CHAPTER 1

FOREWORD BY HIS WORSHIP THE MAYOR

It is with great honour and humility to present the Ulundi Local Municipality's Annual Report for 2020/2021 financial year. Again, it is truly humbling to take stock on the previous year as it shows that the Municipality has maintained the highest standards of good governance as it has been doing in the past few years. Although this period presented unique challenges which required us to double our efforts as the Municipality in order to reduce service delivery backlogs thus, ensuring that Ulundi never regress but remains one of the fastest growing predominantly rural town which is attractive to investors.

Working in partnership with other spheres of government and stakeholders we have been able advocate for equitable distribution of basic services, infrastructure, and resources for our diverse communities, both in the urban area and in the rural areas.

The Memorandum of Understanding which the Municipality entered with the Department of Energy and Minerals, and Eskom to intervene in some rural areas in assisting Eskom to fast track the implementation of electricity projects especially in communities that have been waiting for too long for their homes to be electrified. I have great pleasure to report that, this intervention has been able to assist us to realize significant progress more especial in the Amakhosi Areas.

The Municipality during a very difficult period following the outbreak of **COVID-19** pandemic it increased the EPWP budget so that we could give more people job opportunities to meet with challenges of increasing unemployment because of the country's economic decline.

In order to ensure that there is no disruption of accessibility to public services to our communities the Municipality had to adjust to the new normal and protocols, we then engaged other stakeholders to conduct joint operations on the ground and also our Community Services Department of the Municipality has formed partnerships with other spheres of government in programmes such as the Operation Sukuma Sakhe (OSS), Local HIV/AIDS Council, Promotion of Children's Rights Programme which improves public participation, and public awareness campaigns. The Municipality has also continued to provide support to Indigent members of the community by offering burial support for those families on the Municipal Indigent register.

In recognition of the service delivery constraints as pointed in Chapter 9 of the Medium-Term Service Framework of the National Development Plan. Ulundi Municipality has always maintained a good working relationship with its citizens as we always adhere to the Batho Pele Principles in the manner we serve our communities.

Despite progress made the Municipality is acutely aware of the many challenges that await us such as strengthening people involvement in planning and decision-making process so that there is consensus, Strengthening of the Ward Committee System, accelerating and expanding quality and sustainable service delivery and focusing on revenue collection and customer care measures within the framework of Batho Pele.

Finally, on behalf of Council I would like to extend a word of appreciation to the members of the communities we serve for entrusting us with this enormous responsibility of moving the barriers of poverty and the further development of Ulundi and we assure them that we are, together going to continue working hard to create a caring, strong and a vibrant Ulundi.

I thank all internal and external stakeholders for working in corporation with the Municipality in trying to minimize the spread of **COVID-19** virus in our communities as their efforts ensured that we minimize its potential negative impact in the of lively hoods of our communities which has continued to make Ulundi a better place to live in.

Mr M.W. Ntshangase

MAYOR: ULUNDI LOCAL MUNICIPALITY

FOREWORD BY THE MUNICIPAL MANAGER

It is that time of the year where we once again pause to take stock of the events of the previous financial year (in this case 2020/2021) and to not only celebrate the successes and achievements made, but to also reflect on the setbacks suffered, for it is through the lessons learned in our failures that we will be wiser and able to avoid the same pitfalls going forward. We maintained our record of receiving positive audit outcomes that we have been receiving during past few years. This attests to our commitment to the municipality's mission of being "A developmental city of heritage focusing on good governance, socio-economic development and upholding tradition to promote sustainable service delivery".

In terms of Section 121 of the Municipal Finance Management Act No. 56 of 2003, I, as the Accounting Officer of this municipality, must prepare an annual report for each financial year the purpose of which is inter alia, a) to provide a record of the activities of the municipality during the financial year; b) to provide a report of performance against the budget of the municipality for that financial year; and c) to promote accountability to the local community for the decisions made throughout the year by the municipality.

It is significant to note that Ulundi Municipality has, over the years, been receiving "unqualified audit opinion" on its financials from the Auditor-General. The 2020/2021 audit opinion was no exception. We are working very hard to ensure that even with the 2021/2022 audit which is due to commence soon, we obtain the same "unqualified" audit opinion if not a clean audit. This is evidence of our commitment to clean corporate governance, fiscal discipline, and prudent financial management practices. It also shows the progress we are making towards meeting the national target of "clean audit" for local government. We can achieve this audit outcome because year after year, we put a lot of effort in implementing our comprehensive Action Plan to address the Auditor-General's findings made in the audit of the previous financial year. All Heads of Departments are required to act upon the remedial tasks to address the findings related to their respective departments and report progress monthly.

Over the years, the municipality has established and put in place structures that support effective internal controls. Amongst these is risk management through which all organizational risks are identified and monitored on a continuous basis, internal audit and performance management. The Combined Assurance Forum was also established to coordinate and standardise activities of all recognised assurance providers within the municipality. The existence and functioning of these internal control structures also contributed to the kind of audit outcomes that the municipality has received. This means that our internal controls are effective in enabling us to manage public funds including millions worth of grants in terms of the prescripts of the laws that govern the collection, spending, and general management of public funds.

However, our ability to collect revenue during the previous year, was negatively impacted by socio-economic factors such as loss of income and deaths which were some of the effects of the Covid-19 pandemic. But even under those circumstances, the municipality still managed to provide uninterrupted quality services to the community of Ulundi such as electricity, refuse collection, maintenance of roads and electricity infrastructure, etc. To address the resultant cash-flow challenges and doubts about the municipality's ability to operate as a "going concern", a Financial Recovery Plan was implemented in terms of which heavy restrictions were placed on all expenditure and procurement, filling of vacant positions and payment of overtime and standby to mention but a few to curb expenditure while trying to improve collection of revenue.

Council also came to the realization that electricity was an unsustainable trading service that took away the municipality's ability to operate as a going concern in the sense that what the municipality paid Eskom for electricity was way more than it was able to recover in electricity sales as well as the astronomical interest which kept pushing the historical debt up no matter how much the municipality serviced it in terms of the payment arrangement. Therefore, Council took a decision to surrender the municipality's electricity trading license back to Eskom hoping that with the closure of the bottomless pit the Eskom debt has become, the municipality will be on the road to self-sustenance again. The handover process is currently underway.

Through the Extended Public Works Programme (EPWP) which has won the municipality accolades as the best in the province, we have been able to provide our youth with skills through on-the-job training as well as created work opportunities for them; and this has contributed to poverty alleviation and reduction of unemployment in our communities.

In conclusion, I would like to thank Council, the Mayor, the Speaker, the Executive and Finance Committee and MPAC for their support and the roles they have played and are continuing to play in enabling Ulundi Municipality to do well in service delivery to the people. I also wish to thank my management team and all the municipality's employees for their support and for doing their share to ensure that this municipality is always counted amongst the archivers in all surveys conducted by Cogta.

N.G. Zulu

MUNICIPAL MANAGER

1. Municipal Overview

1.1 Introduction

The Ulundi Local Municipality is, in accordance with the legislative requirements of the Local Government: Municipal Systems Act, (Act No. 32 of 2000) and the Municipal Finance Management Act (Act No. 56 of 2003), required to report on the performance of the Municipality and present the financial statements for the year 2020/2021. The most important documents tabled by the Municipality are the Integrated Development Plan (IDP), the Budget and the Annual Report. The IDP and Budget set out what the Municipality intends to do and how the funds will be spent during a financial year, while the Annual Report reflects on actual performance and implementation of the IDP and Budget during that year.

The Annual Report is a key performance report to the community and other stakeholders that reflects a true, honest and accurate account of the goals set by Council and the success or otherwise in achieving these goals. It includes a range of financial and non-financial information that collectively forms an authoritative and historic record of the activities and performance of the Ulundi Local Municipality for the 2020/2021 financial year.

1.2 Legislation

The 2020/2021 Annual Report for the Ulundi Local Municipality has been compiled in accordance with Section 46 of the Municipal Systems Act (Act No. 32 of 2000), Section 121(3) of the Municipal Finance Management Act (Act No. 56 of 2003) and National Treasury MFMA Circular No. 11. Section 46 of the Municipal Systems Act states that:

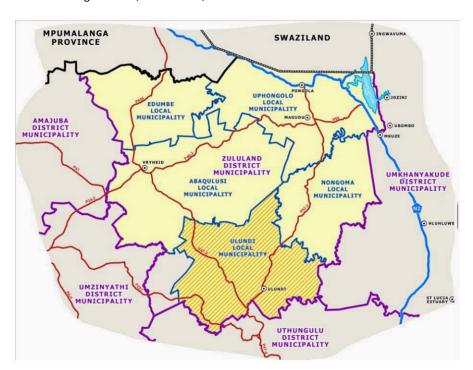

- (1) A municipality must prepare for each financial year an annual report consisting of –
- (a) a performance report reflecting
 - (i) the municipality's and any service provider's, performance during that financial year, also in comparison with targets of and with performance in the previous financial year.
 - (ii) the development and service delivery priorities and the performance targets set by the municipality for the following financial year; and
 - (iii) measures that were or are to be taken to improve performance.
- (b) the financial statements for that financial year prepared in accordance with the standards of generally recognised accounting practice referred to in section 89 of the Public Finance Management Act, 1999 (Act No. 1 of 1999);
- (c) an audit report on the financial statements and the report on the audit performed in terms of section 45(b); and
- (d) any other reporting requirements in terms of other applicable legislation.
- (2) A municipality must table its annual report within one month of receiving the audit report referred to in subsection (1)(c).

The preparation and adoption of annual reports is clearly defined in Section 121 of the Municipal Finance Management Act. Section 121(1) and (2) states that:

- (1) Every municipality and every municipal entity must for each financial year prepare an annual report in accordance with this Chapter. The council of a municipality must within nine months after the end of a financiayear deal with the annual report of the municipality and of any municipal entity under the municipality's sole or shared control in accordance with section 129.
- (2) The purpose of an annual report is
 - (a) to provide a record of the activities of the municipality or municipal entity during the financial year to which the report relates.
 - (b) to provide a report on performance against the budget of the municipality or municipal entity for that financial year; and
 - (c) to promote accountability to the local community for the decisions made throughout the year by the municipality or municipalentity.

1.3 Spatial Location within KZN

The Ulundi Local Municipality is located on the southern boundary of the Zululand District Municipality in north-eastern KwaZulu-Natal. The Ulundi municipal area is approximately 3,250 km² in extent and includes the towns and settlements of Ulundi, Nqulwane, Mahlabathini, Babanango, Mpungamhlophe and Ceza as well as the Traditional Authorities of Buthelezi (KwaPhindangene), Buthelezi (Empithimpithini), Mbatha, Mpungose, Ndebele, Ntombela, Mlaba, Zungu, Zulu (KwaNsimbi).

1.4 Locality

The largest part of its area is rural and underdeveloped. Approximately half of the Municipal area consists of commercial farms and the area supports a substantial agricultural community. The town of Ulundi represents the only urban centre in the Ulundi Local Municipal area and accommodates approximately 40,000 people. The settlement pattern reveals a high population concentration in the town of Ulundi and densely populated peri-urban area surrounding the town and along the main routes R34, R66 and P700. Further settlement concentrations include:

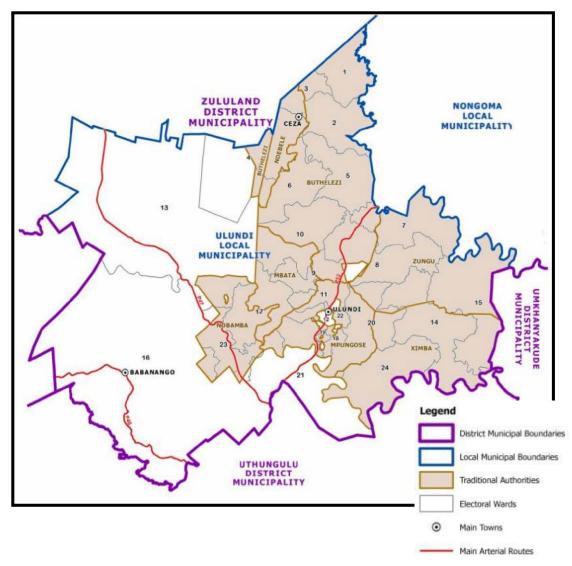

- Ngulwane in the eastern part of Ulundi with the Okhukho Coal Mine;
- Babanango, which developed as a result of the forestry industry;
- Denny Dalton/Mpungamhlophe, which developed as a result of road R34 and rail infrastructure; and
- Ceza to the north, which developed in response to the establishment of supportive land uses such as a hospital, clinic and other related social support services in the area. It is also situated on the road network system. It is therefore a connection and concentration point for people and activities.

The Ulundi Municipality is one of the five local municipalities that constitute the area of jurisdiction of the Zululand District Municipality – the other four local municipalities are éDumbe Municipality, Abaqulusi Municipality, uPhongolo Municipality and Nongoma Municipality.

2. Demographic Profile

INDICATOR	ULUNDI MUNICIPAL AREA
Area	3 250 km ²
Population (2012)	188 319
Households	35 198
People per Household	5.1
Gender breakdown	Males 45.2 %
	Females 54.8 %
Age breakdown	0 – 14 40.15 %
	15 – 64 55.21 %
	65 + 4.63 %

• Number of Wards and Traditional Authority Areas depicted on a maps. The Ulundi Local Municipality consists of 24 wards with 47 Councilors.

Administrative Entities

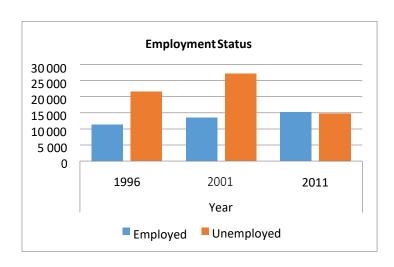

The eastern part of the Municipal area consists of scattered rural settlement in nine Traditional Authority Areas, namely:

- Buthelezi KwaPhindangene);
- Buthelezi (eMpithimpithini);
- Mbatha;
- Mpungose;
- Ndebele;
- Ntombela;
- Mlaba;
- Zungu; and
- Zulu (KwaNsimbi).

Economic Profile Employment

Status (15yrs - 65yrs)

Employment Status	Year		
	1996	2001	2011
Employed	11,361	13,534	15,136
Unemployed	21,556	27,113	14,805

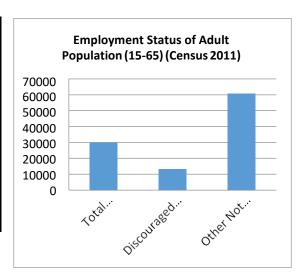

Whilst there seemed to be an increase in the number of economically active persons that are formally employed between 1996 to 2001 and

2001 to 2011 within the

Municipal Area, it must be noted that the unemployment rate in 2011 was 49.45%. This excludes those who are "discouraged work-seekers" (12.75% of the population aged between 15 and 65 years).

Employment Status (15yrs - 65yrs) (2011)

STATUS (2011)	NO	%
Employed		50.55%
Unemployed	14805	49.45%
Total Economically Active	29941	28.80%
Discouraged Work-Seeker	13259	12.75%
Other Not Economically Active	60779	58.45%
TOTAL	103979	100.00%

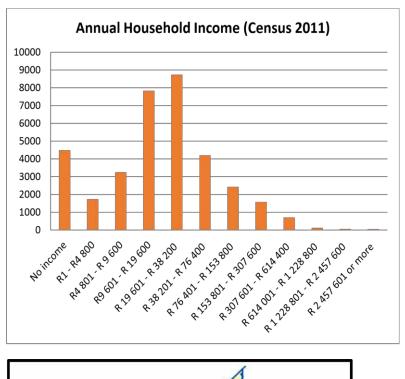

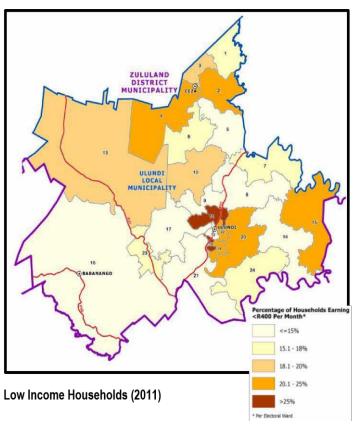

Household Income (2011)

RANDS PER ANNUM	NO	%
No income	4492	12.76%
R1 - R4 800	1736	4.93%
R4 801 - R 9 600	3249	9.23%
R9 601 - R 19 600	7834	22.26%
R 19 601 - R 38 200	8736	24.82%
R 38 201 - R 76 400	4205	11.95%
R 76 401 - R 153 800	2430	6.90%
R 153 801 - R 307 600	1583	4.50%
R 307 601 - R 614 400	703	2.00%
R 614 001 - R 1 228 800	119	0.34%
R 1 228 801 - R 2 457 600	61	0.17%
R 2 457 601 or more	49	0.14%
TOTAL	35197	100.00%

An indigent household are those households earning less than R1,600 per month. In terms of this criterion alone, some 45% of the Households who resided in the Ulundi Municipal Area were indigent.

The largest proportion of households – some 68% - earned between R4,801 and R76,400 per annum in 2011.

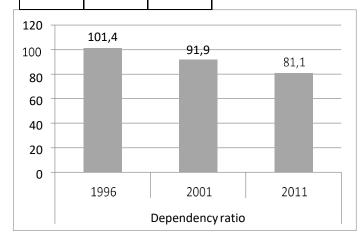

It is noted that many households residing in areas around Ulundi town, are the poorest of the poor. 20.1% of these households earned less than R400 per month. The assumption is that households were drawn to Ulundi town the main service and administrative centre within Ulundi – in the hopes of finding employment. Other areas where there are also evidence of low income earning households are Wards 2 and 4 in the northern parts of the Municipal Area and Ward 15 in the south-east.

