successfully maintained 85% of collection Rate on billing by 30 June 2023.
- **Supply Chain Management**- the Municipality has an objective to strengthen the Supply Chain Unit and Processes. Through the following:

- *Procurement plan adoption* – the Municipality has successfully ensured that the Final Procurement Plan is adopted by 30 June 2023.
 - *Submission of expenditure on (UIFW) report to MPAC*- as per the minimum requirement of this function, the Municipality have successfully ensured that 4(four) reports were submitted to the MPAC by 9 May 2023
 - *SCM Policy review*- the Municipality has successfully ensured that the Supply Chain Management Policy is reviewed and submitted to council for adoption by the set date of 31 May 2023
- **Assets**- it is critical for the Municipality to Maintain Fixed Assets of the Municipality. The Municipality has successfully maintained an adequate number of 2(two) quarterly verification of inventory undertaken by 30 June 2023.
 - **Financial Reporting** -Abaqulusi Municipality has an objective to ensure that financial reporting conforms to all legal and institutional requirements. Under this section, the Abaqulusi Municipality has successfully ensured the following:
 - Draft 2023/24 Budget developed was and submitted to Council for noting by 31 March 2023
 - Final 2023/24 Budget was adopted by 30 May 2023
 - 12(twelve)sec.71 Reports were submitted to the mayor by 30 June 2023
 - Sec. 72 Reports were submitted to the Mayor, National Treasury and Provincial Treasury by 25 Jan 2023
 - 4(four) sec 52(d) reports were submitted to Council by 30 May 2023
 - Annual Financial Statements were completed and submitted to AG by 31 August 2022

3.2 Challenges – Reasons for not Achieving Target

- **Expenditure Controls**, it is the responsibility of the Municipality to ensure effective expenditure control. Amongst such controls is to ensure that an adequate percentage of supplies are paid within thirty days of submitting their invoice to the Municipality.
 - *Payment of Suppliers*- Abaqulusi Municipality was only able to maintain 87% of the Service Providers paid within 30 days by 30 June 2023. The cited reasons are Some Service Providers are not providing the required CSD documents so that payments can be processed. Due to cash flow constrains, some Service Providers have not been paid on time.
 - *Capital Budget spent*- 98.13% of the capital budget was actually spent on capital projects by 30 June 2023. The cited reason for this was that the municipality had an unfunded budget and had to re-do the 22/23 budget to become funded.

3.3 Corrective measures / measures to be taken to improve performance

- **Expenditure Controls-** Revenue to do disconnection of services to non-payers so they pay their bills in order to ensure that cash will be accumulated. The Municipality will put measures in place to ensure 100% of capital budget in 23/24 Financial Year.

4. Good Governance and Community Participation

Period	Total Targets	Targets Met	Targets Not Met	% Percentage Achieved	Targets Not Met
2021/22	16	7	9	44%	56%
2022/23	13	10	3	77%	33%

4.1 Highlights and Achievements

- **Communications and Customer Satisfaction-** the Municipality maintained effective communications and Customer satisfaction through a reviewed Communication Strategy.
- **Internal Audit-** in an effort to ensure assurance on the effectiveness of governance, risk management, and internal control, the Municipality developed and implemented an Auditor General's Action Plan, and Audit Action Plan. At the time of reporting, The Municipality had successfully implemented 82% of 2021/22 AG Audit Action plan.
- **Performance Management – the Municipality was successful in achieving the following with regards to Performance Management System**
 - **PMS Policy Framework review-** PMS Policy Framework was reviewed and submitted to Council for approval by 30 June 2023
 - **Annual Performance Report-** Annual Performance Report was submitted to Council by 31 August 2022
 - **Signing of Annual Performance Agreements-** 100% of the 2022/23 Annual Performance Agreements were signed by 31 July 2022
 - **2023/24 SDBIP completion & Approval-** 2023/24 SDBIP was approved by the mayor on the set date of 28 June 2023.
- **Integrated Development Planning**
 - The development of IDP/Budget Process Plan- Final 2023/24 Budget Process Plan was developed and submitted to Council for approval by 31 Aug 2022
 - Drafting of Integrated Development Plan- Draft IDP 2023/24 was reviewed and submitted to Council for noting by 31 March 2023