Dependency Ratio (1996, 2001, 2011)

Dependency ratio			
1996	2001	2011	
101.4	91.9	81.1	

It is encouraging to note that dependency ratios – whilst still extremely high – have decreased from 1996 to 2001 and from 2001 to 2011. Dependency ratio means the number of persons that is supported by 1 earner, i.e. in 2011 the Dependency Ration was 81.1. This means that 81 persons were dependent on every income earner.

CHAPTER 2

CHAPTER 2

1. Governance Structures

1.1 Political Governance

Ulundi Municipality is a Category B Municipality with a Collective Executive System combined with a Ward Participatory System.

The Council established a number of Committees to enable it to deliver on its constitutional mandate.

1.2 Section 80 Committees

The following Support Committees have been established in terms of Section 80 of the Municipal Structures act to assist the Executive Committee:

- a) Technical and Infrastructure Portfolio Committee
- b) Planning and Development Portfolio Committee
- c) Community Services Portfolio Committee
- d) Protection Services Portfolio Committee
- e) Tourism Portfolio Committee
- f) Local Economic Development Portfolio

Each of the Support Committees deliberates on matters that fall within its specific terms of reference and makes recommendations to the Executive Committee for approval or where necessary for endorsement by the Executive Committee for final approval by the full Council.

The Executive Committee has wide ranging delegations except for the powers provided to Council in terms of Section 160 (2) of the Constitution of the Republic of South Africa, 1996. The Executive Committee makes recommendations for approval by Council on such matters.

1.3 Section 79 Committees

In addition, Council has established the Municipal Public Accounts Committee in terms of Section 79 of the Municipal Structures Act.

This Committee which is made up of non-executive Councillors ensures that the Administration is held accountable for the management of municipal funds and assets, and to ensure the efficient and effective utilization of council resources. The Committee also considers the Annual Report and makes recommendations to the Council on the Annual Report by submission of an oversight report. The Committee's oversight report is published separately in accordance with the Municipal Finance Management Act.

1.4 Administrative Committees

The Council has also established administrative committees as follows:

- a) Audit Committee
- b) Bid Specification Committee
- c) Bid Evaluation Committee
- d) Bid Adjudication Committee &
- e) Risk Committee

The Audit Committee is established in terms of Section 166 of the Municipal Finance Management Act. It is an independent external committee, which provides an oversight function over the financial management and performance of the Municipality.

The Municipal Supply Chain Management Regulations require a committee system for competitive bids, consisting of a Bid Specification, a Bid Evaluation, and a Bid Adjudication Committee.

The Bid Specification Committee compiles the specifications for all goods or services procured by the municipality or municipal entity.

The Bid Evaluation Committee evaluates bids in accordance with the specifications for a specific procurement; and the points system set out in terms of paragraph 27 (2) (f) of the SCM Policy and as prescribed in terms of the Preferential Procurement Policy Framework Act.

The Bid Adjudication Committee considers reports and recommendations of the bid evaluation committee; and either makes a final award or a recommendation to the Accounting Officer to make the final award; or makes another recommendation to the Accounting Officer on how to proceed with the relevant procurement.

1.5 POLITICAL STRUCTURE

Position	Name of Councillor
Mayor	Councillor Wilson Mfana Ntshangase
Deputy Mayor	Councillor Thembekile Gabi Madela
Speaker	Councillor Njingase Johanna Manana
Chief Whip	Councillor Khanyisani Prince Ngema

1.6 EXECUTIVE AND FINANCE COMMITTEE

Name of Councillor	Position	Political Party
Councillor W.M. Ntshangase	Chairperson	Inkatha Freedom Party
Councillr T.G. Madela	Deputy Chairperson	Inkatha Freedom Party
Councillor H.J. Mlambo	Member	Inkatha Freedom Party

HIS WORSHIP THE MAYOR: CLLR W. M. NTSHANGASE

HONOURABLE DEPUTY MAYOR: CLLR T.G. MADELA

HONOURABLE SPEAKER: CLLR N. J. MANANA

MPAC CHAIRPERSON: CLLR R. B. NYAWO

THE CHIEF WHIP: CLLR K.P. NGEMA

FULL COUNCIL

2 ADMINISTRATIVE GOVERNANCE

2.8.1 Roles, Responsibilities and Structure

As Head of Administration, the Municipal Manager ensures that the municipality is managed in accordance with all legislation applicable to local government. He undertakes various administrative responsibilities in relation to Council such as advising the political structures and political office bearers of the municipality; managing the communications between the municipality's administration and its political structures and office bearers; and carrying out the decisions of the political structures and political office bearers of the municipality. In addition, he has human resources related responsibilities to ensure that the municipality has the requisite human resources that are functioning at an optimal level to enable it to deliver on its mandate.

As the Accounting Officer, the Municipal Manager is responsible for general management of municipal finances, including asset and liability management, revenue and expenditure management and budget implementation. In his role as the Accounting Officer, he must also assist the Mayor in performing the budgetary functions assigned to the Mayor in terms of Chapters 4 and 7 of the Local Government: Municipal Finance Management Act, No. 56 of 2003; and provide the Mayor with the administrative support, resources and information necessary for the performance of those functions.

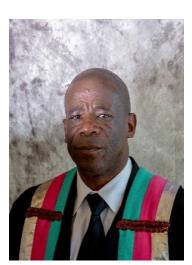

MUNICIPAL MANAGER MR N.G. ZULU

DIRECTOR: TECHNICAL SERVICES MR W. C. DE WET

CHIEF FINANCIAL OFFICER MR J.H. MHLONGO

DIRECTOR: CORPORATE AND MANAGEMENT SERVICES MR Z. G. DHLAMINI

DIRECTOR: COMMUNITY SERVICES MRS T. A. NTOMBELA

DIRECTOR: PLANNING AND DEVELOPMENT SERVICES MR R. M. MAZIBUKO

DIRECTOR: PROTECTION SERVICES MR M. B. KHALI

2.9 Intergovernmental Relations

There are two forums established for inter-governmental relations, the IGR Forum for the Mayors of the municipalities within the Zululand District Municipality and a Technical Forum to be attended by the respective Municipal Managers; however, neither of these forums currently meet on a regular basis which complicates the communication processes that is essential for co-operation and co-ordination to take effect.

In the past the sector departments of the KZN Provincial Government have delivered projects and programmes within the service area of the Ulundi Municipality without reference to the needs expressed in the IDP; Sector Departments representatives are consulted in order to promote alignment between the programmes and projects driven by Ulundi Municipality and those that are undertaken by sector departments, whether at a national or provincial level.

Among the sector departments, whether at a national or provincial level, that the Municipality is in constant contact with are as follows:

- Department of Agriculture and Environmental Affairs and Rural Development
- Department of Arts and Culture
- Department of Basic Education
- Department of Cooperative Governance and Traditional Affairs
- Department of Economic Development and Tourism
- Department of Energy
- Department of Health
- Department of Home Affairs
- Department of Human Settlements
- Department of Labour
- Department of Safety and Security
- Department of Social Development
- Department of Sport and Recreation
- Department of Transport

Ulundi Municipality participates in all relevant provincial and national government forums. This participation avoids any duplication in services and assists with improving and prioritizing the delivery of services. It also enhances job creation, economic development, and effective use of public resources.

Ulundi Municipality has been involved in the following IGR structures:

- Mayors Forum
- Speakers Forum Municipal Manager Forum
- Planning & Development Forum Cooperate Services Forum Finance Forum
- Communication Forum Disaster Management Forum

The above-mentioned forum were convened during first Quarter, Second Quarter, Third Quarter and Fourth Quarter 2020/2021 respectively, however, due to the introduction of the District Development Model (DDM) and introduction of District Command Council as well as, the District Command Technical Task Team the above forums had to be convened as DDM Clusters.

There are four Clusters that have been established to meet the requirements of DDM and Covid-19 intervention, such Clusters includes but not limited to, the Social Cluster, Justice Cluster, and the Economic Cluster.

GOVERNANCE CLUSTER

The above-mentioned cluster were established during the First quarter and Second quarter 2020/2021. Due to Covid-19 the above clusters were also convened by the District Mayor virtual as the Chairperson and Co-Chairperson MEC Ntuli.

The District Command Task Team is Chaired by the District Municipal Manager as the chairperson and Co- Chaired by the HOD from the Department of Human Settlement, Mr Zungu and Dr Tshabalala from the Department of Health respectively.

2.10 Public Accountability and Participation

As required by the Constitution, the Municipal Council must conduct its business in an open manner and its objectives must be to encourage communities and community organizations to be involved in local government matters. Further the Municipal Systems Act states that municipalities must encourage and create conditions for the local community to participate in the affairs of the Municipality.

It is essential that the review process of the IDP and preparation of the Budget transpires in conjunction with other spheres of government and stakeholders. The stakeholders in the IDP process include anyone with an interest in the integrated development of the Municipality.

The challenge remains to improve their understanding of the IDP process and how the municipal systems operate, and policies are formulated. To encourage community participation in matters of local government and all programmes. Council holds meetings and forums at different venues within the Municipality area. Public attendance at Council meetings is encouraged so that interested and concerned citizens have the opportunity to monitor decisions made by the elected body.

2.11RISK MANAGEMENT

Institutions operate in environments where factors such as technology, regulation, restructuring, changing service requirements and political influence create uncertainty. Uncertainty emanates from the inability to precisely determine the likelihood that potential events will occur and the associated outcomes.

Organisational Risk Management forms a critical part of any institution's strategic management. It is the process whereby an institution both methodically and intuitively addresses the risks attached to their activities with the goal of achieving sustained benefit within each activity and across the portfolio of activities. ORM is therefore recognised as an integral part of sound organisational management and is being promoted internationally and in South Africa as good practice applicable to the public and private sectors.

2.11.1Management, Other Personnel and Risk Champions

The extension of general responsibilities in terms of section 78 of the Municipal Finance Management Act, 2003 to all senior managers and other officials implies that responsibility for risk management vests at all levels of management and that it is not limited to only the accounting officer and internal audit.

2.11.2Legal mandate

Section 62 (1) (c) (i) of the Municipal Finance Management Act No. 56 of 2003.

2.11.3Accounting Officer

Section 62 (1) of the Municipal Finance Management Act, 2003 requires that:

The accounting officer of a municipality is responsible for managing the financial administration of the municipality, and must for this purpose take all reasonable steps to ensure-

- (c) that the municipality has and maintains effective, efficient and transparent systems –
- (i) of financial and risk management and internal control.

2.11.4Internal Auditors

Section 165 (2) of the Municipal Finance Management Act, 2003 requires that:

The internal audit of a municipality must -

- (a) Prepare a risk-based audit plan and an internal audit program for each financial year;
- (b) Advise the accounting officer and report to the audit committee on the implementation of the internal audit plan and matter relating to-
- (iv) risk and risk management.

The internal audit activity should assist the organisation by identifying and evaluating significant exposures to risk and contributing to the improvements of the risk management and control systems –

- A1 The internal audit activity should monitor and evaluate the effectiveness of the organisation's risk management system.
- A2 The internal audit activity should evaluate risk exposures relating to the organisation's governance, operations, and information systems regarding the:
- Reliability and integrity of financial and operational information.
- Effectiveness and efficiency of operations.
- Safeguarding of assets; and
- Compliance with laws, regulations, and contracts.

2.11.5 Audit Committee

In terms of Section 166 (2) of the Municipal Finance Management Act, 2003,

An audit committee is an independent advisory body which must –

- (a) Advise the municipal council, the political office-bearers, the accounting officer, and the management staff of the municipality on matters relating to –
- (ii) risk management.

2.11.6 Batho Pele Principles

Similarly, the principles of Batho Pele clearly articulate the need for prudent risk management to underpin government objectives. Batho Pele strives to instil a culture of accountability and caring by public servants. Further objectives of Batho Pele include supporting the government's governance responsibilities, improving results through more informed decision-making, strengthening accountability, and enhancing stewardship and transparency, all of which resonate well with the principles of risk management.

2.11.7 Risk Management Unit

The Risk Management Unit is responsible for the management of risks on a daily basis as well as co-ordination of all risk management activities in the municipality.

2.11.8 Risk Management Committee

In terms of the Risk Management Framework, membership to the Risk Management Committee should consist of all Directors or Heads of Departments. However, in the case of Ulundi Municipality, this has been delegated to Deputy Directors who report to HoD's and Senior Managers who report to them. The Risk Management Committee meets quarterly to review the risk registers and deal with all risk-related matters in the municipality and reports to the Audit Committee.

The following officials were members of the Risk Management Committee during the 2020/2021 financial year:

- 1) Mr S.W.A. MemelaDeputy Director: Chairperson
- 2) Mr S. KhumaloManager: Risk Management Unit
- Mrs N. PandayDeputy Director: Legal Services
- 4) Mrs N.L.H. ButheleziDeputy Director: Planning & Development
- 5) Miss P.T. NxumaloDeputy Director: Civil
- 6) Mr P.N. DlatuDeputy Director: Electrical
- 7) Mr S.M. KhomoDeputy Chief Financial Officer
- 8) Mr M.N. MahlabaDeputy Director: Budget
- 9) Mr D.N.S. ButheleziDeputy Director: Corporate Services
- 10) Mrs Z.P. KhomoDeputy Director: Community Services
- 11) Mr H.A.L. MeyerDeputy Director: Protection Services
- 12) Mr M. ZuluSenior Manager: Protection & Security
- 13) Mr M.T. NkosiChair: IT Steering Committee
- 14) Mr W.C de WetChair: OHS Committee

All members of the Risk Management Committee are Risk Champions responsible for Risk Management in their respective Departments.

2.11.9 Risk Assessment

An annual assessment of all 2020/2021 municipal risks was done on the 25th of May 2021 despite the challenges posed by the national lockdowns due to the Covid-19 pandemic. These risks were then classified in the following risk registers:

- Main Risk Register
- Fraud Risk Register
- IT Risk Register
- SCM Risk Register

Monitoring of Risks

Quarterly risk reviews were done in respect of all risks in terms of the risk management policy. The Risk Management Unit was responsible for assessing whether the mitigation controls were being implemented in accordance with the action tasks that were agreed upon during risk assessment and reported to the Audit Committee quarterly. The risk registers were also reviewed by Internal Audit as a third line of defense in the quality assurance chain. Out of a total of 75 risk mitigation tasks, 71 were completed and only 4 remained outstanding, translating to a 94.6% performance rating. The 4 tasks that were not completed was due to budget and Covid-19 lockdown restrictions.

2.11.10 Compliance Checklist

Departments are each required to comply with various legislative prescripts applicable to each one of them. The Risk Management Unit monitors the various departments' compliance with legislation as indicated in their respective Compliance Registers and, in this regard, departments are required to complete and submit their Compliance Checklists together with evidence of compliance to Risk Management Unit monthly. These are also reviewed by the Internal Audit Unit regularly. As of 30 June 2021, all departments had complied both with the submission of their compliance check-lists to the Risk Management Unit as well as with legislation.

2.12 ANTI-FRAUD AND ANTI-CORRUPTION ACTIVITIES: 2020/2021

The Municipality has an approved Anti-Fraud and Anti-Corruption Policy which is reviewed annually. The policy is workshopped to employees annually in order to ensure compliance. It is a requirement for both officials and Councillors to sign the declaration of interest / benefits annually to avoid conflict of interest in compliance with the policy.

The municipality has in place a fully functional Council Committees and internal control structures; viz, Risk Management Unit, Internal Audit Unit, the Audit & Performance Committee, and the Municipal Public Accounts Committee (MPAC) that play different complimentary roles in the quality assurance chain in order to improve internal controls.

2.13 SUPPLY CHAIN MANAGEMENT

DEVIATION REGISTER FOR 2020/2021 FINANCIAL YEAR END IN TERMS OF SECTION 36 OF SCM

It is reported that there were no deviations during the year under review.

2.14. MUNICIPAL BY-LAWS

Ulundi Municipality has approved and gazetted the following by-laws that are implemented in its area of jurisdiction:

	SUMMARY		
NAME OF BY-LAW	SUIVIIVIARY	CONTRAVENT IONS	CONVICTIONS
ANIMAL BYLAWS	 pound costs as well as medical expenses An animal that is straying on private property may be seized by the owner and the pound master may be called to capture the animal. No animal that is captured may be released without the proper statutory records. A person on who's property an animal has been trespassing may be fliable to be paid a trespass fee, as well as damages caused by the animal trespassing. This payment may be waived by agreement of the parties. If an animal that has been impounded, has not been released the pound master may apply for the sale of the animal, by proper advertising. The proceeds of the sale will be held by the CFO, if not claimed within a period of three months same shall be forfeited to the Municipality. Additional costs may also be claimed from the owner after the sale of the animal. If an animal is not sold it may be disposed of at the discretion of the pound master. Whilst an animal has been impounded the pound master has a duty of care. Keeping of bees is not allowed. Any animal may lie in a designated place for a period determined by the Municipal Manager, and may only be released upon the necessary vaccinations having been provided. In the event that an animal that has been impounded, is so diseased or injured, the pound master may at his discretion put down the animal with no compensation to the owner. The costs of destroying the animal, may be recovered by the Municipality from the owner. The person who seizes an animal is under no duty to trace theowner. An owner of an animal needs to take all reasonable sleps to prevent any destruction or damage. Notices in terms of these bylaws must be given to the owner and can be served personally on the owner or the agent to the known address. There are a number of personal conduct rules when hiring the facility that is prohibited. In addition there are prohibitions that protec	None	None

	 The bylaw also further prescribes how the metered parking system works. There are exemptions to the parking bylaws, for disabled persons as well as medical practioners. However this exemption must be done by application. No washing cleaning or repairs must be done on a public road, except in the vehicle has been broken down on the road. No person shall use a skate board, or roller skates on a public road or side walk. Permission must be sought to use an abnormal motorvehicle. Any person requiring an escort by traffic officers must accordingly make application, to the Director Protection Services. The bylaw outlines the penalties for offences and offenders. 	None	None
OUTDOOR ADVERTISING BYLAW	 The bylaw gives clear definition as to what is permanent and temporary advertising. The bylaw also displays certain exemptions that must be applied. Advertisements will not be permitted unless it has received council approval. The application must be made in the prescribed form attached to the bylaw. The bylaw further stipulates what attachments must accompany the application so that same is valid. The bylaw also stipulates what must be considered when the application is before council. The bylaw gives specific consideration for permanentadvertising. The bylaw also stipulates what is sign boards affixed to buildings, painted advertisements as well as ground sign boards and flashing adverts. Advertisements must not obstruct a fire escape. Advertisements must not be in colours that distract drivers or have intense illumination. The bylaw also lays strict conditions for the construction of advertisements in that it has to be neat and appealing. The person having control of the signboard is responsible for maintenance Alterations or deletions must be applied for in writing and approved by the Municipal Manager. Offences attracts fines as well as imprisonment. 	None	None

STORM WATER MANAGEMENT BYLAWS	 No person without the direct and written consent of the Municipality may discharge stormwater. No person may construct a mechanism which allows the discharge of the stormwater. No person may obstruct or interfere with the normal flow of stormwater into out or through a stormwater sewer without the prior written ap of the Municipality. The Municipality may issue a notice suspending access to the stormwater systemwhen it is necessary to stop a risk like pollution or a public health. As soon as an owner or occupier becomes aware of the risk the owner or occupier must take immediate steps to ensure its containment. Notify the Municipality as soon as it is reasonable possible. The owner or occupier of a premises shall be responsible for the construction and maintainence at his/her own expense of any storm water on the premises and any connection between such drains and the stormwater system. Contravention may mean a fine or imprisonment 	risk to	None
REET TRADING BYLAWS	 Must adhere to the standards as per the health act. When the vendor requested by an employee or agent of the Municipality must move the goods to allow for cleaning of the area. No obstruction shall be caused by a street vendor. The bylaw defines what it would consider instances of obstruction. All persons/vendors must carry on business with permission of the Municipality, and no person may carry on trade without proof of the relevant licence. The bylaw outlines that in certain instances no trading shall occur near residential business premises. The bylaw also makes provision for no trading near certain business premises. In respect of traffic no vendor shall cause obstruction to traffic whilst selling goods. No vendor may block a traffic sign, a parking space or a railway crossing. No vendor may trade in certain public places that are next to certain buildings, places of worship and national monuments unless same h been specified. The Municipality must display signs to display their restrictions. The bylaw also allows for removal and impoundment of goods or articles under specific circumstances. There are a list of vicarious liability issues in respect of the person carrying on business as well as the employee. The bylaw also specifies penalties for persons guilty of an offence. 	nas	None

- The application of this bylaw, is extended to councilors, members of the public whilst they are in attendance of any session of council, persons None addressing deputations as well as any official of the Municipality.
- In applying an interpretation to this document all the laws of the country is to be taken into account.
- Council must hold a meeting once every three months, that is to be convened by the Speaker.
- All meetings must be opened to the Public with a few exceptions.
- The Municipal Manager must give timeous notice to the Public save for instances where time constraints make it impossible.
- Notice to convene an ordinary meeting must occur two calendar days for ordinary meetings, and one calendar day before in instances of special meetings.
- This time period is also applicable insofar as documents, pertaining to the meeting is concerned.
- Councillors for the purpose of receiving their notices have an onus to inform the Speaker of a change in contact details, within three days of such a change occurring.
- Should a member not have received notice of a meeting, the member has the right to request that an investigation occurs, however, it does not have the effect of declaring the meeting invalid.
- A quorum is created in terms of the Municipalities Establishment notice.
- Vacancies in the office of a councilor does not invalidate the proceedings/voting in council meetings.
- No meeting may occur if 15 minutes after the commencement time a quorum is not present/established.
- The meeting may be cancelled, however it needs to be reconvened within 7 days as a continuation meeting.
- All councilors must punctually attend all meetings, except when a leave of absence has been granted, a councilor is required to withdraw in terms of 46(2), with permission of the speaker.
- A register of all councilors present must be signed.
- should a councilor not be in a position to attend a meeting application for leave of absence must be lodged with the municipal manager, in writing either for whole or part of the meeting.
- the application must show good cause in order for same to be granted.
- the speaker must consider the application and either grant/reject the application.
- if a councilor fails to remain in a meeting and fails to apply for leave of absence, he/she may be deemed as absent.
- leave of absence for two/more consecutive meetings calls that a sanction may be imposed.
- Non-attendance may be investigated by the rules comitee.
- Accordingly sanctions may be imposed.
- The Speaker must ensure compliance and maintain order during a meeting.
- All proceedings of council must be electronically recorded, as well as recorded in writing, and retained in accordance with the provisions of the Archives Act.
- All minutes may be available to the members of the public.
- The order of business in a council meeting is accordingly stipulated in the bylaw and must be adhered to.

	 A deputation must be in writing and a memorandum must be presented to the Municipal manager outlining the deputation. The request for adeputation must be approved by the speaker. A deputation/member of the public addressing council must adhere to the rules of the council and directed by the speaker. should this not be adhered to accordingly a sanction may be approved. All reports must be provided to councilors, same for those instances wherein the matter is urgent. a motion by a councilor must be brought in wiring and signed by the councilor and a seconder. notice must be given 7 days prior to a meeting and in such instance a counselor is allowed a maximum of three motions per agenda. If the motion is submitted correctly the speaker may not object to such motion. A councilor may approach a municipal manager /head of department in order to obtain information as he/she may reasonable require for the proper performance of his/her duty as a councilor Decisions pertaining to bylaws, approval of budgets, imposition of rates and taxes, raising of loans, rescission of a council resolution within 6 months of the resolution Should a resolution of a committee or council be revoked, prior notice is required A councilor may only speak when directed by the speaker. 	None	None
LIBRARY BYLAWS	 The library may be used by any member of the public. The librarian may refuse access or refuse library material if it is in public interest to do so. A person wishing to enrol as a borrower must fill in the prescribed form All items are to be borrowed against an issued library card. Should a card be lost a duplicate shall be made by the librarian upon payment of the relevant amount. All items are borrowed for a period of 14 days. Should same not be returned on the desired date the book shall attract a fine. Should an item be lost the borrower shall pay the librarian in addition to any fine charges that may be due in respect of that item. An item not returned two months after the date of issue shall be deemed lost. The borrower shall be liable for damages caused when the book is in his/her possession and shall be liable to replace the item in the event that the item is badly damaged, alternatively a fine may be levied. No person who has lost books shall be allowed to borrow until the reimbursement has occurred. A borrower must notify the library of a change of address. The librarian is allowed to cancel the card of a non-active member. (ie someone who has not used the card for a period of 6 months). The bylaw specifies the conduct of persons using thelibrary. All speech must be restricted to the matter at hand All speeches must be confined to a period of 5 minutes save for the mayoral report or the estimates of income or expenditure. Any councilor may call a point of order by standing up, and the speaker must grant immediate attention to the councilor. the ruling of the speaker on that point of order is final All conduct must be of the highest decorum 	None	None

	 the speaker may determine and sanction misconduct during proceedings accordingly. A councilor whose spouse, family member or business partner stands to acquire any direct benefit from a Contract concluded with the municipality must make a declaration of pecuniary interest breach of rules may be investigated by the rules committee. 		
PROPERTY ENCROACHME NT BYLAWS	 Should an encroachment be envisages then application must be made to Council. There are stipulated rules for the construction of encroachments, for eg there are rules for verandahs as well as poles and where they are to stop. The same will apply to balconies as well as wash bay areas. All applications must be made to the building control officer. The bylaw does state penalties for non-compliance. 	None	None
PUBLIC ROADS BYLAWS	 No person may cause obstruction on a public road. If an obstruction is caused then it must be removed by an authorised official. No excavations may be caused without the written consent of the Municipality. The Municipality will have to grant permission for hoarding. No owner or occupier of land be it agricultural or residential may erect a fence that is dangerous. Noone is allowed to place items on the road that may cause damage to the road. No person may deface or mark a road without the written consent of the Municipality 	None	None
SOLID WASTE BYLAWS	 The Municipality at the cost to the owner of the premises is responsible for the collection of business as well as residential waste. The occupier is obliged to make use of the Municipal services in order to have the wasteremoved. However, there are instances wherein the owner/occupier may make prior arrangements with the Municipality to have the waste removed at their own cost or if the waste is of such a nature that it cannot be collected by the Municipality. The Municipality may deliver containers to the premises having regard to factors such as the quantity of waste, the suitability of waste etc. The Municipality may determine the quantity of the waste that is to be collected, determine which premises requires the Municipal services more frequently, determine the maximum amount of waste to be collected from that premises on any given day, specify provisions for storage. The municipality may determine schedules for collection, locations for placing the bins which types of waste generated by the occupier should be recycled, waste that is unsuitable for collection. The occupier of the premises must make provision for waste handling facilities for the Municipality. In order to facilitate the handling of waste bin liners are to be used for business as well as domesticwaste. The owner when using a bin liner must ensure that the bin is undamaged, and properly closed so as to avoid the contents spilling. 	None	None

•	The owner or occupier of a premises that has containers for the disposal of waste material must ensure that the waste is kept in a suitable	None	None
	place, no hot ash, unwrapped glass or other waste must cause damage to the containers.		
•	No liquid may be placed on these containers or the bin liners.		
•	No fire must be lit in the bin container, it must not be used for any other purpose expect the collection of waste.		
•	The Municipality may in certain instances ask that the waste is compact.		
•	The Municipality may make provision for the collection of industrial waste, at a cost to the owner.		
•	The bylaw goes on to make stipulations in respect of industrial waste, and collection thereof.		
•	The bylaw also makes provision for the disposal of garden waste as well as special domestic waste and bulky waste.		
•	The bylaw stipulates that there is an onus on the owner of a property that is being built to contain building waste, alternatively ask for written		
	permission from the Municipality to facilitate the containment as well as the removal of the waste.		
•	In instances of special industrial, hazardous as well as health care waste, the Municipality must be informed in writing of the generation of this		
	waste as well as the method of storage, the quantity and the duration period for the generation.		
•	There are further stipulations in the bylaws in respect of collection and disposal of such waste.		
•	In respect of disposal of all waste the Municipality may advise that waste is to be disposed of at a particular site.		
•	No person may burn waste.		
_	The hylaw stinulates conditions for persons entering a waste disposal site, as well as stinulates conditions for the disposal of waste within this	1 1	

- The bylaw stipulates conditions for persons entering a waste disposal site, as well as stipulates conditions for the disposal of waste within this structure.
- The Municipality or the owner of private property must take reasonable steps to ensure sufficient approved receptacles are provided for the discarding of litter.
- There is an onus on the Municipality and the owner to ensure that certain conditions like the maintenance as well as the usage of these containers are within the confines of what the bylaw is stipulating.
- There is a general prohibition on littering as well as dumping and abandoning articles.
- An authorised official may be appointed by the Municipality in order that waste collection and disposal is monitored.
- The official may also inspect vehicles for waste and should he/she be of the opinion that the waste is of such a nature that it may cause harm to the environment or to human beings he may seize the vehicle.
- The authorised official may also issue enforcement notices.
- Complaints may also be forwarded to the authorised official.

	The bylaw stipulates penalties for offences.		

FUNERAL UNDERTAKERS BYLAWS	 No corpses may be prepared outside of an undertakers premises, in which case the undertaker is to have a certificate of competence. The Municipality may on written permission grant to an individual exemption from the bylaws if adhering to the bylaw willcause a nuisance. The bylaw lays down provisions for the issue or transfer as well as the validity of a certificate of competence given to a funeral parlour. There are duties that a holder of this certificate must comply with as well. The Municipality also has certain conditions that have been laid forth for the suspension or revocation of a certificate of competence. In terms of the premises of the funeral undertaker, there are certain provisions that the funeral undertaker must comply with for the funeral home. All health care as well as material that must be disposed of must be done so in accordance with South African National Standards. There are provisions for penalties for non-compliance. 	None	None
FLAMMABLE LIQUIDS BYLAWS	 A certificate of registration is to be obtained in the event that a person is involved in spray painting, storage, manufacturer or use of flammable liquids or substances. The application is to be made to the Municipal Manager who shall grant or refuse the application in accordance with the prescripts of this bylaw. The certificate may lay down conditions. No person is authorised to deliver, or receive goods that have flammable liquids in them. A certificate in respect of the carrying of this substance may be transferred from one person to the other upon written consent of the Municipal Manager. The premises upon which this liquid is stored may be inspected by an authorised official. The bylaw clearly outlines how the flammable liquids may be stored, used as well as handled. The authorised official from the Municipality may from time to time send out or serve out notices that shall prohibit smoking or the use of naked flames in or around the area of storage. In the event that it is found that the holder of the flammable liquids are carrying on business in a manner that is dangerous notice to discontinue this practice may be sent to the holder. In an event of a spillage, a person becoming aware of the spillage must report the incident to the Chief FireOfficer. All accidents involving flammable liquid spillage must be reported to the Head of Protection Services immediately. All breach of conditions of certificate means a breach of this bylaw and therefore the incumbent is liable to be penalised under this bylaw. When necessary the Chief Fire Officer may create places wherein the flammable liquid may be stored given regards to the nature of the material. The Head of Protection Services may inspect registered premises where the liquids are stored. There are penalties attached to this bylaw. 	None	None

 No emergency standby equipment that has been utilised by the consumer may be used in the main supply. 		
• In the event that there is a fault on the electrical installation that has the effect of endangering person/property then same shall be immediately		
switched off by the consumer.		

2.15 WEBSITES

The Municipal website contains information regarding all matters and process running in the municipality in terms Section 75 of the Municipal Finance Management Act 56 of 2003, it is accessible to all who are interested at www.ulundi.gov.za.

2.16 PUBLIC SATISFACTION ON MUNICIPAL SERVICES

A fully-fledged Customer Care Office that complies with the prescriptions of the Promotion of Access to Information Act, the Administration of Justice Act and Chapter 4 of the Municipal Systems Act, has been established by the Municipality. There is a need to educate communities on the nature of the customer care office and the access to documentation provided there. A Customer Care Policy has been developed and adopted by Ulundi Council; this forms the basis of the operation of the Customer Care Office which is run in accordance with Batho Pele principles.

Measuring the level of satisfaction of the community against services rendered by the Municipality is important; suggestion boxes have been placed at strategic points in the municipal buildings with little response. A similar situation pertains to the facility of customer satisfaction registers. The Municipality will need to undertake a structured customer satisfaction survey to determine the status quo regarding satisfaction with present service delivery levels.

CHAPTER 3

CHAPTER 3

1. Service Delivery Performance

1.1 Introduction

The Ulundi Local Municipality undertakes to meet definite service delivery and budget spending targets during the specific financial year through its Service Delivery and Budget Implementation Plan (SDBIP). This is a detailed outline of how the objectives, in quantifiable outcomes, set out in the Integrated Development Plan (IDP) are implemented and linked to the approved annual budget.

As the budget gives effect to the strategic priorities of the Municipality, it is important to supplement the budget and IDP with a management and implementation plan. The SDBIP is a yearly contract agreed to by the administration, council and the community whereby the intended objectives and projected goals are expressed in order to ensure that the desired long-term outcomes are attained. It includes the service delivery targets and performance indicators for each quarter and therefore facilitates management over financial and non-financial performance of the Municipality, at every level, and is continuously monitored throughout the year.

In the interests of good governance and better accountability, the SDBIP enables the municipal manager to monitor the performance of senior managers, the mayor to monitor the performance of the municipal manager, and for the community to monitor the performance of the Municipality. It must also be consistent with outsourced service delivery agreements.

The SDBIP is essentially the management and implementation mechanism which sets in-year information, such as quarterly service delivery and monthly budget targets, and relates each service delivery output to the budget of the Municipality, thus providing realistic management information and a detailed plan for how the Municipality will provide such services and the inputs and financial resources to be used. It serves a critical role to focus both the administration and council on outputs by providing clarity of service delivery expectations, expenditure and revenue requirements, service delivery targets and performance indicators.

The SDBIP is a layered plan, with the top layer of the plan dealing with consolidated service delivery targets and linking such targets to top management. As a management and implementation plan, it is a dynamic document that may be revised as actual performance is taken into account or service delivery targets and performance indicators change. However, it may not be revised downwards when there is poor performance (National Treasury MFMA Circular No 13, 2005).

1.2 Legislation

The preparation of a Service Delivery and Budget Implementation Plan is required according to the Municipal Finance Management Act, Act No. 56 of 2003 (MFMA), which obliges all spheres of government to be transparent about their financial affairs and clarifies the separate roles and responsibilities of the council, mayor and officials.