- Final IDP submission to Council - Final IDP 2023/24 was reviewed and submitted to Council for approval by 30 May 2023

4.2 Challenges – Reasons for not Achieving Target

- **Audit Committee**- The Municipality was not able to submit an adequate number of Audit Committee reports to the Council. The committee was not able to produce a report in the second quarter as the meeting did not convene due to vacancies on the Audit Committee.
- **Performance Management** – the Municipality was not able to submit an adequate number of quarterly performance reports to the council. Only 2(two) Quarterly Performance Reports submitted to Council by 30 June 2023. An adequate number of quarterly performance reviews were not conducted. Only 1(one) Quarterly review was conducted by 30 June 2023 This was due to a Sudden resignation of PMS Manager without a proper handover created a vacuum in the PMS unit and reports were not developed timely.

4.3 Corrective measures / measures to be taken to improve performance

- **Audit Committee**- submission of adequate number of Audit Committee reports to Council. Two additional members were appointed so that the committee could sit quarterly as required.
- **Performance Management** – for the non-submission of performance reports to council, and inability to conduct adequate number of performance reviews, The municipality sought COGTA Support. PMS Reports will be prepared and submitted timely to Council in 2023/24 Financial Year.

5. Social and Local Economic Development

Period	Total Targets	Targets Met	Targets Not Met	% Percentage Achieved	% Targets Not Met
2021/22	9	4	5	44%	64%
2022/23	14	9	5	64%	36%

5.1 Highlights and Achievements

- **Agriculture**
 - Agricultural Forums- 2(two) Agri-forums held by 10 May 2023
 - Agricultural Cooperatives- 2(two) Agricultural cooperatives supported by 30 June 2023

- **SMME's and Job Creation**
 - SMME Training- 2(two) SMME trainings and workshops conducted by 30 May 2023
 - EPWP jobs creation- 190(one hundred and ninety) jobs created by 31 Dec 2022
- **Social welfare-**
 - Conduct outreach programme- 4(four)Library outreach programmes conducted by 30 June 2023, and 4(four) museum outreach programmes conducted by 30 June 2023
- **Special Programme - Special Programmes Committee:** The Municipality successfully established Special Programmes Committee by 31 March 2023.
- **Safety and Security**
 - Motor licensing- 146 393 (one hundred and forty- six thousand, three hundred and ninety-three) transactions processed at motor licensing by 30 June 2023
 - Roadblocks- 12(twelve) roadblocks were conducted by 30 June 2023

5.2 Challenges – Reasons for not Achieving Target

- **Tourism**
 - Tourism Strategy had not been reviewed and submitted to Council for approval by 31 May 2023, this was due to unfunded budget, all internally funded projects were restricted as cost containment measures were put in place.
- **Economic growth**
 - Review and adoption of LED Strategy- LED Strategy had not been adopted by 30 June 2023, this was due to: unfunded budget, all internally funded projects were restricted as cost containment measures were put in place.
 - Development a mining sector Plan- Mining Sector Plan had not been adopted by 31 May 2023, this was due to: unfunded budget, all internally funded projects were restricted as cost containment measures were put in place.
- **Youth Programmes**
 - Youth Committee establishment- Youth committee was set to be established by 31 March 2023, this was not successful, however All wards have a Youth Representative. Currently finalizing establishment of the Youth Committee with an executive structure.
- **Safety and Security**

- **DTLC Transactions** - 23597(twenty-three thousand, five hundred and ninety-seven) transactions processed at DLTC by 30 June 2023. Target set unrealistic as numbers are not within the departments' control.

5.3 Corrective measures / measures to be taken to improve performance

- **Economic growth**

- *Review and adoption of LED Strategy-* The Service Provider has been appointed. The Tourism Strategy will be reviewed and submitted to Council by 31 December 2023
- *Develop a mining sector Plan-* A Consultative session will be scheduled with DMRE and other sector departments as additional funding is required for development of the Mining Sector Plan by 30 June 2024.

- **Youth Programmes**

- *Youth Committee establishment-* Youth Committee will be established by the 31 December 2023

7. Cross Cutting Interventions

Period	Total Targets	Targets Met	Targets Not Met	% Percentage Achieved	%Targets Not Met
2021/22	5	2	2	50%	50%
2022/23	4	1	3	25%	75

6.1 Highlights and Achievements

- **Spatial Development Framework-** the Municipality was successful in ensuring that the Spatial Development Framework is adopted by 30 May 2023

6.2 Challenges – Reasons for not Achieving Target

- **Town Planning**

- **SHOBA Township Establishment-** Phase 5 of SHOBA Township Establishment had not been completed by 30 June 2023(Town Planning Approval). 2(two) built environment workshops to be held by 30 June 2023 also did not materialize. This was to the fact that the original footprint of Shoba township grew beyond the original scope registered as part of the SG diagram and environmental approval had to be obtained from Department of Environmental Affairs in order to register the township at the Deeds office. Due to unfunded budget, all internally funded projects were restricted as cost

containment measures were put in place, and this is one of the projects that could not be implemented.

- **Building Inspectorate**

- Built environment workshops- the Municipality was not able to hold these workshops during the financial year reported. The built environmental workshops can only be convened after Council Workshop. Item was delayed at Council Support.

- **Environmental Management**

- Waste Management Plan- the Municipality had planned to have Waste Management Plan adopted by 30 June 2024, which did not materialize. There were delays experienced in finalization of plan and tabling plan in Portfolio and EXCO prior adoption by Council.

6.3 Corrective measures / measures to be taken to improve performance

- **Town Planning**

- SHOBA Township Establishment- Phase 5 of SHOBA Township Establishment- the Municipality is currently working towards obtaining the environmental approval from the Departments and township establishment will be achieved 30 June 2024.

- **Building Inspectorate**

- Built environment workshops - these workshops are dependent on council workshops; The Council Workshop will be prioritized in the 1st quarter of 2023 and the workshops will be convened by the 31 December 2023.

- **Environmental Management**

- Waste Management Plan not achieved- Waste Management Plan has been tabled at EXCO and will be tabled to Council for adoption 30 September 2023.

i. Conclusion

The Abaqulusi Municipality endeavours to continuously improve performance year on year. Corrective measures are currently being implemented for targets not achieved in the 2022/2023 financial year.

Chapter 4: Organisational Development Performance (Performance Report Part II)

The Organizational Development Section is a key transformation agent dealing with the structure of the Municipality to ensure that it remains aligned to its strategy, job evaluation process, and change management philosophy. Organisational Development is placed under Human Resource Management section. The Human Resource is divided into two main sections, namely, Human Resource Management and Human Resource Development.

Component A: Introduction to Municipal Personnel

4.1 Employee Totals, Turnovers and Vacancies

a. Employee Totals and Vacancies

A municipal Organogram is considered to be a very important tool utilized by a municipality to determine its staff compliment. The Organogram is basically utilized to separate internal departments and units, identifying positions that are currently filled and those that are in need to be filled.

Employee Totals and Vacancies in the municipality are identified utilizing the municipal Organogram which is reviewed adopted annually. As per the municipal Organogram, adopted on 30 May 2023, the Abaqulusi Local Municipality had a total of **438 Employees and a Vacancy Rate of 34.2%**.

The table below provides an overview of the Municipal Departments and the Established Posts, Filled Posts, Vacancies and Vacancy Rate:

Department	Established Posts	Filled Posts	Vacant Post	Vacancy Rate
Executive	29	20	9	31.1%
Corporate Services	55	43	12	21.9%
Technical Services	320	177	143	44.7%
Development Planning	23	11	12	52.2%
Community Services	159	87	72	45.3%
Finance Services	61	42	19	31.2%
Total	665	438	227	34.2%

The status of critical posts within the municipality herein refers to that of the Municipal Manager and all Managers directly accountable to the Municipal Manager.

Currently, all Critical post in the municipality is filled with the most recent appointment of the Municipal Manager concluded in May 2022.

The table below reflects the current status quo of the critical posts within Abaqulusi Municipality.