Section 1 of the MFMA defines the SDBIP as:

"a detailed plan approved by the mayor of a municipality in terms of section 53(1)(c)(ii) for implementing the municipality's delivery of services and the execution of its annual budget and which must include the following projections for each month of - (i) revenue to be collected, by source; and

- (ii) operational and capital expenditure, by vote;
- (a) service delivery targets and performance indicators for each quarter".

According to Section 53 of the MFMA, the Mayor is expected to approve the SDBIP within 28 days after the approval of the budget. In addition, the Mayor must ensure that the revenue and expenditure projections for each month and the service delivery targets and performance indicators as set out in the SDBIP are made public within 14 days after its approval. Section 71 of the MFMA stipulates that reporting on actual revenue targets and spending against the budget should occur on a monthly basis. Section 52(d) of the MFMA compels the mayor to submit a report to the council on the implementation of the budget and the financial state of affairs of the municipality within 30 days of the end of each quarter. Section 72(1) (a) of the MFMA outlines the requirements for mid-year reporting.

The main purpose of this Chapter is to account to MEC for Local Government, Provincial legislature, NCOP, Minister of Cooperative Governance and Traditional Affairs, National Treasury, Auditor-General and the community of Ulundi on the progress being made by Ulundi Municipality towards achieving the overall goal of "a better life for all". Furthermore, the report is a key performance report to the communities and other stakeholders in keeping with the principles of transparency and accountability of government to the citizens. It subscribes to the South African developmental nature of participatory democracy and cooperative governance and responds to the principles of the Constitution, Batho Pele, and White Paper on Local Government, MSA and the MFMA.

1.3 ORGANISATIONAL PERFORMANCE MANAGEMENT PROCESS

According to the provisions of the Municipal Systems Act, 32 of 2000, municipalities must monitor and measure the progress of their performance by preparing quarterly and mid-year performance reports, in terms of Chapter 6 of the MSA, on performance management systems. These quarterly and mid-year reports make up the municipalities' annual performance reports (Section 46 report), which are submitted to the Auditor-General, together with the financial statements, for auditing. After adoption of the audited performance report by the municipal council, it must then be submitted to the MEC for Local Government. The key performance indicators were crafted in line with the municipality's development priorities and objectives outlined in the IDP, which will remain in force for the duration of the IDP period in order to maintain consistency in measuring and reporting on long terms strategies and projects. Measurable performance targets were for each development priority and objective. To ensure that regular reporting takes place the Audit and Performance Committee gives feedback to Council.

For the 2019/2020 financial year individual performance agreements and performance plans were signed by the Municipal Manager and Heads of Departments. Ulundi Municipal Council approved the Integrated Development Plan, the Scorecard and the Service Delivery and Budget Implementation Plan which are in line with the vision and mission of the municipality and contains the annual performance targets that are also in line with the national key performance areas.

1.4 Monitoring and Evaluation

Heads of Departments are required to submit quarterly performance reports for monitoring and evaluation of actual performance against set targets. Some challenges in terms of the submission of quarterly performance reports timeously were experienced during the financial year but it did occur.

1.5 Audit Committee

The Audit Committee met on a quarterly basis as required by legislation. A record is available for inspection in the Internal Audit Unit.

1.6 Auditing of performance information

In terms of the Local Government: Municipal Systems Act, 2000, Sec 45 requires that the results of performance measurement in terms of Sec 41 (1) (c) must be audited as part of the internal auditing process and annually by the Auditor-General. Indeed, auditing of the Performance Management System and Audit of Performance Information was conducted for all four quarters.

1.7 Performance highlights: 2020/2021 financial year

1.7.1 Introduction

The Ulundi Local Municipality has continued to provide free basic services to the community and deliver key functions especially about electrification and road access during 2020/2021 financial year. The programmes and projects were facilitated to bring change to all residents, be of assistance to the community and make their lives better. Attention was also placed on facilitating and encouraging investment and local economic development to grow the economy, lessen unemployment and create jobs.

1.7.2 Strategic Planning

During the current financial year, Ulundi Local Municipality undertook the process of convening and holding the strategic planning process in compliance with the Municipal Systems Act and the Municipal Finance Management Act.

Strategic Planning Sessions for 2020/2021 Financial Year

	Details	Attendees	Venue	Date
1.	Strategic Planning Session	Political Office Bearers; All EXCO	Imvubu Lodge	13 - 14 May 2021
		Members, All Executive Directors		
		Managers up to level 3		

1.7.3 Performance Management

1.7.4 Special Programmes

During the year under review, the Ulundi Local Municipality Implemented Programmes as following:

Special Programmes held during 2020/2021 financial year

Arbor Day Venue: Ward 3 (Indluyamandla Primary School)

Date: 22 September 2020

Time: 10h30

Theme: Forest and Biodiversity

Attendees

The event was attended by representatives from Ulundi Municipality; Honourable Ward Councillor S.M. Buthelezi; Indluyamandla Primary School; Economic Development Tourism and Environmental Affairs; Good Green Deeds and Community Works Program Team.

Planting of Trees

The Ward Councillor led the planting of a symbolic tree and the representatives of all structures were involved. The total number of trees that were planted at the school was 20.

World Environmental Day

Date: 14 June 2021

Venue: Ulundi Municipality

Time: 10H00

Theme: "Eco-system Restoration"

The main Speaker of the event was His Worship, the Mayor of Ulundi, who also led the Tree Planting Session. Honourable councillors of Ulundi were involved together with officials; other institutions; and community members.

Environmental programs at ward level programs

The Service Delivery Budget Implementation Plan of Ulundi requires that all 24 wards of Ulundi conduct environmental awareness campaigns at ward level with the budget of R 5000.00 per ward. This program is conducted yearly through planting mainly Indigenous trees and fruit trees. Those trees are planted on different areas such as Community Halls, Schools, Creches, Churches, War Rooms and any priority sites identified by the Ward Councillor of the affected ward.

1.8 Public Participation

As a consultative and participatory local government, the Municipality has endeavored to afford all citizens with the avenues for open and meaningful participation. Transparency and communication of information was provided through newspapers, website, and public notices at various strategic locations. The Ward Committees and Ward Committee Officers form the basis for ensuring effective interaction and communication between the Municipality and the people.

1.9 Internal Audit and Risk Management

The Municipality is expected to conduct an annual assessment of its risks and prepare plans to address risks identified. During the year under review, the risk assessment was conducted internally. For the period under review, the Accounting Officer is satisfied that the internal controls in place were sufficient to deal with all risks identified.

1.10 Integrated Development Planning (IDP)

The Integrated Development Plan is one of the key tools for local government to tackle its developmental functions, roles and responsibilities. It is part of an integrated system of planning and service delivery and includes issues such as municipal budget, land management, promotion of local economic development and institutional transformation in a consultative, systematic and strategic manner.

IDP Representative Forums held during 2020/2021 financial year

No.	Venue	Date	Time
1.	P.Z. Phakathi Community Hall	10 June 2021	10h00

2. Expenditure Management

Details of the Expenditure for the year are included in the Annual Financial Statements submitted as a separate document.

3. Revenue Management

Details of the Expenditure for the year are included in the Annual Financial Statements submitted as a separate document.

4. Customer Care Service

The Ulundi Local Municipality operates a Customer Care Office which runs from 07h30 until 16h30 on weekdays. The Office assists with queries and provides a range of services to the community.

5. Bids Awarded: 2020/2021

The tenders comply with the MFMA Regulations and the implemented Supply Chain Management Policy in line with the National Treasury Regulations. The bids that were awarded and approved by the Adjudication Committee of Ulundi Local Municipality during the 2020/2021 financial year are listed below:

Bids awarded and approved during 2020/2021 Financial Year

6. Infrastructure, Planning and Development

The Ulundi Local Municipality continues to invest in infrastructure through development and maintenance to ensure that the basic needs of the people are met. Access roads, Community facilities, including halls and sports facilities, have been constructed, upgraded and maintained.

Roads project undertaken during 2020/2021 Financial Year

7. Electricity

Electricity is distributed to residents within Ulundi Local Municipality, while some of the areas are supplied directly by Eskom. The infrastructure is reasonably maintained but network constraints will put pressure on the existing infrastructure resulting in a more rapid deterioration.

Electrical projects undertaken during 2020/2021 Financial Year

8. Waste Management

Most urban households in the Ulundi Local Municipality have their refuse collected on a weekly basis but no service is available in the rural areas. This leads to the problem of illegal dumping which poses environmental risks, but efforts are being made to increase people's awareness of good waste management practices. There is still a challenge in the establishment of a suitable landfill site by the Zululand District Municipality.

8.1 Cemeteries

The Municipality needs to also look at additional cemetery space to address the predicted number of deaths, especially those related to HIV/Aids.

8.2 Community Libraries

While there is one community library in Ulundi and 1 mobile library in Ceza nodal point, their capacity is totally inadequate to sustain the needs of the communities. In the next financial year, the municipality is looking at requesting the Department of Education to assist with more mobile libraries that will be placed in other nodal points.

9. Law Enforcement

As a norm people are inclined to flout and contravene the regulations and by-laws. The Municipality is strategically located along the main road (R66) so must contend with an increasing number of road accidents. With the intention of strengthening the law enforcement capacity and ensuring that people perceive the area to be protected, the municipality has currently in its employment 24 Peace Officers to assist with traffic management and to enforce the by-laws.

10. Disaster Management

Disaster management is essential due to the high risk of fires in the Ulundi Municipal area. Public awareness programmes are conducted to empower communities on how to reduce risks and recognize risk situations and take the appropriate remedial action.

11. Pound Management

The Pound Management function was in the previous years outsourced due to lack of lack of capacity which proved to not benefit the municipality, hence Council resolved to terminate the contract with the service provider and in turn appoint animal herders within the community as part of job creation.

As much as there are challenges of animals on the road, the municipality endeavours to comply with the KwaZulu-Natal Pound Act.

12. Administration

To meet and implement the objectives of local government as contained in the White Paper on Local Government and the community, the administration of the Ulundi Local Municipality has structured and organized systems in place.

13. Public Facilities

There are several community facilities, mainly with the Ulundi town which are fully utilized by members of the community. Some of the facilities are due to be upgraded in the next financial year.

14. Local Economic Development

The Local Economic Development Unit assisted several emerging entrepreneurs within the area of Ulundi Local Municipality. During the 2020/2021 financial year the municipality was able to create 687 jobs opportunities through the Expanded Public Works Programme.

15. Organisational Scorecard: 2020/2021 Financial Year

The Annual Performance Report for the 2020/2021 financial year has been completed and reflected in the Organizational Scorecard attached as "Annexure 1" which will be presented to the Auditor-General for auditing together with the Annual Financial Statements by 31 August 2021.

This is a consolidated report that reflects results on performance against the 6 Key Performance Areas (KPA's) targets and achievements for the year under review, corrective measures to be undertaken in the 2020/2021 financial year in relation to the targets that were not achieved. It also reflects achievements of the previous financial year. The information will be presented in the Organisational Scorecard which is informed by the information that was collated through departmental scorecards throughout the financial year which information was supported by portfolio of evidence that was also audited by Internal Audit. Since Ulundi Local Municipality adopted the Key Performance Area Model, the report will reflect its performance results clustered as per the 6 National Key Performance Areas.

The results were assessed using the colour coded criteria as shown in the table below:

Rating Keys						
rating roys						
Mat Askin and						
Not Achieved						
Partially Achieved						
,						
Fully Achieved						
Excellent Achievement						
Outstanding Achievement						
Total						

15.1 SUMMARY OF RESULTS OF PERFORMANCE FOR THE ORGANISATION: 2020/2021

National KPA's	No. of	2019/2020			No. of 2020/2021					
	Set Targets	Achieved	Not Achieved		Targets Exceeded	Set Targets	Achieved	Not Achieved	Partially Achieved	Targets Exceeded
Basic Service Delivery	60	35	04	18	03	64	40	22	02	00
Local Economic and Social Development	61	31	23	06	01	39	23	08	06	02
Municipal Transformation and Organisational Development	10	04	04	02	00	09	09	00	00	00
Good Governance and Public Participation	39	23	06	09	01	43	36	03	04	00
Financial Viability and Management	19	15	00	04	00	24	23	01	00	00
Spatial and Environmental	16	11	03	02	00	11	10	01	00	00
Total	205	119	40	41	05	190	134	20	12	02

Based on the above results an improvement is noted, the percentage achievement for the previous financial year was 58% and the year under review percentage results is 82%.

16. Performance of Service Providers

When a contractor is appointed the responsible department ensures a Service Level Agreement is signed. Late in the financial year a system of rating Service Providers was introduced wherein Departments had to rate their Service Providers on a scale of one to five so that those who are not performing as per agreement necessary action is taken against them. A table depicting the rating of service providers is annexed as "Annexure 2".

17. Conclusion

The Office of the Municipal Manager maintains a Portfolio of Evidence to support achievements recorded in this Annual Performance Report, and the Internal Audit has performed a verification of credibility of evidence for validity of reported achievements. In areas where performance was not achieved reasons have been provided as well as corrective measures to ensure that performance is improved in the 2021/2022 financial year

CHAPTER 4

CHAPTER 4

1. Organizational Development Performance

Introduction

The Municipal Manager is the Head of the Municipal administration and is subject to the policy direction of Council (in terms of Section 55 of the Municipal Systems Act, Act No. 32 of 2000). The Municipal Manager is required to form and develop an economical, effective, efficient, and accountable administration.

The employment of staff is subject to the Employment Equity Act, Act No. 55 of 1998. The person appointed in any capacity must have the relevant skills and expertise to perform the duties associated with the post, but the protection and advancement of persons disadvantaged by unfair discrimination is also considered.

Human Resources

On an annual basis, councilors and employed staff are required to sign a Code of Conduct and Declaration of Financial interest. Also, in place are the Human Resource Strategy reviewed when necessary and an Employment Equity Plan which is reviewed on an annual basis.

One challenge the Municipality has been confronted with is the non-representation of certain race and gender groups and the failure for employment opportunities to appeal to these groups. In response to alleviating the lack of capacity and scarcity skills, the Municipality has adopted a policy on the retention of scarce skills.

2. Organizational Structure

To support and ensure the objectives of local government as incorporated in the White Paper are implemented within the Municipality, the administration is guided and directed by an impressive and dynamic leadership. The Ulundi Local Municipality has been structured in order to address the challenges and execute the functions delegated to it.

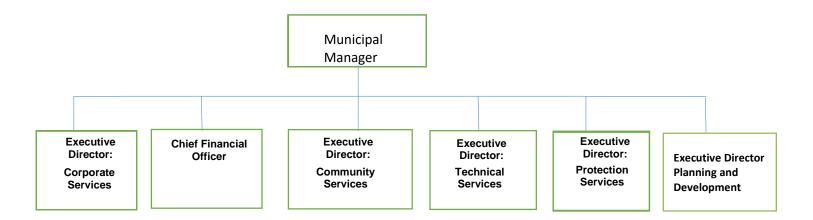

The operations of the Municipality is administered and managed by five components of Departments. Each Department is managed by a Departmental Head who is appointed in terms of Section 57 of the Local Government Municipal Systems Act, No. 32 of 2000. These departments ensure that the goals and objectives set by Council are implemented; key performance targets are achieved within the annual budget, and excellent service is delivered to the community. Each department is structures according to the line functions specified in the IDP. These Departments have sections/divisions that are headed by Level 2 and 3 Managers

The departments work closely together to provide a holistic entity and positive image of the Municipality. They also interact, co-operate, assist and support other municipal areas and Zululand District Municipality as well as provincial and national government departments.

The organization of the Municipality is as follows:

- (a) Office of the Municipal Manager
- (b) Corporate Services
- (c) Technical Services
- (d) Community Services
- (e) Financial Services
- (f) Protection Services.
- (g) Planning and Development

During the **2020/2021** financial year the structure was amended to meet the changed circumstances and provide capacity in certain Sections. There is general compliance with the Amendment Act 7 of 2011 as well as gradual compliance with the Collective Agreements on Wage Curves.

3. Organogram

The Ulundi Municipality has 277 number of full-time employees and 17 part-time employees to date.

All data that was collected from the municipal employees and was captured on the Gapskill system after the data was analyzed and the report forwarded to COGTA.

Ulundi Municipality is waiting for COGTA to come and present Skills Audit Outcome to the municipality to implement those outcomes.

Ulundi Municipality has an approved Skills Development Plan which is aimed at identification and execution of training needs for the Councillors, Employees, and unemployed youth during the financial year 2020/2021.

19. Organogram

Ulundi municipality Staff Establishment for 2020/2021 was approved by Council. This entails **7** Sec **54/56** Managers, **277** permanent employees and **17** contractual. (Copy is attached)

CHAPTER 5

Financial Overview

The complete set of financial information on how the Municipality performed is contained in the Audited Annual Financial Statement which are contained on this report Volume II and viewable on the Municipalities website on www.ulundi.gov.za

Sections within the department of financial Services

Finance department consist of the below listed Divisions/Units which are under the control of the Chief Financial Officer - Mr. JH Mhlongo:

Administration and Strategic Planning

- Ensure a maximum support to all divisions so that they can function optimally which will eventually benefit the community.
- Ensure that all Municipal finances are handled in accordance with the Local Government: Municipal Finance Management Act No.56 of 2003 and the funds are used for the intended programmes which benefit the community.
- Ensure that the work environment becomes educational as well to employees through continuous communication (Internal workshops, meetings, etc.)
- Strive to achieve the unqualified audit report with no matters and to maintain it.
- Ensure that the Batho Pele principles are brought into action daily.
- Municipal Standard Chart of account Regulations have been implemented successfully, challenges that arise are attended with the assistance of main financial system and sub-systems vendors.