Position	Status
Municipal Manager	Filled
Director: Technical Services	Filled
Director: CFO	Filled
Director: Community Services	Filled
Director: Corporate Services	Filled
Director: Development Planning	Filled

b. Employee Turn-over Rate

Component B: Managing the Workforce

4.2. Policies, Programmes and Plans

Policies and plans provide guidance for fair and consistent staff treatment and a consistent approach to the managing of staff and facilitate decision making process.

The table below represents the Municipal Policies that are reviewed and adopted annually by the Municipal Council.

Name Of Policy
Human Resources Policy Manual
HR Strategy Plan
Annual And Other Leave Policy
Code Of Conduct And Ethics Police
Dress Code Police
Recognition Awards Policy
Acting Allowance Policy
Internship and in Service Training Policy
Private work for Remuneration Policy
Personal gain Policy
Suggestion box Policy
Overtime Policy
Induction Policy
Probation Policy
Termination of Services
Study Aid Policy
Employment Equity Policy
Recruitment Policy
Long Service Recognition Police

Staff/Night Work Allowance Policy
Standby Allowance Policy
Telephone Usage Policy
Working Hours Policy
Sexual Harassment Policy
Affirmative Action Policy
Subsistence Abuse
Retention Strategy
Acknowledgement by Employee
Performance Management Policy

The abovementioned Policies are critical in ensuring the municipality creates an environment for its employees that is well regulated.

4.3 Injuries, Sickness and Suspensions

a. Injuries

An occupational injury is a personal injury, disease, or death resulting from an occupational accident. Compensation claims for such occupational injuries are calculated according to the seriousness of the injury/disease and can be costly to a municipality. The occupational injury will influence the loss of man- hours and therefore financial and productivity performance and no injury can be reported for the 2022/2023 financial year.

b. Sickness

A total of 2256 sick leave days were recorded during the 2022/2023 financial year.

c. Suspensions

During the 2022/2023 financial year, two (2) employees were suspended and were later reinstated. The alleged misconduct was assault. The employees had been suspended in September 2022. The employees work in the Technical Serviced Department. The matter was finalized on the 13th of October 2023 when the employees were found not guilty. The Foreman who had brought the allegations of misconduct to the attention of the Municipal Manager did not cooperate with the continuation of the disciplinary process.

4.4 Performance Rewards

The Municipality’s current Performance Management System only applies to the Section 54 (Municipal Manager) and Section 56 (Directors-Managers that report directly to the Municipal Manager) Managers. Within this PMS Policy, it is stipulated that they are required to enter into a Performance Agreement with the Mayor (for the MM) and Municipal Manager (for S56) for the specific financial year in question. This Performance Agreement is then used to measure

their performance and determine if they qualify for Performance Bonus as per their targets set out within their respective departmental Scorecards.

During the 2022/2023 financial year, no performance rewards/bonuses were paid for the previous financial year.

Component C: Capacitating the Municipal Workforce

4.5. Skills Development and Training

Human Resource Development is a section within Corporate Services Department that is concerned with short and the long term – development plans like Workplace Skills Plan known as WSP in short, Induction Plan and Occupational health and safety and Wellness at the workplace. The long term goal of Workplace Skills Plan is to build capacity of the personnel in response to Skills Development Act. This plan articulates how the municipal staff has to be capacitated to give effect fully to the demands related to training for the scarce skills and other skills required by the municipal to effect service delivery efficiently and effectively. The Workplace Skills plan is submitted to Local Government Seta abbreviated as LGSETA. The LGSETA processes the Work Place Skills Plan submitted to it by each local municipality to claim back the levy charged from each municipality from the overall budget of the staff salaries. This levy in turn must be used to capacitate the personnel of the municipality. The WSP is submitted to LGSETA in each and every year before the 31st of April.

Human Resource Development is the framework for helping employees develop their personal and organizational skills, knowledge and abilities. It is a set of systematic and planned activities designed by AbaQulusi Human Resource Development to provide its employees with the necessary skills to meet the current and future job market demands. This section has three subsections namely: Wellness, Occupational health and safety and Skills development.

Wellness has to look after the wellness of the employees and assist each employee to ensure that he/she is assisted according to employee's needs. Occupational Health and Safety has to do injuries on duty. This section ensures that if the employee is injured on duty assisted to get help immediately. If the employee has sustained a serious injury that employee has to be assisted to be compensated from Compensation fund based on his or her injury. Skills development deals with the skills of the employees by conducting skills audit. This section has become very unpopular amongst the employees because are adamant that they audited every year, but they do not get the necessary training. This is caused by the fact HRD does control its training budget. It is controlled by finance department and secondly the very same finance department does not budget one percent of the total payroll of the staff establishment of the municipality and even the funds acquired from SETA do not go the training vote, but to the municipal account. This does not help the section to perform its duties properly.

Skills development is given the impetus by the direct funding of one percent (1%) from the salary budget of a municipality as well as through an indirect funding from various setas. This budget has to be included on the Annual Skills Development Plan which is supposed to be

implemented through Skills Training Committee. Again training has to take into cognisance for those previously disadvantaged group. The Performance Management Unit will safe guard in ensuring that the skills lacunae identified are closed after evaluation and rewarded accordingly.

Relationship between Human Resource Management (HRM) varies in that HRM deals staff establishment and their benefits whilst HRD looks at the capacity development and skills acquisition and development. It is about improving the knowledge, skills and attitudes of employees for the short term, particular to a specific task. Employee orientation and coaching is essential so as to ease the incumbent and familiarise herself or himself with the new environment. Development is also essential in preparing for future responsibilities, while increasing the capacity to perform at a current position.

The process of improving an organization's effectiveness and members of well-being through the application of wellness program. HRD plays the role of a change agent through on-going process by which individuals' progress through the series of changes until they achieve their personal level of maximum achievement. The career planning and career management are some of the essential tools in developing the staff establishment. The HRD as a section is not without challenges, for example, a person may be trained and thereafter sees a lucrative salary in another organization and he/she applies and goes away with all the skills acquired from AbaQulusi. Furthermore, the changing workforce demographics, competing in global economy, eliminating the skills gaps, financial constraints impose a great threat to that effect, needs for life-long learning and need for organizational learning.

Occupational health and safety act intends to provide for health and safety of persons at work and for the health and safety of persons in connection with the use of plant and machinery, the protection of persons other than persons at work against hazards with the activities of persons at work, to establish an advisory council for occupational health and safety, and to provide for matters connected therewith.

In the 2022/2023 financial year, there was a total of 9 staff members that were trained in a Bricklaying course which was funded by LGSETA at a cost of R1 599 000 – excluding travel and accommodation.

The details of the staff members trained is as follows:

Surname and Initials	Employee No.	Department and Section
Madonsela X.T.	SO21255	Technical - Road and Storm water
Qwabe S.F.	SO29298	Technical - Road and Storm water
Lembede N.F.	SO21148	Technical - Road and Storm water
Zulu B.A.	SO24587	Technical - Road and storm water
Nkosi E.T.	SO21222	Technical - Road and storm water
Mbatha X.T.	SO28238	Technical - Road and storm water

Ndlovu K.M.N.I	SO24265	Technical - Road and storm water
Sibiya G.P.	SO21224	Technical - Road and storm water
Madonsela T.S.	SO26344	Technical - Road and storm water

Component D: Managing the Workforce Expenditure

4.6 Employee Expenditure

Section 66 of the MSA states that the accounting officer of a municipality must report to the Council on all expenditure incurred by the municipality on staff salaries, wages, allowances and benefits. This is in line with the requirements of the Public Service Regulations, (2002), as well as National Treasury Budget and Reporting Regulations SA22 and SA23.

For financial reporting purposes, the municipality is organized and operates in four key functional segments (or business units). To this end, management monitors the operating results of these business units for the purpose of making decisions about resource allocations and assessment of performance. Revenues and expenditures relating to these business units are allocated at a transactional level. Costs relating to the governance and administration of the municipality are not allocated to these business units.