Expenditure Management Unit -

- We strive to pay creditors within 30 days upon receipt of invoices (Invoice that is compliant to Section 20 of the VAT Act no 89 of 1999) provided that all Supply Chain Management Regulations are complied with.
- We strive to pay employee related costs and Councillors remuneration on time. Both costs respectively are within Treasury Norms when considered to total operating expenses.
- Payments are made in compliance with Municipal Finance Management Act Circular No.82 of 2016 Cost Containment Measures.

Revenue Management Unit

- Municipality has the following streams of revenue: Service charges (Electricity Sales and Refuse collection),
 Rates, Government Operating Grants (Equitable share, financial management Grant, Extended Public Works
 Programme, Provincialization of Libraries) and other revenue (Rates clearance certificates, Traffic fines and
 Licenses Valuation Certificates, Reconnection fees, Facilities hire, Business licenses)
- Revenue management is driven by Council Policies and by-laws. One of our Policies which is Indigent Policy which emphasizes on the well-being of our community and surrounding areas of Ulundi. Consumers who qualify as indigents are given 50khw pm of electricity and 100% rebates on refuse and Property Rates. Council is also providing R45 000 as additional rebates to Rates for all our residence. Based on the Revenue Enhancement Strategy, community is encouraged to pay for services so that Ulundi Municipality can deliver the services to the community. All our commercial customers including Government are encouraged to make a once off payment for annual property rates. This will enhance revenue, as a result the debtors' book will decrease. This drive is supported by Senior Management and the municipal staff members.
- Main purpose of the unit is to protect and enhance revenue position to enable the objectives of the municipality by implementing Council's Policies, By-Laws, and Strategies.

- Effective revenue management means that all consumers are billed correctly for all services received and all property owners are billed correct property rates in accordance with the Local Government Property Rates Act, 2004 as amended in 2014. Revenue, as a product of service delivery and the municipal valuation roll, is dependent on the extent and use of land and services provided, as well as on the municipality's ability to identify, record and manage all its revenue sources accurately and comprehensively. Monthly reconciliations are performed between the valuation roll and the billing system, as well as regular data verification tests done to ensure that consumption charges are within acceptable norms.
- The following areas were prioritized during the financial year to achieve Improved Revenue Management.
- Collection rate of 90% targeted.
- Ongoing completeness of revenue reconciliations.
- Reduction of outstanding government debt various initiatives are underway to reduce government debt and ensure ongoing payment for services.
- Improved indigent management.
- Council's revenue enhancement strategy.
- Ulundi Financial Recovery Plan

Supply Chain Management Unit

- This unit ensures that there is maximum compliance with Supply Chain Management Regulations and Municipal Policy in sourcing of goods and services.
- Ensure a transparent, fair, and economic manner of sourcing of good and services.
- Monthly and Quarterly Reports have been submitted in respect with the procurement of goods and services in terms of Municipal Approved Supply Chain Management Policy and Local Government: Municipal Finance Management Regulations (Published in terms of Act No.56 of 2003). The situation was also strengthened by the introduction of a Contract Management system as well as Central Suppliers database the training of which was facilitated by the dedicated delegates from the Provincial Treasury.
- All officials within this section have met minimum competencies.

Assets management Unit

- This unit is responsible for the maintenance of the Municipal Asset Register with a value of over R 500 million and Investment property to the value of about R 16.2 million and there have been no non-compliance findings reported by Auditor General's office in the Audit report for the past three financial years
- In terms of Section 96 of the Local Government: Municipal Finance Management Act No.56 of 2003 by means of unique identification of new assets, verification and monitoring the movement of assets which determines the existence and condition of the asset there after calculating depreciation of the asset as opposed to its useful life to determine future economic benefit and to be able to make provisions for replacement timeously (Budget).
- It is worth nothing that this function is done by the municipal officials.

Information Technology Unit

- The major role of Information Technology (IT) division is to support business processes of the Municipality. This is achieved by providing a stable, secure, and efficient network environment to allow efficient operation of all computer systems in the Municipality. Due to the recent upgrade of the whole network infrastructure, the network environment is now built with more durable hardware devices that run latest technologies which enable effective monitoring of user activities on the network.
- Furthermore, the network infrastructure will allow the municipality to offer free Wi-Fi to the community at the municipal library once further configurations on the network are completed. The free Wi-Fi access will be an added value and a contribution to advancement of education, especially to learners utilising the library and in

- addition to that, IT division will also design a website specifically for the library. The website will provide more information about the services offered in the library and possibly allow community to interact with the website.
- The website design, development and maintenance has been done in-house. The insourcing comes with several benefits efficient updating of the website is one of the benefits. Part of our plans is improving the municipal website by developing in functions that allow community to interact with the municipality for queries and complements. This will improve the communication between municipality and the community.

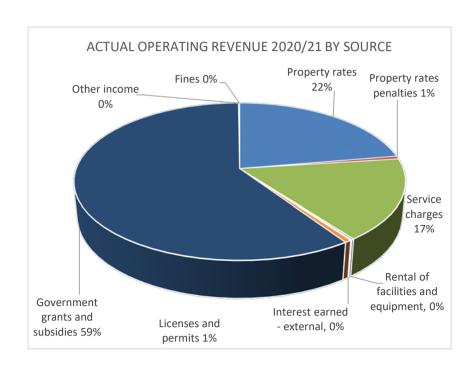

Financial support, budget process management and budget reporting section

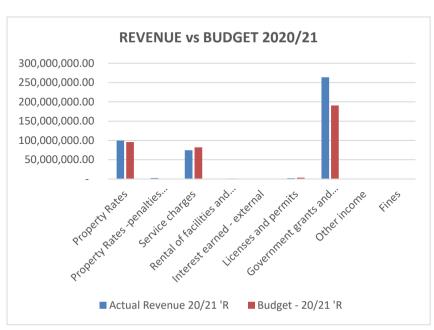

- The process which is led by Schedule of key budget deadlines to the approval of each MTREF (Medium Term Revenue and Expenditure Framework) is a cycle (Draft Budget, Adjustment Budget, Final Budget and in year monitoring reports), commencing immediately after the ensuing years MTREF is approved by Council.
- In the 2020/21 financial year municipality complied with MFMA in tabling and approval of budgets within legislated timeframes.
- A budget consultation process which was undertaken with different municipal stakeholders through meetings. Attendance by the Community attendance in these consultation meetings are always improving and the understanding of the municipal process by the community is also encouraging to note.
- National Treasury endeavours through support to ensure that municipalities prepare a budget document that
 provides concise and understandable financial and non-financial information, which will ensure that informed
 decisions are made to promote effective financial management and service delivery. By ensuring that the
 allocation of financial resources is aligned to service delivery targets it will be clear what services are being
 promised when budgets are approved.
- The municipality's activities are as per MFMA Section 21 (1)(b)(i), which states that the mayor of a municipality must approve the Budget Process Plan at least 10 months prior the start of the budget year and table in the municipal council a time schedule outlining key deadlines for the preparation, tabling, and approval of the annual budget.
- The MFMA Act no.56 of 2003 section 71 requires the Municipality to submit a Financial Report within 10 working days of each month, the Municipality must submit monthly report (s71) in the form of Data Strings which has been successfully uploaded for all the months. On a monthly basis these Financial Reports are submitted to the Executive Committee for Reporting purposes.
- The Municipality continues to engage with both National and Provincial Treasuries where there are still challenges and errors in the reports submitted.
- Municipality is transacting on version 6.4 and all segments have been fully implemented except for costing segment.
- The Municipality participates in the Internship Programme which allows graduates in the financial field to be exposed to Financial Management for a maximum of two years and in this program a maximum of five interns are subjected to a three-month rotational plan where they are deployed to different divisions / sections of the department for relevant training purposes, and this is in line with the conditions of the Financial Management Grant (FMG). In the past decade, this program has been a success since all the interns has been absorbed by the municipality. This is monitored through the personal development plans signed off before rotation.
- •It is worth mentioning that Annual and Interim Financial Statements are internally prepare by the municipality's officials and the unqualified audit reports have been received by the municipality for over past five years.

29 .	Expenditure (INEP)	10 000 000	10 000 000	18 000 000	18 000 000

Municipality incurred an expenditure which in line with the conditions of the grants as prescribed in Division of Revenue Act.

Analysis and Interpretation of Annual Financial Statements

Ratio	Norm	Result	Comment
Capital Expenditure to Total Expenditure	10% - 20%	45 336 000 / 45 336 000 *100= 100%	The Municipality managed to prioritise the budget towards service delivery and this is evidenced by the ratio which is 100% which is way above the stipulated norm
Capital Expenditure Budget Implementation Indicator	95% - 100%	45 336 000 / 45 336 000 *100= 100%	The ratio indicates that the Municipality has used all the capital allocations towards service deliver in accordance with the grant conditions as shown on the result where all grant allocation was utilised.

CHAPTER 6

6.1 Auditor-General's Audit Findings

The municipality received an unqualified audit report for the 2020/2021 financial year with matters of emphasis. An action plan on matters raised has been developed and will be monitored during the 2021/2022 financial year, as depicted hereunder.

Report of the auditor-general to the KwaZulu-Natal Provincial Legislature and the council on Ulundi Municipality

Report on the audit of the financial statements

Opinion

- I have audited the financial statements of the Ulundi Municipality set out on pages 212 to 236, which comprise the statement of financial position as at 30 June 2021, the statement of financial performance, statement of changes in net assets, cash flow statement and the statement of comparison of actual versus budget for the year then ended, as well as notes to the financial statements, including a summary of significant accounting policies.
- 2. In my opinion, the financial statements present fairly, in all material respects, the financial position of the Ulundi Municipality as at 30 June 2021, and its financial performance and cash flows for the year then ended in accordance with the South African Standards of Generally Recognised Accounting Practice (SA Standards of GRAP) and the requirements of the Municipal Finance Management Act of South Africa, 2003 (Act No. 56 of 2003) (MFMA) and the Division of Revenue Act of South Africa, 2020 (Act No. 4 of 2020) (Dora).

Basis for opinion

- I conducted my audit in accordance with the International Standards on Auditing (ISAs). My
 responsibilities under those standards are further described in the auditor-general's
 responsibilities for the audit of the financial statements section of my report.
- 4. I am independent of the municipality in accordance with the International Ethics Standards Board for Accountants' *International code of ethics for professional accountants (including International Independence Standards)* (IESBA code) as well as other ethical requirements that are relevant to my audit in South Africa. I have fulfilled my other ethical responsibilities in accordance with these requirements and the IESBA code.
- 5. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Material uncertainty relating to going concern

- 6. I draw attention to the matter below. My opinion is not modified in respect of this matter.
- 7. I draw attention to note 39 to the financial statements, which indicates that the municipality's current liabilities exceeded its current assets by R64,91 million. Further, Eskom debt is R99,67 million while cash on hand amounts to only R10,47 million. These conditions indicate the existence of a material uncertainty that may cast significant doubt on the municipality's ability to continue as a going concern in the foreseeable future.

Emphasis of matters

8. I draw attention to the matters below. My opinion is not modified in respect of these matters.

Material losses - receivables from exchange transactions

As disclosed in the note 3.1 to the financial statements, the municipality recognised a
provision for impairment of R14,99 million (2019-20: R9,36 million) on receivables from
exchange transactions as the recoverability of these debts was doubtful.

Material losses - electricity

10. As disclosed in note 36 to the financial statements, material electricity losses of R18,13 million (2019-20: R6,65 million) was incurred, which represents 39% (2019-20: 20%) of total electricity purchased due to technical losses and illegal connections.

Other matter

11. I draw attention to the matter below. My opinion is not modified in respect of this matter.

Unaudited disclosure notes

12. In terms of section 125(2)(e) of the MFMA, the municipality is required to disclose particulars of non-compliance with the MFMA in the financial statements. This disclosure requirement did not form part of the audit of the financial statements and, accordingly, I do not express an opinion on it.

Responsibilities of the accounting officer for the financial statements

- 13. The accounting officer is responsible for the preparation and fair presentation of the financial statements in accordance with the SA Standards of GRAP and the requirements of the MFMA and Dora, and for such internal control as the accounting officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.
- 14. In preparing the financial statements, the accounting officer is responsible for assessing the municipality's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the appropriate governance structure either intends to liquidate the municipality or to cease operations, or has no realistic alternative but to do so.

Auditor-general's responsibilities for the audit of the financial statements

15. My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are

- considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
- 16. A further description of my responsibilities for the audit of the financial statements is included in the annexure to this auditor's report.

Report on the audit of the annual performance report

Introduction and scope

- 17. In accordance with the Public Audit Act 25 of South Africa, 2004 (Act No. 25 of 2004) (PAA) and the general notice issued in terms thereof, I have a responsibility to report on the usefulness and reliability of the reported performance information against predetermined objectives for the selected objective presented in the annual performance report. I performed procedures to identify material findings but not to gather evidence to express assurance.
- 18. My procedures address the usefulness and reliability of the reported performance information, which must be based on the municipality 's approved performance planning documents. I have not evaluated the completeness and appropriateness of the performance indicators included in the planning documents. My procedures do not examine whether the actions taken by the municipality enabled service delivery. My procedures do not extend to any disclosures or assertions relating to the extent of achievements in the current year or planned performance str tegies and information in respect of future periods that may be included as part of the reported performance information. Accordingly, my findings do not extend to these matters.
- 19. I evaluated the usefulness and reliability of the reported performance information in accordance with the criteria developed from the performance management and reporting framework, as defined in the general notice, for the basic service delivery and infrastructure objective presented on pages 54 to 82 of the annual performance report of the municipality for the year ended 30 June 2021.
- 20. I performed procedures to determine whether the reported performance information was properly presented and whether performance was consistent with the approved performance planning documents. I performed further procedures to determine whether the indicators and related targets were measurable and relevant, and assessed the reliability of the reported performance information to determine whether it was valid, accurate and complete.
- 21. The material findings on the usefulness and reliability of the performance information of the selected objective are as follows:

Objective 1 - Basic service delivery and infrastructure development

Various indicators

22. I was unable to audit the usefulness of the following reported indicators, and targets, since they were not pre-determined and included in the approved integrated development plan for the year under review.

KPI no.	Indicator	Target as per APR
TS 5	Construction of Mhlahlane gravel road	Construction of Mhlahlane gravel road Completed by 30 June 2021
TS 3.20	Construction of 4 high mast lights	Construction of 5 high-mast lights by 30 June 2021

Other matters

23. I draw attention to the matters below.

Achievement of planned targets

24. Refer to the annual performance report on pages 24 to 37 for information on the achievement of planned targets for the year and management's explanations provided for the underachievement of targets. This information should be considered in the context of the material finding on the usefulness and reliability of the reported performance information in paragraph 22 of this report.

Adjustment of material misstatements

25. I identified material misstatements in the annual performance report submitted for auditing. These material misstatements were in the reported performance information of basic service delivery and infrastructure development objective. As management subsequently corrected only some of the misstatements, I raised material findings on the usefulness and reliability of the reported performance information. Those that were not corrected are reported above.

Report on the audit of compliance with legislation

Introduction and scope

- 26. In accordance with the PM and the general notice issued in terms thereof, I have a responsibility to report material findings on the municipality's compliance with specific matters in key legislation. I performed procedures to identify findings but not to gather evidence to express assurance.
- 27. The material findings on compliance with specific matters in key legislation are as follows:

Annual financial statements

28. The annual financial statements submitted for audit were not prepared in all material respects in accordance with the requirements of section 122(1) of the MFMA. Material misstatements on non-current assets identified by the auditors in the submitted financial statements, were subsequently corrected, resulting in the financial statements receiving an unqualified audit opinion.

Expenditure management

29. Reasonable steps were not taken to prevent irregular expenditure amounting to R44,19 million as disclosed in note 33.2.1 to the financial statements, as required by section 62(1)(d) of the MFMA. The majority of the irregular expenditure was caused by the bid documentation for the procurement of commodities designated for local content and production not stipulating minimum thresholds and the evaluation of functionality not being specified in tender advertisements.

Procurement and contract management

- 30. Some of the bid documentation for procurement of commodities designated for local content and production, did not stipulate the minimum threshold for local production and content as required by the 2017 preferential procurement regulation 8(2). Similar non-compliance was also reported in the prior year.
- 31. Some of the contracts were awarded to bidders based on functionality criteria that were not stipulated and/or differed from those stipulated in the original invitation for bidding and quotations, in contravention of 2017 Preferential Procurement Regulation 5(1) and 5(3).
- 32. Some of the construction contracts were awarded to contractors that were not registered with the CIDB in accordance with section 18(1) of the CIDB Act and CIDB Regulations 17 and 25(7A).

Strategic planning and performance management

- 33. The performance management system and related controls were inadequate as proper reviews of planned and reported performance information did not take place, as required by municipal planning and performance management regulation 7(1).
- 34. The SDBIP for the year under review did not include monthly revenue projections by source of collection and the monthly operational and capital expenditure by vote, as required by section 1 of the MFMA.

Consequence management

35. Some of the irregular expenditure incurred by the municipality were not investigated to determine if any person is liable for the expenditure, as required by section 32(2)(b) of the MFMA.