The four key business units comprise of:

- **Community and public safety which includes community and social services, sport and recreation, public safety, health, and housing services;**
- **Economic and environmental services which includes planning and development, road transport and environmental protection services;**
- **Trading services which include energy sources, water management, waste water management and waste management services;**
- **Other services comprise of the Mayor, Municipal Manager, Corporate Services, Finance, Internal Audit, Human Resources, Information Technology, Fleet, Licencing, Supply Chain Management – all these services provide support to the other departments**

The grouping of these segments is consistent with the functional classification of government activities which considers the nature of the services, the beneficiaries of such services and the fees charged for the services rendered (if any).

Management does monitor performance geographically but does not at present have reliable separate financial information for decision making purposes. Processes have been put in place to generate this information at a transaction level and in the most cost-effective manner.

The core function of the municipality is the provision of services to the community. To this end the 4 main segments classified under trading services are:

- The provision of water to the community
- The provision of electricity within the municipal licensed area
- The provision of sanitation

- The removal of refuse, cleaning of streets and maintaining the solid waste site

Economic and environmental services include:

- Planning and development which includes town planning, IDP and LED.
- Roads which include the project management unit which oversee the monitoring of projects funded from grants and internal funds

Community and public safety comprise of services for the community including Libraries, the Museum, Halls, and Cemeteries, Sports fields, Public safety, vehicle licensing and driver testing

The table below provides an overview of employee related costs for the 2022/2023 financial year on the segments identified above:

1 July 2022 to 30 June 2023	Water	Waste Water/ Sanitation/ Storm Water	Energy/ Electricity/ Street Lights	Waste Management / Refuse/ Street Cleaning	Roads and PMU	Community and Public Safety	Planning and Dev.	Other	Total
Employee Costs (R)	-1 377 085	16 368 207	22 285 981	4 986 626	14 687 711	41 831 019	10 640 431	88 303 291	197 726 185

Employee Expenditure 2020/21 – 2022/23			
Period	Budget	Actual	% Percentage
2020/21	159 298 000	R167 755 459	105.31%
2021/22	182 062 580	177 131 563	97.2 %
2022/23	192 166 285	180 462 489	92.4%

Chapter 5: Financial Performance

Component A: Statements of Financial Performance

5.1 Statements of Financial Performance

This chapter provides details regarding the financial performance of the Municipality for the 2022/23 financial year. The application of sound financial management principles for the compilation of the Municipality's financial plan is essential and critical to ensure that the Municipality remains financially viable and that municipal services are provided sustainably, economically, and equitably to all communities.

The Municipality's service delivery priorities were reviewed as part of this year's planning and budget process. Where appropriate funds were transferred from low- to high priority programs so as to maintain sound financial stewardship.

The budget for the 2022/23 MTREF period was based on the realisation that no, or limited, the scope for additional externally- or internally-funded revenue growth existed and was further reiterated in National Treasury guidelines (circular 51) - "...over the next few years, government must deliver more services – and deliver them more efficiently – within a tight resource envelope. Achieving this objective requires a new way of working: the budget has been reprioritized so that money is moved from low-priority programmed to high-priority programmes. Municipalities are encouraged to adopt similar stances on these issues. This is particularly important in the run-up to the local government elections. Mayors and Councils need to remain focused on the effective delivery of core municipal services...."

The budget was compiled by ensuring that the financial management processes are transparent, aligned to the accountability cycle and facilitate good governance that is accountable to the local community. The budget supports the provision of basic services to the communities, facilitating social and economic development, promoting a safe and healthy environment in a sustainable manner. The main challenges experienced during the compilation of the 2021/22 MTREF can be summarized as follows:

- The ongoing difficulties in the local economy
- Ageing water, roads and electricity infrastructure
- The need to priorities projects and expenditure within the existing resources available.
- The increased cost of bulk electricity due to tariff increases from ESKOM. This is placing pressure on the budget as the tariff the municipality has been allowed to charge is less than the bulk cost meaning there are fewer funds available for maintenance.

The table below represents the municipality's Income vs Expenditure (Financial Performance) for the 2022/2023 financial year. At the end of the financial year, the municipality incurred a deficit R129.5m.

KZN263 Abaqulusi Financial Performance (revenue and expenditure) - 30 June 2023

5.2 Grants

The Abaqulusi Municipality is highly grant dependent in terms of delivering services and ensuring that the overall operations of the municipality is efficient.

The table below depicts the municipality's grants received and spent over the 2022/2023 financial year.

The municipality excelled in ensuring that the INEP and MIG Grants allocated were spent accordingly as these 2 grants are primarily used for service delivery projects.

Unspent grants amounting to R5 441 876 will be spent during the 2023/2024 financial year.

				Balance per TB		5 441 876,00

5.3 Assets

An amount of R47,1 million which equates to 5,45% of the expenditure budget was spent on repairs and maintenance of municipal assets.

5.4 Financial Ratios

a. Operating Ratios

Employee-related cost is 20,86% of total operating expenditure while the norm recommended by the National treasury is between 30% and 35%. Repairs and Maintenance must be 8% of the operating budget in terms of the norm by National Treasury while the municipality is sitting at 5,45%. It must be mentioned that another huge portion of repairs and maintenance is in capital expenditure as renewal of existing. Finance charges and depreciation make up about 15,92% of total operational expenditure.

b. Asset Ratios

➤ *Acid Test Ratio*

Financial year	Current Assets	Current Liabilities	Acid Test Ratio
2020/21	124,025,544	115,421,838	1.09
2021/22	125 307 847	169 598 799	0.07
2021/22	166 764 905	195 063 135	0.8

➤ *Asset Ratio*

Financial year	Current Assets	Current Liabilities	Current assets ratio
2020/21	111,861,717	116,873,457	0.96
2021/22	141,527,604	168,669,204	0.83
2022/23	119 590 623	195 063 135	0.61

Component B: Spending Against Capital Budget

5.5 Capital Budget

The Abaqulusi Local Municipality faces a huge challenge on an annual basis to implement new capital projects through its internal funds received as this has proven not to be sufficient enough. The municipality is therefore highly dependent on the various grants it receives to implement new capital projects. As per the table above, R48m of the actual expenditure in 2022/23 was MIG Funding. The tables below highlight the Capital Expenditure of the Municipality:

Total Capital Expenditure 2020/21 – 2022/23			
Details			
	2020/21	2021/22	2022/23
Original Budget	57 772 000.00	44 908 000.00	72 464 000.00
Adjustment Budget	51 390 000.00	47 330 000.00	69 512 000.00
Actual	47 167 000.00	41 373 000.00	51 956 757.00

Electrification Grant	10 000 000.00	3 396 000.00	18 485 000.00

Component C: Cash Flow Management and Management

5.7 Cash Flow

The cash flow of the municipality decreased from R29 million at the beginning of the financial year to R20 million by 30 June 2023

5.8 Borrowings and Investments

The municipality holds a portfolio of investments to the value of R15,3 million, as well as a positive bank balance of R4,7 million. Consumer deposits of R18 million which should be funded from investments and the current bank account. The municipality has no borrowings.

Component C: Other Financial Matters

5.9 Supply Chain Management

The Abaqulusi Municipality currently has a Supply Chain Management unit that manages the flow of goods and services via the municipal SCM Policy. In order to give effect to the SCM Policy, the municipality has an established Bid Specification, Evaluation and Adjudication Committee that is fully functional. The overall implementation of the SCM policy is managed and controlled by the Accounting Officer, CFO and SCM Manager. Please see Chapter 2, Section 2.8, and Supply Chain Management.

The table below provides an overview on the status quo of SCM within the Municipality.