Other information

- 36. The accounting officer is responsible for the other information. The other information comprises the information included in the annual report, which includes the audit committee's report. The other information does not include the financial statements, the auditor's report and the selected objective presented in the annual performance report that have been specifically reported in this auditor's report.
- 37. My opinion on the financial statements and findings on the reported performance information and compliance with legislation do not cover the other information and I do not express an audit opinion or any form of assurance conclusion on it.
- 38. In connection with my audit, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements and the selected objective presented in the annual performance report, or my knowledge obtained in the audit, or otherwise appears to be materially misstated.
- 39. The other information I obtained prior to the date of this auditor's report is the accounting officer's report. The mayor's foreword and audit committee's report are expected to be made available to me after 30 November 2021. If based on the work I have performed on the other information that I obtained prior to the date of this auditor's report, I conclude that there is a material misstatement in this other information, I am required to report that fact. I have nothing to report in this regard.
- 40. When I do receive and read the mayor's foreword and audit committee report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to those charged with governance and request that the other information be corrected. If the other information is not corrected, I may have to retract this auditor's report and re-issue an amended report as appropriate. However, if it is corrected this will not be necessary.

Internal control deficiencies

- 41. I considered internal control relevant to my audit of the financial statements, reported performance information and compliance with applicable legislation; however, my objective was not to express any form of assurance on it. The matters reported below are limited to the significant internal control deficiencies that resulted in the findings on the annual performance report and the findings on compliance with legislation included in this report.
- 42. The accounting officer did not exercise adequate oversight responsibility regarding financial and performance reporting processes and compliance with legislation.
- 43. Senior management did not perform thorough reviews relating to financial and performance reporting. This resulted in inaccurate reporting as evidenced by the quality of the financial statements and annual performance report. Management did not always adhere to legislative requirements pertaining to procurement as well as strategic planning and performance management due to a lack of consequences resulting from these transgressions.

Other reports

- 44. I draw attention to the following engagements conducted by various parties which had, or could have, an impact on the matters reported in the municipality's financial statements, reported performance information, compliance with applicable legislation and other related matters. These reports did not form part of my opinion on the financial statements or my findings on the reported performance information or compliance with legislation.
- 45. A disciplinary board, established by council, conducted an investigation from October 2019 to 3 February 2020. This investigation related to the alleged theft of cash from prepaid electricity sales from electricity vendors in Ulundi by a municipal official. This involved tampering with cash summary sheets of the cash collected by a vendor resulting in a lesser amount being deposited into the municipal bank account than had been collected by the vendor. The investigation was concluded and finalised in November 2020. The accounting officer had commenced with disciplinary action against the official responsible.

Anutor-General
Pietermaritzburg

30 November 2021

Auditing to build public confidence

Annexure - Auditor-general's responsibility for the audit

1. As part of an audit in accordance with the ISAs, I exercise professional judgement and maintain professional scepticism throughout my audit of the financial statements and the procedures performed on reported performance information for the selected objective and on the municipality's compliance with respect to the selected subject matters.

Financial statements

- 2. In addition to my responsibility for the audit of the financial statements as described in this auditor's report, I also:
 - identify and assess the risks of material misstatement of the financial statements, whether
 due to fraud or error; design and perform audit procedures responsive to those risks; and
 obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion.
 The risk of not detecting a material misstatement resulting from fraud is higher than for one
 resulting from error, as fraud may involve collusion, forgery, intentional omissions,
 misrepresentations or the override of internal control
 - obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of the municipality's internal control
 - evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the accounting officer
 - conclude on the appropriateness of the accounting officer's use of the going concern basis of accounting in the preparation of the financial statements. I also conclude, based on the audit evidence obtained, whether a material uncertainty exists relating to events or conditions that may cast significant doubt on the ability of the Ulundi Municipality to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements about the material uncertainty or, if such disclosures are inadequate, to modify my opinion on the financial statements. My conclusions are based on the information available to me at the date of this auditor's report. However, future events or conditions may cause a municipality to cease operating as a going concern
 - evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation

Communication with those charged with governance

- I communicate with the accounting officer regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.
- 4. I also provide the accounting officer with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence and, where applicable, actions taken to eliminate threats or safeguards applied.

ULUNDI MUNICIPALITY ACTION PLAN ON A-G'S REPORT: 2020/2021

The Portfolio Committees are established with the primary objective of oversight in respect of departmental performance. These Committees analyze departmental performance targets set in the IDP, Service Delivery Budget Implementation Plan (SDBIP) and other specific documented deliverables agreed to as determined by Council and adopted as amendments to the SDBIP.

The oversight functions of Portfolio Committees are provided below. It is important not to lose sight of general functions as they provide the basis for specific oversight roles.

Responsibilities of Portfolio Committees:-

The responsibilities of the Portfolio Committees, in respect of their functional areas are:-

- 1. To develop and recommend strategy;
- 2. To develop and recommend by-laws;
- 3. To consider and make recommendations in respect of the draft budget and IDP;
- 4. To ensure public participation in the development of policy, legislation ,IDP and budget;
- 5. To exercise oversight on all functional areas.

The general functions of Portfolio Committees are:-

- 1. To formulate in consultation with the relevant Head of Department, policy falling within the functional area of the portfolio;
- 2. To receive and consider annual business plans falling within the functional area of the portfolio;
- 3. To oversee the implementation of the business plans of the functional areas of the portfolio;

- 4. To oversee the review of financial performance against approved budgets relating to prior and current years including dealing with reports from the Auditor-General.
- 5. To formulate and prepare in consultation with the relevant Head of Department the draft budget in respect of the functional areas of the portfolio, including tariffs of charges.
- 6. To receive and consider reports and recommendations submitted in respect of the functional areas of the portfolio.
- 7. To ensure compliance with the legislation, norms, and standards in respect of the functional areas of the portfolio.
- 8. To recommend the passing or amendments of by-laws pertaining to the function of the portfolio.
- 9. To evaluate and recommend the prioritization of projects falling within the functional areas of the portfolio; and
- 10. To consult with the municipal manager and the relevant Head of Department on Council's policies and programs

APPENDIX C

ULUNDI LOCAL MUNICIPALITY MANAGEMENT STRUCTURE 2020/2021

APPENDIX D

FUNCTIONS OF THE MUNICIPALITY

Chapter 3, Section 11 of the Local Government: Municipal Systems Act, No. 32 of 2000 provides that the Executive and legislative authority of a municipality is exercised by the council of the municipality and the council takes all the decisions of the municipality although in terms of section 59, a municipal council must develop a system of delegation that will maximize administrative and operational efficiency and provide for adequate checks and balances.

A municipality exercises its legislative or executive authority by;

- (a) Developing and adopting policies, plans, strategies and programmes including targets for delivery
- (b) Promoting and undertaking development,
- **(c)** Establishing and maintaining and administration;
- (d) Administering and regulating its internal affairs and the local government affairs of the local community;
- (e) Implementing applicable national and provincial legislation and its by-laws;
- (f) Providing municipal services to the local community, or appointing appropriate service providers;
- (g) Monitoring and where appropriate regulating municipal services where those services are provided by service providers other than the municipality;
- (h) Preparing, approving and implementing its budget;
- (i) Imposing and recovering rates, taxes, levies duties, services fees and surcharges on fees including setting and implementing tariff, rates and tax and debt collection policies;
- (j) Monitoring the impact and effectiveness of any services, policies, programmes and plans;
- (k) Establishing and implementing performance management systems;
- (I) Promoting a safe and healthy environment;
- (m) Passing by-laws and taking decisions on any abovementioned matters; and (n) Doing anything else within its legislative and executive competence.

For Ulundi Municipality, to fulfil the above mentioned mandate, it has invoked Section 59 of the System Act with the following objectives in mind:

- Ensure maximum municipal administrative and operational efficiency without compromising accountability;
- Provide for good governance and allow for adequate checks and balances;
- Delegate decision making to the most effective level within the administration;
- Involve employees in management decisions as far as practicable;
- Promote a sense of collective responsibility for performance;
- Assign clear delegated duties for the management and co-ordination of administrative components, systems and mechanisms;
- Define in precise terms the delegated duties of each political structure political office bearer and the municipal manager;
- Determine the relationships amongst the political structures, political of the bearers and the administration and the appropriate lines of accountability and reporting for each of them.

FUNCTIONS OF THE MUNICIPALITY THROUGH THE DEPARTMENT OF TECHNICAL SERVICES

This department is responsible for the following functions Electricity reticulation matters (electricity supply)

- v. performance management;
- vi. loss control and
- vii. compliance with the MFMA, DORA and any other applicable legislation;
- viii. perform such other duties as may be assigned to it by the accounting officer.

APPENDIX E

WARD REPORTING

INTRODUCTION

The government is committed to a form of participation which is empowering and this includes the creation of democratic representative structures such as ward committees to assist in planning, implementation and monitoring of service delivery at ward level. In addition, this framework seeks to deepen the involvement of local communities in Local Governance matters by incorporating ward committees and communities at large in consultation around key municipal process such as the IDP, Budget process, Performance Management System and service delivery.

There is a need to improve the accountability of ward (committees) and municipal structures to community they serve. This will further assist municipalities with the practical implementation of a well-planned, resourced and a more structured participation programme, so that communities can actively contribute to the decision-making process within the council and to become agents of change and development.

Ward committees should be given necessary capacity and resources to develop and implement Ward Plans, which are Ward Operational Plan, Ward Based Plan and Ward Improvement Plan thus extending the impact of ward committees in the community and within the council in order to further strengthen the impact of ward committees in Municipalities as well as in communities they serve, there is a need for a framework to make provision for specific functions to be performed by ward committees. This may assist to clarify the roles and responsibilities as uniform minimum requirements for ward committees.

BACKGROUND

The Local Government Structures Act 117 of 1998 in Chapter 2 paragraph (2-6) as amended outlines the object of the national framework in terms of the role and support for ward committees in particular around payment of stipend payments of R1000.00.

Further it charts the functionality of ward committees by linking the payment of stipend to key functional indicators, amongst these:

- Number of ward committee management meetings held
- Submission and tabling of ward reports and reviewed ward plans to Council
- Number of door to door campaigns and/or interactions with all relevant substructures
- Number of complaints, queries and requests registered from the community and attended to
- Participation in projects and programmes of municipalities

In light of these indicators the EMM is committed through various supporting policies to ensure that ward committees' function as intended and are able to enhance participatory governance in a manner that would encourage maximum community involvement.

FUNCTIONING OF WARD COMMITTEES

A Ward Committee may make recommendations on any matter affecting its ward to the Ward Committee, the Executive Committee or Support Committees or Council

The Ward Committee will be regarded as the statutory structure, recognized by the Municipal Council as its body and communication channel on matters affecting the ward, including, but not limited to:

- Representing the community on the compilation and implementation of the IDP
- Ensuring constructive and harmonious interaction between the Municipality and its community
- Budgeting process with an aid to develop the ward and the entire Municipality.
 - (a) To serve as a mobilizing agent for community action. This may be achieved as follows:
 - Attending to all matters that affect and benefit the community
 - Acting in the best interest of the community
 - Ensure that active participation of the community in:
 - Service payment campaigns
 - The Municipality's budgetary process
 - Decisions about the provisions of Municipal services
 - Decisions about By-laws and or policies
 - Such other functions as may be assigned to it by the Municipal Council
 - Performance management systems
 - Izimbizo for community participation

In terms of section 16 (2) of the Municipal Systems Act, the above functions and powers should not be interpreted as permitting interference with the Councils right to govern and to exercise its executive and legislative authority.

DETERMINATION OF INTERESTS TO BE REPRESENTED IN WARD COMMITTEES BY INDIVIDUAL MEMBERS (SECTOR REPRESENTATION)

At least one Ward Committee member must be elected from the following interest groups [Sect.73. (3) Municipal Structures Act] Act 117 of 1998 as amended.

Composition of seats

There are ten (10) members that constitute a Ward Committee plus a Ward Councillor who is also the Chairperson of the Committee:

The below listed seats are commonly found in all wards:

- 1. Women seat-which is compulsory to all Wards:
- 2. Youth seat mandatory to all Wards;
- 3. Physically Challenged seat;
- 4. Traditional leadership seat:
- 5. Business Sector seat;
- 6. Agricultural seat;
- 7. Faith Based seat (NGO);
- 8. Public Transport seat;
- 9. Safety and Security seat;
- 10. Tourism seat;
- 11. Health;
- 12. Sports and Recreation;
- 13. Informal Traders, etc.

FUNCTIONALITY OF WARD COMMITTEES

There has been a great improvement in the functionality of Ward Committee since the dedicated division for Public Participation with dedicated officials has been formalized. We therefore have the 100% functionality consistently in all 24 wards.

Training of Ward Secretariat members assists in the safe keeping of wad documentation which has been the challenge in the previous committee and Councilors which led to loss of information and POE that is needed by CoGTA to assess the functionality of all ward committees.

6. CHALLENGES

- Frequent training and capacitation of Ward Committees by the Municipality is necessary to keep the consistent 100% functionality of Ward Committees.
- Community feedback meetings not being held by other Councilors, hence it scores more marks in the assessment of the ward functionality.
- Insufficient Human Resource in the Public Participation office is indeed a big challenge.
- Scarcity of tools of trade to provide Ward Committees for their record safe keeping.
- Some Ward Committees had challenges of prolonged sick periods of its Councillors and that caused a
 problem in them signing or authorizing the validity of ward sittings and community meetings held in that
 particular period.

7. INTERVENTIONS BY THE MUNICIPALITY TO SUSTAIN THE FUNCTIONAL AND TO ASSIST IN THE ELIMINATION OF NON-FUNCTIONAL WARD COMMITEES.

- The Council to provide training or to capacitate Ward Committee members to ensure that they thoroughly understand their functions until the end of their term of Office.
- Proposed staffing of the Public Participation Office and the Office of the Speaker.
- Review of stipend payment for 2018/2019, from R750.00 to R1000.

- Encouragement of Ward Councillors to hold Community feedback meetings consistently and not to skip a
 quarter without the Community Feedback meeting hence it is a requirement that they hold the Community
 Feedback meetings quarterly.
- The Department to allocate budget for Ward Committees tools of trade and other financial support needed to sustain functionality of Ward Committees.
- To those Wards that had a challenge of ill Ward Councillors, the Speaker as the Chairperson of the Council
 will ensure that such Wards are given support by other Council. The Provincial COGTA be formally informed
 in writing as to what support will Municipality.

55	20 April 2021.	Action Plan To Address Reported Finding Mr SWA Memela presented the report and highlighted that after receiving the AG final report an Action plan to address the findings was prepared. ➤ There were thirteen (13) findings that needed to be addressed and to address the findings 19 remedial actions were documented. ➤ The first month of implementation of the Action plan was 1 March 2021 and we have already started receiving updates on the plan, other updates will be updated as they become due on the set date being the 14th day of each month.	It was resolved that: Plan be implemented and reported on for the committee to verify that the AG findings are attended to.	Not implemented
56	20 April 2021.	Finance and SCM Report. Deputy CFO requested that these reports be deferred to the next meeting as the reports are still subject to MANCO and under deliberation.	It was resolved that: Finance and SCM report be tabled in the next meeting.	Not Implemented
57	20 April 2021	Performance Mid-year Report 2020/2021 Manager PMS presented the report. She further commented that due to late submissions the unit tend to work under pressure and unable afford time to revert back for correction prior to internal audit reviews. She urged departments to submit information that is complete and correct at all times.	It was resolved that: Performance Mid-year report be noted. Audit committee requested department to implement proper review of their performance score cards and ensure that the quality of submitted information is accurate.	Not Implemented
58	18 April 2021	Quarter 3 Performance Report. Manager PMS presented the report and highlighted that out of six departments five departments submitted their files. As presented on the report it is clearly visible that there are more targets that are not achieve it is as results of quality of information and information not certified by HODs prior being submitted to the unit. Mr Mncwabe advised the Municipal Manager as to when the meeting is held, to look at the reporting document there's a column that indicate required POE so that there's no disputes. He further requested a session with PMS Manager and IDP Manager to assist to address issues raised on the AG report to achieve municipal goals.	It was resolved that: The PMS Quarter three reports be included as part of HOD assessment meetings to be held on the 21st of April 2021 with the Municipal Manager.	Not Implemented.

	3			Not
59	18 April 2021	Internal Audit review of Performance Management Mid-year report Deputy Director IA presented the report and highlighted overall recommendation is the enhancement of HOD assessment be conducted on regular basis, and this is due to the noticeable decline in the quality of reports presented and evidence presented to support the report performance and it follows PMS Framework.	It was resolved that: Performance Management mid-year report be noted. Audit committee also raise concerns over repeat findings on quarterly basis which influence mid-year reviews.	Not Implemented.
60	18 April 2021	Performance Management Quarter 2 Deputy Director IA presented the report and highlighted findings noted were inadequate evidence submitted, budget not reported, corrective measures for unmet target not reported and review not being done prior submission of files. She further stated that the implementation of PMS assessment as reported by the Municipal manager will assist as these findings reported on, on quarterly basis.	It was resolved that: Performance Management quarter 2 report be noted. The audit committee also emphasises the importance of ensuring that corrective actins are taken on PMS findings. The slower pace of resolving queries has also been noted on reported AG Findings.	Not Implemented.
61	18 April 2021	Financial Management Review Mid-year report Deputy Director IA reported that after issuing this report, had a meeting with Provincial Treasury Budget unit and it was noted that the draft report submitted to Internal Audit and Audit Committee for review was not the same as that submitted to Provincial Treasury. As a result, there were more issues on the report submitted	It was resolved that: Financial Management Mis year Report be noted.	Implemented
62	18 April 2021	Financial information -Reconciliations and section 71 Reports Deputy Director IA presented the report and highlighted that these findings were reported to the Municipal Manager and he has taken an undertaking that all raised findings be included in a dashboard report format and be followed up to assess the progress made. A meeting was held with the CFO and he has undertaken to strengthen and improve controls on reviewing of financial information and ensure that the controls are adhered to.	It was resolved that: Financial Information- Reconciliations and Section 71 report be noted. That the reported finding be included in a bash board report and progress be reported to the committee.	Not Implemented.