Question	Answer
1 Has the Council/Board of Directors adopted a SCM policy in terms of SCM regulation 3?	Yes

2	How many staff are employed by the SCM Unit? (show full time staff equivalent, a person shared with another function or working part-time on SCM is shown as a fraction)		7
	2,1	How many positions are unfilled, ie waiting for an appointment? (full time equivalent)	
	2,2	Has a job description been developed for each position within the SCM Unit?	Yes
3	Has a detailed implementation plan for SCM been developed?		Yes
	3,1	If "YES", is progress regularly measured against the implementation plan?	Yes
4	Is a report on the implementation of the SCM Policy provided to the mayor (or the board of directors for an entity) within 10 days of the end of each quarter (reg 6(3))		Yes
5	<i>SCM Processes:</i>		
	5,1	Is the necessary needs assessment undertaken before each acquisition?	Yes
	5,2	Are preferential policy objectives identified to be met through each contract?	Yes
	5,3	Is the performance of vendors regularly monitored?	Yes
	5,4	Are SCM processes independently monitored to ensure the SCM policy is followed and desired objectives achieved?	Yes
6	Are the threshold values contained in the SCM Policy aligned with the values stipulated in regulation 12?		Yes
	6,1	If "NO" are the values contained in the SCM Policy higher than that stipulated in regulation 12?	-
7	Do municipal bid documents comply with MFMA Circular No 25?		Yes
8	Do municipal bid documents include evaluation criteria for use by the bid evaluation and adjudication committees?		Yes
9	<i>Regulation 46 requires the SCM Policy to establish a code of conduct.</i>		
	9,1	Is the Code of Conduct issued by NT in MFMA Circular No 22 utilised?	Yes
	9,2	Are measures in place to ensure all SCM practitioners are aware of the SCM code of conduct?	Yes
10	Are all delegations in terms of SCM roles and responsibilities in writing (other than delegations contained in the SCM Policy)?		No
11	Prior to making an award above R30 000 the municipality or municipal entity must check with SARS whether that persons tax matters are in order (reg 43 and MFMA Circular No 29). Is this being complied with?		Yes
12	<i>Please confirm if records are kept of the following:</i>		
	12,1	Petty cash purchases?	Yes
	12,2	Written or verbal quotations received and awards made?	Yes
	12,3	Tenders and all other bids received and awards made?	Yes
13	Are all invitations for bids above R30 000 advertised for at least 7 days on the website and official notice board? (reg 18(a))		Yes

	13,1	In addition, are all invitations for competitive bids publically advertised in newspapers commonly circulating locally? (reg 22(1))	Yes
14		Is the "list of accredited prospective providers" required by regulation 14 updated at least quarterly?	Yes
15		Is there a database established to record redundant and obsolete store items?	Yes
16		Are debriefing sessions held with unsuccessful bidders?	No
17		<i>Training SCM practitioners</i>	
	17,1	Has a training strategy for SCM practitioners been developed?	Yes
	17,2	What is the 2022/2023 budget for the training of SCM practitioners?	-
	17,3	Has the municipality or entity used an outsourced training provider for SCM, other than SAMDI?	No
	17,4	If "yes" to 17.3 please list below the names of training provider(s) used to date (<i>expand this box if necessary</i>)	-
	17,5	Indicate the number of officials who have attended the SCM training conducted by SAMDI?	0
	17,6	Indicate the number of officials who have attended SCM training conducted by training providers other than SAMDI?	0
18		Has an SCM procedure manual been developed to assist officials implement the SCM policy, consistent with the MFMA, regulations, circulars and the Accounting Officers Guidelines?	Yes
19		<i>Bid Committee membership:</i>	
	19,1	Does the Bid Specification Committee membership comply with regulation 27?	Yes
	19,2	Does the Bid Evaluation Committee membership comply with regulation 28?	Yes
	19,3	Does the Bid Adjudication Committee membership comply with regulation 29?	Yes
	19,4	Has regulation 29(4), which stipulates that a member of a bid evaluation committee or an advisor may not be a member of a bid adjudication committee, been breached?	Yes
20		<i>Procurement of IT related goods and services:</i>	
	20,1	Are you aware that SITA can assist with the procurement of IT related goods and services (regulation 31)	Yes
	20,2	Have you utilised this facility before?	No
21		Does the SCM Policy provide for an effective system of risk management for the identification, consideration and avoidance of potential risks in the SCM system? (reg 41(1))	Yes

5.10 GRAP Compliance

The Annual Financial Statements for 2022/23 were prepared in the GRAP format and submitted to the Auditor-General on the 31st of August 2023. The municipality received an unqualified audit opinion for 2022/23.

Chapter 6: Audit Reporting and Financial Statements