No.	Meeting Date	Item Discussed	Resolutions	Implemented/ Not
63	18 April 2021	Grants and Subsidies Review Deputy Director IA presented the report and stated that the Municipal manager requested that these findings be also included on the Dashboard report and a follow up being done to ensure that there are being resolved and corrective actions are being taken.	It was resolved that: Grants and subsidies report be noted. That the reported finding be included in a bash board report and progress be reported to the committee.	Implemented.
64	18 April 2021	Local Economic Development Review Deputy Director IA highlighted that the focus was on revenue from market stalls and EPWP. ➤ Issues identified were brought to Municipal Manager's attention, the recruitment of employees, attendance registers and contract management and there is a follow up conducted on the employees that could not be identified. ➤ Municipal Manager requested that we expand our scope for EPWP that were recruited in April 2021 due to material weaknesses noted regarding EPWP processes. ➤ Regarding Market Stalls there has been progress regarding the reconciliations of what is outstanding from tenants. ➤ We have engaged with the department and they are going to take initiative to ensure that eviction are effected when tenants are not meeting their obligation, since the municipality is incurring a lot of expenses in making sure that the market stalls are running e.g. water, electricity, and security. ➤ A further follow up will be conducted to evaluate whether action has been taken regarding EPWP and revenue in market stalls.	It was resolved that: Local Economic Development report be noted and follow up be conducted and report to the audit committee.	Not Implemented.
65	18 April 2021	Risk Management Review Quarter 1 Deputy Director IA reported the following findings: limitation of scope, inadequate updating of register, compliance information not submitted on time, no corrective actions and the reliability of POE. ➤ Overall recommendation, risks and compliance be adequately managed and report on regular basis. Valid and complete supporting documents should be presented to support the reported status of municipal compliance.	It was resolved that: Risk Management Q1 be noted. The committee pleaded with management to ensure that corrective actions are taken to resolve the reported findings. There is a concern over repeat findings that are not attended to.	Not Implemented.

No.	Meeting Date	Item Discussed	Resolutions	Implemented/ Not
66	18 April 2021	Human Resource Management Review Deputy Director IA presented the report and highlighted that major findings were on leave management, we suspect that employees are pre-signing the attendance register as there was an incident where an employee past on, on the 27 September 2020 and the attendance register was signed in full for the whole month, this is an indication of attendance register not being adequately managed. ➤ Leave are not being managed adequately, it either they are not captured, or they are not being approved prior persons departure. ➤ Bursaries provided to municipal employees are not adequately managed hence some employees that were provided with the bursary and have not undertaken their studies. According to the policy there are supposed to payback the municipality, which falls under fruitless and wasteful expenditure due to none- compliance.	It was resolved that: Human Resource Management review report be noted. The committee raised concerns over the management of E leave which has been reported in the past and no corrective actions has been taken.	Not Implemented.
67	18 April 2021	Supply chain Management Review. Deputy Director IA explained that on this report management comments were not yet been received from finance department. Therefore the final report was not available for presentation to the Audit Committee.	It was noted that the: The Supply Chain Management review Report be forwarded to Audit Committee as soon as comments are received.	Not Implemented.
68	18 April 2021	Follow up on Asset Management Review Deputy Director IA highlighted that reported that three findings were previously raised twelve (12) resolved finding three (03)and unresolved nine (9)were partially resolved.	It was noted that the: Follow up on Asset Management Review noted. Management raised concerns over slow action being taken to resolve audit findings. There were also concern is this was one of the areas where most of AG findings were raised.	Not Implemented.
69	18 April 2021	Risk Management Quarterly Report. Chief Risk Officer presented the report and explained that annual risk assessment was done on all departments including IT and SCM risks and draft was adopted by Risk Management Committee on 29 September 2020. ➤ Summary of the performance; Financial Services, Planning and Development,	It was resolved that: Risk Management quarterly report be noted.	Implemented.

No.	Meeting Date	Item Discussed	Resolutions	Implemented/ Not
		Community Services and Municipal Managers Office achieved 100% of their tasks. ➤ Technical Services achieved 87%, Corporate Services achieved 70% and Protection Services achieved 0%. ➤ Total overall performance of the Municipality for quarter two was 88%.		
70	18 April 2021	Combined Assurance Framework and Plan Chief Risk Officer reported that Combined Assurance Framework and Plan have been drafted, submitted and approved by council. ➤ The meeting to be scheduled before year end to discuss the progress on combined assurance	It was resolved that: Combined Assurance Framework and plan report be noted. Audit committee requested for regular updates.	Not implemented
71	18 April 2021	Unauthorized, Irregular, Fruitless and Wasteful Expenditure Chief Risk Officer presented the report. ➤ Chairperson requested clarity on Paragraph 3 regarding the reversal of interest payment that is to be reversed back dating from January 2020. ➤ Mr SWA Memela responded that, according to Mr de Wet Eskom has undertaken to reverse the interest charged from January 2020 to date ,after the repayment plan was signed, given that the Municipality adheres to the repayment plan the interest will be reversed. ➤ A follow up was done with Eskom however the explanation was not forthcoming hence the interest is not reversed as yet. ➤ He further explain that a decision was taken by the committee to not treat interest as an fruitless and wasteful expenditure yet as the reversal has not taken place. ➤ Mr B Marshall advised that when fruitless and wasteful expenditure arise it should be documented as such and when it is reversed document it as a reversal so that there is a record of how it was dealt with.	It was resolved that: Unauthorised. Irregular, fruitless and wasteful expenditure report be noted and Interest payment be recorded as fruitless and wasteful expenditure.	Not Implemented

No.	Meeting Date	Item Discussed	Resolutions	Implemented/ Not
71	18 April 2021	MSCOA Project Report to date CFO reported that the Municipality is still MSCOA complaint and utilising the latest version of MSCOA. Section 71 reports are submitted timeously, and the latest budget will be submitted on MSCOA before year end.	It was resolved that: Mscoa report be noted.	Implemented
72	18 April 2021	Status and Delays in the implementation of Internal Audit Plan DDIA presented the status of the implementation of internal audit plan. She highlighted that there were 3 delayed assignments which were reported on the previous meeting and have managed to catch up on. Delayed assignments are, AG follow, which was due to report being tabled late, will perform follow up towards the end of April 2021 and will present the report in the next meeting. Risk Management and PMS files were received last week, and audit is under way. Interim AFS has not been received.	It was resolved that: Status and delays in the implementation of internal audit plan be noted.	Implemented
73	18 April 2021	Internal Audit Scorecard DDIA reported that the Internal Audit Scorecard has been submitted to COGTA and the Municipal manager for review.	was resolved that: Status and delays in the implementation of internal audit plan be noted.	Implemented
74	18 April 2021	Fraud and Prevention Plans Dir. Corporate Services reported that there is an internal disciplinary case that is currently pending regarding theft case that involves three employees. The same case has been reported to AG, as soon as the outcome is achieved, it will be formally reported to the Committee.	It was resolved that: Fraud and prevention plans report be noted. The committee requested that there be regular report on this matter.	Implemented

Ulundi Local Municipality ANNUALFINANCIAL STATEMENTS FOR THE PERIOD ENDED 30 JUNE 2021

Accounting Officer's Statement

The Accounting Officer is required by the Municipal Finance Management Act (Act 56 of 2003), to maintain adequate accounting records and is responsible for the content and integrity of the Annual Financial Statements and related financial information included in this report. It is the responsibility of the Accounting Officer to ensure that the Annual Financial Statements fairly present the state of affairs of the Municipality as at 30 June 2021 and the results of its operations and cash flows for the year then ended. The external auditors are engaged to express an independent opinion on the annual financial statements and were given unrestricted access to all financial records and related data.

The Annual Financial Statements have been prepared in accordance with Standards of Generally Recognised Accounting Practice (GRAP) including any interpretations, guidelines and directives issued by the Accounting Standards Board.

The Annual Financial Statements are based upon appropriate accounting policies constistently applied and supported by reasonable and prudent judgements and estimates.

The Accounting Officer acknowledges that he is ultimately responsible for the system of internal financial control established by the Municipality and places considerable importance on maintaining a strong control environment. To enable the Accounting Officer to meet these responsibilities, the Accounting Officer sets standards for internal control aimed at reducing the risk of error or deficit in a cost effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the Municipality and all employees are required to maintain the highest ethical standards in ensuring the Municipality's business is conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management in the Municipality is on identifying, assessing, managing and monitoring all known forms of risk accross the Municipality. While operating risk cannot be fully eliminated, the Municipality endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The Accounting Officer is of the opinion, based on the information and explanations given by Management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the Annual Financial Statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or deficit.

The Accounting Officer has reviewed the Municipality's cash flow forecast for the period to 30 June 2021 and, in the light of this review and the current financial position, he is satisfied that the Municipality has or has access to adequate resources to continue in operational existence for the foreseeable future.

The Annual Financial Statements are prepared on the basis that the municipality is a going concern and that the Ulundi Municipality has neither the intention nor the need to liquidate or curtail materially the scale of the municipality. Although the Accounting Officer is primary responsible for the financial affairs of the municipality, this is supported by the municipality's external auditors.

I would like to bring to your attention the following material matters:

I certify that the salaries, allowances and benefits of Councillors, and payments made to Councillors for loss of office, if any, as disclosed in note 22 to note 23 of these annual financial statements are within the upper limits of the framework envisaged in Section 219 of the Constitution, read with the Remuneration of Public Officer Bearers Act and the Minister of Provincial and Local Government's determination in accordance with this Act.

The Annual Financial Statements set out on pages 5 to 34, which have been prepared on the assumption that the municipality will continue to operate as a going concern for the next 12 months, were approved and signed by the Accounting Officer on 31 August 2021.

coynting Officer: Mr N G Zulu

Ulundi Local Municipality ACCOUNTING POLICIES FOR THE PERIOD ENDED 30 JUNE 2021

1 BASIS OF ACCOUNTING

1,1 BASIS OF PRESENTATION

The annual financial statements have been prepared on an accrual basis of accounting and are in accordance with historical cost convention unless specified otherwise

These annual financial statements have been prepared in accordance with Generally Recognised Accounting Practice (GRAP), issued by the Accounting Standards Board in accordance with Section 122(3) of the Municipal Finance Management Act, (Act No 56 of 2003).

The principal accounting policies adopted in the preparation of these annual financial statements are set out below.

GRAP 1 GRAP 2	Presentation of Financial Statements Cash Flow Statements
GRAP 3	Accounting Policies, Changes in Accounting Estimates and Errors
GRAP 9	Revenue From Exchange Transactions
GRAP 11	Construction Contracts
GRAP 12	Inventories
GRAP 13	Leases
GRAP 14	Events After Reporting Date
GRAP 16	Investment Property
GRAP 17	Property, Plant and Equipment
GRAP 19	Provisions, Contingent Liability and Contigent Assets
GRAP 20	Related Party Disclosure
GRAP 21	Impairment of Non Cash Generating Assets
GRAP 23	Revenue From Non Exchange Transactions (Taxes and Trasfers)
GRAP 24	Presentation of Budget Information in the Financial Statements
GRAP 25	Employee Benefits
GRAP 26	Impairment of Non Generating Assets
GRAP 102	Intangible Assets
GRAP 104	Financial Instruments
GRAP 108	Statutory Recievables
GRAP 109	Accounting by Principals and Agents
I GRAP 1	Revenue Recognition (Traffic fines)
I GRAP 18	Recognition and Derecognition of Land

Assets, liabilities, revenues and expenses have not been offset except when offsetting is required or permitted by a Standard of GRAP.

The accounting policies applied are consistent with those used to present the previous year's financial statements, unless explicitly stated. The details of any changes in accounting policies are explained in the relevant policy.

1,2 PRESENTATION CURRENTY

These annual financial statements are presented in South African Rand, which is the functional currency of the municipality and added and recorded to the nearest rand.

1,3 GOING CONCERN ASSUMPTION

These annual financial statements have been prepared on the assumption that the municipality will continue to operate as a going concern for at least the next 12 months.

1,4 COMPARATIVE INFORMATION

Budget information in accordance with GRAP 1 and 24, has been provided in a statement of comparison of actual and budget to these financial statements and forms part of the audited annual financial statements.

When the presentation or classification of items in the annual financial statements is amended, prior period comparative amounts are restated. The nature and reason for the reclassification is disclosed. Where accounting errors have been identified in the current year, the correction is made retrospectively as far as is practicable, and the prior year comparatives are restated accordingly. Where there has been a change in accounting policy in the current year, the adjustment is made retrospectively as far as is practicable, and the prior year comparatives are restated accordingly.

1,5 STANDARDS, AMENDMENTS TO STANDARDS AND INTERPRETATIONS ISSUED BUT NOT YET EFFECTIVE

The following GRAP standards have been issued but are not yet effective and have not been early adopted by the municipality:

GRAP 104 Financial Instruments

3 INTANGIBLE ASSETS

3,1 INITIAL RECOGNITION

INFIGAL RECOGNITION
An intangible asset Is an identifiable non-monetary asset without physical substance. Examples include computer software, licences, and development costs. The municipality recognises an intangible asset in its Statement of Financial Position only when it is probable that the expected future economic benefits or service potential that are attributable to the asset will flow to the municipality and the cost or fair value of the asset can be measured reliably.

Internally generated intangible assets are subject to strict recognition criteria before they are capitilised. Research expenditure is never capitalised, while development expenditure is only capitalised to the extent that

- the municipality intends to complete the intangible asset for use or sale.
 it is technically feasible to complete the intangible asset;
- · the municipality has the resources to complete the project; and
- it is probable that the municipality will receive future economic benefits or service potential.

Intangible assets are initially recognised at cost,

Where an intangible asset is acquired by the municipality for no or nominal consideration (i.e. a non-exchange transaction), the cost is deemed to be equal to the fair value of that asset on the date acquire

Where an intangible asset is acquired in exchange for a non-monetary asset or monetary assets, or a combination of monetary and non-monetary assets, the asset acquired is initially measured at fair value (the cost). If the acquired item's fair value was not determinable, it's deemed cost is the carrying amount of the asset(s) given up.

3,2 SUBEQUENT MEASUREMENT - COST MODEL

Intangible assets are subsequently carried at cost less accumulated amoritisation and impairments. The cost of an intangible asset is amortised over the useful life where that useful life is finite. Where the useful life is indefinite, the asset is not amortised but is subject to an annual impairment test.

3.3 AMORTISATION AND IMPAIRMENT

Amortisation is charged so as to write off the cost or valuation of intangible assets over their estimated useful lives using the straight line method. The annual amortisation rates are based on the following estimated average asset lives:

Computer software

The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each reporting date and any changes are recognised as a change in accounting estimate in the Statement of Financial Performance.

The municipality tests intangible assets with finite useful lives for impairment where there is an indication that an asset may be impaired. An assessment of whether there is an indication of possible impairment is done at each reporting date. Where the carrying amount of an item of an intangible asset is greater than the estimated recoverable amount (or recoverable service amount), it is written down immediately to its recoverable amount (or recoverable service amount) and an impairment loss is charged to the Statement of Financial Performance.

3.4 DERECOGNITION

Intangible assets are derecognised when the asset is disposed of or when there are no further economic benefits or service potential expected from the use of the asset. The gain or loss arising on the disposal or retirement of an intangible asset is determined as the difference between the sales proceeds and the carrying value and is recognised in the Statement of Financial Performance.

4 INTANGIBLE ASSETS

An asset is identifiable if it either:

is separable, i.e. is capable of being separated or divided from an entity and sold, transferred, licensed, rented or exchanged, either individually or together with a related contract, identifiable, assets or liability, regardless, of whether the entity intends to do so; or arises from binding arrangements (including rights from contracts), regardless of whether those rights are transferable or separable from the municipality or from

A binding arrangement describes an arrangement that confers similar rights and obligations on the parties to it as if it were in the form of a contract.

An intangible asset is recognised when:

it is probable that the expected future economic benefits or service potential that are attributable to the asset will flow to the municipality; and

the cost or fair value of the asset can be measured reliably.

The municipality assesses the probability of expected future economic benefits or service potential using reasonable and supportable assumptions that represent management's best estimate of the set of economic conditions that will exist over the useful life of the assot.

Where an intangible asset is acquired through a non-exchange transaction, its initial cost at the date of acquisition is measured at its fair value as at that date. Expenditure on research (or on the research phase of an internal project) is recognised as an expense when it is incurred. An Intangible asset arising from development is recognised when:

- it is technically feasible to complete the asset so that it will be available for use or sale.
- there is an intention to complete and use or sell it.
- there is an ability to use or sell it
- it will generate probable future economic benefits or service potential.

there are available technical, financial and other resources to complete the development and to use or sell the asset

the expenditure attributable to the asset during its development can be measured reliably.

Intangible assets are carried at cost less any accumulated amortisation and any impairment losses.

An intengible asset is regarded as having an indefinite useful life when, based on all relevant factors, there is no foreseeable limit to the period over which the asset is expected to generate net cash inflows or service potential.Amortisation is not provided for these intangible assets, but they are tested for impairment annually and whenever there is an indication that the asset may be impaired. For all other intangible assets amortisation is provided on a straight- line basis over The amortisation period and the amortisation method for intangible assets are reviewed at each reporting date.

Reassessing the useful life of an intangible asset with a finite useful life after it was classified as indefinite is an indicator that the asset may be impaired. As a result the asset is tested for impairment and the remaining carrying amount is amortised over its useful life.

Internally generated brands, mastheads, publishing titles, customer lists and items similar in substance are not recognised as intangible assets.

Internally generated goodwill is not recognised as an intangible asset.

Amortisation is provided to write down the intangible assets, on a straight line basis, to their residual values as follows

Item Depreciation method Average useful life Computer software, other Straight line

The municipality discloses relevant information relating to assets under construction or development, in the notes to the financial statements (see note).

- Intangible assets are derecognised: on disposal: or
- when no future economic benefits or service potential are expected from its use or disposal.

6 INVENTORIES

6.1 INITIAL RECOGNITION

Inventories comprise current assets held for sale, consumption or distribution during the ordinary course of business. Inventories are initially recognised using weighted average method. Cost generally refers to the purchase price, plus taxes, transport costs and any other costs in bringing the inventories to their current location and condition. Where inventory is manufactured, constructed or produced, the cost includes the cost of labour, materials and overheads used during the

manufacturing process.

Where inventory is acquired by the municipality for no or nominal consideration (i.e. a non-exchange transaction), the cost is deemed to be equal to the fair value of the item on the date acquired

6,2 SUBSEQUENT MEASUREMENT

Inventories, consisting of consumable stores, raw materials, work-in-progress and finished goods, are valued using weighted average method unless they are to be distributed at no or nominal charge, in which case they are measured using weighted avarage method. Redundant and slow-moving inventories are identified and written down in this way. Differences arising on the valuation of inventory are recognised in the Statement of Financial Performance in the year in which they arose. The amount of any reversal of any write-down of inventories arising from an increase in net realisable value or current replacement cost is recognic reduction in the amount of inventories recognised as an expense in the period in which the reversal occure,

The carrying amount of inventories is recognised as an expense in the period that the inventory was sold, distributed, written off or consumed, unless that cost qualifies for capitalisation to the cost of another asset.

7 FINANCIAL INSTRUMENTS

The municipality has various types of financial instruments and these can be broadly catergorised as iether finacial assets, finacial liabilities or residual interests in accordance with the sudstance of the contractual agreement. The municipality only recognises a financial instrument when it becomes a party to the contractual

7.1 INITIAL RECOGNITION

Financial assets and financial liabilities are recognised on the entity's Statement of Financial Position when the entity becomes party to the contractual provisions of rimatical assets a for manifest insomines are recognised on the entity's categories of a contract of a contract of the instrument. The entity does not offset a financial asset or financial liability unless a legality for creable ight to offset the recognised amounts currently existand the entity intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. "Fair value menthods and assumption. The fair values of financial instruments are determined as follows: The fair value of qouted investments are based oncurrent bid prices. If the market for a finacial asset is not active (and for untilliced securities), the company establishes fair value by using valuation techniques. These iclude the use of the recent arm's length transactions, refference to other instruments that are substanially the same, discounted cash flow enalysis, and option pricing models making maximum use of market inputs and relying as little as possible on entity -specific inputs."

7,2 The effective interest rate

The effective interest rate method of calculating the amortised cost of a finacial asset or finacial liability and of allocating the interest income or interest expense over the releavant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the finacial instrument or ,when appropriate ,a shorter period to the net carrying amount off the financial asset or financial liability.

7.3 Amortised cost

Amortised cost is the amount at which the finacialasset or finacial liability is measured at initial recognition minus principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, and minus any reduction for impairement or uncollectibility

7,4 SUBSEQUENT MEASUREMENT

Financial Assets are categorised according to their nature as either financial assets at fair value through profit or loss, held-to maturity, loans and receivables, or available for sale. Financial liabilities are categorised as either at fair value through profit or loss or financial liabilities carried at amortised cost ("other"). The subsequent measurement of financial assets and liabilities depends on this categorisation and, in the absence of an approved GRAP Standard on Financial Instruments, is in accordance with IAS 39.

INVEST MENTS
Investments, which include listed government bonds, unlisted municipal bonds, fixed deposits and short-term deposits invested in registered commercial banks, are categorised as either held-to-maturity where the criteria for that categorisation are met, or as loans and receivables, and are measured at amortised cost. Where investments have been impaired, the carrying value is adjusted by the impairment loss, which is recognised as an expense in the period that the impairment is identified. Impairments are calculated as being the difference between the carrying amount and the present value of the expected future cash flows flowing from the instrument. On disposal of an investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Statement of Financial Performance.

7.4.2 TRADE AND OTHER RECEIVABLES

Trade and other receivables are categorised as financial assets: loans and receivables and are initially recognised at fair value and subsequently carried at amortised cost. Amortised cost refers to the initial carrying amount, plus interest, less repayments and impairments. An estimate is made for doubtful receivables based on a review of all outstanding amounts at year-end. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments (more than 30 days overdue) are coverdue) are coverdue) are coverdue) are coverdue) are coverdue) are coverdue) are constructed by discounting expected future cash flows to their present value. Amounts that are receivable within 12 months from the reporting date are classified as current.

An impairment of trade receivables is accounted for by reducing the carrying amount of trade receivables through the use of an allowance account, and the amount of the loss is recognised in the Statement of Financial Performance within operating expenses. When a trade receivable is uncollectible, it is written off. Subsequent recoveries of amounts previously written off are credited against operating expenses in the Statement of Financial Performance.

7.4.3 TRADE PAYABLES AND BORROWINGS

Financial liabilities consist of trade payables and borrowings. They are categorised as financial liabilities held at amortised cost, are initially recognised at fair value and subsequently measured at amortised cost which is the initial carrying amount, less repayments, plus interest.

7.4.4 CASH AND CASH EQUIVALENTS

Cash includes cash on hand (including petty cash) and cash with banks (including call deposits). Cash equivalents are short-term highly liquid investments, readily convertible into known amounts of cash, that are held with registered banking institutions with maturities of three months or less and are subject to an insignificant risk of change in value. For the purposes of the cash flow statement, cash and cash equivalents comprise cash on hand, deposits held on call with banks, net of bank overdrafts. The municipality categorises cash and cash equivalents as financial assets: loans and receivables.

bank overdrafts are recorded based on the facility utilised. Finance charges on bank overdraft are expensed as incurred. Amounts owing in respect of bank overdrafts are recorded based on the facility utilised. Finance charges on bank overdraft are expensed as incurred. Amounts owing in respect of bank overdrafts are categorised as financial liabilities: other financial liabilities carried at amortised cost.

7.4.5 INITIAL RECOGNITION

Cash includes cash on hand (including petty cash) and cash with banks (including call deposits). Cash equivalents are short-term highly liquid investments, readily convertible into known amounts of cash, that are held with registered banking institutions with maturities of three months or less and are subject to an insignificant risk of change in value. For the purposes of the cash flow statement, cash and cash equivalents comprise cash on hand, deposits held on call with banks, net of bank overdrafts. The municipality categorises cash and cash equivalents as financial assets: loans and receivable

8 UNAUTHORISED EXPENDITURE

Unauthorised expenditure is expenditure that has not been budgeted, expenditure that is not in terms of the conditions of an allocation received from another sphere of government, municipality or organ of state and expenditure in the form of a grant that is not permitted in terms of the Municipal Finance Management Act (Act No.56 of 2003). Unauthorised expenditure is accounted for as an expense in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

9 IRREGULAR EXPENDITURE

Irregular expenditure is expenditure that is contrary to the Municipal Finance Management Act (Act No.56 of 2003), the Municipal Systems Act (Act No.32 of 2000), the Public Office Bearers Act (Act No. 20 of 1998) or is in contravention of the Municipality's supply chain management policy. Irregular expenditure excludes unauthorised expenditure. Irregular expenditure is accounted for as expenditure in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

12 Finance leases - lessor

Amounts due from lessees under finance leases are recorded as receivables at the amount of the net investment in the leases. The receivable is calculated as the sum of all the minimum lease payments to be received, plus any unguaranteed residual accruing to the municipality, discounted at the interest rate implicit in the lease. The receivable is reduced by the capital portion of the lease instalments received, with the interest portion being recognised as interest revenue on a time proportionate basis. The accounting policies relating to derecognition and impairment of financial instruments are applied to lease receivables.

12 Operating leases - lesses
Operating lease payments are recognised as an expense on a straight-line basis over the lease term. The difference between the amounts recognised as an expense and the contractual payments are recognised as an operating lease asset/ liability. Any contingent rents are expensed in the period they are incurred.

12 Operating leases - lessor

Operating lease income is recognised as revenue on a straight-line basis over the lease term, initial direct costs incurred in negotiating and arranging operating leases are added to the carrying amount of the leased asset and recognised as an expense over the lease term on the same basis as the lease income.

Income for leases is disclosed under revenue in statement of financial performance.

13 REVENUE

13 REVENUE FROM EXCHANGE TRANSACTIONS

Revenue from exchange transactions refers to revenue that accrued to the municipality directly in return for services rendered / goods sold, the value of which approximates the consideration received or receivable.

Service charges relating to electricity and water are based on consumption. Meters are read on a quarterly basis and are recognised as revenue when invoiced. Provisional estimates of consumption are made monthly when meter readings have not been performed. The provisional estimates of consumption are recognised as revenue when invoiced. Adjustments to provisional estimates of consumption are made in the invoicing period in which meters have been read. These adjustments are recognised as revenue in the invoicing period.

Revenue from the sale of electricity prepaid meter cards is recognised at the point of sale.

Service charges relating to refuse removal are recognised on a monthly basis in arrears by applying the approved tariff to each property that has improvements. Tariffs are determined per category of property usage, and are levied monthly based on the recorded number of refuse containers per property.

Interest revenue is recognised on a time proportion basis

Revenue from the rental of facilities and equipment is recognised on a straight-line basis over the term of the lease agreement.

Dividends are recognised on the date that the Municipality becomes entitled to receive the dividend

Revenue arising from the application of the approved tariff of charges is recognised when the relevant service is rendered by applying the relevant gazetted tariff. This includes the issuing of licences and permits

Revenue from the sale of goods is recognised when substantially all the risks and rewards in those goods is passed to the consumer.

Revenue arising out of situations where the municipality acts as an agent on behalf of another entity (the principal) is limited to the amount of any fee or commission payable to the municipality as compensation for executing the agreed services

13 REVENUE FROM NON-EXCHANGE TRANSACTIONS

REVENUE FROM NON-EACHANGE TRANSAUTIONS
Revenue from non-exchange transactions refers to transactions where the municipality received revenue from another entity without directly giving approximately equal value in exchange. Revenue from non-exchange transactions is generally recognised to the extent that the the related receipt or receivable qualifies for recognition as an asset and there is no liability to repay the amount.

Revenue from property rates is recognised when the legal entitlement to this revenue arises. Collection charges are recognised when such amounts are legally enforceable. Penalty interest on unpaid rates is recognised on a time proportionate basis.

Fines constitute both spot fines and summonses. Revenue from spot fines and summonses is recognised when payment is received, together with an estimate of spot fines and summonses that will be received based on past experience of amounts collected.

Revenue from public contributions and donations is recognised when all conditions associated with the contribution have been met or where the contribution is to Revenue from public contributions and donations is recognised when air continuous associated with the contribution have been their or where the contribution have been their or the contribution have been read or use by the municipality. Where public contributions have been received but the municipality has not met the related conditions, a deferred income (liability) is recognised.

Contributed property, plant and equipment is recognised when such items of property, plant and equipment qualifies for recognition and become available for use

Revenue from the recovery of unauthorised, irregular, fruitless and wasteful expenditure is based on legislated procedures, including those set out in the Municipal Finance Management Act (Act No.56 of 2003) and is recognised when the recovery thereof from the responsible councillors or officials is virtually certain.

The replacement cost and reproduction cost of an asset is determined on an "optimised" basis. The rationale is that the municipality would not replace or reproduce the asset with a like asset if the asset to be replaced or reproduced is an overdesigned or overcapacity asset. Overdesigned assets contain features which are unnecessary for the goods or services the asset provides. Overcapacity assets are assets that have a greater capacity than is necessary to moet the demand for goods or services the asset provides. The determination of the replacement cost or reproduction cost of an asset on an optimised basis thus reflects the service potential required of the asset

Recognition and measurement:

If the recoverable service amount of an asset is less than its carrying amount, the carrying amount of the asset is reduced to its recoverable service amount. That reduction is an impairment loss. An impairment loss of assets carried at cost less any accumulated depreciation or amortisation is recognised immediately in surplus or deficit.

An impairment loss is recognised for non-cash-generating units if the recoverable service amount of the unit is less than the carrying amount of the unit. The impairment loss is allocated to reduce the carrying amount of the assets of the unit as follows: to the assets of the unit, pro rata on the basis of the carrying amount of each asset in the unit. The Municipality assesses at each reporting date whether there is any indication that an impairment loss recognised in prior periods for assets may no longer exist or may have decreased. If any such indication exists, the recoverable service amounts of those assets are estimated. The increased carrying amount of an asset attributable to a reversal of an impairment loss does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior periods.

The municipality assesses at each reporting date whether there is any indication that an asset may be impaired. If any such indication exists, the municipality estimates the recoverable service amount of the asset.

Irrespective of whether there is any indication of impairment, the municipality also:

- tests intangible assets with an indefinite useful life or intangible assets not yet available for use for impairment annually by comparing its carrying amount with its recoverable amount. This impairment test is performed during the annual period and at the same time every period.

If there is any indication that an asset may be impaired, the recoverable service amount is estimated for the individual asset. If it is not possible to estimate the recoverable service amount of the individual asset, the recoverable service amount of the cash-generating unit to which the asset belongs is determined

The recoverable service amount of an asset or a cash-generating unit is the higher of its fair value less costs to sell and its value in use.

If the recoverable service amount of an asset is less than its carrying amount, the carrying amount of the asset is reduced to its recoverable service amount. That reduction is an impairment loss.

An impairment loss of assets carried at cost less any accumulated depreciation or amortisation is recognised immediately in surplus or deficit. Any impairment loss of a revalued asset is treated as a revaluation decrease

An impairment loss is recognised for cash-generating units if the recoverable service amount of the unit is less than the carrying amount of the unit. The impairment loss is allocated to reduce the carrying amount of the assets of the unit as follows: '- to the assets of the unit, pro rata on the basis of the carrying amount of each asset in the unit.

A municipality assesses at each reporting date whether there is any indication that an impairment loss recognised in prior periods for assets may no longer exist or may have decreased. If any such indication exists, the recoverable service amounts of those assets are estimated

The increased carrying amount of an asset attributable to a reversal of an impairment loss does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior periods.

A reversal of an impairment loss of assets carried at cost less accumulated depreciation or amortisation is recognised immediately in surplus or deficit. Any reversal of an impairment loss of a revalued asset is treated as a revaluation increase.

16 Employee benefits 16 Long service awards

The present value of the long service award depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The Projected Unit Credit funding method has been used to determine the value of this liability.

16 Short-term employee benefits

The cost of short-term employee benefits, (those payable within 12 months after the service is rendered, such as paid vacation leave and sick leave, bonuses, and non-monetary benefits such as medical care), are recognised in the period in which the service is rendered are not discounted. The expected cost of compensated absences is recognised as an expense as the employees render services that increase their entitlement or, in the case of non-accumulating absences, when the absence occurs

The expected costs of surplus sharing and bonus payments is recognised as an expense when there is a legal or constructive obligation to make such payments as a result of past performance.

16 Defined contribution plans

Council employees contribute to the Natal Joint Municipal Pension Fund. The retirement benefit fund is subject to the Pension Fund Act, 1956, with pension being calculated on the pensionable remuneration paid. A defined contribution plan is a plan under which the municipality pays fixed contributions into a separate entity. The municipality has no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to service in the current or prior periods. The municipality's contributions to the defined contribution funds are established in terms of the rules governing those plans. Contributions are recognised in the Statement of Financial Performance in the period in which the service is rendered by the relevant employees. The municipality has no further payment obligations once the contributions have been paid

17 Budget

The municipality's budget has been prepared on accrual basis method.

18 Commitments

Commitments are not recognised. Commitments are disclosed in the notes to the annual financial statements. A committment is disclosed unless the possibility of an outflow resources embodying economic benefits is remote.

19 Value Added Tax

The municipality accounts for Value Added Tax on the cash basis.

The municipality operates in an economic sector currently dominated by entities directly or indirectly owned by the South African Government. As as conseque of the constitutional independence of the three spheres of government in South Africa, only entities within the local sphere of government are considered to be related parties

Management are those persons responsible for planning, directing and controlling the activities of the municipality, including those charged with the governance of the municipality in accordance with legislation, in instances where they are required to perform such function

Close members of the family of a person are considered to be those family members who may be expected to influence, or be influenced by, that management in

Only transactions with related parties not at arm's length or not in the ordinary course of business are disclosed

21 Events after reporting date
Recognised amounts in the financial statements are adjusted to reflect events arising after the reporting date that provided evidence of conditions that existed at the reporting date. Events after the reporting date that are indicative of conditions that arose after the reporting date are dealt with by way of a note to the annual
